Cafe Astrology

<http://www.cafeastrology.com>

Your Daily Forecast begins on the next page. The Forecast is self-explanatory: an astrological forecast for each day is given.

You may notice that to the right of the date is a code, such as "Mer Tri Jup". This code indicates the astrological influence that is in effect on that day and is causing the astrological influence. You can ignore this code; it is printed in case you are interested in the astrological basis of the interpretation.

Most interpretations are short, about one paragraph. But occasionally there is an interpretation that is several paragraphs long. These longer interpretations are very strong and may affect you for several days before and after the date on which they occur; sometimes they are in effect for months and years.

In case you are interested in astrological theory, here is more information on how your Daily Forecast is produced: First, all of the major astrological influences on a given day are determined, and then the most significant influence is selected and printed. For example, a conjunction will be printed if one occurs, and very often an outer transiting planet influence will be printed because these influences tend to be more powerful. By selecting the more dominant influences of the day, your Daily Forecast focuses on the most powerful influences of each day so that you pay attention to those issues which are most conspicuous and relevant to you each day.

We hope you enjoy your Daily Forecast. Remember that astrology is not fatalistic. Astrological influences are real and they are powerful (we are certain of this, although of course many skeptics disagree), but you have the free will to make the best of what life serves up to you each day. We hope that your Daily Forecast will assist you in making the best possible decisions and will help you feel more confident and clear about how to best deal with the circumstances and situations you encounter.

Sun Qucnx Moo

You are likely to feel vexed, vaguely dissatisfied, or out of touch with yourself, as if you don't know what you want but are fairly certain you don't have it. Unusual food cravings, desires and moods which are distracting or at least tangential to what you would prefer to be focused upon, and/or a strong pull toward your past which interferes with your present, all are quite likely now. You have to strike a balance between your emotional needs and yearnings and your daily life.

Friday, Nov 6, 2015

Ven Sxtil Ven

Opportunities for friendship, pleasant associations, and enjoyable social interactions occur now. Personal relationships are harmonious and rewarding. Also, financial transactions go smoothly for you and material benefits are possible at this time.

Saturday, Nov 7, 2015

Ven Sxtil Asc

Light and pleasant interactions characterize this time period. You gain what you want through diplomacy or charm and by enlisting the support of your friends, rather than by being forthright and bold. You are willing to make concessions in order to maintain harmony in your environment.

Sunday, Nov 8, 2015

Mer SSxt Nep

Your ability to concentrate on mundane concerns and problems diminishes now. The world of imagination, fantasy, entertainment, or art holds more attraction for you. Go to a movie with a friend (or write your own!). Also, your psychic sensitivity and intuition are heightened at this time. You are more impressionable and open, but somewhat less precise and clear mentally.

Monday, Nov 9, 2015

Ura Conj Jup

You are wildly optimistic and enthusiastic now! Your luck is very good too, and this further stimulates your optimism. Life seems less restrictive and limiting. Promotions, advancement, bonuses, and travel are likely during this time period. Pressures decrease; for example, important deadlines are easily met, pushed back, or canceled. You are less worried, anxious, and concerned than usual.

However, this surge of optimism, high spirits, and fortuitous circumstances does not guarantee that all of your ventures will turn out well. In fact, it is likely that you will overestimate the growth potential of the ventures that you consider at this time. You are inclined to gamble and speculate, overlooking many of the hard facts and realistic obstacles. This is an excellent time to explore new possibilities and expand your horizons. It can also be a good time to start new ventures as long as you haven't let your optimism and high spirits cloud your awareness of the practical obstacles and details at hand as well.

You are likely to spend a lot of money during this time period. You are in the mood for celebrating and it is hard for you to control yourself. There is the possibility of being driven by materialistic and egotistic desires that cause you to indulge in extravagances that you later regret. On the other hand, if you are normally very reserved, conscientious, and "tight" about spending money, then this astrological influence may loosen you up a little more, inclining you to purchase items of high quality that you will enjoy for many years to come.

Mar Sxtil Ven

Friendships and love relationships are favored as you are openly affectionate, warm, and also quite responsive to loving gestures from others. It's not enough for you to simply feel loving toward another; at this time you really want to express it and show it physically. An opportunity for a new romance or friendship is likely to surface now and work out quite nicely for you.

Sun Trine Sat

Today it is easy for you to concentrate on your work, to eliminate what is superfluous or distracting you from what you really need to do. You have the self-control and discipline to apply yourself to tasks that you may have been avoiding. You want to put your affairs in order and have a greater tolerance for tedium than usual. This is a good time to tackle mundane chores and practical business.

Tuesday, Nov 10, 2015

Ura Sqr Sat

This is a difficult time period. Many things simply refuse to go the way you planned them. Things have a way of running their own course, regardless of your plans or intentions. Disturbances, annoyances, and interruptions make it difficult for you to stick to your schedule. Life can easily become hectic and disorganized. Unexpected company may arrive at your home, or your neighbor may decide to play his stereo loudly while you are trying to relax and rest. Little things that interfere with your efforts are very irritating to you now. For example, you may be on a diet and find yourself in a situation where you feel obligated to indulge in high-calorie foods.

One important piece of advice to help things run more smoothly is simply to allow yourself to experiment with new patterns and routines in your life at this time. This is not a good time to steadfastly pursue disciplines. Now is the time to allow yourself to temporarily break out of your familiar molds and experiment with some new ones. It won't kill you to break your deeply ingrained habits or schedules for a while; in fact, it can be quite good for you in the long run. If you stubbornly resist adapting to changes of pace and style, you will feel very tense and stressed. You need not throw out the things that are important to you, and you may be overly concerned that stability and security will never return if you let things go now, but you must have trust in your ability to break the normal routine a little, and return to a normal routine later. By loosening your grip on your habits, you can bring in new inspiration and insight. This is easier said than done, however, and during this time period you must carefully try to be flexible and adaptable, while not becoming so disorganized

that you lose sight of your commitments and goals.

Mar Sxtil Asc

At this time you are able to be very clear and aboveboard with other people, bringing out your desires and differences between yourself and others in a way that is unlikely to offend or stir up hostility. Because you appear confident, others are inclined to follow your lead now.

Wednesday, Nov 11, 2015

Moo Qucnx Jup

In a rather fleeting mood of expansiveness and generosity, you offer a service or donation which is more than you can really afford. Purchasing on impulse is not recommended either, as it is apt to be a rather frivolous and/or regrettable choice. You are in the mood for diversion now, which is fine as long as it doesn't cost you too much in the long run.

Thursday, Nov 12, 2015

Mer Trine Sat

The emphasis is now on long-range financial planning, thinking about future security, and formulating strategies to achieve your ambitions. Your ability to study quietly, to concentrate on complex mental work, and to think deeply about serious matters is much better than usual. This is a good time to organize your affairs and also to seek professional advice about your concerns.

Friday, Nov 13, 2015

Sun SSqr Plu

Underlying or previously hidden aspects of a situation come to light now.

The misuse of personal power, dominating or manipulating others, and the subtle ways you try to control situations or other people are issues. The tyrant in you comes out, or you find yourself dealing with the more difficult, dark, tyrannical side in other people.

Also, this can be a time when you are forced to confront and deal with something which is no longer working - from old, outworn possessions to an unhealthy relationship or a deeply ingrained, self-defeating attitude.

Saturday, Nov 14, 2015

Ven Conj Plu

Deep emotions, both positive and negative, are stirred up within you, and you become more intense and demanding of the people you are closest to. Fears, insecurities, jealousies, and hidden resentments may surface, as well as a very strong need to be loved and to love. There is a compelling, urgent quality to the feelings you experience now, and you may develop a powerful attraction to someone who fascinates and mystifies you. This is a good time to reveal your deepest

feelings, fears, needs, and yearnings with the ones you love.

Sunday, Nov 15, 2015

Mer SSqr Plu

It is impossible for you to be content with superficial answers now, and you are impatient with people who avoid looking candidly and honestly at root causes and hidden reasons for any problem or situation. You tend to force your views on other people now. Also, you can become obsessed with an idea or problem until you have figured it out.

Monday, Nov 16, 2015

Jun Trine Mer

You enjoy casual, lighthearted conversations with your marriage partner or significant love interest. There are harmonious vibrations flowing in your relationship which encourage you to listen with sensitivity to your mate's concerns. This would be a favorable period to take a short trip or weekend outing with your companion. Expressing your feelings through writing a love letter to your partner would be very rewarding to you. Your loved one may have good news or an interesting idea they want to share with you.

If you are unmarried or without a significant partner, there is a possibility you will meet someone special through work, your neighbors, or your brothers or sisters. Relationships which begin now may develop quickly and you can establish a harmonious mental rapport.

Tuesday, Nov 17, 2015

Ven Sxtil Nep

You are receptive to beauty at this time and want to be surrounded with harmony, beauty, and kindness. Also, you feel tender and gentle toward others, and you want to please or to be of service to them in some way. Some selfless generosity or an effort on behalf of someone in need will make you feel very happy now.

Wednesday, Nov 18, 2015

Ven Oppos Mar

Intimate relations and attractions are intensified now. You experience strong feelings of attraction and desire and, if you are unhappy in your sexual life, you can be very tense and angry "for no reason" now. You may be tempted to act on an infatuation.

Thursday, Nov 19, 2015

Pal Sqr Plu

It requires great determination and effort on your part to bring your artistic, creative and intellectual potential into actuality. Circumstances beyond your control tend to discourage you from achieving your goals and interfere with your ability to persuade others to approve of your intentions and goals. Concerns over investments, insurance, taxes and inheritances may involve thorough evaluation and research or

they can cause setbacks to your progress. You can become distressed or bothered by your own or someone else's compulsive or obsessive thinking.

It is advisable not to make any drastic changes in your joint endeavors with other individuals, as confrontations and power struggles will likely surface.

Mer Trine Ven

You are very congenial and cooperative now and more interested in the similarities than in the differences between yourself and others. This is a very good time to let people know you care about them: send a card, write a note of appreciation or even a love letter! You may also want to buy something beautiful, pleasing, and frivolous which simply makes you feel good.

Mer Trine Asc

Communications are excellent now. You come across clearly and present yourself articulately. Public speaking, interviews, and other transactions with the public are favored. Conversations you have at this time go smoothly, and an agreement can be reached.

Friday, Nov 20, 2015

Ven Oppos Moo

Your feelings, friends, and female relatives figure prominently in your life now. You realize how much you appreciate and need their love and support, and you are particularly affectionate now. You may also initiate a relationship in which you take care of, support, and "baby" someone else.

Ven Trine Sun

Relaxation, enjoyment, and pleasure are emphasized now. This is not a time to push yourself or to be involved in activities that require intense competition or a great expenditure of energy. Cooperative, harmonious personal and professional relationships are more important to you at this time. You feel like socializing and being friendly.

Sun Trine Ven

Giving and receiving appreciation, love, and happiness come into your life now. You are moved to express your affections more openly than usual. You also want to be surrounded with beauty and harmonious people, and your artistic efforts flourish.

Saturday, Nov 21, 2015

Sun Trine Asc

You are in harmony with the people in your immediate environment. There is a sense of ease and of flowing with, rather than fighting against or resisting, what is going on around you. Therefore, you have more energy and more fun at this time.

Now is a good time to make a presentation, go for an interview, or meet the public in some way; the response is positive.

Sat Sxtil Plu

Dedication and commitment to work and relationships are key issues now. Excellent cooperation on important tasks is highlighted. In close personal relationships, you reach an even deeper mutual appreciation and understanding, and you are now able to assist each other more and work together more honestly and sincerely. Business relationships also work well now. Business meetings progress well because the different parties involved better appreciate the deeper concerns and issues at hand.

Your reliability, consistency, and dedicated work is appreciated, and you may receive recognition or a promotion now. This is a positive time for you when other people and situations assist you in accomplishing the tasks that are really important to you. Big breakthroughs and celebrations are not indicated; the effects are more subtle, but still very important. This is a time of quiet and deep, purposeful activity.

Sunday, Nov 22, 2015

Cer Trine Plu

The care of and concern for loved ones take on a deeper meaning for you now. You experience a renewal of trust and acceptance in your most intimate relationships. You may have an intense effect on others during this period, where your care and understanding helps guide them through difficult emotional or physical transitions. This is an excellent time to transform your creative visions and ideals into actuality. If you are in the medical, nursing, or healing professions, this is a time when you will be especially proficient in rehabilitating those in your care.

Ves Trine Asc

This is a favorable period to dedicate yourself to turning your professional and personal objectives into real opportunities. Fortunately, you come across to others as if you have fully carved out your intentions and are ready to take on the commitment and sacrifices necessary to make use of your talents, either for someone else's profit or your own. If you are unemployed or searching for a new direction, this can be a "lucky" time for interviews and expressing your potentials to others. On the other hand, if you are happily working in your chosen profession, this can be a time when you know how to make the most of your abilities.

Note that the precise timing of this astrological influence is very dependent on the exact birth time, so the dates given are accurate only if your birth time is very accurate.

Monday, Nov 23, 2015

Mar Conj Plu

At this time you can become obsessed about getting rid of something, and you could undertake major revisions and changes -a complete overhaul in some area of your life. You are forceful and can drive yourself too hard and overtax your physical and

emotional reserves. Though you may have the best of intentions, you tend to act very compulsively, working furiously toward some goal which you may not even be completely aware of. Your secret need for power or control emerges now, and power struggles are very possible.

Ven Sqr Sat

Withdrawing from emotional social contact is favored now, for even when you are with others you are likely to feel separate and alone. Sadness and disappointments in your personal life are also probable now. Inadequacies and flaws in your friends or lovers are particularly bothersome to you now, and you may feel that you have nearly exhausted your patience for dealing with these problems. It is a time to be quiet and to look objectively at how your relationships are going. Though not a pleasurable time, this can be a fruitful period in which to learn more about love and what you truly value.

Ven Oppos Jup

You are in a festive, partying mood and just want to play and share a good time with your friends. Community social events and fellowship are very rewarding now. Also, at this time it is hard for you to say no to food, drink, or extravagances in any form. You are also very generous and tolerant toward others. Though you feel wonderful now, you're likely to regret your actions later if you don't curtail your impulses to overindulge, overspend, and enjoy too much of a good thing.

Tuesday, Nov 24, 2015

Ven Oppos MC

This is an excellent time for home improvements, particularly those which enhance the appearance and beauty of your living space. Decorating or rearranging furniture in order to create a more harmonious and pleasing arrangement is favored. Relationships with your family are very satisfying and loving, and you may also wish to invite company into your home. The role of gracious host or hostess suits you very well right now.

Mer Sxtil Plu

You are fascinated by the mysterious now. Unsolved or puzzling problems and the hidden or behind the scenes aspects of a situation interest you most, and you delve and probe until you discover the truth. An interest in psychology or other peoples' secrets comes to the fore. You enjoy spy, mystery, and supernatural stories.

Wednesday, Nov 25, 2015

Sun Sesqu MC

You are at cross purposes with the people in your environment who are most able to benefit you. You tend to come on too strong, to be oblivious to others' needs and intentions, or to act inappropriately now. You feel an urgency to take positive steps to achieve your goals, but be certain that you are not overstepping yourself, as this can cause considerable enmity at this time.

Thursday, Nov 26, 2015

Moo Oppos Nep

Your perceptions of others are rather fuzzy now. You tend to see just what you want to see or to fantasize a bit too much about another person. Your empathy increases also and you feel "soft" at this time.

Friday, Nov 27, 2015

Mer Conj Nep

Your thoughts are dreamy, fantastic, and faraway right now. Your imagination and intuition is heightened, which benefits any creative or artistic work you may do. However, your practical reasoning ability and your ability to focus on the here and now are diminished. Your judgment regarding concrete matters is a bit fuzzy at this time, so you may wish to delay making important decisions.

Mer Trine Mar

This is a good time to assert your own needs and desires, to communicate to others what you really want. You are sharp, clear, decisive, and articulate. You can't stand being idle now; you are ready for challenging, intellectual activities and attacking difficult problems on the job.

Saturday, Nov 28, 2015

Ven Trine Mer

This is a good time to schedule social activities or even business meetings where tact and friendliness would be a plus. You act as a diplomat and harmonizer between people with differing viewpoints. Also, attending cultural events such as an art show or a play is favored. Thoughts of love, an appreciation for beauty, and an aesthetic enjoyment of your surroundings are brought to the fore. A short pleasure trip would also be beneficial now.

Sun Sxtil Plu

There are opportunities for deep sharing and powerful, meaningful contacts with others, especially people who share common goals or ideals. An opportunity for a leadership role is also likely.

Mer Trine Moo

It is easy for you to talk about your feelings now and also to listen sensitively to not only what others are saying but also what they are feeling. This is an excellent time to discuss your feelings and clear the air of any grievances you may be holding on to from the past. Your communication with women is especially good at this time.

Sunday, Nov 29, 2015

Mer Oppos Sun

A short trip, or at least a lot of activity and movement, is very likely now. A significant conversation, learning from another person, and getting your own ideas and perceptions across to others is also likely. You may hear from someone who has important information for you or feel a pressing need to write or call someone else in order to bring some matter in the open. Communications of all kinds play an important role in your life now.

Mar Sxtil Nep

This is not a period when you feel like pushing your own interests or one in which you are especially energetic. Other people's concerns and needs receive more attention from you now, and you are more motivated to do something which serves others, perhaps a group you are affiliated with. Cooperating with others for some idealistic purpose is very satisfying for you at this time.

Monday, Nov 30, 2015

Mar Oppos Mar

A furious battle of wills is quite possible, for you are fired up, impatient, aggressive, and inclined to put your own interests and desires ahead of anything else. You may also have to stand up for your rights against some fierce competitor. Also, you can't sit still right now and hasty, abrupt, impulsive action may result in accidents.

Pal Sqr Mar

Career or creative projects have difficulty getting underway. Your plans and cherished ideas do not gain the momentum you believed possible, and you have to extend great effort to achieve your ambitions. During this unsettled period, you feel you have reached a standstill in your career or inner drive and may even consider a change of direction in your ambitions. As this is only for the time being, it might be best to endure the challenges and frustration now, instead of making decisions in haste and regretting them later on.

There may be tension, anxiety or strife regarding a male member of your family or an associate.

Tuesday, Dec 1, 2015

Mer Trine Jup

This is a good time to travel, especially to places you've never experienced before, where you will be exposed to new ideas and different ways of looking at the world. Studying new concepts is also favored; your ability to understand abstract ideas and your desire to grow intellectually is strong now. Anything that broadens your world appeals to you at this time. You are interested in the big picture and have less attention and interest in details.

Mer Trine MC

At this time you put extra energy into thinking about and organizing your work and professional life. Decisions you make at this time are likely to work out well, as you

are clear and objective. Gathering information regarding your career or long-range goals is also favored.

Wednesday, Dec 2, 2015

Sun Conj Nep

You feel more lackadaisical now, less focused on mundane tasks, and possibly less energetic as well. Your imagination and fantasy life is very active and you can dream up some very creative ideas. Negatively, you tend to dissipate your energy or to avoid the real world.

Sun Trine Mar

You have an abundance of physical energy and self-confidence right now and can take on new projects and challenges with ease. You feel bolder and less dependent on others' affirmation and approval.

Taking a strong stand or striking out on your own in some manner is likely to work out well for you.

Thursday, Dec 3, 2015

Ven Sqr Ven

What occurs now makes you more aware of what you need, feel, and want in your relationships. If you are unhappy in your personal life, this is brought out now, and you'll need to face what is causing your dissatisfaction. Differences in personal style, tastes, and ways of expressing affection may emerge. You also feel amorous and loving and, if your personal life is going well, this is a time to really enjoy and appreciate it.

Ven Conj Ura

You are craving emotional excitement, stimulation, and something new and alive. This is a time for music, dancing, and being joyfully spontaneous. Your social inhibitions are loosened, and you may be tempted to have a wild flirtation or to act in a rather reckless way in a relationship.

Ven Sqr Asc

You are a peacemaker now since harmony in your environment seems more important than ever. Loving relationships, giving and receiving affection, and attracting people into your life who are good for you are very likely at this time.

Friday, Dec 4, 2015

Jun Sqr Ven

Misunderstandings or conflicts in your marriage or significant love relationship are possible. Either you or your partner may show less sensitivity and intimacy in the union, causing strain and tension in your romantic exchanges, social activities or leisure pursuits. It might be necessary now to compromise some of your own

personal values and needs for pleasure in order to ensure better relations with your companion. If the expectations of love and comfort in the marriage or partnership is unequal or one-sided, then acts of jealousy, betrayal, or sexual frustration can occur. Cooperation in all levels of interaction with your partner is essential.

Cer Sxtil Nep

You seek deep involvement with family members and loved ones now. You feel compassionate toward your mate or children and have the desire to help them alleviate their fears or worries. During this period, you can offer the people you care about emotional support and inspirational love without requiring them to reciprocate in return. Your thoughts turn toward extending yourself to others who are disadvantaged or suffering hardship. You may offer them shelter, food, or comfort at this time, as your nurturing and healing qualities are brought to the surface. Volunteer or charity work in hospitals or institutions is favorable at this time.

Mar Oppos Moo

You feel highly competitive, hot-blooded, and impatient, which can cause friction or furiously emotional confrontations with others. Your spouse, children, or parents seem especially able to rouse your ire at this time. Unresolved feelings and issues from the past are likely to trigger emotional outbursts now.

Mer Oppos Mer

Exchanging information, ideas, and opinions plays an important role in your life now. A significant conversation with someone who has a very different attitude or perspective than your own is likely. Try to be receptive and learn as much as you can from others at this time. Also, mental curiosity or restlessness impels you to get out and about, perhaps take a short trip or visit.

Saturday, Dec 5, 2015

Mar Trine Sun

Your vitality and self-confidence are high, and you can achieve your goals with much more ease than usual. You enjoy vigorous physical activities, competitive work or sports, and meeting challenges. You are inclined to strike out on your own and to assert your own will, but not in a way that creates resistance in others.

Sun Trine Moo

At this time you enjoy emotional satisfaction and harmony in your home life. Relationships with women run smoothly. If you have a solid emotional base in your life, you will receive the benefits of that. If not, this is a good time to begin making connections with people and also to discover what gives real emotional nourishment and fulfillment.

Sun Oppos Sun

This is a time to get others' opinions and feedback about yourself and what you are

doing. Relationships of all types are activated now and cooperation, compromise, and adjustments to others' viewpoints are key issues that require your attention. You may come into contact with a person who is especially creative or influential in your life.

Cer Sxtil Mar

You put your efforts into helping others now. This is a good time to become involved with support groups or youth organizations where your participation provides guidance, love, education, and nurturing to these individuals. Or you may enjoy activities which focus on family interests and hobbies. Also, this may represent a period when your self-determination and drive inspires you to take the initiative in fulfilling your obligations and duties in your personal or professional life.

If you have children, this suggests that you will take a more authoritative role in their rearing and upbringing and encourage them toward autonomy and self-appreciation.

Sunday, Dec 6, 2015

Jun Conj Ura

Marriage and intimate love relationships can be challenging and exciting. You may feel an increased urge to be less dependent upon your mate for fulfilling your needs in the relationship. You might want to try new things and not be held accountable for your actions. But mainly, you may want to explore new ways of relating to your partner which allow you to be more of a separate and unique individual. If your companion is willing to go along with your newfound direction, you can breathe new life into the partnership while still remaining committed to each other. However, if the relationship is not on stable ground, these disruptions and unexpected circumstances are apt to cause tension and conflict between the two of you.

If you are unmarried or uninvolved at the moment, you may meet someone during this period who is rebellious, innovative or quite different from others you have dated previously. You might be introduced through friends, groups or an organization which you belong to during this time.

Jun Sqr Asc

There is a possibility that your mate or marriage partner will be in disagreement with you over a certain matter in the relationship. Since you are more likely to take everything personally during this phase, you may feel that your companion is being unjust and placing all the blame upon you. If you live together, there might be pressures and tension in your home life, producing more conflict than togetherness. Your spouse or mate may be critical of your appearance, viewpoints or behavior, leading you to feel uncomfortable in expressing your true desires. You may have to rely upon yourself, and not your partner, to fulfill your personal needs.

Note that the precise timing of this astrological influence is very dependent on the exact birth time, so the dates given are accurate only if your birth time is very accurate.

Monday, Dec 7, 2015

Pal Sqr Moo

In this interim, you face challenges to your emotional and intellectual judgments. For example, you may wish to pursue a creative or academic interest but lack the energy to apply your talent and wisdom to the task. There can be upsets as well as obstacles with women in your environment, which causes a breakdown in your emotional communication with them. Unresolved past issues and differences in close partnerships arouse agitation in you and may cause separations or emotional detachment.

You are most vulnerable to the influence of other people, particularly their negativity, moodiness, and sensitivity.

Tuesday, Dec 8, 2015

Mer Sxtil Ura

You will want a break from the predictability of your usual routine and methods. You're in the mood to experiment and to learn something new. Offbeat or original ideas excite you and you will seek people who can offer you a different way of looking at things. Discovery, inventiveness, and spontaneity are major themes now.

Wednesday, Dec 9, 2015

Sun Trine Jup

This is a good time for relaxing recreation, a time to refresh and rejuvenate yourself and do the things you most enjoy doing. This is also a good time to approach someone who is in a position to benefit you spiritually, intellectually, or materially.

Sun Trine MC

Your career, reputation, public standing, or important personal goals gain momentum now. Your superiors or those in a position to support or further your aims are positively disposed toward you at this time. An important victory or success can be achieved.

Thursday, Dec 10, 2015

Ven SSxt Plu

Your feelings for friends and your emotional responses to life in general are deeper and more intense. The need to share, to give and receive love, and to be accepted and wanted is very strong. You have an opportunity now to see what keeps you from being really close to others - perhaps a forgotten hurt or hidden resentment - and to rid yourself of it by bringing it out in the open or simply releasing it.

Friday, Dec 11, 2015

Mar Sqr Sat

This is likely to be a time of considerable frustration and discouragement for you. You are unusually sensitive to criticism of your efforts and to the limitations and restraints that your responsibilities entail. Fighting with authority figures or lashing out at others who restrict you in any way is a strong possibility. A sense of struggle or of being overwhelmed by obstacles and blockages is likely to characterize this period. Be patient and don't demand too much of yourself at this time. Work quietly and steadily and rely only on your own resources.

Saturday, Dec 12, 2015

Mar Oppos Jup

Your energy level and your self-confidence are high now. You are full of enterprise and may chafe at the bit if you can not do enough, if your present position doesn't give you enough scope, or if your superiors do not allow you to take initiative and advance as you want to. Also, at this time you tend to overextend yourself or to believe you can do more than you actually can.

Mar Oppos MC

This is a low point as far as getting ahead or achieving anything in the world is concerned. For now, your energy needs to go into your personal life, home, and family matters. Stress which has been building up both at work and in your family relationships needs to be released now. Try to work out or find ways to express yourself physically, like working in the yard or playing sports; otherwise, you are prone to becoming pugnacious with the people you are closest to.

You feel emotionally attached to loved ones and family members at this time. Domestic security and stability may be one of your most important priorities now. You respond with affection, love, caring, and deep concern for loved ones, and you will want everyone in your family circle to feel protected, safe, and content. You may empathize easily with other people's moods and feelings now, and you make efforts to help others deal with their pain, sorrow, or grief.

If you are a parent, your children can be a source of joy and inspiration, and they are supportive and sympathetic toward your personal needs.

This is an enjoyable period for home and career interests. You feel more confident now and portray to others a strong sense of pride in either family, work, or creative endeavors. You may receive benefits or rewards and opportunities at your job as your leadership abilities are easily accepted by others. Or if you have children, they may receive scholarship awards or artistic honors and enjoy confidence in their abilities.

There may be an opportunity now to rejuvenate and improve a relationship with a

parent. In addition, your love and acceptance toward loved ones offers them an opportunity to release their fears or feelings of grief and sorrow. You emerge from this cycle more compassionate, mature, and sympathetic.

Conversations, negotiations, meetings, responding to letters and phone calls, and communications of all kinds are important activities now. A significant discussion or exchange of information is likely. This is a good time to get the views of someone you respect.

During this time period you are planning big things for the future. You become excited about an idea that promises much greener pastures for you. Your enthusiasm and optimism are so strong that it is difficult for you to realistically evaluate the situation. If others question or doubt your plan, you quickly brush their concerns aside, as you pursue a grander vision. Hopefully, you have done your homework or else your grand dream can go up in smoke.

This is an excellent time to spread your wings, to travel and visit new places. You may read something that causes you to view life in a very different light. Your mind soars to a broader, more encompassing view and perspective. You should not rein your thoughts in; the only warning is to be careful when making practical decisions based on these ideas. You can easily overlook the importance of practical details needed to successfully carry out a plan.

You may encounter disapproval and negative reactions from authority figures or business professionals regarding your viewpoint and/or your creative plans. Difficult decisions may need to be made which will directly effect your public reputation and career status. For example, you may be deeply involved with a business assignment and your employer or superior imposes strict and rigid guidelines on the project, thus delaying or inhibiting your ability to make concrete achievements. You experience suspicion, doubt and worry over your job performance and feel you must take decisive action to ensure your position in the corporation.

This can also be a time when there is anguish over an ill or elderly parent who depends upon your care and concern.

Pal Sqr Jup

This is not a favorable period for handling legal affairs or transactions with professionals and persons in authority. There will be complications and entanglements requiring you to apply sound judgment and rational thinking in managing these affairs. Others may not be straightforward and honest in your associations with them. For example, you may be overworked at your job, because your boss or superior has higher than usual expectations of your abilities. You take on the additional pressures without the assurance of a promotion or higher position in the organization and therefore you are in a dilemma over whether or not you are being exploited or manipulated. You must use this period to tap into your own inner

guidance and wisdom to steer you toward success.

Ven Trine Sat

This is an excellent time to make decisions about your financial affairs, as your judgment is sound and reliable, though a bit conservative. Investing in beautiful things which are likely to increase in value over time (such as jewelry or fine art) is favored. You are not interested in fleeting excitement or frivolity now. Spending "quality time" with an old and trusted friend or enjoying the company of an experienced, mature person who has much of substance to give you will make you happy.

You speak very clearly, convincingly, and forcefully now, so that there is no mistaking what your views and opinions are. You can argue a good case, make a very persuasive presentation, or successfully challenge someone whose ideas do not agree with your own. Your mind is sharp and your responses quick. This is a very good time to take a test or to do any kind of intellectual or mental work.

Pal Sqr MC

You are motivated to perform tasks that appeal to your intellectual or creative objectives. However, you must use good judgment and clear thinking on the job and in career matters. Tension, lack of foresight and difficulty in focusing on detailed work can lead you into conflicts with co-workers or colleagues. There is a tendency to become troubled over a minor problem, and then blow the situation out of proportion, without consideration of the consequences of your actions. It is important at this time to reflect upon your career goals and how well you have been fulfilling them.

Working alone or keeping your thoughts to yourself might be in your best interest.

Acting on impulse, changing your usual routine, improvising and using your intuition rather than following a prescribed, logical way of doing things is called for now. The tempo of your life accelerates now. Expect a rather inconstant, unpredictable, but interesting time.

Communications with family and friends can be strained at this time, as you try to clear up points of confusion. Some illusions and glamorous notions that you have are painfully removed now. You may discover that a movie star, hero, lover, parent, or other person you admire is not as "divine" as you thought.

Doubts about your ideals and religious beliefs are also likely to arise. Even if you are an agnostic or atheist, you will now question whether your belief system is perhaps a little superficial. You may find yourself swinging between doubt and a rather self-righteous, rigid, and dogmatic adherence to a philosophical or religious belief

system. Avoid the tendency to be rigid and judgmental! This is a time when your ideals and beliefs should be changing and maturing. However, if you are fearful of change and uncomfortable with doubt, you may become entrenched in a dogmatic attitude at this time. Some people experience this astrological influence as a discontent with life, moodiness, and depressed feelings with no apparent cause. These feelings are usually accompanied by low physical vitality and susceptibility to colds and other illnesses. These problems arise because your dreams and hopes have been dissipated. If your "bubble bursts", then you must probe within yourself for a new star to hitch your wagon to, a new vision for yourself. Avoid the tendency to become despondent and, by all means, refrain from escapism via alcohol or drugs.

You may be enjoying good health and good fortune and wish to share your happiness with others. You do not want to passively sit back and watch from the sidelines as you wish to share in the creation of new ideas and projects with others. You are able to work long hours without fatigue and enjoy your work as well.

Your career and employment are stable now. There are not likely to be many big surprises and everything works smoothly. You might be tempted to lay back and coast for awhile but, rather than feeling relaxed by doing this, you will only feel bored and uninspired. This is a time to apply yourself and continue making steady progress and effort. Contentment, emotional well-being, and harmony prevail in your personal relationships. At this time you relax and indulge in your pleasure-loving side. The need to express your sexual and passionate nature is highly stimulated, but you must guard against being overly direct and unresponsive to your partner's moods and desires. This assertive and impulsive style of lovemaking may not be especially pleasing to your mate, and you will have to make modifications in your approach toward your loved one. Also, you or your partner may be harboring jealousy or resentments which have not yet been expressed, and these issues must be dealt with before serious confrontations develop.

If you are presently unattached, you may not be very selective in choosing a love interest, subsequently regretting a wild rendezvous or affair with an inappropriate partner. It may be best to direct your active energies into more suitable drives.

Sat Oppos Sun

Frustrations in relationships, particularly with employers, government officials, or other authorities, make this a difficult time period. Your plans, ideals, and goals meet with opposition. Others express little interest in the issues that are important to you, making you feel alienated and frustrated. You may become profoundly discouraged and feel weary from the struggle. You may also develop a negative attitude towards society in general.

Your goals, values, and career decisions are thrown into question. Due to the obstacles you encounter, you are forced to objectively evaluate how worthwhile your projects, plans, and values really are. You may need to come to the painful realization that some of your treasured ideals and attitudes towards religion, politics, and your own personal goals and objectives now need some adjusting. Organizations or agencies that you have had faith in may now exhibit weaknesses and inertia that you did not believe were possible.

You will need to let old and outworn beliefs and commitments that no longer serve a purpose die away, and you will need to persevere with the things that you want to continue. If you are willing to do this, the changes that occur now will be very beneficial to you, and you will later look back at this time as one that forced you to trim the fat from your life and make changes that enabled you to mature and grow in ways that you cannot foresee at this time.

Ves Conj Moo

Work ambitions may be put aside while you turn inward to focus on personal issues at this time. This is a favorable time to prove your devotion and commitment to your loved ones and also to put your own emotional needs into perspective. Relations with the women in your life can help you to bring out your sensitivity and sympathetic responses to others, and you appreciate their warmth and assurance. You may reflect on matters of the past and feel an urgency to dedicate yourself to working on resolving these issues. This is a good time to apply your efforts to maintaining secure and healthy emotional attachments with others.

An excellent time to attend seminars or educational, spiritual, or healing conventions with groups, clubs, or organizations. A busy, yet enjoyable, period for gathering with friends where the unexpected can happen at any moment! Family members may feel like doing new and exciting things together and you will wish to share in these experiences. This is a time when your personal freedom issues are acceptable within your social circle. Children, as well as other family members, may feel more self-sufficient and less dependent upon you to satisfy their individual needs.

This is an excellent time to eliminate whatever is unnecessary and outworn in your life from clutter and disorder in your environment to an unhealthy relationship or even a long-held attitude or belief which keeps you from going after what you really want in life.

The world of imagination, fantasy, art, music, or mysticism is very appealing to you now, and if you have talent in any of these areas, this can be a creative and fruitful time for you. However, the negative possibilities for you now are being undisciplined, slack, indefinite, or wasting time and energy.

Sun Sxtil Mar

Your vitality and courage are strong now and you are eager to meet challenges. You can accomplish a great deal of work, especially if it involves physical effort. If you are active in sports, you will be especially competitive and vigorous now. Self-confidence is high.

Jup Sqr Mer

During this time period you are planning big things for the future. You become excited about an idea that promises much greener pastures for you. Your enthusiasm and optimism are so strong that it is difficult for you to realistically evaluate the situation. If others question or doubt your plan, you quickly brush their concerns aside, as you pursue a grander vision. Hopefully, you have done your homework or else your grand dream can go up in smoke.

This is an excellent time to spread your wings, to travel and visit new places. You may read something that causes you to view life in a very different light. Your mind soars to a broader, more encompassing view and perspective. You should not rein your thoughts in; the only warning is to be careful when making practical decisions based on these ideas. You can easily overlook the importance of practical details needed to successfully carry out a plan.

Monday, Feb 1, 2016

Mer Oppos Sat

You are likely to distance yourself from others now, feeling the need to withdraw and reflect. Your thoughts are inclined to be heavy, critical, and pessimistic at this time, so it would be good to realize that you are only seeing part of the picture and perhaps seek the advice of an older, experienced person who has passed through some of the challenges you face. This can also be a time of leaving, separating from friends, and choosing a new way.

Tangles in romantic relationships are likely now. Your sexual drive is quite strong, and you may be more concerned with satisfying your own desires than in being sensitive to your partner. Intimate interactions are inclined to be tense right now.

Mer Sqr Jup

Your mind is on bigger issues and long-range plans. You are optimistic and enthusiastic about your ideas, but disinclined to read the fine print or study all the facts, which can result in an error in judgment. Try not to be lax about important details.

Ves Sqr Sat

You may separate yourself from intimate involvements in order to pursue career and work ambitions. At this time, you may find you have committed yourself to a heavy work load which requires a great deal of responsibility and perseverance before you can achieve your goals. If you can withstand the delays and limitations in your daily work environment and make a conscientious effort to work in a constructive, patient and organized manner, you will be more equipped to manage your duties and obligations. Contact with administrative persons or those in leadership roles may require careful handling now, as you are more likely to feel insecure and inhibited in your dealings with them. In your personal life, you may be so self-involved with work and professional challenges that you turn your attention away from loved ones and those who need you. It will be important to re-establish and redefine the emotional connections in your private and personal life.

Ves Conj Jup

An abundance of work, projects and business-related activities will keep you busy and involved during this period. Your approach to work will be enthusiastic and dedicated, and you focus your attention on accomplishing work that will bring future growth and expansion in your career. You have a greater need to seek out prominent or influential professionals who can assist you in your efforts to expand or improve upon your work or line of business. Contacts with international organizations or business travel will be especially fortunate for you now. Also, you will be setting high standards for yourself as far as work and career are concerned. You may judge yourself on how deeply committed you are to your work and, if necessary, search out new possibilities if your needs are being unfulfilled. In your personal life and intimate relationships, you rely upon your principles and faith to support your intentions at this time. You feel it essential to associate with individuals who are loyal and trustworthy to the end, while still allowing you enough freedom to explore new horizons.

Your concentration is excellent now and you are serious about your work. You want to focus on real accomplishment and avoid frivolity and distractions. You may fruitfully tackle difficult, disagreeable tasks or work that usually frustrates you, for your patience and ability to do painstaking work is brought out now. Self-control and self-discipline are required of you at this time but, fortunately, they yield positive results in the long run.

Ves Conj MC

Greater dedication and commitment toward your work and occupation is highlighted. If you balance this with your personal goals in life, you can achieve an enormous sense of satisfaction and higher prestige at work. This can be a time when career matters take major precedence over your personal affairs. However, no matter how strong your ambitions are there may be a price to pay in your primary relationships. Caution should be exercised if loved ones are feeling alienated and ignored. Also, a new job could begin during this period or a change of career direction is possible.

Note that the precise timing of this astrological influence is very dependent on the exact birth time, so the dates given are accurate only if your birth time is very accurate.

Sun Sxtil Jup

Agreements, contracts, and joining your efforts with others will work out very much to your advantage now. A friend or person in authority may offer help or present an opportunity which will benefit you now or in the future. Also, you will reap rewards later for the generosity and aid you extend to others at this time.

Ven Oppos Sat

Conflicts between duty and pleasure, or between sober practicality and a yearning for love and emotional satisfaction, are likely now. This can be a very frustrating time, and you are likely to feel quite alone, emotionally aloof, or withdrawn.

A relationship may end or a temporary break may be made. This is a time to relinquish something or someone you once cherished but which no longer has a positive purpose in your life.

Ven Sqr Jup

This is a time when it is difficult to stay within a budget or on a diet, as your tendency is to splurge on beautiful things and to enjoy yourself as much as possible. You want comfort and ease and have luxurious tastes. Quality is especially important to you right now. Also, you want to share whatever good fortune you have. You need company and happy fellowship. It's a good time for a party, as long as you don't overdo it.

The desire to socialize, to be friendly, or loved may interfere with getting work done or acting in a professional manner. Scheduling time for recreation or to attend to a relationship is a good idea now.

Ura Sqr Sat

This is a difficult time period. Many things simply refuse to go the way you planned them. Things have a way of running their own course, regardless of your plans or intentions. Disturbances, annoyances, and interruptions make it difficult for you to stick to your schedule. Life can easily become hectic and disorganized. Unexpected company may arrive at your home, or your neighbor may decide to play his stereo loudly while you are trying to relax and rest. Little things that interfere with your efforts are very irritating to you now. For example, you may be on a diet and find yourself in a situation where you feel obligated to indulge in high-calorie foods.

One important piece of advice to help things run more smoothly is simply to allow yourself to experiment with new patterns and routines in your life at this time. This is not a good time to steadfastly pursue disciplines. Now is the time to allow yourself to temporarily break out of your familiar molds and experiment with some new ones. It won't kill you to break your deeply ingrained habits or schedules for a while; in fact, it can be quite good for you in the long run. If you stubbornly resist adapting to changes of pace and style, you will feel very tense and stressed. You need not throw out the things that are important to you, and you may be overly concerned that stability and security will never return if you let things go now, but you must have trust in your ability to break the normal routine a little, and return to a normal routine later. By loosening your grip on your habits, you can bring in new inspiration and insight. This is easier said than done, however, and during this time period you must carefully try to be flexible and adaptable, while not becoming so disorganized that you lose sight of your commitments and goals.

Tuesday, Feb 9, 2016

Ura Conj Jup

You are wildly optimistic and enthusiastic now! Your luck is very good too, and this further stimulates your optimism. Life seems less restrictive and limiting. Promotions, advancement, bonuses, and travel are likely during this time period. Pressures decrease; for example, important deadlines are easily met, pushed back,

or canceled. You are less worried, anxious, and concerned than usual.

However, this surge of optimism, high spirits, and fortuitous circumstances does not guarantee that all of your ventures will turn out well. In fact, it is likely that you will overestimate the growth potential of the ventures that you consider at this time. You are inclined to gamble and speculate, overlooking many of the hard facts and realistic obstacles. This is an excellent time to explore new possibilities and expand your horizons. It can also be a good time to start new ventures as long as you haven't let your optimism and high spirits cloud your awareness of the practical obstacles and details at hand as well.

You are likely to spend a lot of money during this time period. You are in the mood for celebrating and it is hard for you to control yourself. There is the possibility of being driven by materialistic and egotistic desires that cause you to indulge in extravagances that you later regret. On the other hand, if you are normally very reserved, conscientious, and "tight" about spending money, then this astrological influence may loosen you up a little more, inclining you to purchase items of high quality that you will enjoy for many years to come.

Pal Trine Plu

This is a favorable time to develop your expertise in a creative, academic or career undertaking. You are exceptionally motivated to research, investigate and probe beyond the surface into matters which can bring you substantial achievements. You are quite capable of making intelligent decisions and have considerable forethought in dealing with the possessions or resources of other individuals, joint finances, investments, taxes and large corporations. You may be privy to secret information in this regard. Because of the intense power you portray, others show support for your principles and beliefs.

The healing arts may appeal to you, especially hypnosis, psychology, past life regression or other regenerative methods of treatment.

Underlying or previously hidden aspects of a situation come to light now.

The misuse of personal power, dominating or manipulating others, and the subtle ways you try to control situations or other people are issues. The tyrant in you comes out, or you find yourself dealing with the more difficult, dark, tyrannical side in other people.

Also, this can be a time when you are forced to confront and deal with something which is no longer working - from old, outworn possessions to an unhealthy relationship or a deeply ingrained, self-defeating attitude.

Mer Oppos Ven

This is a favorable time to take a short vacation or pleasure trip, especially to visit people you really enjoy. The tone of this time is light, friendly, and easy. Positive connections are made with others, and you may meet a new friend. You may also want to call or write someone you love, simply to cheer them up or tell them you love them.

Mer Sqr Ura

Flexibility, thinking on your feet, and the ability to accommodate the unexpected will be called for now. The pace is very quick. You will be pulled in many directions at once and will tend to scatter your forces, jumping from one thing to the next. Positively, you may come up with some fresh, original plan or insight that may seem crazy at first, but which is likely to be quite useful.

Mer Oppos Asc

Conversations with your partners and friends are critical now. This is a time for you to really listen and learn from others. Dreams, wishes, and fantasies about love are strong now, and you may be infatuated with someone you meet at this time, only to be disappointed later when you discover this person does not fulfill all of your expectations. The artist in you emerges, and your creations please and inspire you.

Unavoidable changes and intense conflicts can occur in your closest and cherished relationships. Family members and loved ones display compulsive emotional needs and desires, and you may be coerced or persuaded into fulfilling their demands. Or unconscious motivations, stemming from past experiences, might arise, leading you to cling to your mate, children, or parents in an unhealthy or destructive manner. It will be difficult to let go of emotional attachments at this moment, although power struggles with others may force you to confront and deal with this issue. You must learn to re-examine and release your possessive tendencies and concentrate on

becoming more sympathetic and compassionate toward the people in your care and concern.

Ven Oppos Ven

Your needs for love, companionship, friendship, and sharing are very strong now, and you won't want to be alone or go off to do solitary work. In fact, you feel like relaxing and enjoying the beautiful side of life rather than laboring or concentrating on difficult tasks. A significant development in a close relationship or strong feelings of attraction to someone you encounter are very likely at this time.

Ven Sqr Ura

You are impulsively affectionate and flirtatious at this time, and you feel quite restless if you are in a stable, predictable relationship that offers little excitement. You may be highly attracted to someone new, simply because of the novelty and possibilities for adventure. Also, your friends or love partner may behave in unexpected ways. Flexibility and open-mindedness in your relationships is called for now.

Ven Oppos Asc

This is a very positive time in your marriage or closest one-to-one relationships. Your need to be together and to share loving feelings is very strong. Sun SSqr Moo

Tension in your home life, conflicts between work demands and personal needs, or unresolved emotional tangles are likely to arise now, necessitating adjustments and compromises on your part.

A side of you which is usually hidden or in the background is likely to emerge now, and this may be positive or negative.

Wednesday, Feb 17, 2016

Ves Sxtil Mer

Your work and responsibilities may engage much of your attention at this time. Keeping up-to-date on business correspondence, filing, and telephone communications is favored now. Your mind is centered on productivity and devoting yourself to doing the best job possible. You should take advantage of this opportunity to improve upon your writing and comprehension skills, as this time period may allow you to quickly process information and effectively broadcast your thoughts and ideas.

Sun Trine Ura

You have a low tolerance for boredom and following rules today and you make some creative changes and discoveries, experiment with new possibilities, or invent a new way of doing things.

You don't want to follow anybody else's lead at this time, but fortunately you are able find ways to be yourself and even be a little "crazy" without offending or upsetting others. This is a dynamic and exciting period. Take advantage of any unusual offers or opportunities.

Thursday, Feb 18, 2016

Mer Trine Plu

There is great depth to your conversations. You find yourself revealing secrets or very private matters, and also asking very penetrating questions of others. Superficial answers don't satisfy you now. This is an excellent time to investigate a complex problem or mystery, look for something that has been lost or hidden, and also to learn more about your own inner depths.

Friday, Feb 19, 2016

Mer Sesqu Mer

Intellectual disagreements or differences of opinion and viewpoints arise now. You may have to speak your mind in a way that challenges or unnerves someone else. However, your mind is very active and sharp, and your reasoning power is good, so this is a good time to do mental work.

Pal Sxtil Nep

Opportunities arise for you to turn your creative imagination and knowledge into tangible achievements. This would be a good time to draw, paint, write or design plans, as other people are inspired by your ideas and sensitivity. You have distinct impressions which prove remarkably accurate. Even if you feel a bit introspective or reclusive now, your instinct will direct you to bring form to your inherent talents. You also have much to offer to people who are confined or hospitalized now in the form of guidance and compassion.

Ura Conj MC

Freedom and independence are critically important to you at this time. If your job is tedious, boring, and unexciting, there is a strong possibility that you will quit your job now. Because the need for freedom and excitement is very strong, you are more willing to be innovative and daring. Interestingly, even if you do not attempt to make a change, it is likely that changes will occur anyway! You may get fired, promoted, or transferred. Unfortunately, it is difficult to predict the exact nature of the changes. What can be counted on is that changes in your career will occur during this time period and also perhaps extending several months beyond the time period specified above for this astrological influence. If your job is unexciting and uninspiring or your overall career direction is vague, then the probability of a major career change is

even greater.

If you try to resist the impulse to make major changes in your career now, you will become very restless and dissatisfied with your life. With a little creative imagination and ingenuity, it is likely that you can make changes in your job and career that allow for much more creativity and freedom. If you decide to make a drastic move, like quitting your job, it is difficult to say whether you will regret the decision or not, as a great deal depends on how good your current job is and how well qualified and capable you are of developing a better alternative. This astrological influence creates the need for change and freedom, and it draws alternative situations to you. However, it does not indicate that the new alternatives are any better or worse than the previous situation.

Note that the precise timing of this astrological influence is very dependent on the exact birth time, so the dates given are accurate only if your birth time is very accurate.

Sunday, Feb 21, 2016

Mer Sxtil Nep

Your ability to concentrate on mundane concerns and problems diminishes now. The world of imagination, fantasy, entertainment, or art holds more attraction for you. Go to a movie with a friend (or write your own!). Also, your psychic sensitivity and intuition are heightened at this time. You are more impressionable and open, but somewhat less precise and clear mentally.

Pal Sxtil Mar

You have opportunities to directly apply your ideas and beliefs. A spur-of-the-moment inspiration may prove beneficial to you. You have your sights set on the here and now, so if any action is taken, it is apt to be impulsive and daring. Fortunately, luck appears to be on your side during this period, and the results of your activities should prove favorable.

In your close relationships, try to relax your restless and assertive spirit, or perhaps ask your partner to join up with you in pursuing your creative impulses. Partnerships with male associates can improve and they can provide you with sound advice and guidance.

Mer Sxtil Mar

You are eager to discuss your thoughts and plans with others at this time and you may have a very fruitful brainstorming session, a spirited debate, or a very active meeting with others in which things really get accomplished. You are verbally assertive and can present your own plan or idea quite convincingly.

Tuesday, Feb 23, 2016

Mer Sxtil Moo

You feel inclined to speak to others about your innermost feelings, your past, and other personal subjects, which builds closeness and trust in your relationships, especially with women. You are also a sympathetic listener, drawing out others' feelings and personal experiences.

You may hear from someone from the past or reach out to someone you have a long history with or who was once very important in your life.

Mer Trine Sun

You are very clear and perceptive now. It's a good time to make a decision or come to an agreement, negotiate, exchange your views with others, or present your case. If you are in a profession dealing with words, ideas, or communication, this is a very productive time for you. Ideas flow, and you express your thoughts well.

Cer Sqr Nep

You may feel overly dependent on loved ones at this time. The emotional support and nurturing you receive in your domestic or romantic life may be fraught with disappointment and victimization. Necessary adjustments will include a need to focus on realistic perceptions of loved ones and their abilities to adequately alleviate your emotional neediness. Lack of compassion, dissipated energy, and weakened intuition interfere with your ability to help and heal others. This is a time when insensitivity prevails in the home and there is confusion over who is to provide the security and care in order for the family unit to operate functionally. Children may appear aloof and evasive, experience mood swings, or act irresponsibly toward their duties.

Meeting people that can benefit your career, getting together with colleagues, or getting to know your superiors on a more personal, friendly basis is quite likely at this time. Take advantage of all opportunities to socialize with the people you have professional ties with for the outcome is likely to be quite positive.

Cer Sqr Sun

You may be upset at this time over problems on the home front. You feel a sense of discord in your immediate environment over conflicting demands and activities of family members, friends, or co-workers. It becomes quite a challenge to meet everyone's needs and find time for yourself in the process. This suggests you will sacrifice your own personal desires for the sake of others. However, the emotional closeness and intimacy you crave in return may be denied. Or a period of isolation or separation from loved ones can occur at this time. You need to concentrate on recognizing your own self-worth and replenishing your overtaxed system to protect your health and well-being.

Mar Trine Asc

At this time it is easy for you to express yourself boldly and confidently. You seem to care less about outside approval and this frees you to act on your own behalf or to do something you have not had the courage to attempt before. Your health and vitality are quite good, and you need physical outlets for your energies now.

Ves Sqr Ven

There may be an unpleasant state of affairs either at work or in an intimate relationship. At work, you may feel blocked in your creative expression or have difficulty in engaging in work responsibilities that you sense are meaningless and unsatisfying. In your personal life, there may be disagreements over financial affairs or trust and commitment issues with loved ones. Problems will arise if you are less affectionate than usual toward loved ones or leave them out of your social or professional life. On some occasions, this period can indicate a time when a loved one is enduring pressure and difficulties on the job, and you are called upon to sacrifice your own interests in order to strengthen your dedication and loyalty to the relationship.

Sun Sqr Sun

You may feel temporarily blocked now. Resistance and challenges from others or from outside situations suggest that this is not a good time to try to force your will and desires upon the world, as friction is the only likely result. Relations with men can be especially tense.

Mer Trine Ura

You experience sudden insights, make discoveries, come up with fresh solutions to old problems, and seek alternatives to the usual routine way of doing things. Your mental processes are speeded up and you move more quickly now. Try to make room for a lot of spontaneity and flexibility in your schedule at this time.

Ves Oppos Ura

You may need to prepare yourself for unexpected or unusual disruptions in a work project or goal which you have undertaken. Changes in your job routine or a restructuring of your work duties are apt to occur, interfering with your progress and creating an unstable and disorganized work environment. You might be more temperamental and defiant than usual, and therefore demonstrate a detached or non-committal approach to your job responsibilities. Positively, if you can condition yourself to handle sudden or changeable circumstances at work, you will be able to lay the foundation for implementing new and original ideas or solutions at work. The breakdown of your old or out-dated work habits can lead to new ventures which afford you with greater independence and individuality.

Saturday, Mar 5, 2016

Ves Sqr Asc

Demands or obligations in your work or personal life can cause you to avoid relating on an intimate basis with others at this time. There may be a lack of support or indifference to your own needs which you sense on either an internal or external level. You are not interested in wasting your energy on work or relationships that conflict with your personal ambitions or your well-being. But it is difficult to determine at this time if it is your own insecurity or other people who cause you be unclear as to your personal goals. Hard work is indicated if you are to apply your efforts with concentration and commitment. You might have to justify your need to work alone to those persons who rely upon your involvement and attention.

This is a good time to schedule social activities or even business meetings where tact and friendliness would be a plus. You act as a diplomat and harmonizer between people with differing viewpoints. Also, attending cultural events such as an art show or a play is favored. Thoughts of love, an appreciation for beauty, and an aesthetic enjoyment of your surroundings are brought to the fore. A short pleasure trip would also be beneficial now.

Your mind is on bigger issues and long-range plans. You are optimistic and enthusiastic about your ideas, but disinclined to read the fine print or study all the

Unexpected pleasures, new friends, or a more playful, adventurous attitude in your relationships make this time period stimulating and delightful. Mental clarity, discrimination, and your ability to separate fact from fiction is diminished now. Miscommunications and an inability to formulate your ideas coherently are likely. A fast pace, with many letters, phone calls, errands, meetings, or discussions, is on the agenda. You may feel mentally restless, impatient, and overly eager to get your own ideas across. Also, a situation may arise which requires you to say what is on your mind, to make a decision, or to clearly voice your personal opinion on some issue.

Pal Sxtil Jup

Your mind is absorbed with intuitive and expansive ideas and designs which brings you reward and gain in your achievements. This would also be a favorable time to instruct or guide others in pursuing their creative enterprises, as you can successfully win their respect and approval through your sound logic and knowledge.

There can be benefits brought to you through travel, legal affairs, or influential people, if you take advantage of the opportunities. Successful gains can be made in your creative or artistic projects which brings you much joy and satisfaction.

Cer Trine Sat

This is a good time to develop your skills or further your education in the healing professions such as counseling, nursing, or medicine or in a government field. You have a strength of purpose in your abilities to provide love and care for others and to use sound judgment in your dealings with them. Business trends are favorable and you may be selected to take on an additional role in your career. Your home life increases in enjoyment and there may be the possibility of responsibilities being lifted as another person in the family assumes your tasks. A parent or child or mate may supply your needs with sincere concern and caring.

Mer Sqr Sun

There is much activity; you move rapidly from one thing to another and a hectic, somewhat stressful pace is likely. Many errands, phone calls, letters which require a response, and other "busywork" is on the agenda. A minor but rather tense confrontation is likely.

Pal Sxtil MC

Opportunities that benefit your career and public life will present themselves, as long as you remain clear-headed about what your goals and directions are. If you are aware of what you want to accomplish, you may reap the benefits and success of your achievements. This is a favorable period for making intelligent decisions regarding your career and creative planning. You have a natural ability to grasp knowledge and learn from your work environment.

Family members and intimate relationships may support your efforts to accomplish your desired goals.

Challenges in the ethical, moral, or professional spheres lead you to reassess where you are investing your confidence, trust, time, and attention.

Fluctuating conditions make it difficult to feel secure. Your sense of what is worthy or true is shifting and you will have to make adjustments to accommodate a changing environment.

At this time, you cope with sudden increases and expansion, a vastly extended territory, and the demands of success in some arena of your life. You may find the transition from being "a big fish in a little pond" to "a little fish in a big pond" very trying. This can be a rewarding period if you avoid being overly optimistic or impractical and stay true to your moral standards.

Tuesday, Mar 15, 2016

Mer Trine Sat

The emphasis is now on long-range financial planning, thinking about future security, and formulating strategies to achieve your ambitions. Your ability to study quietly, to concentrate on complex mental work, and to think deeply about serious matters is much better than usual. This is a good time to organize your affairs and also to seek professional advice about your concerns.

Jup Sxtil Sat

Cooperation and successful collaboration in the business and professional world are highlighted now. Legal matters and governmental matters of all kinds run very smoothly now. Intellectual disagreements or differences of opinion and viewpoints arise now. You

You are in harmony with the people in your immediate environment. There is a sense of ease and of flowing with, rather than fighting against or resisting, what is going on around you. Therefore, you have more energy and more fun at this time.

Social relationships, friendships, and supportive alliances are strengthened now. Your energy and confidence are high and you can accomplish much in a harmonious, flowing manner right now.

Sunday, Mar 20, 2016

Ven Sqr Nep

Dreams, wishes, and fantasies about love are strong now, and you may be infatuated with someone you meet at this time, only to be disappointed later when you discover this person does not fulfill all of your expectations. You are simply not seeing people objectively now. Your imagination is very active and creative, however, and so is your yearning for something beautiful. The artist in you emerges, and your creations please and inspire you.

Mer Trine Ven

You are very congenial and cooperative now and more interested in the similarities than in the differences between yourself and others. This is a very good time to let people know you care about them: send a card, write a note of appreciation or even a love letter! You may also want to buy something beautiful, pleasing, and frivolous which simply makes you feel good.

Monday, Mar 21, 2016

Mer Trine Asc

Communications are excellent now. You come across clearly and present yourself articulately. Public speaking, interviews, and other transactions with the public are

avored. Conversations you have at this time go smoothly, and an agreement can be reached.

Tuesday, Mar 22, 2016

Nep Sqr Nep

Some change in attitude towards your ideals and spiritual values occurs now. This change is very inner and gradual, so it is not likely that you will have any great concern or difficulty about these changes. A new attitude toward the religious beliefs that you were taught as a child is very likely to develop now.

Ven Sqr Sun

Your desire for pleasure, ease, and affection is brought to the fore and may interfere with work or complicated situations in which you need to be acting assertively and on your own behalf. Your mood and attitude is conciliatory, and your need for love and approval heightened. Social gatherings and personal relationships are favored.

Wednesday, Mar 23, 2016

Ven Sesqu Ura

You are impulsively affectionate and flirtatious at this time, and you feel quite restless if you are in a stable, predictable relationship that offers little excitement. You may be highly attracted to someone new, simply because of the novelty and possibilities for adventure. Also, your friends or love partner may behave in unexpected ways. Flexibility and open-mindedness in your relationships is called for now.

Thursday, Mar 24, 2016

Mer Oppos Plu

This can be a time for exposing and talking about hidden, intensely private, secret, or taboo subjects. Your mind is very probing and your conversations and interactions with others are intense. Pat answers and superficialities don't suffice now. You can be too intrusive or overbearing when stating your point of view.

Friday, Mar 25, 2016

Cer Sqr Mer

A conflict of interest or a difference of opinion between family members is likely. The need for cooperation on your part during communications with loved ones or relatives becomes apparent to you. You are required to handle the daily chores and obligations while adhering to strict logic and forethought in your activities. Problems can develop between family members causing changes of schedules and routines, which may also affect you directly. You might feel overburdened with obligations and duties, spending more time with letter writing, telephone calls, and short trips due to the concerns of family members or domestic matters.

In health matters, be watchful of digestive imbalances caused by nervous tension and stress. If you are a parent, changes and adjustments may be necessary in the

education, discipline, and rearing of your children.

Saturday, Mar 26, 2016

Ven Trine Sat

This is an excellent time to make decisions about your financial affairs, as your judgment is sound and reliable, though a bit conservative. Investing in beautiful things which are likely to increase in value over time (such as jewelry or fine art) is favored. You are not interested in fleeting excitement or frivolity now. Spending "quality time" with an old and trusted friend or enjoying the company of an experienced, mature person who has much of substance to give you will make you happy.

Sun Oppos Plu

You directly confront something that has been hidden, forgotten, or ignored for a long time. Unresolved issues in personal relationships are stirred up and the underlying causes of a painful or problematic aspect of a relationship may be brought to light.

Personal power and control are issues for you now, and if you take too much power (i.e. are manipulative and tyrannical) or too little power (i.e. are overly passive and easily victimized), then you will become embroiled in power struggles with others.

Mer Trine Nep

You are inspired creatively, artistically, or spiritually at this time. Your imagination, intuition, and psychic sensitivity are high now, and you find yourself wanting to paint or listen to music, daydream, or fantasize rather than concentrate on practical matters.

Sunday, Mar 27, 2016

Mer Conj Mar

You are likely to come to a very clear, definite decision at this time and to let others know exactly what you want. You are not in a very conciliatory mood and are not averse to stirring up unpleasant controversy in defense of your plan, idea, or desire. You may speak or act in haste now which can be a cause of regret later on.

Mar Sxtil Plu

You may be considering a major overhaul or revision in your ambitions at this time. If you do not have a sense of meaningful purpose or a passionate commitment to anything, you will want to reassess where you are going and why. If you do have a clear goal, you can make significant progress and work with great satisfaction now. An opportunity to do what you really want to do is likely.

Monday, Mar 28, 2016

Mer Conj Moo

Conversations have a particularly emotional, intimate, or nostalgic tone. Sharing memories and reminiscences or discussing a very personal topic with someone you feel you can trust is likely now. You may have a significant communication (letter, phone call, or personal discussion) with someone who was once very important to you or with whom you have a long history. This is a good time to reflect, review, and get a perspective on emotional matters or things of the past.

Pal Trine Mer

Personal and creative projects are likely to be profitable during this time. You must assert yourself and use your innate talents to receive the rewards or benefits of these efforts. A relative or associate may suggest a joint business venture or new idea which may prove to be successful for you. On the other hand, you may feel like leaving your comfortable and serene surroundings and enjoying a spontaneous vacation or weekend adventure.

This is also a good time to visit with family, relatives, and siblings where there can be a lively exchange of ideas and communications.

Mer Sxtil Sun

This is a busy time; communicating and getting in touch with others is very likely. Numerous phone calls, letters, meetings, errands, or discussions bring you into contact with others. This is a good time to brainstorm with others, share ideas, and come to a group consensus.

Tuesday, Mar 29, 2016

Plu Oppos Sat

This is a difficult time period when unexpected demands and responsibilities arise. It seems as if every weak link in your life decides to break now! New obligations are likely to arise both in your personal life and your work. You may find that a family member develops a physical or psychological problem, and you are the best person to assist. Problems with your car and other mechanical devices may also arise. Even if no new problems and responsibilities arise, you will find that you cannot open new doors now. If you have been hoping for a promotion, salary increase, better employment, a new home, a long vacation, or other release from the daily chores and limitations of your current life, you are likely to be disappointed. Expansion is very difficult at this time. This is the time to focus on basics; you must take care of the things in your immediate environment that now need attention.

Unfortunately, the outer problems that you face are not likely to be easier than the inner turmoil and confusion that arises! Deeply rooted anxieties and fears surface now. Feelings of inadequacy, guilt, and regret are very likely. Your faith in yourself is tested. If you feel that you have been insincere or vain about something, or that you have made poor decisions, then you must have the inner strength to recognize these problems and start fresh. Avoid the tendency to wallow in feelings of despair and hopelessness.

A good way to prepare for this time period is to make your life as stable and secure

as possible. For example, by having all debts and loans paid off, you are less vulnerable if your income decreases. If you are employed in a position that provides a high level of job security (for example, many government jobs are very stable and secure), then it is probably best to stay in this position rather than switch to employment that involves great risk.

Although this time period is difficult and challenging, it does point out to you what things are really important to you. For example, many people discover that they have placed too much importance on material possessions or their personal ambitions, and realize that their personal relationships, family, and health are far more important. Superficialities and distractions are cut out of your life, and you are faced with dealing with the basics. You can now build your life on a stronger, more sincere, more mature foundation. If something dear to you is threatened (your health, a personal relationship, etc.), then you can now focus attention on this neglected part of your life. Note also that failings and problems may arise in areas that you have not obviously been neglecting, due to the deep karmic energies that are at work now; you may even find yourself saying that "it isn't fair" that you face certain problems now. Whether it is fair or not, you must do your best to improve them!

Wednesday, Mar 30, 2016

Ven Sqr Mer

Your thoughts turn to love and this is a favorable time to bring out any concerns you have in your personal relationships. Agreements and cooperation can be achieved easily now. You readily discuss your personal needs and desires. Also, you are more aware of beauty and may want to rearrange your decor or buy something to beautify your surroundings.

Mer Sqr Sat

Your thinking is rather gloomy and pessimistic at this time. You see the superficiality, the flaws, and the foolishness or impracticality in others' plans. Also, communicating with others is difficult now, and people resist what you are saying. You feel more inhibited and uncommunicative, and you sense that others are not receptive. Frustrating conversations and the feeling that you are coming across negatively are possible now, so you are inclined simply to keep your thoughts to yourself.

Mer Conj Jup

This is a time for making long-range plans, seeing the big picture, and thinking about what is really important to you in the long run. The trivial details and business of day-to-day living does not dominate your attention now. Reading books or articles of an inspirational nature or on subjects of personal growth and development is very fruitful now. This is also an excellent time for business functions, negotiations, and communicating with the world at large.

Sun Trine Nep

At this time you really enjoy art, theater, music, and your own inner world of

fantasy. Your imagination is vivid. If you have an interest in spiritual matters, these interests come to the fore now also. The inability to be decisive and a lack of energy or drive is a negative possibility. You can be quite lazy now.

Mer Conj MC

At this time you are objective and can make some clear decisions about where you are headed or what the next step to achieve your important personal goals should be. Your judgment is sound at this time. You may have an important professional conference or a conversation about your career. This is an excellent time to seek out your superiors or those in a position to help you advance.

Sun Conj Mar

You feel energetic, confident, and assertive now, and are less inclined to be patient with others' needs and demands. You may become angry if your will is blocked or if you have to adjust your vigorous pace to others' slower tempo.

This is an excellent time to take the initiative or to begin a project that you have been considering. ACTION is the theme for today. If you tend to be hot-tempered, this is aggravated now, and you can be quite pugnacious. If you are a more relaxed, easy-going person, you will simply feel more energy and drive than usual.

Thursday, Mar 31, 2016

Moo SSxt Nep

Your artistic sensitivity, intuition, and imagination are stimulated. A fleeting impression or intuition is apt to be correct.

Friday, Apr 1, 2016

Chi Sqr Mer

You may be easily offended and hurt by a misunderstanding which arises during this time. Problems can occur because you are unable to communicate in a way that harmonizes with others now. Your thoughts and ideas may be confusing or off the beaten track, resulting in verbal arguments or disapproval from those in your environment. As a result, antagonism or intimidation can occur or true communication may be withheld. Also, your thinking is subject to fluctuations and, therefore, you may use subtle tactics to get your point across or to safeguard your position, such as sarcastic humor, put downs, or wounding remarks. Unfortunately, you may not realize that you are putting people on the defensive and in turn only hurting yourself. If you can use this time to express your thoughts in a way which acknowledges the sensitivities of others, there can be an honest interchange or communication which still allows you to disclose what is actually on your mind.

Mer Sxtil Mer

A nonstop flow of communication between yourself and the people in your immediate environment is likely today. You may engage in interesting and informative discussions or fritter your time away in inconsequential chatter and gossip. Mental

curiosity or restlessness may also impel you to take a short trip or visit.

Saturday, Apr 2, 2016

Sun Conj Moo

Key issues now are your home, personal life, and closest emotional relationships. You feel more quiet and reflective, and you feel a need to be closer to home and to loved ones. You can draw a lot of strength and satisfaction from your family and roots now, but if all is not well in this area, you will clearly see any difficulties or inadequacies at this time. You are more emotional and subjective than usual.

Sun Sxtil Sun

Friendships and cooperative endeavors flourish now. You achieve a harmonious balance of giving and receiving and of talking and listening, and any social or joint activity will benefit.

Plu Sqr Jup

You feel claustrophobic now. Your situation seems too limiting and confining and you want to break free from the obstacles and responsibilities that keep you tied to your current life style. You certainly need to spread your wings now, but be wary of taking major risks and gambling on a venture that promises you prosperity, freedom, and adventure. Because you want more freedom so much, you are willing to believe in a get-rich-quick scheme and take big risks. Don't be foolish! This is a time when you can foolishly squander your resources and give up on things that you later wish you could have back again. On the other hand, you must also find ways to expand your horizons and grow into a larger sphere of activity and friends than you currently are involved in. If you fail to find some new doors to open now, you will become extremely restless and discontented.

This is an excellent time to travel and meet new people, explore alternative cultures and life styles, pursue experiences that broaden your perception and view of life. Most importantly, this is a time when your attitude towards yourself changes. Rather than limiting yourself by saying "I can't dance very well", or "I am not good with numbers" or "I can't afford what I want", you are able to change your "I can't" attitude to an "I can" attitude. You now can clearly see ways in which you limit your opportunities and growth by focusing on narrow, limited approaches. You may discover that you have been taking the long route to your career goals and there are much shorter routes. For example, you may decide to increase your education rather than struggle along with your current qualifications, or you may realize that opportunities are much better in another part of the country or even in a foreign country and you need not struggle in your present situation. In various ways you are opened up to a larger view of your life and the opportunities that are available to you. Be careful about making firm decisions now, however, because you tend to be overly optimistic, overlook details, and take risks that are not warranted. This is an excellent time to explore alternatives, but only act on your new ideas and discoveries after investigating them thoroughly.

Contentment, emotional well-being, and harmony prevail in your personal relationships. At this time you relax and indulge in your pleasure-loving side. Also, you have more self-doubt than usual; your mood is somber and rather self-critical. An intense emotional or sexual attraction, a very revealing, intimate encounter, or a powerful desire to be close to and share your deepest feelings with someone is very likely now. Emotions and issues in a close relationship that have been brewing beneath the surface for quite awhile come to the surface at this time, possibly in a very disruptive way. You may take an all-or-nothing approach to your work or personal endeavors. You can be very clear as to what your own intentions are and may be ready to sacrifice anything to accommodate your plans and goals. You might have an eager interest in gaining control over your professional pursuits; however, you could behave more forcefully than you realize. In your restless quest for meaningful work and personal fulfillment, you can easily be intrigued or enticed into an unfavorable situation by a colleague or co-worker who has hidden motives. Thoroughly investigate the true intentions of people who try to exert pressure or influence over you. Be aware of individuals who may be dishonest or attempt to misrepresent themselves to you. They might take advantage of your services or abilities and try to get you to engage in underhanded activities. On the other hand, personal relationships may entail heavy obligations and commitment now. If you insist on having your own way, problems will arise in this area. Compromise on your part may be called for if you have been avoiding responsibility or intimate relating.

Your luck is better than usual now, but your inclination to be overly optimistic is even greater! Consequently, you are likely to overshoot the mark, push for what you want too hard, and be seen by others as being rather arrogant and self-centered.

In short, you should certainly spread your wings during this time period and seek out new opportunities for growth and advancement, but try to curb wild and unrealistic ideas of what benefits can accrue. Intimate relationships can undergo a rebirth or renewal at this time. You can experience opportunities to enrich and enhance your marriage or love relationship as deep emotional feelings and intense commitment to your partner surface. It is easier to give your love physical and emotional expression, which will further bind the two of you together. Whether you are married to your mate or not, you will find yourself absorbed and deeply concerned with the relationship. A casual interaction will not appeal to you, as you are searching for an all-consuming involvement which highlights greater feelings of devotion, love and passion.

Family members and loved ones may not appreciate your intense manner at this time. You may attempt to impose your cherished beliefs and compulsive desires

onto the people you love and care about. You may feel others would benefit from improving their domestic responsibilities or dietary habits and other areas which you think need to be changed. The problem is that you come on with such unyielding force or obsession at this time that power struggles develop and others oppose your views or feel overwhelmed by any manipulation on your part. The individuals in your care may wish you would lighten up and allow them freedom to act on their own. On a subconscious level, you may be nurturing in an intense manner because of an underlying fear of loss or separations from loved ones. If you are divorced and have children, custody battles can be bitter and difficult to resolve, sometimes to the point where one parent is denied access to the offspring. You feel claustrophobic now. Your situation seems too limiting and confining and you want to break free from the obstacles and responsibilities that keep you tied to your current life style. You certainly need to spread your wings now, but be wary of taking major risks and gambling on a venture that promises you prosperity, freedom, and adventure. Because you want more freedom so much, you are willing to believe in a get-rich-quick scheme and take big risks. Don't be foolish! This is a time when you can foolishly squander your resources and give up on things that you later wish you could have back again. On the other hand, you must also find ways to expand your horizons and grow into a larger sphere of activity and friends than you currently are involved in. If you fail to find some new doors to open now, you will become extremely restless and discontented.

This is an excellent time to travel and meet new people, explore alternative cultures and life styles, pursue experiences that broaden your perception and view of life. Most importantly, this is a time when your attitude towards yourself changes. Rather than limiting yourself by saying "I can't dance very well", or "I am not good with numbers" or "I can't afford what I want", you are able to change your "I can't" attitude to an "I can" attitude. You now can clearly see ways in which you limit your opportunities and growth by focusing on narrow, limited approaches. You may discover that you have been taking the long route to your career goals and there are much shorter routes. For example, you may decide to increase your education rather than struggle along with your current qualifications, or you may realize that opportunities are much better in another part of the country or even in a foreign country and you need not struggle in your present situation. In various ways you are opened up to a larger view of your life and the opportunities that are available to you. Be careful about making firm decisions now, however, because you tend to be overly optimistic, overlook details, and take risks that are not warranted. This is an excellent time to explore alternatives, but only act on your new ideas and discoveries

after investigating them thoroughly.

Fateful encounters which are not altogether pleasant are indicated. If you are in an established intimate relationship, it is apt to be rough sailing right now. Ultimatums, bringing up past pain and unresolved issues, jealousy, or unusual neediness or possessiveness may all be part of the scenario, and what makes all of this quite stressful is that most of it is not blatant but subtle and insidious. Plu Oppos Sat

This is a difficult time period when unexpected demands and responsibilities arise. It seems as if every weak link in your life decides to break now! New obligations are likely to arise both in your personal life and your work. You may find that a family member develops a physical or psychological problem, and you are the best person to assist. Problems with your car and other mechanical devices may also arise. Even if no new problems and responsibilities arise, you will find that you cannot open new doors now. If you have been hoping for a promotion, salary increase, better employment, a new home, a long vacation, or other release from the daily chores

and limitations of your current life, you are likely to be disappointed. Expansion is very difficult at this time. This is the time to focus on basics; you must take care of the things in your immediate environment that now need attention.

Unfortunately, the outer problems that you face are not likely to be easier than the inner turmoil and confusion that arises! Deeply rooted anxieties and fears surface now. Feelings of inadequacy, guilt, and regret are very likely. Your faith in yourself is tested. If you feel that you have been insincere or vain about something, or that you have made poor decisions, then you must have the inner strength to recognize these problems and start fresh. Avoid the tendency to wallow in feelings of despair and hopelessness.

A good way to prepare for this time period is to make your life as stable and secure as possible. For example, by having all debts and loans paid off, you are less vulnerable if your income decreases. If you are employed in a position that provides a high level of job security (for example, many government jobs are very stable and secure), then it is probably best to stay in this position rather than switch to employment that involves great risk.

Although this time period is difficult and challenging, it does point out to you what things are really important to you. For example, many people discover that they have placed too much importance on material possessions or their personal ambitions, and realize that their personal relationships, family, and health are far more important. Superficialities and distractions are cut out of your life, and you are faced with dealing with the basics. You can now build your life on a stronger, more sincere, more mature foundation. If something dear to you is threatened (your health, a personal relationship, etc.), then you can now focus attention on this neglected part of your life. Note also that failings and problems may arise in areas that you have not obviously been neglecting, due to the deep karmic energies that are at work now; you may even find yourself saying that "it isn't fair" that you face certain problems now. Whether it is fair or not, you must do your best to improve them!

You are motivated to perform tasks that appeal to your intellectual or creative objectives. However, you must use good judgment and clear thinking on the job and in career matters. Tension, lack of foresight and difficulty in focusing on detailed work can lead you into conflicts with co-workers or colleagues. It is important at this time to reflect upon your career goals and how well you have been fulfilling them.

Reckless behavior, such as drunken driving, is particularly likely to be squelched and disciplined at this time.

However, illegal activities are not the only ones blocked at this time. Restless and free-spirited, you feel like you have to loosen up and break free from restrictive situations at this time. You seek freedom and spontaneity and have little patience with dry, tedious situations. Normally, you may be able to tolerate a traffic jam, but not now. Fortunately, you do not tend to react with anger; you simply go off and do something that is more fun, even if that means missing appointments or being negligent in meeting responsibilities. You are in too good of a mood to be bogged down with obligations. This may not always be wise, but you do have a good time!

This is the time to be doing something new and unusual. You may get an impulse to experiment with something new, or a friend may invite you to do something you haven't done before. Go along; you will love it and you will be glad you went.

Nevertheless, acting out of character is a good thing to do now, and you will not regret doing it as long as you don't get so reckless that you hurt yourself or someone else.

You may also develop a negative attitude towards society in general.

Your goals, values, and career decisions are thrown into question. Due to the obstacles you encounter, you are forced to objectively evaluate how worthwhile your projects, plans, and values really are. You may need to come to the painful realization that some of your treasured ideals and attitudes towards religion, politics, and your own personal goals and objectives now need some adjusting. Organizations or agencies that you have had faith in may now exhibit weaknesses and inertia that you did not believe were possible.

You will need to let old and outworn beliefs and commitments that no longer serve a purpose die away, and you will need to persevere with the things that you want to continue. If you are willing to do this, the changes that occur now will be very beneficial to you, and you will later look back at this time as one that forced you to trim the fat from your life and make changes that enabled you to mature and grow in ways that you cannot foresee at this time.

You are in a dreamy, romantic mood. Yearnings for love, feelings of compassion, or even religious devotion accompany this time period. You are definitely more idealistic, tolerant, and selfless in your relationships, which may cause you to act against your own interests. Decisions involving money or important commitments to others, therefore, should probably be made some other time. A desire for loveliness and beauty in your surroundings is also strong.

Mar Trine Ven

Right now you are more magnetic and sexually attractive, and your love life is likely to be both harmonious and satisfying. You experience a positive flow of warmth and friendliness between yourself and others, and you are stimulated and energized by your casual interactions with others. Creative and artistic efforts also flourish at this time.

Burdens placed on you by family members, especially children, will result in limitations and restrictions in your personal life at this time. A parent, child, or other loved one may feel neglected or require additional protection and nurturing which causes periods of tension in the home. Older children may have disagreements with their father and feel torn about their role in the family. It is a period of time when normal caretaking issues regarding the raising of children or the care of an elderly parent involves burdens and obligations which create upsets and interference with your personal objectives. You receive little recognition for your efforts to provide care for others and sense a feeling of doubt, frustration, or lack of faith in those

around you. This is not a time to take on additional responsibilities in career or home situations, as you already feel overtaxed in these areas.

Ven Sxtil Mar

Romance and flirtations are likely now. You are feeling warm, expressive, and lively. Loving feelings flow between you and the people you meet. Current attractions intensify. You may feel an inclination to increase the family circle, either by having children or possibly by having someone else come to live in your home. You may be taking on a larger role in your caretaking responsibilities; however, you can still manage ways to allow for your personal growth in the process.

You may be feeling pressure on both ends, especially if you have children, as their needs seem to interfere more with your own desires. Or you may be yearning to change your profession but you receive resistance from your parents or spouse.

If you are in a field such as medical, educational, social services, food preparation, or healing services, you may receive recognition and a possible promotion. If you are

You are impulsively affectionate and flirtatious at this time, and you feel quite restless if you are in a stable, predictable relationship that offers little excitement. You may be highly attracted to someone new, simply because of the novelty and possibilities for adventure. Also, your friends or love partner may behave in unexpected ways. Flexibility and open-mindedness in your relationships is called for now.

Cer Oppos Ura

Circumstances now can bring about unexpected or upsetting experiences in the home environment. Changes or reversals of roles regarding family needs and caretaking are possible. Children, friends, and loved ones challenge the existing conditions, often breaking the status quo within the family. Rebellious behavior or criticism directed toward you leads to arguments and separations. This may be brought on by outside pressure from friends or peers, or by unanticipated events. For instance, a parent may suddenly find themselves being the sole provider or nurturer for the family unit. You may wish for closer family unity. However, conditions exist where you must find outside time for personal freedom. There may be problems in trusting your own intuition now, and, therefore, you have difficulty in choosing the best alternatives for dealing with these new changes in your environment.

Cer Sqr Asc

You may be concerned over your ability to take care of your family or career responsibilities. You feel you are being tested as to whether or not you can effectively manage your authority and status in these areas. You can encounter stressful situations and disputes with loved ones and co-workers who feel your interests are in other directions, while you perceive yourself as struggling to fulfill everyone else's needs. This will personally make you feel less secure or unloved during this unsettling, yet brief, period. One area you should not neglect is your own physical and emotional health. Find time to pamper yourself and take a break from the daily pressures you experience now.

Note that the precise timing of this astrological influence is very dependent on the exact birth time, so the dates given are accurate only if your birth time is very accurate.

Flexibility, thinking on your feet, and the ability to accommodate the unexpected will be called for now. The pace is very quick. You will be pulled in many directions at once and will tend to scatter your forces, jumping from one thing to the next. Positively, you may come up with some fresh, original plan or insight that may seem crazy at first, but which is likely to be quite useful.

You feel lucky and are apt to overestimate yourself or the possibilities in some situation. Don't over commit yourself or promise too much, as you're apt to feel foolish or overextended later. Your mood is jovial, however, and social relations are good.

Ven Sxtil Plu

Your feelings for friends and your emotional responses to life in general are deeper and more intense. The need to share, to give and receive love, and to be accepted and wanted is very strong. You have an opportunity now to see what keeps you from being really close to others - perhaps a forgotten hurt or hidden resentment - and to rid yourself of it by bringing it out in the open or simply releasing it.

Sat Conj Nep

Some illusions and glamorous notions that you have are painfully removed now. You may discover that a movie star, hero, lover, parent, or other person you admire is not as "divine" as you thought.

Doubts about your ideals and religious beliefs are also likely to arise. Even if you are an agnostic or atheist, you will now question whether your belief system is perhaps a little superficial. You may find yourself swinging between doubt and a rather self-righteous, rigid, and dogmatic adherence to a philosophical or religious belief system. Avoid the tendency to be rigid and judgmental! This is a time when your ideals and beliefs should be changing and maturing. However, if you are fearful of change and uncomfortable with doubt, you may become entrenched in a dogmatic attitude at this time. Some people experience this astrological influence as a discontent with life, moodiness, and depressed feelings with no apparent cause. These feelings are usually accompanied by low physical vitality and susceptibility to colds and other illnesses. These problems arise because your dreams and hopes have been dissipated. If your "bubble bursts", then you must probe within yourself for a new star to hitch your wagon to, a new vision for yourself. Avoid the tendency to become despondent and, by all means, refrain from escapism via alcohol or drugs.

Ven Trine Jup

Emotional well-being and contentment characterize this time period. You feel quite relaxed and carefree, and this would be a splendid time for a vacation. Laziness, self-indulgence, and expecting everything to work out well with no effort on your part are negative possibilities now. You feel very lucky and you are likely to be lax or extravagant with your money. Material benefits are, indeed, likely at this time, but beware of being overly generous or depending too much on Lady Luck.

During this time period you are planning big things for the future. You become excited about an idea that promises much greener pastures for you. Your enthusiasm and optimism are so strong that it is difficult for you to realistically evaluate the situation. If others question or doubt your plan, you quickly brush their concerns aside, as you pursue a grander vision. Hopefully, you have done your homework or else your grand dream can go up in smoke.

This is an excellent time to spread your wings, to travel and visit new places. You may read something that causes you to view life in a very different light. Your mind soars to a broader, more encompassing view and perspective. You should not rein your thoughts in; the only warning is to be careful when making practical decisions based on these ideas. You can easily overlook the importance of practical details needed to successfully carry out a plan.

Sun Trine Mar

Sun Trine Moo

At this time you enjoy emotional satisfaction and harmony in your home life. Relationships with women run smoothly. Sunday, Aug 7, 2016

Ven SSqr Sat

Withdrawing from emotional social contact is favored now, for even when you are with others you are likely to feel separate and alone. Sadness and disappointments in your personal life are also probable now. Inadequacies and flaws in your friends or lovers are particularly bothersome to you now, and you may feel that you have nearly exhausted your patience for dealing with these problems. You may take an all-or-nothing approach to your work or personal endeavors. You can be very clear as to what your own intentions are and may be ready to sacrifice anything to accommodate your plans and goals. You might have an eager interest in gaining control over your professional pursuits; however, you could behave more forcefully than you realize. In your restless quest for meaningful work and personal fulfillment, you can easily be intrigued or enticed into an unfavorable situation by a colleague or co-worker who has hidden motives. Thoroughly investigate the true intentions of people who try to exert pressure or influence over you. Be aware of individuals who may be dishonest or attempt to misrepresent themselves to you. They might take advantage of your services or abilities and try to get you to engage in underhanded activities. On the other hand, personal relationships may entail heavy obligations and commitment now. If you insist on having your own way, problems will arise in this area. Compromise on your part may be called for if you have been avoiding responsibility or intimate relating.

You may not feel very social, but friends or social commitments pull you away from home. Alternately, you may want to go out and enjoy some time with your friends or do some light socializing, but you are needed more at home right now. It is an either/or situation and probably something has to be sacrificed temporarily.

Tuesday, Aug 16, 2016

Your desire for pleasure, ease, and affection is brought to the fore and may interfere with work or complicated situations in which you need to be acting assertively and on your own behalf. Ves Sqr Mar

A situation at work can irritate you now; however, you remain responsible and loyal to your objectives. You strive hard to put forth your best efforts, but can meet with frustrating obstacles or have your goals thwarted by someone who challenges you. For example, the dedication you have shown toward your work-related goals is met with indifference from superiors or those in authority. Competitive behavior or resentment from co-workers is likely to surface, causing you to rely upon your own resources to complete work assignments. You might fluctuate between feelings of intense anger and coolness toward the individuals who hamper your drive and perseverance, all the while remaining focused on your own intentions. In your personal life, this period can prove slightly difficult, mainly in the area of intimate relationships. Problems can arise in expressing your sexuality and desires to your mate, as well as in issues of mutual commitment and loyalty in the partnership.

You have strange desires, impulses, and feelings which are difficult to describe or understand. Your usual daily pursuits seem drab, meaningless, or curiously unsatisfying, so that it may be difficult to motivate yourself and focus on your work. Since your instinctual responses might not be as sharp as usual, you may unwittingly involve yourself in tense emotional exchanges, and then withdraw from the battle with coolness and indifference. The underlying cause of your reactions may be that your emotions seem out of reach and you are unable to bring out your inner sensitivity and awareness. Before dedicating yourself to a specific task or purpose at work or at home, be very careful to avoid hurting anyone's feelings, especially if you have turned away their help or involvement. The people who depend or rely upon you may need further reassurances of your loyalty and commitment toward them.

If there is a person you feel uncomfortable with, or with whom it is difficult to communicate, this is an excellent time to break the icy wall between you and clear away the confusion. Even if your relationship with spouse, family members, and close friends is already very open and loving, you will still find that this is a time when you can gain an even greater appreciation, love, and respect for them.

There is a friendly, cooperative, harmonious tone to the interactions you have now. It is a good time for social activities and for getting in touch with friends. You avoid heavy discussions and do not want to focus on dry, practical matters. Reading light fiction, going out to see a romantic comedy, or simply sharing a pleasant time with someone you like is more in tune with your feelings now.

This is a harmonious, enjoyable time for you. Things run smoothly and your work is likely to take an enjoyable turn now. Pressures and deadlines are lifted. You may be asked to attend an enjoyable event or travel at this time. You wish that your life was always like this! You are not very aggressive or particularly energetic, but intense effort is not required.

Cooperation and mutual support in business-related and career-related matters is also very high. You will also find that peace and cooperation can be established between factions that have been at odds with each other. Legal matters and any

involvement with government agencies or large organizations work out fortunately now. Personal relationships are also harmonious now, and there is an increased appreciation for each others' goals and aspirations, and you help each other more in achieving these goals.

Note that the precise timing of this astrological influence is very dependent on the exact birth time, so the dates given are accurate only if your birth time is very accurate.

Deep emotions, both positive and negative, are stirred up within you, and you become more intense and demanding of the people you are closest to. Fears, insecurities, jealousies, and hidden resentments may surface, as well as a very strong need to be loved and to love. There is a compelling, urgent quality to the feelings you experience now, and you may develop a powerful attraction to someone who fascinates and mystifies you. This is a good time to reveal your deepest feelings, fears, needs, and yearnings with the ones you love.

You may feel temporarily blocked now. Resistance and challenges from others or from outside situations suggest that this is not a good time to try to force your will and desires upon the world, as friction is the only likely result. Relations with men can be especially tense.

At this time you will want to branch out; you have the energy to do more and take on more challenges. This is a very good time to begin implementing the plans and promises that you have made to yourself, as any new endeavor is likely to succeed. A new health regimen, actions taken to advance professionally, or anything you do to move toward achieving a cherished goal or ideal goes well now.

Intimate relations and attractions are intensified now. You experience strong feelings of attraction and desire and, if you are unhappy in your sexual life, you can be very tense and angry "for no reason" now. You may be tempted to act on an infatuation.

You can make your influence felt at this time and any efforts you make to advance your career or other important long-range goals will be very effective. Independent action, self-reliance, or taking on more of a leadership position are favored now. You have the green light!

Ves Conj Sat

This is a good time to organize your work and career activities. Projects and business endeavors should prove profitable. However, you may have to dedicate yourself to hard work and self-discipline in order to achieve success. Detailed, methodical work and adhering to rules and regulations will be your specialty now. You take a more serious, mature approach to your work, as well as to your objectives and ambitions. Due to your commitment and purpose, a long-awaited goal may be achieved now. You may be more concerned and focused on your public image and your need to receive recognition for your efforts. An increase in your work load is highly probable, but you have the ability and perseverance to keep everything running smoothly. With so much of your enthusiasm directed toward work and career, make sure you allow enough time for your personal life and the loved ones who depend upon you.

Sat Conj Nep

Some illusions and glamorous notions that you have are painfully removed now. You may discover that a movie star, hero, lover, parent, or other person you admire is not as "divine" as you thought.

Doubts about your ideals and religious beliefs are also likely to arise. Even if you are an agnostic or atheist, you will now question whether your belief system is perhaps a little superficial. You may find yourself swinging between doubt and a rather self-righteous, rigid, and dogmatic adherence to a philosophical or religious belief system. Avoid the tendency to be rigid and judgmental! This is a time when your ideals and beliefs should be changing and maturing. However, if you are fearful of change and uncomfortable with doubt, you may become entrenched in a dogmatic attitude at this time. Some people experience this astrological influence as a discontent with life, moodiness, and depressed feelings with no apparent cause. These feelings are usually accompanied by low physical vitality and susceptibility to colds and other illnesses. These problems arise because your dreams and hopes have been dissipated. If your "bubble bursts", then you must probe within yourself for a new star to hitch your wagon to, a new vision for yourself. Avoid the tendency to become despondent and, by all means, refrain from escapism via alcohol or drugs.

Ves Sqr Jup

You can handle a great deal of work and responsibility, but it is apt to take its toll on your personal life and need for freedom. Professionals and influential persons in your work place may view you as a devoted and enthusiastic employee and therefore

might overload you with additional work. Discord can arise in your private domain, especially if you have been avoiding your duties and obligations there. If a confrontation arises now, you are apt to overreact, thereby further alienating your loved ones through excessive involvement in your work. Although you feel more industrious, it is best not to promise more than you can deliver with regard to both work and personal relationships.

Your ability to concentrate and focus on your work is very good now. This is a time to attend to details, take care of practical business, and to make your life more stable and secure. It would be beneficial to consult advisors on investments and long-range plans and to put your affairs in order. Eliminating waste and inefficiency is important to you now.

Your feelings, friends, and female relatives figure prominently in your life now. You realize how much you appreciate and need their love and support, and you are particularly affectionate now. You may also initiate a relationship in which you take care of, support, and "baby" someone else.

Relaxation, enjoyment, and pleasure are emphasized now. This is not a time to push yourself or to be involved in activities that require intense competition or a great expenditure of energy. Cooperative, harmonious personal and professional relationships are more important to you at this time. You feel like socializing and being friendly.

Ves Sqr MC

Strong professional desires may inhibit your interest in domestic matters or intimate relationships at this time. If you are overly eager or zealous in your attempts to establish your career and work objectives, you may lose sight of your personal affairs and thus sacrifice important areas that need your attention. Those in authority can create roadblocks to your success, leaving you to feel you have been denied fulfillment of your cherished goals. You might need to discipline yourself to accepting less than what you had hoped for in terms of your business and professional contributions. Long-range plans and ambitions should be put off until career matters are in clear focus.

Personal and creative projects are likely to be profitable during this time. You must assert yourself and use your innate talents to receive the rewards or benefits of these efforts. A relative or associate may suggest a joint business venture or new idea which may prove to be successful for you. On the other hand, you may feel like leaving your comfortable and serene surroundings and enjoying a spontaneous vacation or weekend adventure.

This is also a good time to visit with family, relatives, and siblings where there can be a lively exchange of ideas and communications.

Withdrawing from emotional social contact is favored now, for even when you are with others you are likely to feel separate and alone. Sadness and disappointments in your personal life are also probable now. Inadequacies and flaws in your friends or lovers are particularly bothersome to you now, and you may feel that you have nearly exhausted your patience for dealing with these problems. It is a time to be quiet and to look objectively at how your relationships are going. Though not a pleasurable time, this can be a fruitful period in which to learn more about love and what you truly value.

You are in a festive, partying mood and just want to play and share a good time with your friends. Community social events and fellowship are very rewarding now. Also, at this time it is hard for you to say no to food, drink, or extravagances in any form. You are also very generous and tolerant toward others. You are inclined to jump to conclusions at this time and to rashly say and do things which you may regret later. You may suddenly decide to act on some idea or plan you have been considering, which can be good as long as you don't move so abruptly and quickly that you override other people's say in the matter. At this time, too, you are quite sharp and possibly sarcastic, which can create unnecessary hard feelings or opposition to your plans.

This is a time when you work patiently and perseveringly, and you make enormous progress in any task or undertaking that you put your mind to. You are able to concentrate on the essentials and the nitty-gritty details now. Use this opportunity for accomplishing practical tasks and achieving concrete results. You are able to work long hours without fatigue and enjoy your work as well.

Your career and employment are stable now. There are not likely to be many big surprises and everything works smoothly. You might be tempted to lay back and coast for awhile but, rather than feeling relaxed by doing this, you will only feel bored and uninspired. This is a time to apply yourself and continue making steady progress and effort. The work you do now is appreciated by others, but the greatest benefits will be reaped much further in the future, when the progress you make now will help fortify your position in the world and strengthen your assets and resources.

The need for personal recognition and success are key issues during this time period. You feel a deep, irresistible urge to better your situation in life, to be less dependent on others, and to achieve a higher level of prosperity, well-being, and freedom in your life.

Very often this astrological influence manifests as the feeling that now is the appropriate time to advance to a position of greater influence and prestige. You feel that you are as knowledgeable and capable as your boss or supervisor, and it is high time that you started receiving more of the benefits and prestige. Needless to say, power struggles and conflicts with others can consequently arise. In the end, some level of advancement is likely, but be careful to make sure that your desires are not based primarily on greedy, self-satisfying, and self-centered motives.

You are more open about your inner desires and goals now, and you bring forth interests and desires that you have previously kept to yourself. If you have a hobby or strong personal interest in a subject, you bring this interest out in the open now.

There can be intense and demanding interactions with your mate or marriage partner. Insecurity or a loss of control in the relationship can lead to jealous behavior or one partner blaming the other for all of the problems. The challenges that you face now can be greatly relieved if you search for more suitable outlets to release negative tendencies and emotions.

If single and unattached, you might meet a new love interest who is magnetic, seductive and extremely passionate. This person can transform your views on love, sex and relationships.

You may strive to keep peaceful and friendly relations in your work environment, even if it requires sacrifice or compromise on your part. Since you feel more devoted to proving your self-worth to your supervisor or peers, you may be looked upon as a dependable and trustworthy employee. Material security is also important to you and a good deal of your attention may be focused on increasing your earning capacity or improving your financial earnings in your line of business. You can also demonstrate great skill in your creative endeavors, especially if your vocation is in the artistic or musical field. If there are conflicts with an important love interest or marriage partner, you might sacrifice work interests and resign yourself to dedicating your energy and effort into accommodating the needs of the relationship.

Unforeseen situations may suddenly bring changes or disturb your work or professional duties. Greater responsibility or working unusual or long hours is possible, especially if you are involved in the process of the planning, organization and restructuring of your place of employment. You may feel an urgent need to move ahead and in the process will discard work which is not functional or useful to your future directions and goals. On the other hand, this period can bring about zealous involvement with humanitarian or social organizations. Social gatherings are also very positive for you now.

Mer Sqr Sat

Your thinking is rather gloomy and pessimistic at this time. You see the superficiality, the flaws, and the foolishness or impracticality in others' plans. Also, communicating with others is difficult now, and people resist what you are saying. You feel more inhibited and uncommunicative, and you sense that others are not receptive. Frustrating conversations and the feeling that you are coming across negatively are possible now, so you are inclined simply to keep your thoughts to yourself.

Mer Oppos Jup

You are mentally restless and can not concentrate well on your immediate, familiar tasks. You are not inclined to discipline your mind or focus on practical matters, unless there is an element of gambling, play, or risk-taking involved. Reading something that is mind expanding, taking a trip, or planning a vacation is favored at this time.

Mer Oppos MC

Your mind is directed inward now. Reflecting on your personal life, and the overall direction you are headed in, is very likely now. Thoughts of the past and the choices you made are also prominent. Making a decision regarding your home or your family life is favored at this time.

Cer Sqr Asc

You may be concerned over your ability to take care of your family or career responsibilities. You feel you are being tested as to whether or not you can effectively manage your authority and status in these areas. You can encounter stressful situations and disputes with loved ones and co-workers who feel your interests are in other directions, while you perceive yourself as struggling to fulfill everyone else's needs. This will personally make you feel less secure or unloved during this unsettling, yet brief, period. One area you should not neglect is your own physical and emotional health. Find time to pamper yourself and take a break from the daily pressures you experience now.

Note that the precise timing of this astrological influence is very dependent on the exact birth time, so the dates given are accurate only if your birth time is very accurate.

Cer Oppos Ura

Circumstances now can bring about unexpected or upsetting experiences in the home environment. Changes or reversals of roles regarding family needs and caretaking are possible. Children, friends, and loved ones challenge the existing conditions, often breaking the status quo within the family. Rebellious behavior or criticism directed toward you leads to arguments and separations. This may be brought on by outside pressure from friends or peers, or by unanticipated events. For instance, a parent may suddenly find themselves being the sole provider or nurturer for the family unit. You may wish for closer family unity. However, conditions exist where you must find outside time for personal freedom. There may be problems in trusting your own intuition now, and, therefore, you have difficulty in choosing the best alternatives for dealing with these new changes in your environment.

Sat Trine Moo

Your daily routine and personal habits are very positive, healthy, and productive at this time. You are able to keep your house in order, accomplish all of your chores, and get your life in good working order. You are likely to make many minor repairs and improvements in your home, land, tools, etc. You catch up on general maintenance and tidy things up. You also find it relatively easy now to alter bad habits you may have, like a poor diet, smoking, indulgence in alcohol, etc. However, this astrological influence is not particularly motivating and you may be a little lethargic at this time (unless other astrological influences indicate otherwise).

Your life feels secure and you feel good about yourself. You feel comfortable with your current situation, and you are emotionally stable, calm, and contented. Your overall judgment and discrimination are good, and you are able to make wise decisions and provide good advice to others. You may decide to make a long-term investment for the benefit of your family at this time that will prove to be a sound, secure investment.

You are mentally alert, sharp, and on your toes during this time period. You will perform superbly in a debate or other mental task that requires quick thinking, fast response, and fluent expression of ideas. Writing comes easily now, so if you have some writing you need to do, now is a good time to do it.

Business negotiations and organizational meetings of any kind run very smoothly. You can expect an upbeat atmosphere with a willingness and readiness to act on progressive ideas.

Mer Trine Mer

Conversations and sharing plans and ideas with others are very fruitful now. You understand what others are telling you, and you make yourself clearly understood also. This is a favorable time for getting your message across to others via writing, speaking, or advertising.

Sun Sqr Ven

Your desire for love and affection, as well as beauty and pleasure, is strong now and you act on feelings and creative impulses more readily than usual. If you are not happy with some aspect of your personal life, these issues arise at this time and there may be disagreements or tension in a close relationship.

Cer Sqr Ven

At this time you may need to give your loved ones some room to breathe. Balance in your love relationships becomes necessary during this time period as you feel a desire to overindulge in your role as nurturer and show your eagerness to "take care of" another. You feel possessive of the people you love, as well as the objects and ideas you value. This emotional connection that you make with other people at this time is fraught with conflicts and disappointments as your behavior is regarded as suffocating and smothering. If possible, attempt to create a more equal sharing of love and nurturing in your partnerships.

Sun Conj Ura

You are excitable and restless today and may do something quite unexpected and out of character. Impatience with dreary routine and the desire for freedom and change may spur you to do something you normally consider adolescent or irresponsible. You are very insistent on your own "rights", needs and preferences at this time. An event that disrupts your accustomed schedule could also happen now.

Sun Sqr Asc

You may feel out of step with the people in your immediate environment now, not in harmony with the intentions and desires of those you work or live with.

Relationships, especially professional ones, can be tense, especially if you attempt to work your own will. This is not a time to force issues.

Saturday, Oct 22, 2016

Sat Oppos Sun

Frustrations in relationships, particularly with employers, government officials, or other authorities, make this a difficult time period. Your plans, ideals, and goals meet with opposition. Others express little interest in the issues that are important to you, making you feel alienated and frustrated. You may become profoundly discouraged and feel weary from the struggle. You may also develop a negative attitude towards society in general.

Your goals, values, and career decisions are thrown into question. Due to the obstacles you encounter, you are forced to objectively evaluate how worthwhile your projects, plans, and values really are. You may need to come to the painful realization that some of your treasured ideals and attitudes towards religion, politics, and your own personal goals and objectives now need some adjusting. Organizations or agencies that you have had faith in may now exhibit weaknesses and inertia that you did not believe were possible.

You will need to let old and outworn beliefs and commitments that no longer serve a purpose die away, and you will need to persevere with the things that you want to continue. If you are willing to do this, the changes that occur now will be very beneficial to you, and you will later look back at this time as one that forced you to trim the fat from your life and make changes that enabled you to mature and grow in ways that you cannot foresee at this time.

Mar Oppos Sat

A sense of failure, self-doubt, or inability to effectively compete and assert your own will may typify this time period. Stifled anger and resentment over the frustrations and obstacles you confront now may further complicate matters. This is not a good time to begin a new venture, ask for a promotion, or try to expand your activities in any way. Patience and perseverance are required of you now. Be willing to wait. Your problems and inadequacies seem more real and insurmountable than they actually are, so try not to become too discouraged.

Mar Sqr Jup

You are highly ambitious, full of optimism and enthusiasm for new enterprises and plans. In fact, you may be foolishly overconfident and take on more challenges than you can really meet. You are inclined to take physical risks, gamble, speculate, and to act on faith and belief in yourself. This can, in fact, be a very productive time for you if you can keep your expectations within reasonable bounds. Beware of overexerting yourself.

Sunday, Oct 23, 2016

Mar Sqr MC

At this time your efforts to get ahead and advance your own interests are likely to be met with resistance or animosity. You seem overeager, pushy, inconsiderate, or too narrowly focused on your own objectives, so that you alienate the people who could help you. Try to do as much as you can on your own without trying to force others to agree with you or join you.

Ven Sxtil Plu

Your feelings for friends and your emotional responses to life in general are deeper and more intense. The need to share, to give and receive love, and to be accepted and wanted is very strong. You have an opportunity now to see what keeps you from being really close to others - perhaps a forgotten hurt or hidden resentment - and to rid yourself of it by bringing it out in the open or simply releasing it.

Mer Sqr Ven

You are more distressed than usual over any dissonance in your environment or personal relationships, and you are inclined to avoid serious discussions or real disagreements with others. Also, challenging mental work and concentration is difficult for you now.

Mer Conj Ura

Your mental processes are speeded up now. You grasp new concepts very easily, but you tend to be impatient with slower minds or the usual, predictable routine. Nervous restlessness, impulsive or erratic behavior or speech, rushing, or coming to a conclusion too quickly are likely at this time.

Mer Sqr Asc

You will be alert and on your toes now. The pace is likely to be fast, even hectic. You are restless and eager to meet others halfway, to converse, exchange information, and make connections. Nervousness or irritability due to aggravations and the stress of increased demands at work is possible.

During this period, it may be difficult to manage the intense feelings that you have about your marriage or intimate relationship. If you are feeling hostility, jealousy or impatience toward your mate, then you may initiate an argument to clear the air. If you are quite happy with the relationship, then you may simply desire more emotional, physical or sexual closeness to your partner at this time. However, if you are experiencing problems with a spouse or lover, they can become intensified now. You could sense that your loved one is interested in satisfying his or her desires in a way which is not pleasing to you. Sexual signals can get crossed, where one of you will want immediate gratification while the other is opting for a more tender and loving interchange.

If you begin a new love relationship at this time, tension can develop if you or your

new mate is overly assertive or aggressive in pursuit of intimacy. There can be problems in understanding the difference between lust and affection. If the relationship is not providing you with excitement and/or moving along at a fast enough pace, then you may abandon it altogether in search of a new adventure.

Sat SSqr Ura

You encounter frustrations now that throw a wet blanket on your enthusiasm. You feel blocked and hemmed in. Your creative and original plans meet with opposition from conservative people, established rules, and societal norms. You are forced into finding new outlets for your creative ideas. You may have to abandon your approach to an activity and try a new angle.

If you have been breaking the law in any way, you are likely to get caught now, whether it be for relatively minor offenses like driving faster than the speed limit or for more significant offenses like not fully reporting your taxes. Reckless behavior, such as drunken driving, is particularly likely to be squelched and disciplined at this time.

However, illegal activities are not the only ones blocked at this time. Unfortunately, the things that excite you the most and that may have the noblest and most virtuous qualities are also frustrated. However, don't give up on things that are important to you just because they meet obstacles at this time. You may need to draw upon all of the patience, will power, and determination that you can muster to meet the obstacles you face, but wise actions now will build a stable foundation for you and enable you to have greater freedom in the future.

The increased tension and stress that you experience now can be relieved through massage, stretching, or outdoor exercises. Maintain good health habits now as you can get very wired up and stressed.

Your romantic imagination is strong now. Dreams of an idealized "true love" or feelings of compassion and oneness with others emerge strongly at this time.

Your perception of people gets rather hazy; you tend to see them through rose-colored glasses. It is best not to make firm commitments at this time.

If you have creative or artistic inclinations, your work will blossom. You can come up with some really lovely, inspiring images.

Ven Trine Mar

You feel quite amorous and affectionate now and will very much want to share this time with someone you love or at least with congenial company. Your creative or artistic inclinations are also stimulated, and your work in these areas will be especially satisfying and successful at this time.

Jup Sxtil Nep

You are able to share ideals and spiritual concerns with others in a very satisfying way at this time. If there is someone that you feel does not understand "where you are coming from", you may find that you are now able to effectively communicate whatever lofty, idealistic, or abstract ideas that are important to you. In doing this, you also become clearer about your own ideals and better understand those of others as well.

This is also a good time to relax and enjoy a good movie or other entertainment or take a trip to a beautiful, unusual, or inspiring place.

A project or interest of yours comes to a critical culmination at this time. If you are employed, there is an excellent possibility of receiving a raise at this time. If you are self-employed, you may win a contract or a new opportunity may open up for you at this time.

This is an excellent time to gain more exposure for your personal work and creativity. Your work can bear fruit now. Contact with a business concern may help you distribute a product or creative work of yours. This may also be a time when you put the finishing touches on a project that you have been working on for some time.

You are enormously creative and energetic at this time. You may come up with a creative solution to achieving your career and personal goals at this time - a way to blend several of your interests in a new way.

This astrological influence is usually, but not necessarily, positive. The negative tendencies include the possibility of power struggles and competition with others who share the same professional goals and aspirations that you have. Another negative tendency is being overconfident and impatient, causing you to gamble on a venture

whose rewards are not as great as you anticipated. Also, you may very strongly feel the influences given above but not be able to focus on a clear goal. This is particularly true if you have been unable to focus and dedicate yourself to any specific goals or projects during the last several years.

A fast pace, with many letters, phone calls, errands, meetings, or discussions, is on the agenda. You may feel mentally restless, impatient, and overly eager to get your own ideas across. This is a fortunate period in marriages or other intimate relationships. You enjoy being with your mate, sharing pleasures and social activities together. This can be a busy time with parties, weddings, births, engagements or showers to attend. If you live together, you may purchase items or furniture for the home. Your relationship feels loving, secure and balanced. A possibility exists for an increase in your joint finances. For instance, if you are married or sharing a domestic life together, one partner may improve their earning capacity or benefit in some other financial manner.

If you are unattached at this time, you have a strong desire to give and receive love. You will be concerned with looking your best and may even behave quite flirtatiously. A new relationship at this time will be romantic, loving and pleasing to you.

Tuesday, Nov 1, 2016

Ven Trine Jup

Emotional well-being and contentment characterize this time period. You feel quite relaxed and carefree, and this would be a splendid time for a vacation. Laziness, self-indulgence, and expecting everything to work out well with no effort on your part are negative possibilities now. You feel very lucky and you are likely to be lax or extravagant with your money. Material benefits are, indeed, likely at this time, but beware of being overly generous or depending too much on Lady Luck.

Ven Trine MC

Your friendly concern for others and your willingness to meet people half way benefits your career, reputation, or public image at this time. This is a favorable time to socialize with people you have professional ties with since the positive feelings you generate now are likely to be an aid to you in the future. Beautifying the place where you meet the public and an increased concern about your own physical appearance are also brought out now.

Wednesday, Nov 2, 2016

Jun Trine Asc

You receive greater satisfaction from spending time with your marriage partner or mate. There is a better understanding of your own personal needs in the relationship and this is a good time to let your partner know how they can help you along this path. This can be a beneficial or lucky time for your relationship and your mate may play a significant role in providing you with opportunities to fully express yourself and feel at ease in the partnership. Committed relationships can grow in both love and mutual understanding under this astrological influence.
