Cafe Astrology

<http://www.cafeastrology.com>

Your Daily Forecast begins on the next page. The Forecast is self-explanatory: an astrological forecast for each day is given.

You may notice that to the right of the date is a code, such as "Mer Tri Jup". This code indicates the astrological influence that is in effect on that day and is causing the astrological influence. You can ignore this code; it is printed in case you are interested in the astrological basis of the interpretation.

Most interpretations are short, about one paragraph. But occasionally there is an interpretation that is several paragraphs long. These longer interpretations are very strong and may affect you for several days before and after the date on which they occur; sometimes they are in effect for months and years.

In case you are interested in astrological theory, here is more information on how your Daily Forecast is produced: First, all of the major astrological influences on a given day are determined, and then the most significant influence is selected and printed. For example, a conjunction will be printed if one occurs, and very often an outer transiting planet influence will be printed because these influences tend to be more powerful. By selecting the more dominant influences of the day, your Daily Forecast focuses on the most powerful influences of each day so that you pay attention to those issues which are most conspicuous and relevant to you each day.

We hope you enjoy your Daily Forecast. Remember that astrology is not fatalistic. Astrological influences are real and they are powerful (we are certain of this, although of course many skeptics disagree), but you have the free will to make the best of what life serves up to you each day. We hope that your Daily Forecast will assist you in making the best possible decisions and will help you feel more confident and clear about how to best deal with the circumstances and situations you encounter.

Ven Conj Mar

Your amorous desires and romantic urges are very strong now. In all of your relationships, whether romantic or not, you feel quite warm and affectionate. You are less competitive, more interested in pleasing others and creating harmony. You may also feel compelled to do something creative or artistic, something to express your craving for beauty.

*Monday, Mar 2, 2015*

Moo Sxtil Plu

You seek emotional depths - a very moving piece of music, an especially intimate, heart-to-heart connection with a friend or loved one, or some emotional thrill. Your feelings are more intense and compelling.

*Tuesday, Mar 3, 2015*

Ves Sxtil Jup

This period favors business travel, legal work and professional activities within your work environment. You may take on more duties at work and have meaningful contact with higher-ups and professionals in your organization. At this time, you put your faith and trust in hard work and determination to accomplish your ideals and aspirations. Utilizing your knowledge, planning ahead, and making the most of opportunities will be of most concern to you. Overall, this should be a lucky and expansive period for work, as well as a beneficial time to become involved in educational, religious or travel pursuits. In your personal relationships, you will need the devotion and support of your mate and other loved ones, provided they allow you the liberty to indulge as much as you wish in your work or other area of interest.

Ven Conj Moo

Feelings of tenderness and love, especially for family or children, are very strong at this time. You want to shower loved ones with affection, to invite friends into your home, and to be pampered and cared for. Your relationships with women are very harmonious and positive now.

Ven Sxtil Sun

Opportunities for friendship, cooperation, love, and shared happiness arise. The warmth and good will you generate now is likely to be a benefit to you both now and later on. You feel especially friendly and sociable.

Mer Sxtil Jup

You are optimistic, hopeful, and forward-looking at this time. You can see connections and possibilities you may have overlooked before. Now is a time for communicating your enthusiasm, sharing your plans and dreams, and also being more receptive to others' thoughts and points of view. Contracts, negotiations, and business dealings of all kinds are favored now.

Ves Sxtil MC

There can be opportunities for professional advancement or rewards in your career now, usually aided by people in positions above you. You will have a clearer awareness of your life's goals and objectives, as well as your public image and reputation. If you take advantage of this favorable time, you can effectively pursue your ambitions with zeal, perseverance and dedication, increasing your chances to achieve respect and recognition for your accomplishments.

Note that the precise timing of this astrological influence is very dependent on the exact birth time, so the dates given are accurate only if your birth time is very accurate.

*Wednesday, Mar 4, 2015*

Sun Sqr Sun

You may feel temporarily blocked now. Resistance and challenges from others or from outside situations suggest that this is not a good time to try to force your will and desires upon the world, as friction is the only likely result. Relations with men can be especially tense.

Mer Sxtil MC

Making decisions or long-range plans is favored now. Your judgment is sound. Making worthwhile professional contacts, reaching out to others who can help you in your work, and taking care of business in an orderly, clear way are also likely.

*Thursday, Mar 5, 2015*

Mar Trine Nep

You do not feel very sharp, competitive, or aggressive at this time. Feelings of relaxation, receptivity, passivity, or aimlessness are likely and you tend to avoid stressful confrontations or situations that demand too much of you. Goals and desires that normally seem so important - especially ones in which you are pushing your own interests - do not matter quite as much now. Your imagination is stimulated, and you need activities and entertainments that are colorful, out of the ordinary, and definitely not mundane.

Mar Conj Mar

Your desire to make a fresh start, to take the initiative and strike out on your own, is a powerful drive right now. Your physical energy, will, and courage are intensified. Unless you channel your abundant energy into decisive action or vigorous work, accidents, anger, and irritability are likely at this time.

*Friday, Mar 6, 2015*

Ven Conj Jup

Happiness and a desire to share your good fortune and joy with others is the theme now. You are feeling generous and expansive and are inclined to give lavish gifts or

buy something lovely for yourself that is costly or extravagant. A diet or budget is likely to go out the window right now. As long as you don't overextend yourself, this is a good time to indulge your feelings of kindness towards others and also to be kind and indulgent to yourself.

Ven Sqr Sat

Withdrawing from emotional social contact is favored now, for even when you are with others you are likely to feel separate and alone. Sadness and disappointments in your personal life are also probable now. Inadequacies and flaws in your friends or lovers are particularly bothersome to you now, and you may feel that you have nearly exhausted your patience for dealing with these problems. It is a time to be quiet and to look objectively at how your relationships are going. Though not a pleasurable time, this can be a fruitful period in which to learn more about love and what you truly value.

*Saturday, Mar 7, 2015*

Ven Conj MC

Your personal charm and attractiveness has a positive effect on your career, reputation, or public image. People see you as a loving and lovable person and as someone who is aware of their needs and feelings, which can benefit you at this time. Others are willing to help and cooperate with your aims. Your interest in the arts or in promoting harmony and good will between people is brought out at this time.

Mer Trine Mer

Conversations and sharing plans and ideas with others are very fruitful now. You understand what others are telling you, and you make yourself clearly understood also. This is a favorable time for getting your message across to others via writing, speaking, or advertising.

Sun Trine Sat

Today it is easy for you to concentrate on your work, to eliminate what is superfluous or distracting you from what you really need to do. You have the self-control and discipline to apply yourself to tasks that you may have been avoiding. You want to put your affairs in order and have a greater tolerance for tedium than usual. This is a good time to tackle mundane chores and practical business.

*Sunday, Mar 8, 2015*

Mar Conj Moo

At this time you are more temperamental, impassioned, and inclined to act on the dictates of emotion and desire rather than reason. Minor annoyances and others' idiosyncrasies aggravate you more than usual. You are in a fighting mood. Your relationships with your family and the women you are closest to are likely to be stormy.

*Monday, Mar 9, 2015*

Mar Sxtil Sun

Your physical drive and energy level are high now, and you can accomplish a great deal fairly easily. You are inclined to take the initiative or to strike out on your own, and you are likely to be successful at what you attempt at this time. Because you assert yourself in a positive manner, a leadership role or an opportunity to do something you have wanted to do on your own is likely to be offered to you.

Chi Trine Sat

This is a good time to remove barriers and limitations from the past which have prevented you from developing your ambitions and social interests. Whether it is fear, insecurity, or a wounding experience you must overcome, now is the time to turn things around for yourself and rebuild your objectives and direction in life. Relationships with men, authority figures or business professionals should greatly improve, and you will enjoy their assistance in the form of guidance or recognition. Your viewpoints, ideas, and beliefs are taken into consideration by others, and even those which are unique or different from the norm are seemingly more acceptable at this time.

*Tuesday, Mar 10, 2015*

Ven Sxtil Mer

This is a very good time to go to the theater, an art exhibit, or social gathering. You want to see beautiful things and exchange pleasantries with others. In fact, matters of the heart are on your mind and you may want to play match-maker now.

*Wednesday, Mar 11, 2015*

Ves Sesqu Plu

You may take an all-or-nothing approach to your work or personal endeavors. You can be very clear as to what your own intentions are and may be ready to sacrifice anything to accommodate your plans and goals. You might have an eager interest in gaining control over your professional pursuits; however, you could behave more forcefully than you realize. In your restless quest for meaningful work and personal fulfillment, you can easily be intrigued or enticed into an unfavorable situation by a colleague or co-worker who has hidden motives. Thoroughly investigate the true intentions of people who try to exert pressure or influence over you. Be aware of individuals who may be dishonest or attempt to misrepresent themselves to you. They might take advantage of your services or abilities and try to get you to engage in underhanded activities. On the other hand, personal relationships may entail heavy obligations and commitment now. If you insist on having your own way, problems will arise in this area. Compromise on your part may be called for if you have been avoiding responsibility or intimate relating.

*Thursday, Mar 12, 2015*

Mer Trine Ura

You experience sudden insights, make discoveries, come up with fresh solutions to

old problems, and seek alternatives to the usual routine way of doing things. Your mental processes are speeded up and you move more quickly now. Try to make room for a lot of spontaneity and flexibility in your schedule at this time.

Ves Trine Mer

You tend to put more thought, time and energy into your work endeavors or in personal projects which are of importance to you at this time. It is vital that you see the concrete results of what you do and take on the responsibility of your obligations with dedication and single-minded determination. If you take advantage of the opportunities this time period can afford, a great deal of work can be successfully achieved, especially if your job requires mental concentration, precise research or problem-solving.

Sun Sqr Mer

A fast pace, with many letters, phone calls, errands, meetings, or discussions, is on the agenda. You may feel mentally restless, impatient, and overly eager to get your own ideas across. Also, a situation may arise which requires you to say what is on your mind, to make a decision, or to clearly voice your personal opinion on some issue.

*Friday, Mar 13, 2015*

Ven Sesqu Nep

Dreams, wishes, and fantasies about love are strong now, and you may be infatuated with someone you meet at this time, only to be disappointed later when you discover this person does not fulfill all of your expectations. You are simply not seeing people objectively now. Your imagination is very active and creative, however, and so is your yearning for something beautiful. The artist in you emerges, and your creations please and inspire you.

*Saturday, Mar 14, 2015*

Mar Sqr Sat

This is likely to be a time of considerable frustration and discouragement for you. You are unusually sensitive to criticism of your efforts and to the limitations and restraints that your responsibilities entail. Fighting with authority figures or lashing out at others who restrict you in any way is a strong possibility. A sense of struggle or of being overwhelmed by obstacles and blockages is likely to characterize this period. Be patient and don't demand too much of yourself at this time. Work quietly and steadily and rely only on your own resources.

Mar Conj Jup

This is an excellent time to begin a new business enterprise or any new venture. You have the drive and courage to make your vision a reality. You feel great physically, and your confidence and optimism are high, so whatever you attempt now is likely to succeed.

*Sunday, Mar 15, 2015*

Mar Conj MC

Your desire for leadership, personal recognition for your efforts, and absolute control over your own affairs is very strong now. You are very competitive in business affairs and you aggressively present your concerns and interests to colleagues and superiors. Anger over an inability to be first or to be on top is quite possible, but you won't take it lying down. You are ready to fight if necessary in order to forge ahead!

Ven Sqr Ven

What occurs now makes you more aware of what you need, feel, and want in your relationships. If you are unhappy in your personal life, this is brought out now, and you'll need to face what is causing your dissatisfaction. Differences in personal style, tastes, and ways of expressing affection may emerge. You also feel amorous and loving and, if your personal life is going well, this is a time to really enjoy and appreciate it.

*Monday, Mar 16, 2015*

Ven Oppos Ura

You are prone to act erratically in your relationships. A sudden infatuation or an impulse to break free or make radical changes in a current relationship is likely. Also, a taste for the unusual and unconventional emerges. You may find yourself enjoying things you never thought you would like.

Ven Sqr Asc

You are a peacemaker now since harmony in your environment seems more important than ever. Loving relationships, giving and receiving affection, and attracting people into your life who are good for you are very likely at this time.

Jup Sxtil Sun

This time period is harmonious and pleasant. Relationships are particularly pleasant and productive now, and you will find that business agreements and partnerships formed now work out very well. Cooperation and camaraderie is strong now, and you may receive a gift or offer from someone.

This is a wonderful time to simply enjoy life; you find it easy now to put any worries or concerns to the side. You are likely to spend some time with friends or take a weekend vacation and thoroughly enjoy it. Have fun!

*Tuesday, Mar 17, 2015*

Mer Qucnx Plu

Your plans and ideas are subject to radical revisions, significant changes, and forced adjustments. Something you had counted on may suddenly disappear. You are also apt to hear a totally unsuspected side about someone or something. While possibly distressing, this news nevertheless puts pieces together for you which were missing

before. Also, you may be dealing with behind-the-scene matters, subtle political maneuvers, or Machiavellian tactics.

*Wednesday, Mar 18, 2015*

Sun Trine Ven

Giving and receiving appreciation, love, and happiness come into your life now. You are moved to express your affections more openly than usual. You also want to be surrounded with beauty and harmonious people, and your artistic efforts flourish.

*Thursday, Mar 19, 2015*

Mer Sqr Nep

Mental clarity, discrimination, and your ability to separate fact from fiction is diminished now. Miscommunications and an inability to formulate your ideas coherently are likely. Your mind wanders, and this can be a time of creative reverie or daydreaming. Avoid making binding contracts at this time.

Sun Trine Asc

You are in harmony with the people in your immediate environment. There is a sense of ease and of flowing with, rather than fighting against or resisting, what is going on around you. Therefore, you have more energy and more fun at this time.

Now is a good time to make a presentation, go for an interview, or meet the public in some way; the response is positive.

*Friday, Mar 20, 2015*

Moo Qucnx Ura

You are in an independent or defiant mood, and you chafe at routine and formalities. However, if you have a great deal of freedom and flexibility in your life at present, you will be in a wild mood and might decide to change your plans for the day quite suddenly and spontaneously. This may upset people who were counting on you more than it bothers you at the moment.

*Saturday, Mar 21, 2015*

Mar Sxtil Mer

You have a lot of mental energy and are eager to "attack" intellectual or conceptual problems. You are likely to come up with a clever solution or a very workable plan, especially if you brainstorm with others. You also tend to make up your mind very quickly and decisively now and to translate your ideas into action.

Mer Sqr Sun

There is much activity; you move rapidly from one thing to another and a hectic, somewhat stressful pace is likely. Many errands, phone calls, letters which require a response, and other "busywork" is on the agenda. A minor but rather tense confrontation is likely.

### Jup Trine Moo

Your mood is easygoing, agreeable, and tolerant at this time. In fact, you may feel downright lazy! Lounging around at home and relaxing or perhaps unwinding at the beach or lake appeals to you. If you are normally very high-strung, then take advantage of this time to recuperate, relax, and rejuvenate. If you normally tend to be lethargic, then try to maintain at least a modest activity level by going for walks or bicycling, for example, during this time period.

At the least, this will be a pleasant time for you. Harmonious, pleasant relationships and surroundings seem to just "fall in your lap". Otherwise, the astrological influence at work here does not promise to make this a particularly eventful time (unless, of course, other astrological influences augment this one).

*Sunday, Mar 22, 2015*

Ven Qucnx Plu

Fateful encounters which are not altogether pleasant are indicated. If you are in an established intimate relationship, it is apt to be rough sailing right now. Ultimatums, bringing up past pain and unresolved issues, jealousy, or unusual neediness or possessiveness may all be part of the scenario, and what makes all of this quite stressful is that most of it is not blatant but subtle and insidious. Indiscretion and poor judgment in matters of the heart need to be guarded against.

*Monday, Mar 23, 2015*

Mer Trine Sat

The emphasis is now on long-range financial planning, thinking about future security, and formulating strategies to achieve your ambitions. Your ability to study quietly, to concentrate on complex mental work, and to think deeply about serious matters is much better than usual. This is a good time to organize your affairs and also to seek professional advice about your concerns.

*Tuesday, Mar 24, 2015*

Ves SSqr Moo

You may attract difficulties with other people, especially women, either in your domestic life or in the workplace. Since your instinctual responses might not be as sharp as usual, you may unwittingly involve yourself in tense emotional exchanges, and then withdraw from the battle with coolness and indifference. The underlying cause of your reactions may be that your emotions seem out of reach and you are unable to bring out your inner sensitivity and awareness. Before dedicating yourself to a specific task or purpose at work or at home, be very careful to avoid hurting anyone's feelings, especially if you have turned away their help or involvement. The people who depend or rely upon you may need further reassurances of your loyalty and commitment toward them.

*Wednesday, Mar 25, 2015*

Ves Trine Ura

Exciting or sudden circumstances may bring you greater independence in your work or career pursuits at this time. If you are unemployed, a sudden opportunity can arise for employment. Or if you have a job, a new work environment or more interesting assignments and duties may change the usual routine or structure of your job. Whether your work is already established or just beginning, this period may give you an opportunity to discover new options and techniques, as well as meeting innovative people who inspire you with their unique and original insights.

*Thursday, Mar 26, 2015*

Mer Sqr Mer

Intellectual disagreements or differences of opinion and viewpoints arise now. You may have to speak your mind in a way that challenges or unnerves someone else. However, your mind is very active and sharp, and your reasoning power is good, so this is a good time to do mental work.

*Friday, Mar 27, 2015*

Sun Oppos Plu

You directly confront something that has been hidden, forgotten, or ignored for a long time. Unresolved issues in personal relationships are stirred up and the underlying causes of a painful or problematic aspect of a relationship may be brought to light.

Personal power and control are issues for you now, and if you take too much power (i.e. are manipulative and tyrannical) or too little power (i.e. are overly passive and easily victimized), then you will become embroiled in power struggles with others.

Cer Oppos Ven

Relationships need your nurturing and love at this time. Situations arise which make it necessary for you to sacrifice some of your own personal needs to help out a loved one who may be experiencing difficulties. Financial matters regarding children or a love interest become increasingly hard to manage. A child may feel you have temporarily replaced your concern and care for them with financial compensation or false praise. Loved ones may feel that your relating and nurturing is at odds with your work or career endeavors and therefore they rebel against your authority over them.

In love relationships, your partner may feel you are neglecting their needs and arguments or separations may occur.

*Saturday, Mar 28, 2015*

Mar Sqr Ven

Your amorous feelings and passions are strong and compelling at this time, and you tend to be very demanding of a lover's energy and affection. Tensions may erupt in close relationships because one of you feels that you have been giving more and not receiving enough in return, or one of you is more amorous than the other. Frustrated

love desire can easily turn to anger or irritability at this time.

*Sunday, Mar 29, 2015*

Pal Sxtil Ura

Unexpected and exciting benefits or opportunities can occur through friends, clubs and associations. This is a time when you are inspired by new ideas and creative impulses that allow you to network with others in accomplishing your goals. You may attend conventions or seminars which stimulate your intellect, as well as your imagination. Interesting and unconventional people may suddenly appear in your social life who revolutionize your way of thinking.

Mar Oppos Ura

You are very bold and adventurous right now and you cannot tolerate delays, restrictions, or any form of authority that prevents you from behaving exactly as you please. Your drive for personal freedom and insistence on your rights is pressing, and a confrontation in which you have to stand up for yourself is likely. Rashness, sudden acts of anger or violence, and a tendency to try to do too much too fast are tendencies you need to carefully monitor at this time.

Mer Trine Ven

You are very congenial and cooperative now and more interested in the similarities than in the differences between yourself and others. This is a very good time to let people know you care about them: send a card, write a note of appreciation or even a love letter! You may also want to buy something beautiful, pleasing, and frivolous which simply makes you feel good.

Cer Sqr Ura

Domestic and caretaking duties can interfere with some of your personal plans. You experience conflict between your desire to give in to the needs and concerns of others and your urge to spread your wings with daring independence. While taking a risk in pursuing your own self-interests may feel exhilarating to you at this time, family members will suffer from the lack of nurturing and emotional connection with you. Arguments and temporary separations can occur from the level of stress felt in the home environment. In the workplace, this can manifest as your overtaxing your system with too many projects, lack of tact, or your appearing nervous and restless due to your desire to look into new fields of employment. Sudden shifts or changes in departments may require you to adjust to new conditions. While this influence is only temporary, changes that occur may have the effect of shocking you into more awareness of a need to become self-sufficient.

Mar Sqr Asc

Irritations, conflicts with the people you relate to on a daily basis, and a generalized feeling of impatience or edginess characterize this period. Because you are not feeling very obliging or compromising, this is not a good time to try to come to an agreement with another. However, you need to get your grievances out in the open;

otherwise the tension builds up to an unmanageable level.

*Monday, Mar 30, 2015*

Mer Trine Asc

Communications are excellent now. You come across clearly and present yourself articulately. Public speaking, interviews, and other transactions with the public are favored. Conversations you have at this time go smoothly, and an agreement can be reached.

Cer Oppos Asc

A dose of tender loving care may be needed in a close relationship at this time. You may have to increase the amount of nurturing and support you give to your spouse, children, or other loved ones as well how much you require in return. You or a loved one may be feeling less concern for the other's personal interests and needs. You must learn to integrate your mutual needs for love and acceptance by opening the lines of communication between the two of you. This is also a time when you should take care of your health, such as developing better dietary habits.

Note that the precise timing of this astrological influence is very dependent on the exact birth time, so the dates given are accurate only if your birth time is very accurate.

*Tuesday, Mar 31, 2015*

Sun Trine Nep

At this time you really enjoy art, theater, music, and your own inner world of fantasy. Your imagination is vivid. If you have an interest in spiritual matters, these interests come to the fore now also. The inability to be decisive and a lack of energy or drive is a negative possibility. You can be quite lazy now.

Sun Conj Mar

You feel energetic, confident, and assertive now, and are less inclined to be patient with others' needs and demands. You may become angry if your will is blocked or if you have to adjust your vigorous pace to others' slower tempo.

This is an excellent time to take the initiative or to begin a project that you have been considering. ACTION is the theme for today. If you tend to be hot-tempered, this is aggravated now, and you can be quite pugnacious. If you are a more relaxed, easy-going person, you will simply feel more energy and drive than usual.

Ven Sxtil Sat

You are feeling sober and realistic about love at this time, and are interested in being with people you respect and can depend upon - your oldest, true-blue friends. Also, reaching out to an older relative or another mature, experienced person can mean a lot to you and be mutually beneficial now.

*Wednesday, Apr 1, 2015*

Ven SSxt MC

Meeting people that can benefit your career, getting together with colleagues, or getting to know your superiors on a more personal, friendly basis is quite likely at this time. Take advantage of all opportunities to socialize with the people you have professional ties with for the outcome is likely to be quite positive.

*Thursday, Apr 2, 2015*

Sun Conj Moo

Key issues now are your home, personal life, and closest emotional relationships. You feel more quiet and reflective, and you feel a need to be closer to home and to loved ones. You can draw a lot of strength and satisfaction from your family and roots now, but if all is not well in this area, you will clearly see any difficulties or inadequacies at this time. You are more emotional and subjective than usual.

*Friday, Apr 3, 2015*

Mer Oppos Plu

This can be a time for exposing and talking about hidden, intensely private, secret, or taboo subjects. Your mind is very probing and your conversations and interactions with others are intense. Pat answers and superficialities don't suffice now. You can be too intrusive or overbearing when stating your point of view.

Sun Sxtil Sun

Friendships and cooperative endeavors flourish now. You achieve a harmonious balance of giving and receiving and of talking and listening, and any social or joint activity will benefit.

*Saturday, Apr 4, 2015*

Ven Sesqu Plu

Hidden passions, fears, jealousies, longings, desires, or needs surface in you now and can stir up trouble in your closest relationships. You are prone to be compulsive or demanding in a close relationship, to be emotionally driven and to force things to a head in some emotionally-laden situation. Positively, a relationship can be deepened and reborn now, given new life by your willingness to reveal yourself completely to your loved one.

*Sunday, Apr 5, 2015*

Mer Trine Nep

You are inspired creatively, artistically, or spiritually at this time. Your imagination, intuition, and psychic sensitivity are high now, and you find yourself wanting to paint or listen to music, daydream, or fantasize rather than concentrate on practical matters.

Mer Conj Mar

You are likely to come to a very clear, definite decision at this time and to let others know exactly what you want. You are not in a very conciliatory mood and are not averse to stirring up unpleasant controversy in defense of your plan, idea, or desire. You may speak or act in haste now which can be a cause of regret later on.

*Monday, Apr 6, 2015*

Mer Conj Moo

Conversations have a particularly emotional, intimate, or nostalgic tone. Sharing memories and reminiscences or discussing a very personal topic with someone you feel you can trust is likely now. You may have a significant communication (letter, phone call, or personal discussion) with someone who was once very important to you or with whom you have a long history. This is a good time to reflect, review, and get a perspective on emotional matters or things of the past.

Mer Sxtil Sun

This is a busy time; communicating and getting in touch with others is very likely. Numerous phone calls, letters, meetings, errands, or discussions bring you into contact with others. This is a good time to brainstorm with others, share ideas, and come to a group consensus.

*Tuesday, Apr 7, 2015*

Sun Sqr Sat

This is a time of considerable frustration and your desires or efforts appear to be thwarted or at least delayed. Relationships with men and people in authority may be particularly uncomfortable. Also, you have more self-doubt than usual; your mood is somber and rather self-critical. This is a good time to take stock of your life, to see how you are limiting and holding yourself back, and to determine your next steps. But do not attempt to press forward now, and don't take whatever setbacks you experience too much to heart.

Sun Conj Jup

You feel expansive, enthusiastic, and optimistic now. You want to reach out, do more and experience more. You benefit greatly from the opportunities that present themselves at this time, and a person who will be very influential and helpful to you may come into your life.

Sun Conj MC

Your career, reputation, and most important personal goals receive a boost now, primarily through your own initiative and willingness to assert yourself. You feel a surge of positive energy.

Superiors or people in authority will also notice you now and can help you immensely, enabling you to fulfill something you are striving for. Public recognition for your work or your unique personal contribution to the world is very possible.

*Wednesday, Apr 8, 2015*

Mer Conj Jup

This is a time for making long-range plans, seeing the big picture, and thinking about what is really important to you in the long run. The trivial details and business of day-to-day living does not dominate your attention now. Reading books or articles of an inspirational nature or on subjects of personal growth and development is very fruitful now. This is also an excellent time for business functions, negotiations, and communicating with the world at large.

Mer Sqr Sat

Your thinking is rather gloomy and pessimistic at this time. You see the superficiality, the flaws, and the foolishness or impracticality in others' plans. Also, communicating with others is difficult now, and people resist what you are saying. You feel more inhibited and uncommunicative, and you sense that others are not receptive. Frustrating conversations and the feeling that you are coming across negatively are possible now, so you are inclined simply to keep your thoughts to yourself.

Mer Conj MC

At this time you are objective and can make some clear decisions about where you are headed or what the next step to achieve your important personal goals should be. Your judgment is sound at this time. You may have an important professional conference or a conversation about your career. This is an excellent time to seek out your superiors or those in a position to help you advance.

Light and pleasant interactions characterize this time period. You gain what you want through diplomacy or charm and by enlisting the support of your friends, rather than by being forthright and bold. You are willing to make concessions in order to maintain harmony in your environment.

Mer Sxtil Mer

A nonstop flow of communication between yourself and the people in your immediate environment is likely today. You may engage in interesting and informative discussions or fritter your time away in inconsequential chatter and gossip. Mental curiosity or restlessness may also impel you to take a short trip or visit.

Ves Qucnx Plu

Your goals and ambitions are likely to undergo a change or transformation at this time. There may be a need to rebuild or make adjustments to your work or personal objectives in order to accommodate the needs of other individuals, groups, and organizations or society as a whole. That which is no longer working productively may have to be given up or sacrificed in order for you to achieve greater growth in your work and personal affairs. On the other hand, this may indicate a period when you are subjected to power struggles with others over your work or in other areas of your life. When devoting service to people in your work environment, you might want to take control or manipulate others to do things your way. On the positive side, if you compromise your true motivations in a way that benefits others, then unresolved issues in your work or intimate relationships can be brought to the surface and healed.

Mer Oppos Ura

This time is filled with stimulating discussions about controversial topics, unusual or offbeat ideas, or "crazy" schemes. The tempo of your life increases and may leave you feeling frazzled. Because you are quite restless, you may do or say things in haste that you will regret later.

Mer Sqr Asc

You will be alert and on your toes now. The pace is likely to be fast, even hectic. You are restless and eager to meet others halfway, to converse, exchange information, and make connections. Nervousness or irritability due to aggravations and the stress of increased demands at work is possible.

Jun Sxtil Plu

Intimate relationships can undergo a rebirth or renewal at this time. You can

experience opportunities to enrich and enhance your marriage or love relationship as deep emotional feelings and intense commitment to your partner surface. It is easier to give your love physical and emotional expression, which will further bind the two of you together. Whether you are married to your mate or not, you will find yourself absorbed and deeply concerned with the relationship. A casual interaction will not appeal to you, as you are searching for an all-consuming involvement which highlights greater feelings of devotion, love and passion.

Confusion, inability to focus on mundane tasks, poor understanding or miscommunication between yourself and others, and the desire to evade real responsibilities and challenges are negative potentials for you now. You are more sensitive, impressionable, dreamy, or idealistic at this time also.

Ven Trine Plu

You have a special magnetism and attractive power now, and you are feeling intensely loving also. Your relationships, particularly sexual or romantic ones, intensify and have a deep, compelling, urgent quality. Your inner feelings and needs for love and closeness emerge very strongly. Your plans and ideas are subject to radical revisions, significant changes, and forced adjustments. Something you had counted on may suddenly disappear. Also, you may be dealing with behind-the-scene matters, subtle political maneuvers, or Machiavellian tactics.

Sun Sqr Ven

Your desire for love and affection, as well as beauty and pleasure, is strong now and you act on feelings and creative impulses more readily than usual. If you are not happy with some aspect of your personal life, these issues arise at this time and there may be disagreements or tension in a close relationship.

Sun Oppos Ura

Relationships go awry or at least take an unexpected turn. The need for more freedom, independence, or novelty on your part, or on the part of someone close to you, may disrupt the status quo in an important relationship. You may also come into contact with someone who is very different from yourself and who challenges,

surprises, or upsets you. Expect the unexpected in your relationships!

Sun Sqr Asc

You may feel out of step with the people in your immediate environment now, not in harmony with the intentions and desires of those you work or live with.

Relationships, especially professional ones, can be tense, especially if you attempt to work your own will. This is not a time to force issues.

Ves Sqr Nep

You are more prone to delusion and deception in your work environment at this time. You may be putting in a great deal of time and effort toward a specific task, only to discover you might not receive any compensation or rewards for your labor. Circumstances can arise that cause misunderstandings or misconceptions about the work you are attempting to accomplish. For example, a boss or one of your peers may give instructions for a project or undertaking where you might be unable to clearly define or understand what is required. Or conditions prevail where you must sacrifice your ideals and personal concerns in order to hold the job. Even if you become overly engrossed in your work, you should still make every attempt to remain attentive to your intimate relationships; otherwise, your indifference will be quite disappointing to your loved ones.

You are in a dreamy, romantic mood. Yearnings for love, feelings of compassion, or even religious devotion accompany this time period. You are definitely more idealistic, tolerant, and selfless in your relationships, which may cause you to act against your own interests. Decisions involving money or important commitments to others, therefore, should probably be made some other time. A desire for loveliness and beauty in your surroundings is also strong.

Ven Sxtil Mar

Romance and flirtations are likely now. You are feeling warm, expressive, and lively. Loving feelings flow between you and the people you meet, especially those of the opposite sex. Friendships are also strengthened at this time. Also, your creativity and desire to make something beautiful is stimulated now.

Mer SSxt Sun

This is a busy time; communicating and getting in touch with others is very likely. Numerous phone calls, letters, meetings, errands, or discussions bring you into contact with others. This is a good time to brainstorm with others, share ideas, and come to a group consensus.

Ven Sxtil Moo

This is an excellent time to have company or to give a party at your home. You are feeling hospitable and loving and need to share comfort and affection with close friends and family. Home improvements or beautifying your surroundings in some way is also favored now.

Ura Sqr Sat

This is a difficult time period. Many things simply refuse to go the way you planned them. Things have a way of running their own course, regardless of your plans or intentions. Disturbances, annoyances, and interruptions make it difficult for you to stick to your schedule. Life can easily become hectic and disorganized. Unexpected company may arrive at your home, or your neighbor may decide to play his stereo loudly while you are trying to relax and rest. Little things that interfere with your efforts are very irritating to you now. For example, you may be on a diet and find yourself in a situation where you feel obligated to indulge in high-calorie foods.

One important piece of advice to help things run more smoothly is simply to allow yourself to experiment with new patterns and routines in your life at this time. This is not a good time to steadfastly pursue disciplines. Now is the time to allow yourself to temporarily break out of your familiar molds and experiment with some new ones. It won't kill you to break your deeply ingrained habits or schedules for a while; in fact, it can be quite good for you in the long run. If you stubbornly resist adapting to changes of pace and style, you will feel very tense and stressed. You need not throw out the things that are important to you, and you may be overly concerned that stability and security will never return if you let things go now, but you must have trust in your ability to break the normal routine a little, and return to a normal routine later. By loosening your grip on your habits, you can bring in new inspiration and insight. This is easier said than done, however, and during this time period you must carefully try to be flexible and adaptable, while not becoming so disorganized that you lose sight of your commitments and goals.

Ven Conj Sun

Your personal magnetism is strong and you attract appreciation, affection, and attention at this time. Feelings of love, a desire for beauty, and the urge to be creative are strong. You beautify your surroundings and pay particular attention to your appearance. This is a good time to treat yourself or do something fun just for you.

*Thursday, Apr 23, 2015*

Mer Sxtil Sat

Your mind is serious and you are able to concentrate on work that requires patience, attention to detail, and precision. Practical concerns dominate. It is a good time to learn practical skills, do your taxes, organize your files, and take care of business. You'll want to avoid light social conversation or trivialities that distract you from your work.

## Ura Conj Jup

You are wildly optimistic and enthusiastic now! Your luck is very good too, and this further stimulates your optimism. Life seems less restrictive and limiting. Promotions, advancement, bonuses, and travel are likely during this time period. Pressures decrease; for example, important deadlines are easily met, pushed back, or canceled. You are less worried, anxious, and concerned than usual.

However, this surge of optimism, high spirits, and fortuitous circumstances does not guarantee that all of your ventures will turn out well. In fact, it is likely that you will overestimate the growth potential of the ventures that you consider at this time. You are inclined to gamble and speculate, overlooking many of the hard facts and realistic obstacles. This is an excellent time to explore new possibilities and expand your horizons. It can also be a good time to start new ventures as long as you haven't let your optimism and high spirits cloud your awareness of the practical obstacles and details at hand as well.

You are likely to spend a lot of money during this time period. You are in the mood for celebrating and it is hard for you to control yourself. There is the possibility of being driven by materialistic and egotistic desires that cause you to indulge in extravagances that you later regret. On the other hand, if you are normally very reserved, conscientious, and "tight" about spending money, then this astrological influence may loosen you up a little more, inclining you to purchase items of high quality that you will enjoy for many years to come.

Self-discipline, training, persevering through a dry or slow period, and working quietly or in meager circumstances are themes in this time period. Ves Sqr Sun

You may experience frustration or confusion in carrying out the duties and obligations of your work requirements. Although you persevere through the daily grind, you find it difficult to direct and focus your energies to effectively achieve your goals and objectives. In order to make progress, you will have to tap into your inner strength and fortitude to bring you through this period. On another level, you may

become almost fanatical in your attempts to single-handedly accomplish projects and fulfill your own self interests, causing you to distance or separate yourself from intimate relationships.

#### Jup Trine Moo

Your mood is easygoing, agreeable, and tolerant at this time. In fact, you may feel downright lazy! Lounging around at home and relaxing or perhaps unwinding at the beach or lake appeals to you. If you are normally very high-strung, then take advantage of this time to recuperate, relax, and rejuvenate. If you normally tend to be lethargic, then try to maintain at least a modest activity level by going for walks or bicycling, for example, during this time period.

At the least, this will be a pleasant time for you. Harmonious, pleasant relationships and surroundings seem to just "fall in your lap". Otherwise, the astrological influence at work here does not promise to make this a particularly eventful time (unless, of course, other astrological influences augment this one).

#### Ven Sxtil Jup

Both friendship and material benefits may well come to you at this time. You feel very sociable and gregarious and seek conviviality, especially with people who really know how to have a good time. Charitable and philanthropic impulses are stronger now, also, and should be followed with positive action on your part.

#### Ven Sxtil MC

Meeting people that can benefit your career, getting together with colleagues, or getting to know your superiors on a more personal, friendly basis is quite likely at this time. Take advantage of all opportunities to socialize with the people you have professional ties with for the outcome is likely to be quite positive.

Unforeseen situations may suddenly bring changes or disturb your work or professional duties. Greater responsibility or working unusual or long hours is possible, especially if you are involved in the process of the planning, organization and restructuring of your place of employment. It may be best to work alone at this time, distancing yourself from chaotic conditions in order to concentrate on original and inventive ways to handle problems and target new and purposeful solutions. You may feel an urgent need to move ahead and in the process will discard work which is not functional or useful to your future directions and goals. On the other hand, this period can bring about zealous involvement with humanitarian or social organizations. Whether you are focused on a special cause or a work project, you should avoid alienating loved ones and important people in your personal life at this time.

You use charm, humor, and a light touch to get your point across now, and your friendly attitude makes a favorable impression on others. Your artistic and aesthetic sense is heightened now also, and interest in literature, poetry, and culture is strong. Serious and demanding mental work should probably be put off for another time, as either your mind is more on matters of the heart or you simply want to relax and think of lighter topics.

Jun Trine Nep

A sense of unity and compassion exists in your marriage or intimate relationship now. You have a better understanding of the weaknesses and flaws of human nature and will be more sympathetic and tolerant of your partner's idiosyncrasies. Being together with your partner soothes you and surrounds you with a feeling of spiritual love and acceptance. Whether or not this is a self-created illusion, there is something dreamy and magical about your relationship during this time. You are not necessarily "blind" to your differences, but merely much more benevolent and forgiving.

This time period is harmonious and pleasant. Relationships are particularly pleasant and productive now, and you will find that business agreements and partnerships formed now work out very well. Cooperation and camaraderie is strong now, and you may receive a gift or offer from someone.

This is a wonderful time to simply enjoy life; you find it easy now to put any worries or concerns to the side. You are likely to spend some time with friends or take a weekend vacation and thoroughly enjoy it. Have fun!

#### Ura Conj MC

Freedom and independence are critically important to you at this time. If your job is tedious, boring, and unexciting, there is a strong possibility that you will quit your job now. Because the need for freedom and excitement is very strong, you are more willing to be innovative and daring. Interestingly, even if you do not attempt to make a change, it is likely that changes will occur anyway! You may get fired, promoted, or transferred. Unfortunately, it is difficult to predict the exact nature of the changes. What can be counted on is that changes in your career will occur during this time period and also perhaps extending several months beyond the time period specified above for this astrological influence. If your job is unexciting and uninspiring or your overall career direction is vague, then the probability of a major career change is even greater.

If you try to resist the impulse to make major changes in your career now, you will become very restless and dissatisfied with your life. With a little creative imagination and ingenuity, it is likely that you can make changes in your job and career that allow for much more creativity and freedom. If you decide to make a drastic move, like quitting your job, it is difficult to say whether you will regret the decision or not, as a great deal depends on how good your current job is and how well qualified and capable you are of developing a better alternative. This astrological influence creates the need for change and freedom, and it draws alternative situations to you. However, it does not indicate that the new alternatives are any better or worse than the previous situation.

Note that the precise timing of this astrological influence is very dependent on the exact birth time, so the dates given are accurate only if your birth time is very accurate.

You are very receptive to displays of physical and sexual contact with your marriage partner or in an intimate love relationship. There is a passionate, playful quality to your lovemaking, and the urge to connect with your mate is intensified. You put your energies into making your relationship stimulating and exciting. You know the appropriate balance between asserting your desires and providing a gentle touch. Your partner responds with equal impulses and sensuality toward you. If you have a quarrel with your mate at this time, you will display your anger but you will be quick to forgive.

If you are not in a committed love relationship or marriage, you may have an opportunity to meet someone through an important male in your life. Or you may find it easier than usual to take the initiative in exploring or pursuing a new love relationship.

Other issues can come to light now regarding the financial aspects of your partnerships. For example, you or your partner may not be willing or able to contribute toward your economic situation, and you must balance or adapt your needs and requirements in view of the circumstances. While in the process of working on something that you feel committed to, you must pay close attention to information you receive from other persons, especially if it requires thorough mental planning, as you are prone to miss important facts and data at this time. Ven Sqr MC

The desire to socialize, to be friendly, or loved may interfere with getting work done or acting in a professional manner. Scheduling time for recreation or to attend to a relationship is a good idea now.

*Monday, May 25, 2015*

Jun Trine Jup

Marriage and intimate love relationships are happy, playful and very loving. There is an emphasis on adventure, travel or an urge to get away from daily routines. You

tend to overdo everything you do together, for example, extravagant spending, clowning around with each other, or dreaming up big plans for your relationship. If you take a gamble on having some fun with your companion, it will be very beneficial to do so now, as this period ensures luck, cheerfulness and the opportunity to grow together as a successful couple.

If you do not have a mate at the present time, this would be a period when you can meet someone while traveling or through educational or religious activities or a professional organization.

*Tuesday, May 26, 2015*

Mar Oppos Nep

At this time your interactions with others and with the outside world in general can be confusing, devitalizing, and discouraging. It seems that whatever you try to do goes nowhere or gets lost in a haze of misunderstanding. This is not a good time to try to toot your own horn or attempt to get personal recognition for your efforts. Taking time off, working quietly, or doing something primarily for the benefit of others without concern for personal gain is favored at this time.

Jun Trine MC

An opportunity may arise for you to take pride in your partner's accomplishments and encourage their career endeavors. You enjoy whatever good fortune your mate or spouse brings to the relationship and lend full support toward their efforts. Benefits brought to you both at this time can be either stronger commitment, more stability in the relationship, or freedom from limitations in your career, thereby allowing more time to devote to maintaining equilibrium in your partnership.

Note that the precise timing of this astrological influence is very dependent on the exact birth time, so the dates given are accurate only if your birth time is very accurate.

You are capable of forceful, decisive action, and you have the will to carry through on your intentions at this time. Physically, you feel good and your energy is flowing smoothly. Also, your interactions with others are feisty and spirited. You inspire others to take action, and group efforts or joint projects are favored.

Mer Sxtil Mar

You are eager to discuss your thoughts and plans with others at this time and you may have a very fruitful brainstorming session, a spirited debate, or a very active meeting with others in which things really get accomplished. You are verbally assertive and can present your own plan or idea quite convincingly.

Sun Trine Plu

This is an excellent time to eliminate whatever is unnecessary and outworn in your life from clutter and disorder in your environment to an unhealthy relationship or even a long-held attitude or belief which keeps you from going after what you really want in life.

You are also more perceptive than usual. You see other people's true colors more clearly and you may discover a secret or the hidden aspect of some situation.

Something lost, hidden, or forgotten may come to light.

#### Mer Oppos Nep

This is one of the least favorable times to make a decision or sign a contract, as your communication with others is likely to be fraught with misunderstanding or even outright deception. Your thinking is rather fuzzy now and you are more gullible or swayed by feelings, images, and ideals rather than seeing situations and people as they are. Your imagination is very active at this time.

You also need to be surrounded by beauty and harmony and your artistic inclinations are stimulated now.

Ves Trine Asc

This is a favorable period to dedicate yourself to turning your professional and personal objectives into real opportunities. Fortunately, you come across to others

as if you have fully carved out your intentions and are ready to take on the commitment and sacrifices necessary to make use of your talents, either for someone else's profit or your own. If you are unemployed or searching for a new direction, this can be a "lucky" time for interviews and expressing your potentials to others. On the other hand, if you are happily working in your chosen profession, this can be a time when you know how to make the most of your abilities.

Note that the precise timing of this astrological influence is very dependent on the exact birth time, so the dates given are accurate only if your birth time is very accurate.

Flexibility and open-mindedness in your relationships is called for now.

Jup Trine Jup

This is a good time to spread your wings - perhaps travel, vacation, or get involved in something new. This is a wonderful time to socialize and meet new people. Unless other astrological influences at this time indicate differently, you will be in a relaxed, tranquil mood during this time.

Mar Sxtil MC

Working energetically with a clear objective in mind, advancing your own professional goals, and enlisting others' support for your projects by acting as a leader are key issues now. Your superiors and others in authority respond favorably to your confidence and your willingness to take a risk or attack a problem in a new way.

Pal Oppos Mer

You should use caution in dealing with contracts, documents, and written communications. You can encounter difficulties in your negotiations with business associates, relatives, and partnerships. There may be a need for a mediator or counselor to be called in to settle controversies and disputes. There can be unfavorable responses to your creative or analytical ideas. A co-worker or boss may be in direct competition with you on a project and you encounter strife and rivalry.

Also, this is not a good period for mental and detailed work or learning a new skill. You may be inhibited in your perception or listening abilities and it takes great effort to absorb and comprehend knowledge and information.

Jun Sxtil Mer

This is a good time to share news, information and ideas with your spouse or mate. Fortunate circumstances assist you in your career. Obstacles and impediments seem to disappear and your work progresses very smoothly. Your moods, feelings, and instincts rule you and you're apt to act out of emotion or habit rather than reason or conscious choice. You seek the known, comfortable, and familiar, and you're disinclined to confront new people or situations. It may be uncomfortable for you to be away from your home at this time.

*Friday, Jun 12, 2015*

Ven Sxtil Plu

Your feelings for friends and your emotional responses to life in general are deeper and more intense. The need to share, to give and receive love, and to be accepted and wanted is very strong. You have an opportunity now to see what keeps you from being really close to others - perhaps a forgotten hurt or hidden resentment - and to rid yourself of it by bringing it out in the open or simply releasing it.

Mar Conj Mer

This is not the best time to schedule any activity that calls for tact, diplomacy, or caution, as you are inclined to be extremely straightforward, direct, and to the point in all of your interactions. You say exactly what you think, and in fact are even inclined to be verbally aggressive, pushy, or perhaps sarcastic. Your mind is very sharp now, so this is a good time to "attack" intellectual or mental work.

*Saturday, Jun 13, 2015*

Sun Conj Mer

Communications, conversations, sending and receiving messages, and taking care of routine tasks that require mental clarity are important activities now. It is a good time to present your ideas and point of view to others, as you express your thoughts clearly, though you are not apt to listen as well. You may have an opportunity to travel or further your educational pursuits which can be beneficial to your career goals.

Your imagination is very active at this time.

Mer Sxtil Mar

You are eager to discuss your thoughts and plans with others at this time and you

*Thursday, Jun 25, 2015*

Ven Trine Jup

Emotional well-being and contentment characterize this time period. You feel quite relaxed and carefree, and this would be a splendid time for a vacation. Laziness, self-indulgence, and expecting everything to work out well with no effort on your part are negative possibilities now. You feel very lucky and you are likely to be lax or extravagant with your money. Material benefits are, indeed, likely at this time, but beware of being overly generous or depending too much on Lady Luck.

Ven Trine MC

Your friendly concern for others and your willingness to meet people half way benefits your career, reputation, or public image at this time. You make yourself perfectly clear at this time, coming across in a very direct, articulate manner. Your honesty and willingness to communicate openly impresses others. This is a good time to give a speech, present your ideas publicly, or simply express your viewpoint to the people who matter the most in your life. If you are in a profession dealing with words, ideas, or communications, this is a very positive and fruitful time for you.

Ves Oppos Plu

Power struggles are likely to occur in your work environment. You may become so determined to accomplish your work objectives that you are apt to arouse negative reactions from individuals in your work place. If you undertake an important project, you will work with dedication, concentration and purpose. Even if you have to deal

with coercive or manipulative people, you should strive to cooperate with your co-workers for the benefit of the group or organization. Otherwise, you might have to deal with angry, jealous or spiteful behavior directed toward you. You must also be aware that your own anger may be just below the surface, and it could take just a minor incident or disagreement at work to trigger your temper. On the other hand, compromise may be essential in your personal affairs, and it can be necessary to devote more effort into balancing both career and your primary relationships.

#### Jun Sxtil Ura

Love or marital relationships may be given a breath of fresh air at this time. You are not inclined to be possessive or jealous now in your marriage or love relationship and you certainly do not want your partner to behave in this manner toward you. You seek ways to bring spontaneity and newness into the partnership and avoid situations which are uninteresting and boring. Your hope is that your partner will allow you enough space and give you the opportunity for independence and self-expression. Although this is only a temporary phase, it may stimulate you to release your insecurities and break down the rigid structures of the past, allowing the relationship to renew itself later on a more solid and equal ground.

If you are not committed to someone or married, this period does not point to a permanent partnership. However, you may have an opportunity to meet someone who inspires, excites and interests you at the present time.

You know just what you want right now and woe to anyone or anything that gets in your way! You are much more likely to become domineering, pushy, or inconsiderate of others now, so it is a good time for you to do what you need to do by yourself rather than with others. The care of and concern for loved ones take on a deeper meaning for you now. You experience a renewal of trust and acceptance in your most intimate relationships. You may have an intense effect on others during this period, where your care and understanding helps guide them through difficult emotional or physical transitions. Jup Sxtil Mer

Long-distance communications and business dealings are successful now. For example, if you need to call a business or company for assistance, you will find that you are able to get through to a helpful person who can assist you. You are also able to communicate successfully with co-workers and colleagues regarding overall plans and goals of the business or trade that you are involved in.

This is a good time to advertise, publish, or engage in mass media communications for any purpose. Others respond with interest to your message, and you are able to reach a good understanding with others. You are able to rise above pettiness and distracting details in your communication with others, and you get to the broader philosophical issues or attitudes that are important.

The only bad feature of this astrological influence is that it is not very strong! It can be overpowered by other, more powerful, astrological influences so don't count on this one to be a panacea for other influences that are nastier.

Sat Trine Asc

Stability, maturity, and cooperation are the key issues for this time period. You feel rapport with others on important issues. At work, you find that others share common concerns about important aspects of life.

Any agreements made with others now are likely to last a long time and be very stable. The shared interests are very long-lasting, there is mutual respect and regard for each as individuals, and both parties are committed to assisting one another. Business matters, interactions with government agencies, and legal issues run smoothly and harmoniously now.

Your partner may be feeling that your career directives have temporarily pulled you away from the relationship. You may have limited time to nurture your loved one, due to obligations in your professional life. This can lead to tensions and difficult problems in your personal world or marriage. On the other hand, if you are effectively balancing your career and personal relationship, your partner might be the individual who is experiencing difficulties in this area. There will need to be some compromise, possibly with more focus on the inner needs of your relationship and less attention on the outer world during this phase.

Note that the precise timing of this astrological influence is very dependent on the exact birth time, so the dates given are accurate only if your birth time is very accurate.

Sun Conj Sat

You are serious and disinclined to frivolous or inconsequential activity. It's a time best spent working alone, structuring and organizing your life in some way, and focusing on whatever tasks (however distasteful or tedious) that you really need to do. You feel like withdrawing from people and find social situations unfulfilling or wasteful. Your vitality and your spirits are somewhat dampened.

Sun Sqr Jup

You are optimistic and possibly extravagant now. You are less cautious than usual, feeling that nothing can possibly go wrong. If you are inclined to overindulge, overspend, or go to excesses in any manner, this tendency is exaggerated at this time.

However, you also aim higher than usual and a very promising opportunity or contact can also occur.

*Friday, Jul 10, 2015*

Sun Sqr MC

You are at cross purposes with the people in your environment who are most able to benefit you. You tend to come on too strong, to be oblivious to others' needs and intentions, or to act inappropriately now. You feel an urgency to take positive steps to achieve your goals, but be certain that you are not overstepping yourself, as this can cause considerable enmity at this time.

Mar Sqr Mar

At this time you must guard against being too aggressive, coming on too strong, or trying to force your own will and thereby arousing hostility in others. Also, frustrated desires and obstacles to achieving your aims can evoke enormous anger in you, and you may do something rash and regrettable. Conflicts and confrontations may be unavoidable, but do try to avoid situations which you know will provoke or irritate you. Working alone is best at this time.

*Saturday, Jul 11, 2015*

Plans to advance your goals may be hit with delays or setbacks. During this time, your creativity and foresight might come to a standstill. You have difficulty in visualizing your aims and objectives due to a lack of faith in your own intuitive abilities. Others do not show support or encouragement for your suggestions and creative projects. Possibly, you may have to guard against a demanding and arrogant boss or co-worker who purposely disputes your planning and talent on the job. You want to defend your views, but instead you are fearful of rejection and disapproval.

If you are an artist or writer or in another creative field, this would be a useful period to meditate and reflect in a quiet, tranquil environment. You will need to rejuvenate your imaginative and perceptive instincts.

Mer Sqr Plu

It is impossible for you to be content with superficial answers now, and you are impatient with people who avoid looking candidly and honestly at root causes and hidden reasons for any problem or situation. Ves Trine Nep

This is a favorable period to clear away any imperfections in your work routines and endeavors. You may need a work environment free of distractions and chaos in order to work with more productivity and efficiency. If your creative energy and imagination is given room to flourish, then you will truly feel dedicated to your job responsibilities and duties. You may envision greater possibilities or yearn for idyllic work conditions where your dreams are automatically fulfilled. Since you are highly susceptible to the influence of others, you may be swayed by their ideas and schemes. If the plans and designs of other individuals are based in reality, you can benefit now from their inspirations. However, it is important that you discern between fact and fiction in your dealings with others.

You can achieve greater satisfaction now if you devote your efforts to volunteer service, charity work, hospitals, or spiritual organizations.

Mar Sqr Moo

At this time you are prone to irritability, temper tantrums, and flying off the handle for slim reasons. You are also impatient and inclined to rush unnecessarily, which can cause accidents or bruised feelings on the part of the people you live with or work closely with. You are in a fighting mood and stand up for your rights more readily than usual, but beware of the tendency to be abrasive and insensitive.

Errors made in haste, speaking too forcefully, sharp words spoken on impulse, or accidents occurring due to restlessness and impatience are all possible at this time.

You feel that you have to fight for what you want or believe in, and you are very clear, decisive, and convincing right now, but you also tend to stir up more controversy or competitive feelings than is really necessary.

Your creative and mental insight is quite fertile during this period. You feel gifted, talented, imaginative, and inspired to expend your energies toward your goals. You easily receive help and cooperation through close associates, especially women, in fulfilling your creative visualizations. Generally, this is a positive time to activate your creative drive.

You are inclined to become impatient with boring and tedious tasks and would rather apply yourself to an activity which is stimulating and totally absorbing. You will need to have sufficient opportunities to engage in industrious or purposeful work and to have a direct outlet to satisfy your energy and desires. Otherwise, you may engage in intense or confrontational issues at work or in behavior which is aggressive, overly assertive and competitive. On another level, you are apt to take the initiative in intimate sexual encounters, yet your focus would be on fulfilling your own needs and desires.

Intimate relationships can undergo a rebirth or renewal at this time. It is easier to give your love physical and emotional expression, which will further bind the two of you together. This is a time to rely only on yourself and your own resources, gather in your scattered forces, and concentrate on your own work. There is the possibility for misunderstandings and disappointments in your marriage or love relationship. If you or your partner have been keeping your true feelings and thoughts hidden from each other, it will only add to the confusion and doubt that already exists at this time. Be sure that you are relating to your partner as a "real" person and not to an imaginary ideal that you have dreamed up. This is especially true if you are involved in a new relationship. Selfishness, jealousy and emotional game-playing make marital or romantic relationships unsettled during this time. Problems brought on by conflicting ego drives and divided loyalties in your relations may cause you to struggle to retain your individuality. There is a likelihood that you and your mate will battle for top position in the relationship, thereby creating barriers to your growth and development as a couple.

Arguments and temporary separations can occur from the level of stress felt in the home environment. In the workplace, this can manifest as your overtaxing your system with too many projects, lack of tact, or your appearing nervous and restless due to your desire to look into new fields of employment. Jup SSqr Sat

Significant changes and opportunities face you at this time but making the correct decision about what to do is not easy. This is a period of critical decisions and transition. A major change in your life can occur now (new job, relocating, ending a long-term relationship or beginning a new one, etc.). In fact, it is not unusual for several important changes of this nature to be occurring. Unfortunately, you find it difficult to decide whether to go along with the new opportunities or even push harder to make changes occur, or whether to try to maintain the old, familiar life style, routines, and surroundings.

One side of you is impatient to make some major changes. You are tired of the same old routine and life style. You want to break free and get things really moving. You feel there is much more to life, and you are not growing and living as fully as you ought to be. The other side of you is wary of the changes; they may just be pipe dreams and simply lead to considerable stress and disappointment. Underlying all this is the nagging question of what you really value and whether the new opportunities are more worthwhile than your current involvements. Unfortunately, no one can make the decisions for you, and you have to sort things out for yourself.

Clearly, YOU MUST MAKE SOME CHANGES. Letting things remain as they are will lead to stagnation. On the other hand, you must be careful that the changes you make will bring the THINGS THAT YOU REALLY WANT. For example, if you accept a new job only because it brings more money, but you must sacrifice other benefits of your current life style, then you may find afterward that the increase in income was not worth the sacrifices. If you are not honest with yourself or if you place too much value on things that are really of secondary importance, then you will make the wrong decision.

Another problem for you now is how to meet all of your obligations while having time to do the things you want. Your responsibilities are probably similar to those of most people: to family members, to pay the bills, etc. At this critical time you can find new ways to meet these obligations while allowing yourself more time to do the things you want to do. At the least, you will find that you can rearrange your life and make some significant changes in your daily routine, which are big steps towards leading a more fulfilling life. You may also decide that a more radical change in life style is warranted (new job, relocation, etc.). It is up to you to decide what is really important and how to best balance all aspects of your life. If you are creative, honest with yourself, and willing to go through some adjustments, you will come out much better when this astrological influence is over.

Underlying the changes in your life and the decisions you must make is a change in your values and attitudes towards life. You are now able to see your life from a broader perspective and you seek greater meaningfulness in your life.

Your creative and mental insight is quite fertile during this period. You feel gifted, talented, imaginative, and inspired to expend your energies toward your goals. You easily receive help and cooperation through close associates, especially women, in fulfilling your creative visualizations. Your intuition can benefit you greatly, perhaps by an inner knowledge of the right time to approach others with your talents. Receiving an award or promotion for your efforts is possible.

Generally, this is a positive time to activate your creative drive.

Ven Trine Jup

Emotional well-being and contentment characterize this time period. You feel quite relaxed and carefree, and this would be a splendid time for a vacation. Laziness, self-indulgence, and expecting everything to work out well with no effort on your part are negative possibilities now. You feel very lucky and you are likely to be lax or extravagant with your money. Material benefits are, indeed, likely at this time, but beware of being overly generous or depending too much on Lady Luck.

Mar Trine Nep

You do not feel very sharp, competitive, or aggressive at this time. Feelings of relaxation, receptivity, passivity, or aimlessness are likely and you tend to avoid stressful confrontations or situations that demand too much of you. Goals and desires that normally seem so important - especially ones in which you are pushing your own interests - do not matter quite as much now. Your imagination is stimulated, and you need activities and entertainments that are colorful, out of the ordinary, and definitely not mundane.

Self-confidence, physical energy, and courage run high, so this is a fine time to undertake any project or challenge that confronts you, especially if it involves competition or asserting yourself vigorously. You are inclined to take charge or assume a leadership role at this time.

There is a friendly, cooperative, harmonious tone to the interactions you have now. It is a good time for social activities and for getting in touch with friends. You avoid heavy discussions and do not want to focus on dry, practical matters. Reading light fiction, going out to see a romantic comedy, or simply sharing a pleasant time with

someone you like is more in tune with your feelings now.

Plans to advance your goals may be hit with delays or setbacks. During this time, your creativity and foresight might come to a standstill. You have difficulty in visualizing your aims and objectives due to a lack of faith in your own intuitive abilities. Others do not show support or encouragement for your suggestions and creative projects. Possibly, you may have to guard against a demanding and arrogant boss or co-worker who purposely disputes your planning and talent on the job. You want to defend your views, but instead you are fearful of rejection and disapproval.

If you are an artist or writer or in another creative field, this would be a useful period to meditate and reflect in a quiet, tranquil environment. You will need to rejuvenate your imaginative and perceptive instincts.

This is a positive time when your finest creative ideas or works find a positive outlet. Any creative or original suggestions that you make to employers, government agencies, or people in authority are met with interest and support. You have a particularly good ability at this time for introducing something original into an established setting in a pleasant, harmonious way that attracts success.

Peace can be brought about between conservative and liberal factions at this time. Parents and children experiencing a generation gap find that they can better understand and appreciate each other now. This is a good time to improve relations with any person or group that views you as either too wild and uncontrolled or as too rigid and conservative.

Your creative abilities are also highlighted, and you will find that some of your best creative work can be done now. Whether the pursuit is art, music, writing, scientific exploration, or any other creative endeavor, you will find that you are highly productive and imaginative now. Areas that require dexterity and good technique such as playing a musical instrument or painting are ones in which your performance is unusually skillful.

A great amount of understanding is required now in your marriage or close love relationship. Discussions are not as congenial and are apt to be filled with misunderstandings. Either you or your partner may feel nervous and insecure when an emotional or verbal connection is attempted. There is a tendency to quickly shift from one topic to another in your daily communicating, leading both of you to misinterpret what is being said. If the tension and oversensitivity builds up in the relationship, than a true exchange of feelings will seem impossible. Try to increase your intellectual affinity with your partner through patience, courtesy and friendliness.

If you are unattached or without a committed partnership, then you may have difficulty forming a bond or new relationship at this time. The manner in which the potential partner relates to you may seem overly critical, or changeable and fickle.

Mar Trine Moo

Your feelings run hot now, and you are more likely to act on instinct, emotion, and impulse rather than reason. Your responses to life are passionate and also more natural, childlike, and direct. High-spirited physical play, lovemaking, or any activity that really involves you emotionally, such as a rock concert or a rousing football game, will be very gratifying to you now.

Stability, maturity, and cooperation are the key issues for this time period. You feel rapport with others on important issues. At work, you find that others share common concerns about important aspects of life.

Any agreements made with others now are likely to last a long time and be very stable. The shared interests are very long-lasting, there is mutual respect and regard for each as individuals, and both parties are committed to assisting one another. Business matters, interactions with government agencies, and legal issues run smoothly and harmoniously now.

Your physical drive and energy level are high now, and you can accomplish a great deal fairly easily. You are inclined to take the initiative or to strike out on your own, and you are likely to be successful at what you attempt at this time. The key is to use constructive and rational thinking and be less afraid of rejection and disapproval of your intentions.

Uphold and preserve any agreements or contracts that you have previously made with other people. It may be best to keep your creative plans and thoughts to yourself.

*Thursday, Sep 3, 2015*

Plu Sqr Moo

Emotional upheaval and irrational, compulsive feelings are key issues during this time period. Obsessive and compulsive behavior can arise now. For example, some

people will go on an eating binge and put on a lot of weight and others will become loud, boisterous, and belligerent about their political or religious views. You may suddenly feel jealous of someone close to you, or you may feel guilty about decisions and actions that occurred long ago. The feelings that arise depend on your own experiences and interests because they are triggered by events and interests of a very personal nature, perhaps that go back to your early childhood. You also sometimes feel gripped by feelings and emotions that you never thought you were capable of having! The emotions vary but most people will experience jealousy, emotional insecurity, and feelings of inadequacy or anger, feelings of deep attachment or dependency on another person, and strong maternal or paternal feelings.

Upon experiencing the first wave of these feelings, you are likely to try to ignore the feelings. Then you will find that the feelings are too strong to ignore, but you may still try to hide them from others. Eventually, you will discover that you are gripped with feelings that will not go away and cannot be hidden. You will have to deal with these feelings in one way or another. Avoid the temptation to keep trying to hide your feelings; they will only become more intense and be even more disruptive when you finally deal with them. You certainly do not need to make a public display of your emotions and it is perfectly reasonable to hide feelings from others in a public situation, but you must find time by yourself or with close ones to recognize and express these feelings.

Handling these feelings in the best way is an art that requires delicate sensitivity. It is good to release the feelings, but not wallow in them. For example, you might feel like crying or you might feel very jealous or angry at someone, for no apparent reason. If the feeling becomes very strong, then it is best to express the energy in some form, whether it be allowing yourself to cry, letting the other person know that you are feeling jealous, or playing a dynamic sport to release pent up frustrations. After the energy release, try to analyze the situation and discover the source of the problem. Talking to someone else may help your analysis. Very often the current problems are directly caused by deeply ingrained feelings that started in early life, often in relationships to parents, brothers, or sisters. If handled successfully, you can release emotional blockages that you have been carrying around your whole life, and consequently your overall disposition and mood, and attitude towards life is greatly enhanced.

Take note of any situation where your response to something is out of proportion. You may become very irritated at someone over a relatively minor issue, or you may become zealously impassioned about some issue or idea that is actually relatively minor. These exaggerated emotional responses are caused by your own personal emotional experiences and confusion which you are not willing to directly confront so you project them on to other people or events. Also, various biases and prejudices surface now. Even if you consider yourself to be very liberal and unbiased, you may find yourself making negative, critical remarks about certain organizations, religions, professions, groups, or personality types. Again, these prejudices arise from deeply ingrained emotional blockages in yourself. This is the time to confront these problems, and extricate these "weeds" from your emotional nature.

Your imagination runs wild during this time period! You are attracted to any kind of fantasy, mysticism, or imaginative work. Of course, the extent to which this affects you and the precise ways it manifests depends largely on your own personal tastes and inclinations in these matters. You seek emotional depths - a very moving piece of music, an especially intimate, heart-to-heart connection with a friend or loved one, or some emotional thrill. Your feelings are more intense and compelling.

Sun Sqr Sat

This is a time of considerable frustration and your desires or efforts appear to be thwarted or at least delayed. Relationships with men and people in authority may be particularly uncomfortable. Also, you have more self-doubt than usual; your mood is somber and rather self-critical. This is a good time to take stock of your life, to see how you are limiting and holding yourself back, and to determine your next steps.

But do not attempt to press forward now, and don't take whatever setbacks you experience too much too heart.

#### Sun Oppos Jup

A goal or vision you have been working toward comes into fruition now, or gains momentum and positive recognition from others. You feel expansive and inclined to take risks, and you may be overly extravagant now.

This is a time for withdrawing your energy, attention, and efforts from the outside world and external goals in order to replenish yourself. Quiet reflection and attention to your inner world, your family, and the foundation that supports all of your outside activities is called for. This is a time to "lie low". You may have to work quietly or without much outside recognition at this time.

#### Mar Sqr Nep

This can be a very depleting and confusing time when you do not know exactly what you want or you do not feel strong, capable, or effective. Physically, you need to be gentle with yourself and take care not to dissipate your energy reserves. Your imagination can run wild now, and you want to act out a fantasy or strange desire - something you normally would have the good sense not to attempt. However, if you are an artist, this is a very inspired, fertile time for you.

Work and other responsibilities are particularly irksome to you at this time. You feel like it is "play time" and you want to get out, laugh, play, and sing. Parties and social gatherings also appeal to you now, and you enjoy meeting new people. You are in a festive mood, and your happy mood is contagious; others join in the fun with you. This is a wonderful time to have a party, engage in team sports, or vacation. Hard work and concentrated effort are difficult for you now, and productivity at work is likely to decrease, particularly if your line of work requires concentrated effort.

You have little control of your emotions at this time. You will spend more money than you should and eat more than you should. But you will enjoy it! Hopefully, you do not go overboard to the extent that you seriously regret your purchases and excesses afterward.

One thing that can rub you the wrong way right now is restrictions and responsibilities. If your spouse, family member, or close friend makes a lot of demands on you, then you will feel exceedingly uncomfortable and find it hard to understand why they just can't drop their concerns and have some fun.

Daily chores and details are annoying to you now. Your eye is on greener pastures. Suddenly you feel dissatisfied with your lot in life or with possessions or people that did not bother you before.

Your aspirations soar during this time period. This can spur you to discover ways of improving your life and career. You are also more willing to take risks and speculate. Your luck is better than usual now, but your inclination to be overly optimistic is even greater! Consequently, you are likely to overshoot the mark, push for what you want too hard, and be seen by others as being rather arrogant and self-centered.

In short, you should certainly spread your wings during this time period and seek out new opportunities for growth and advancement, but try to curb wild and unrealistic ideas of what benefits can accrue. With a little care and attention to detail, you can, indeed, help turn the corner, bringing yourself a step closer to your goals.

You may need to feel sheltered and loved in your marriage or primary love relationship. You absorb the emotional energy of your mate and reflect what you receive. It is almost impossible to keep your imagination and fantasies in restraint at the moment. For example, if you are not yet married to your partner, you may spend time daydreaming or envisioning married life. Actually, all of the dreams which you have about the relationship will appear idyllic and romantic during this period. At best, you will enjoy your partner's companionship and put aside the negative or the harsh reality for the time being, in favor of compassion and all-consuming love.

*Thursday, Oct 15, 2015*

Jun Oppos Mar

During this period, you may have to confront issues in your marriage or intimate relationship which are unpleasant. The chances for having an argument or quarrel with your mate is strong. If there are problems due to prior resentments or anger in your partnership, then there is the likelihood that it will be unleashed now. You or your mate may have conflicting interests, especially in the area of passion and sexual expression. You will find this a challenging time, when you might view your partner as combative and antagonistic, and you may push to achieve your own personal space in the relationship. It would be better at this time to control the urge to fight and wait until this influence passes, when your emotions and impulses are more steady.

If you are without a primary partner, then care should be taken before rushing into a new relationship. The urge to relate in a romantic and passionate manner is strong, but you may not be selective and discriminating enough in choosing the right person. A new relationship which does begin at this time can be competitive and demanding.

Sun Trine Mer

If you are a writer, teacher or student or are involved in any intellectual work, this is

a positive time for you: ideas flow and it is easier than usual to express your thoughts. Also, this is a good time for buying, selling, negotiating, and communications of all kinds.

### Plu Sqr Moo

Emotional upheaval and irrational, compulsive feelings are key issues during this time period. Obsessive and compulsive behavior can arise now. For example, some people will go on an eating binge and put on a lot of weight and others will become loud, boisterous, and belligerent about their political or religious views. You may suddenly feel jealous of someone close to you, or you may feel guilty about decisions and actions that occurred long ago. The feelings that arise depend on your own experiences and interests because they are triggered by events and interests of a very personal nature, perhaps that go back to your early childhood. You also sometimes feel gripped by feelings and emotions that you never thought you were capable of having! The emotions vary but most people will experience jealousy, emotional insecurity, and feelings of inadequacy or anger, feelings of deep attachment or dependency on another person, and strong maternal or paternal feelings.

Upon experiencing the first wave of these feelings, you are likely to try to ignore the feelings. Then you will find that the feelings are too strong to ignore, but you may still try to hide them from others. Eventually, you will discover that you are gripped with feelings that will not go away and cannot be hidden. You will have to deal with these feelings in one way or another. Avoid the temptation to keep trying to hide your feelings; they will only become more intense and be even more disruptive when you finally deal with them. You certainly do not need to make a public display of your emotions and it is perfectly reasonable to hide feelings from others in a public situation, but you must find time by yourself or with close ones to recognize and express these feelings.

Handling these feelings in the best way is an art that requires delicate sensitivity. It is good to release the feelings, but not wallow in them. For example, you might feel like crying or you might feel very jealous or angry at someone, for no apparent reason. If the feeling becomes very strong, then it is best to express the energy in some form, whether it be allowing yourself to cry, letting the other person know that you are feeling jealous, or playing a dynamic sport to release pent up frustrations. After the energy release, try to analyze the situation and discover the source of the problem. Talking to someone else may help your analysis. Very often the current problems are directly caused by deeply ingrained feelings that started in early life, often in relationships to parents, brothers, or sisters. If handled successfully, you can release emotional blockages that you have been carrying around your whole life, and consequently your overall disposition and mood, and attitude towards life is greatly enhanced.

Take note of any situation where your response to something is out of proportion. You may become very irritated at someone over a relatively minor issue, or you may become zealously impassioned about some issue or idea that is actually relatively minor. These exaggerated emotional responses are caused by your own personal emotional experiences and confusion which you are not willing to directly confront so

you project them on to other people or events. Also, various biases and prejudices surface now. Even if you consider yourself to be very liberal and unbiased, you may find yourself making negative, critical remarks about certain organizations, religions, professions, groups, or personality types. Again, these prejudices arise from deeply ingrained emotional blockages in yourself. This is the time to confront these problems, and extricate these "weeds" from your emotional nature.

You are inclined to be aggressive and hot-tempered now, particularly when your will is blocked. Your pushiness or competitive attitude is likely to create antagonism, hostility, and further resistance to your efforts. It is best to work alone rather than try to cooperate or coordinate your efforts with anyone at this time. Also, you are impatient and tend to behave in an impulsive, irritable way which makes you more prone to accidents during this period.

You disregard superficial or pat answers to your questions now and you feel impelled to probe until you get to the bottom of some situation. Mysteries, unsolved riddles, and topics that people usually avoid or sweep under the rug occupy your thoughts. Relationships need your nurturing and love at this time. Situations arise which make it necessary for you to sacrifice some of your own personal needs to help out a loved one who may be experiencing difficulties. Financial matters regarding children or a love interest become increasingly hard to manage. Loved ones may feel that your relating and nurturing is at odds with your work or career endeavors and therefore they rebel against your authority over them.

In love relationships, your partner may feel you are neglecting their needs and arguments or separations may occur.

However, the emotional closeness and intimacy you crave in return may be denied. Or a period of isolation or separation from loved ones can occur at this time. You need to concentrate on recognizing your own self-worth and replenishing your overtaxed system to protect your health and well-being.

Domestic and caretaking duties can interfere with some of your personal plans. You experience conflict between your desire to give in to the needs and concerns of others and your urge to spread your wings with daring independence. While taking a risk in pursuing your own self-interests may feel exhilarating to you at this time, family members will suffer from the lack of nurturing and emotional connection with you. Arguments and temporary separations can occur from the level of stress felt in the home environment. In the workplace, this can manifest as your overtaxing your system with too many projects, lack of tact, or your appearing nervous and restless due to your desire to look into new fields of employment. Sudden shifts or changes in departments may require you to adjust to new conditions. While this influence is

only temporary, changes that occur may have the effect of shocking you into more awareness of a need to become self-sufficient.

#### Sun Sqr Ven

Your desire for love and affection, as well as beauty and pleasure, is strong now and you act on feelings and creative impulses more readily than usual. If you are not happy with some aspect of your personal life, these issues arise at this time and there may be disagreements or tension in a close relationship.

#### Jun Oppos Moo

Anxiety and tension may develop in your most intimate partnership. Your mate can be evasive, moody or not in touch with his or her feelings. Or there can be conflicts between your emotional needs and those of your partner. You or your loved one may unconsciously display impulsive behavior which is difficult to comprehend. You may develop a fear of rejection causing you to feel insecure about the relationship. There is a need to rebuild the trust and acceptance that you rely upon when your union is going through a more favorable period.

If you are currently unattached, there may be heated clashes with the women in your life, or you may feel a romantic attraction toward someone who may be emotionally unavailable to you or who lacks sincerity.

#### Cer Oppos Asc

A dose of tender loving care may be needed in a close relationship at this time. You may have to increase the amount of nurturing and support you give to your spouse, children, or other loved ones as well how much you require in return. You or a loved one may be feeling less concern for the other's personal interests and needs. You must learn to integrate your mutual needs for love and acceptance by opening the lines of communication between the two of you. This is also a time when you should take care of your health, such as developing better dietary habits.

Also, communicating with others is difficult now, and people resist what you are saying. You feel more inhibited and uncommunicative, and you sense that others are not receptive. This can be an exciting period of growth and opportunity if you take a non-judgmental approach to the many diverse viewpoints and philosophies of other people. Expansion into the realm of spirituality, travel, or education enables you to reach your own inner meanings and issues. Unlike previous times, you can now see beyond the scope of your present ideas and aspirations, bringing about a chance for greater confidence in life's possibilities.

Interesting and unconventional people may suddenly appear in your social life who revolutionize your way of thinking.

#### Ura Conj MC

Freedom and independence are critically important to you at this time. If your job is tedious, boring, and unexciting, there is a strong possibility that you will quit your job now. Because the need for freedom and excitement is very strong, you are more willing to be innovative and daring. Interestingly, even if you do not attempt to make a change, it is likely that changes will occur anyway! You may get fired, promoted, or transferred. Unfortunately, it is difficult to predict the exact nature of the changes. What can be counted on is that changes in your career will occur during this time period and also perhaps extending several months beyond the time period specified above for this astrological influence. If your job is unexciting and uninspiring or your overall career direction is vague, then the probability of a major career change is even greater.

If you try to resist the impulse to make major changes in your career now, you will become very restless and dissatisfied with your life. With a little creative imagination and ingenuity, it is likely that you can make changes in your job and career that allow for much more creativity and freedom. If you decide to make a drastic move, like quitting your job, it is difficult to say whether you will regret the decision or not, as a great deal depends on how good your current job is and how well qualified and capable you are of developing a better alternative. This astrological influence creates the need for change and freedom, and it draws alternative situations to you. However, it does not indicate that the new alternatives are any better or worse than the previous situation.

Note that the precise timing of this astrological influence is very dependent on the exact birth time, so the dates given are accurate only if your birth time is very accurate.

This is a period when guilt, worries, fears and doubt arise in your marriage or love relationship. You may feel lonely even when in the company of your mate and have difficulty relaxing and enjoying your relationship. There is a tendency to withhold affection from your partner, as you may be feeling insecure or unlovable now. This can also be a time in a committed relationship when there are conflicts over your individual images, objectives and directions in life. You will need to be more considerate and less inhibited in expressing yourself in the relationship.

You are less apt to pursue a new love relationship at this time, or there is the likelihood of delays and restrictions in this area. Try to avoid being overly pessimistic or cautious if you do become involved with someone now.

Minor problems with a romantic partner or spouse can escalate during this period. There may be certain issues in your relationship which become excessively irritating to you or your mate. For example, you or your companion may have difficulty keeping promises just now or have unrealistic expectations of each other. During this period, you can fluctuate between abundant exhibits of love and then a scarcity of affection between the two of you. There may be an engagement, marriage or birth, or an increase in social activities which you share with your mate. This would be a favorable time to set up housekeeping with a love partner or to reflect upon the security and intimate sharing in the relationship.

If you are unemployed or searching for a new direction, this can be a "lucky" time for interviews and expressing your potentials to others. On the other hand, if you are happily working in your chosen profession, this can be a time when you know how to make the most of your abilities.

Your ability to concentrate on mundane concerns and problems diminishes now. The world of imagination, fantasy, entertainment, or art holds more attraction for you. You are wildly optimistic and enthusiastic now! Your luck is very good too, and this further stimulates your optimism. Life seems less restrictive and limiting. Promotions, advancement, bonuses, and travel are likely during this time period. Pressures decrease; for example, important deadlines are easily met, pushed back, or canceled. You are less worried, anxious, and concerned than usual.

However, this surge of optimism, high spirits, and fortuitous circumstances does not guarantee that all of your ventures will turn out well. In fact, it is likely that you will overestimate the growth potential of the ventures that you consider at this time. You are inclined to gamble and speculate, overlooking many of the hard facts and realistic obstacles. This is an excellent time to explore new possibilities and expand your horizons. It can also be a good time to start new ventures as long as you haven't let your optimism and high spirits cloud your awareness of the practical obstacles and details at hand as well.

You are likely to spend a lot of money during this time period. You are in the mood for celebrating and it is hard for you to control yourself. There is the possibility of being driven by materialistic and egotistic desires that cause you to indulge in extravagances that you later regret. On the other hand, if you are normally very reserved, conscientious, and "tight" about spending money, then this astrological influence may loosen you up a little more, inclining you to purchase items of high quality that you will enjoy for many years to come.

Friendships and love relationships are favored as you are openly affectionate, warm, and also quite responsive to loving gestures from others. It's not enough for you to simply feel loving toward another; at this time you really want to express it and show it physically. This is a good time to tackle mundane chores and practical business.

Ura Sqr Sat

This is a difficult time period. Many things simply refuse to go the way you planned them. Things have a way of running their own course, regardless of your plans or intentions. Disturbances, annoyances, and interruptions make it difficult for you to stick to your schedule. Life can easily become hectic and disorganized. Unexpected company may arrive at your home, or your neighbor may decide to play his stereo loudly while you are trying to relax and rest. Little things that interfere with your efforts are very irritating to you now. For example, you may be on a diet and find yourself in a situation where you feel obligated to indulge in high-calorie foods.

One important piece of advice to help things run more smoothly is simply to allow yourself to experiment with new patterns and routines in your life at this time. This is not a good time to steadfastly pursue disciplines. Now is the time to allow yourself to temporarily break out of your familiar molds and experiment with some new ones. It won't kill you to break your deeply ingrained habits or schedules for a while; in fact, it can be quite good for you in the long run. If you stubbornly resist adapting to changes of pace and style, you will feel very tense and stressed. You need not throw out the things that are important to you, and you may be overly concerned that stability and security will never return if you let things go now, but you must have trust in your ability to break the normal routine a little, and return to a normal routine later. By loosening your grip on your habits, you can bring in new inspiration and insight. This is easier said than done, however, and during this time period you must carefully try to be flexible and adaptable, while not becoming so disorganized that you lose sight of your commitments and goals.

Marriage and intimate love relationships can be challenging and exciting. You may feel an increased urge to be less dependent upon your mate for fulfilling your needs in the relationship. You might want to try new things and not be held accountable for your actions. But mainly, you may want to explore new ways of relating to your partner which allow you to be more of a separate and unique individual. If your

However, if the relationship is not on stable ground, these disruptions and unexpected circumstances are apt to cause tension and conflict between the two of you.

If you are unmarried or uninvolved at the moment, you may meet someone during this period who is rebellious, innovative or quite different from others you have dated previously. You might be introduced through friends, groups or an organization which you belong to during this time.

Your energy level and your self-confidence are high now. You are full of enterprise and may chafe at the bit if you can not do enough, if your present position doesn't give you enough scope, or if your superiors do not allow you to take initiative and advance as you want to. Also, at this time you tend to overextend yourself or to believe you can do more than you actually can.

Mar Oppos MC

This is a low point as far as getting ahead or achieving anything in the world is concerned. For now, your energy needs to go into your personal life, home, and family matters. Stress which has been building up both at work and in your family relationships needs to be released now. You may encounter disapproval and negative reactions from authority figures or business professionals regarding your viewpoint and/or your creative plans. Difficult decisions may need to be made which will directly effect your public reputation and career status. For example, you may be deeply involved with a business assignment and your employer or superior imposes strict and rigid guidelines on the project, thus delaying or inhibiting your ability to make concrete achievements. You experience suspicion, doubt and worry over your job performance and feel you must take decisive action to ensure your position in the corporation.

This can also be a time when there is anguish over an ill or elderly parent who depends upon your care and concern.

#### Pal Sqr Jup

This is not a favorable period for handling legal affairs or transactions with professionals and persons in authority. There will be complications and entanglements requiring you to apply sound judgment and rational thinking in managing these affairs. Others may not be straightforward and honest in your associations with them. For example, you may be overworked at your job, because your boss or superior has higher than usual expectations of your abilities. You take on the additional pressures without the assurance of a promotion or higher position in the organization and therefore you are in a dilemma over whether or not you are being exploited or manipulated. You must use this period to tap into your own inner guidance and wisdom to steer you toward success.

This is an excellent time to make decisions about your financial affairs, as your judgment is sound and reliable, though a bit conservative. Investing in beautiful things which are likely to increase in value over time (such as jewelry or fine art) is favored. You are not interested in fleeting excitement or frivolity now. This is a very good time to take a test or to do any kind of intellectual or mental work.

#### Pal Sqr MC

You are motivated to perform tasks that appeal to your intellectual or creative objectives. However, you must use good judgment and clear thinking on the job and in career matters. Tension, lack of foresight and difficulty in focusing on detailed

There is a tendency to become troubled over a minor problem, and then blow the situation out of proportion, without consideration of the consequences of your actions. It is important at this time to reflect upon your career goals and how well you have been fulfilling them.

Working alone or keeping your thoughts to yourself might be in your best interest.

Note that the precise timing of this astrological influence is very dependent on the exact birth time, so the dates given are accurate only if your birth time is very accurate.

You are likely to distance yourself from others now, feeling the need to withdraw and reflect. Your thoughts are inclined to be heavy, critical, and pessimistic at this time, so it would be good to realize that you are only seeing part of the picture and perhaps seek the advice of an older, experienced person who has passed through some of the challenges you face. This can also be a time of leaving, separating from friends, and choosing a new way.

Hidden passions, fears, jealousies, longings, desires, or needs surface in you now and can stir up trouble in your closest relationships. You are prone to be compulsive or demanding in a close relationship, to be emotionally driven and to force things to a head in some emotionally-laden situation. Positively, a relationship can be

deepened and reborn now, given new life by your willingness to reveal yourself completely to your loved one.

You may decide to change the decor of your home, or you may attend a musical or artistic event that exposes you to new styles that are different from your customary tastes. Communications with family and friends can be strained at this time, as you try to clear up points of confusion. This is a good time to get a new perspective on your relationships and your life style, but do not force yourself to make important decisions now while you are not completely comfortable with any of the alternatives.

Some illusions and glamorous notions that you have are painfully removed now. You may discover that a movie star, hero, lover, parent, or other person you admire is not as "divine" as you thought.

Doubts about your ideals and religious beliefs are also likely to arise. Even if you are an agnostic or atheist, you will now question whether your belief system is perhaps a little superficial. You may find yourself swinging between doubt and a rather self-righteous, rigid, and dogmatic adherence to a philosophical or religious belief system. Avoid the tendency to be rigid and judgmental! This is a time when your ideals and beliefs should be changing and maturing. However, if you are fearful of change and uncomfortable with doubt, you may become entrenched in a dogmatic attitude at this time. Some people experience this astrological influence as a discontent with life, moodiness, and depressed feelings with no apparent cause. These feelings are usually accompanied by low physical vitality and susceptibility to colds and other illnesses. These problems arise because your dreams and hopes have been dissipated. If your "bubble bursts", then you must probe within yourself for a new star to hitch your wagon to, a new vision for yourself. Avoid the tendency to become despondent and, by all means, refrain from escapism via alcohol or drugs.

There is a possibility now that you may wish to extend yourself to someone by offering them food, shelter, protection, or caretaking. You are well prepared to handle this task, as your bountiful supply of sympathetic and compassionate qualities overwhelms even you at this time, and you are convinced you have enough energy and vitality to take care of everyone! You may be enjoying good health and good fortune and wish to share your happiness with others. You do not want to passively sit back and watch from the sidelines as you wish to share in the creation of new ideas and projects with others. In any case, what you give of yourself at this time is returned to you in abundance.

Domestic and professional responsibilities run smoothly at this time. You are practical about your goals and use common sense in dealing with associates. You are reliable and dependable in matters dealing with caretaking, career, and social obligations. You can deal effectively now with people in authority. However, this is a good time to develop a balance between your work drive and your need to have fun and entertain yourself in your community. This can be a wonderful period if you can partake in periods of relaxation and play, while also managing your professional and domestic life.

Your work is exceptionally well-organized now, and you are able to accomplish a great deal. This is a time when you work patiently and perseveringly, and you make enormous progress in any task or undertaking that you put your mind to. You are able to concentrate on the essentials and the nitty-gritty details now. Use this opportunity for accomplishing practical tasks and achieving concrete results. You are able to work long hours without fatigue and enjoy your work as well.

Your career and employment are stable now. There are not likely to be many big surprises and everything works smoothly. You might be tempted to lay back and coast for awhile but, rather than feeling relaxed by doing this, you will only feel bored and uninspired. This is a time to apply yourself and continue making steady progress and effort. The work you do now is appreciated by others, but the greatest benefits will be reaped much further in the future, when the progress you make now will help fortify your position in the world and strengthen your assets and resources.

Underlying or previously hidden aspects of a situation come to light now.

The misuse of personal power, dominating or manipulating others, and the subtle ways you try to control situations or other people are issues. The tyrant in you comes out, or you find yourself dealing with the more difficult, dark, tyrannical side in other people.

Also, this can be a time when you are forced to confront and deal with something which is no longer working - from old, outworn possessions to an unhealthy relationship or a deeply ingrained, self-defeating attitude.

Ven Trine Ven

Contentment, emotional well-being, and harmony prevail in your personal relationships. At this time you relax and indulge in your pleasure-loving side. Unless

other astrological indications override this influence, you are unlikely to be forceful and try to make things happen, but instead are inclined to flow along with people and situations, attracting what you need and letting the world come to you.

This is a good time to remove barriers and limitations from the past which have prevented you from developing your ambitions and social interests. Whether it is fear, insecurity, or a wounding experience you must overcome, now is the time to turn things around for yourself and rebuild your objectives and direction in life. Relationships with men, authority figures or business professionals should greatly improve, and you will enjoy their assistance in the form of guidance or recognition. Your amorous feelings and passions are strong and compelling at this time, and you tend to be very demanding of a lover's energy and affection. Tensions may erupt in close relationships because one of you feels that you have been giving more and not receiving enough in return, or one of you is more amorous than the other. Frustrated love desire can easily turn to anger or irritability at this time.

You are headstrong and rash at this time. Wild and daring physical activities, or just plain recklessness and impatience, can put you into dangerous situations. Your drive for freedom, independence, and absolute authority over your own life is quite strong. You tend to be very abrupt and inconsiderate of others. It's best for you not to try to cooperate or slow down your pace to suit other people too much. You need to follow your own rhythm. You are likely to actually act on some of the more unusual or "crazy" impulses you feel from time to time: you crave excitement.

Mar Sqr Asc

Irritations, conflicts with the people you relate to on a daily basis, and a generalized feeling of impatience or edginess characterize this period. Because you are not feeling very obliging or compromising, this is not a good time to try to come to an agreement with another. However, you need to get your grievances out in the open; otherwise the tension builds up to an unmanageable level.

Sun Sqr Mar

You know just what you want right now and woe to anyone or anything that gets in your way! You are much more likely to become domineering, pushy, or inconsiderate of others now, so it is a good time for you to do what you need to do by yourself rather than with others. Accidents, mistakes made in haste, or ego conflicts may occur due to your impatience and willfulness. Positively, physical energy is high and you could accomplish a great deal.

Power struggles are likely to occur in your work environment. You may become so determined to accomplish your work objectives that you are apt to arouse negative reactions from individuals in your work place. If you undertake an important project, you will work with dedication, concentration and purpose. Even if you have to deal with coercive or manipulative people, you should strive to cooperate with your co-workers for the benefit of the group or organization. Otherwise, you might have to deal with angry, jealous or spiteful behavior directed toward you. You must also be aware that your own anger may be just below the surface, and it could take just a minor incident or disagreement at work to trigger your temper. On the other hand, compromise may be essential in your personal affairs, and it can be necessary to devote more effort into balancing both career and your primary relationships.

There may be a disagreement regarding the discipline and rearing of children in the household, which further aggravates an already tense situation. This can also be a time of leaving, separating from friends, and choosing a new way.

Ven Sqr Mar

Tangles in romantic relationships are likely now. Your sexual drive is quite strong, and you may be more concerned with satisfying your own desires than in being sensitive to your partner. All interactions with people of the opposite sex are inclined to be tense right now.

Mer Sqr Jup

Your mind is on bigger issues and long-range plans. You are optimistic and enthusiastic about your ideas, but disinclined to read the fine print or study all the facts, which can result in an error in judgment. Try not to be lax about important details.

Mer Sqr MC

This is a time for you to speak out about your thoughts or concerns regarding your work or professional matters. Communication with your superiors or with people in authority who are in a position to consider and act on your ideas comes to the fore now.

Ven Sqr Moo

The craving for sweetness and comfort in the form of loving affection or food is strong now. This is a good time to baby yourself and also to spend time with the people who love and appreciate you the most. Also, you are feeling rather tender and softhearted and may do something "maternal" on impulse (such as take home a stray kitten, offer to babysit, buy a gift for your family, etc.).

Ves Sqr Sat

You may separate yourself from intimate involvements in order to pursue career and work ambitions. At this time, you may find you have committed yourself to a heavy work load which requires a great deal of responsibility and perseverance before you can achieve your goals. If you can withstand the delays and limitations in your daily work environment and make a conscientious effort to work in a constructive, patient and organized manner, you will be more equipped to manage your duties and

obligations. Contact with administrative persons or those in leadership roles may require careful handling now, as you are more likely to feel insecure and inhibited in your dealings with them. In your personal life, you may be so self-involved with work and professional challenges that you turn your attention away from loved ones and those who need you. It will be important to re-establish and redefine the emotional connections in your private and personal life.

Ves Conj Jup

An abundance of work, projects and business-related activities will keep you busy and involved during this period. Your approach to work will be enthusiastic and dedicated, and you focus your attention on accomplishing work that will bring future growth and expansion in your career. You have a greater need to seek out prominent or influential professionals who can assist you in your efforts to expand or improve upon your work or line of business. Contacts with international organizations or business travel will be especially fortunate for you now. Also, you will be setting high standards for yourself as far as work and career are concerned. You may judge yourself on how deeply committed you are to your work and, if necessary, search out new possibilities if your needs are being unfulfilled. In your personal life and intimate relationships, you rely upon your principles and faith to support your intentions at this time. You feel it essential to associate with individuals who are loyal and trustworthy to the end, while still allowing you enough freedom to explore new horizons.

*Friday, Feb 5, 2016*

Mar Trine Sat

Your concentration is excellent now and you are serious about your work. You want to focus on real accomplishment and avoid frivolity and distractions. You may fruitfully tackle difficult, disagreeable tasks or work that usually frustrates you, for your patience and ability to do painstaking work is brought out now. Self-control and self-discipline are required of you at this time but, fortunately, they yield positive results in the long run.

Ves Conj MC

Greater dedication and commitment toward your work and occupation is highlighted. If you balance this with your personal goals in life, you can achieve an enormous sense of satisfaction and higher prestige at work. This can be a time when career matters take major precedence over your personal affairs. However, no matter how strong your ambitions are there may be a price to pay in your primary relationships. Caution should be exercised if loved ones are feeling alienated and ignored. Also, a new job could begin during this period or a change of career direction is possible.

Note that the precise timing of this astrological influence is very dependent on the exact birth time, so the dates given are accurate only if your birth time is very accurate.

*Saturday, Feb 6, 2016*

Sun Sxtil Jup

Agreements, contracts, and joining your efforts with others will work out very much to your advantage now. A friend or person in authority may offer help or present an opportunity which will benefit you now or in the future. Also, you will reap rewards later for the generosity and aid you extend to others at this time.

#### Ven Oppos Sat

Conflicts between duty and pleasure, or between sober practicality and a yearning for love and emotional satisfaction, are likely now. This can be a very frustrating time, and you are likely to feel quite alone, emotionally aloof, or withdrawn.

A relationship may end or a temporary break may be made. This is a time to relinquish something or someone you once cherished but which no longer has a positive purpose in your life.

#### Ven Sqr Jup

This is a time when it is difficult to stay within a budget or on a diet, as your tendency is to splurge on beautiful things and to enjoy yourself as much as possible. You want comfort and ease and have luxurious tastes. Quality is especially important to you right now. Also, you want to share whatever good fortune you have. You need company and happy fellowship. It's a good time for a party, as long as you don't overdo it.

#### Sun Sxtil MC

Your long-range goals, life direction, or career aims come into focus now. You gain clarity or a stronger sense of purpose, which energizes your efforts to get ahead or move toward what you really want.

Recognition or support from your superiors or others who are in a position to assist you is likely now, especially if you take some initiative.

*Sunday, Feb 7, 2016*

Ven Sqr MC

The desire to socialize, to be friendly, or loved may interfere with getting work done or acting in a professional manner. Scheduling time for recreation or to attend to a relationship is a good idea now.

*Monday, Feb 8, 2016*

Ura Sqr Sat

This is a difficult time period. Many things simply refuse to go the way you planned them. Things have a way of running their own course, regardless of your plans or intentions. Disturbances, annoyances, and interruptions make it difficult for you to stick to your schedule. Life can easily become hectic and disorganized. Unexpected company may arrive at your home, or your neighbor may decide to play his stereo loudly while you are trying to relax and rest. Little things that interfere with your

efforts are very irritating to you now. For example, you may be on a diet and find yourself in a situation where you feel obligated to indulge in high-calorie foods.

One important piece of advice to help things run more smoothly is simply to allow yourself to experiment with new patterns and routines in your life at this time. This is not a good time to steadfastly pursue disciplines. Now is the time to allow yourself to temporarily break out of your familiar molds and experiment with some new ones. It won't kill you to break your deeply ingrained habits or schedules for a while; in fact, it can be quite good for you in the long run. If you stubbornly resist adapting to changes of pace and style, you will feel very tense and stressed. You need not throw out the things that are important to you, and you may be overly concerned that stability and security will never return if you let things go now, but you must have trust in your ability to break the normal routine a little, and return to a normal routine later. By loosening your grip on your habits, you can bring in new inspiration and insight. This is easier said than done, however, and during this time period you must carefully try to be flexible and adaptable, while not becoming so disorganized that you lose sight of your commitments and goals.

*Tuesday, Feb 9, 2016*

Ura Conj Jup

You are wildly optimistic and enthusiastic now! Your luck is very good too, and this further stimulates your optimism. Life seems less restrictive and limiting. Promotions, advancement, bonuses, and travel are likely during this time period. Pressures decrease; for example, important deadlines are easily met, pushed back, or canceled. You are less worried, anxious, and concerned than usual.

However, this surge of optimism, high spirits, and fortuitous circumstances does not guarantee that all of your ventures will turn out well. In fact, it is likely that you will overestimate the growth potential of the ventures that you consider at this time. You are inclined to gamble and speculate, overlooking many of the hard facts and realistic obstacles. This is an excellent time to explore new possibilities and expand your horizons. It can also be a good time to start new ventures as long as you haven't let your optimism and high spirits cloud your awareness of the practical obstacles and details at hand as well.

You are likely to spend a lot of money during this time period. You are in the mood for celebrating and it is hard for you to control yourself. There is the possibility of being driven by materialistic and egotistic desires that cause you to indulge in extravagances that you later regret. On the other hand, if you are normally very reserved, conscientious, and "tight" about spending money, then this astrological influence may loosen you up a little more, inclining you to purchase items of high quality that you will enjoy for many years to come.

Pal Trine Plu

This is a favorable time to develop your expertise in a creative, academic or career undertaking. You are exceptionally motivated to research, investigate and probe beyond the surface into matters which can bring you substantial achievements. You are quite capable of making intelligent decisions and have considerable forethought

in dealing with the possessions or resources of other individuals, joint finances, investments, taxes and large corporations. You may be privy to secret information in this regard. Because of the intense power you portray, others show support for your principles and beliefs.

The healing arts may appeal to you, especially hypnosis, psychology, past life regression or other regenerative methods of treatment.

Sun Sesqu Plu

Underlying or previously hidden aspects of a situation come to light now.

The misuse of personal power, dominating or manipulating others, and the subtle ways you try to control situations or other people are issues. The tyrant in you comes out, or you find yourself dealing with the more difficult, dark, tyrannical side in other people.

Also, this can be a time when you are forced to confront and deal with something which is no longer working - from old, outworn possessions to an unhealthy relationship or a deeply ingrained, self-defeating attitude.

*Thursday, Feb 11, 2016*

Sun Trine Mer

If you are a writer, teacher or student or are involved in any intellectual work, this is a positive time for you: ideas flow and it is easier than usual to express your thoughts. Also, this is a good time for buying, selling, negotiating, and communications of all kinds.

*Friday, Feb 12, 2016*

Mer Oppos Ven

This is a favorable time to take a short vacation or pleasure trip, especially to visit people you really enjoy. The tone of this time is light, friendly, and easy. Positive connections are made with others, and you may meet a new friend. You may also want to call or write someone you love, simply to cheer them up or tell them you love them.

Mer Sqr Ura

Flexibility, thinking on your feet, and the ability to accommodate the unexpected will be called for now. The pace is very quick. You will be pulled in many directions at once and will tend to scatter your forces, jumping from one thing to the next. Positively, you may come up with some fresh, original plan or insight that may seem crazy at first, but which is likely to be quite useful.

Mer Oppos Asc

Conversations with your partners and friends are critical now. This is a time for you

to really listen and learn from others. If there is some matter you are concerned with, now is an excellent time to consult a professional or even a good friend that can give helpful feedback. You need other people's ideas and opinions now.

Ven SSqr Nep

Dreams, wishes, and fantasies about love are strong now, and you may be infatuated with someone you meet at this time, only to be disappointed later when you discover this person does not fulfill all of your expectations. You are simply not seeing people objectively now. Your imagination is very active and creative, however, and so is your yearning for something beautiful. The artist in you emerges, and your creations please and inspire you.

*Sunday, Feb 14, 2016*

Cer Qucnx Plu

Unavoidable changes and intense conflicts can occur in your closest and cherished relationships. Family members and loved ones display compulsive emotional needs and desires, and you may be coerced or persuaded into fulfilling their demands. Or unconscious motivations, stemming from past experiences, might arise, leading you to cling to your mate, children, or parents in an unhealthy or destructive manner. It will be difficult to let go of emotional attachments at this moment, although power struggles with others may force you to confront and deal with this issue. You must learn to re-examine and release your possessive tendencies and concentrate on becoming more sympathetic and compassionate toward the people in your care and concern.

*Monday, Feb 15, 2016*

Ven Oppos Ven

Your needs for love, companionship, friendship, and sharing are very strong now, and you won't want to be alone or go off to do solitary work. In fact, you feel like relaxing and enjoying the beautiful side of life rather than laboring or concentrating on difficult tasks. A significant development in a close relationship or strong feelings of attraction to someone you encounter are very likely at this time.

Ven Sqr Ura

You are impulsively affectionate and flirtatious at this time, and you feel quite restless if you are in a stable, predictable relationship that offers little excitement. You may be highly attracted to someone new, simply because of the novelty and possibilities for adventure. Also, your friends or love partner may behave in unexpected ways. Flexibility and open-mindedness in your relationships is called for now.

Ven Oppos Asc

This is a very positive time in your marriage or closest one-to-one relationships. Your need to be together and to share loving feelings is very strong. You want to give to

your friends and loved ones and may spend generously in order to make them happy. You may also meet someone now who is very good for you.

*Tuesday, Feb 16, 2016*

Sun SSqr Moo

Tension in your home life, conflicts between work demands and personal needs, or unresolved emotional tangles are likely to arise now, necessitating adjustments and compromises on your part.

A side of you which is usually hidden or in the background is likely to emerge now, and this may be positive or negative.

*Wednesday, Feb 17, 2016*

Ves Sxtil Mer

Your work and responsibilities may engage much of your attention at this time. Keeping up-to-date on business correspondence, filing, and telephone communications is favored now. Your mind is centered on productivity and devoting yourself to doing the best job possible. You should take advantage of this opportunity to improve upon your writing and comprehension skills, as this time period may allow you to quickly process information and effectively broadcast your thoughts and ideas.

Sun Trine Ura

You have a low tolerance for boredom and following rules today and you make some creative changes and discoveries, experiment with new possibilities, or invent a new way of doing things.

You don't want to follow anybody else's lead at this time, but fortunately you are able find ways to be yourself and even be a little "crazy" without offending or upsetting others. This is a dynamic and exciting period. Take advantage of any unusual offers or opportunities.

*Thursday, Feb 18, 2016*

Mer Trine Plu

There is great depth to your conversations. You find yourself revealing secrets or very private matters, and also asking very penetrating questions of others. Superficial answers don't satisfy you now. This is an excellent time to investigate a complex problem or mystery, look for something that has been lost or hidden, and also to learn more about your own inner depths.

*Friday, Feb 19, 2016*

Mer Sesqu Mer

Intellectual disagreements or differences of opinion and viewpoints arise now. You may have to speak your mind in a way that challenges or unnerves someone else. However, your mind is very active and sharp, and your reasoning power is good, so

this is a good time to do mental work.

*Saturday, Feb 20, 2016*

Pal Sxtil Nep

Opportunities arise for you to turn your creative imagination and knowledge into tangible achievements. This would be a good time to draw, paint, write or design plans, as other people are inspired by your ideas and sensitivity. You have distinct impressions which prove remarkably accurate. Even if you feel a bit introspective or reclusive now, your instinct will direct you to bring form to your inherent talents. You also have much to offer to people who are confined or hospitalized now in the form of guidance and compassion.

Ura Conj MC

Freedom and independence are critically important to you at this time. If your job is tedious, boring, and unexciting, there is a strong possibility that you will quit your job now. Because the need for freedom and excitement is very strong, you are more willing to be innovative and daring. Interestingly, even if you do not attempt to make a change, it is likely that changes will occur anyway! You may get fired, promoted, or transferred. Unfortunately, it is difficult to predict the exact nature of the changes. What can be counted on is that changes in your career will occur during this time period and also perhaps extending several months beyond the time period specified above for this astrological influence. If your job is unexciting and uninspiring or your overall career direction is vague, then the probability of a major career change is even greater.

If you try to resist the impulse to make major changes in your career now, you will become very restless and dissatisfied with your life. With a little creative imagination and ingenuity, it is likely that you can make changes in your job and career that allow for much more creativity and freedom. If you decide to make a drastic move, like quitting your job, it is difficult to say whether you will regret the decision or not, as a great deal depends on how good your current job is and how well qualified and capable you are of developing a better alternative. This astrological influence creates the need for change and freedom, and it draws alternative situations to you. However, it does not indicate that the new alternatives are any better or worse than the previous situation.

Note that the precise timing of this astrological influence is very dependent on the exact birth time, so the dates given are accurate only if your birth time is very accurate.

*Sunday, Feb 21, 2016*

Mer Sxtil Nep

Your ability to concentrate on mundane concerns and problems diminishes now. The world of imagination, fantasy, entertainment, or art holds more attraction for you. Go to a movie with a friend (or write your own!). Also, your psychic sensitivity and intuition are heightened at this time. You are more impressionable and open, but somewhat less precise and clear mentally.

#### Pal Sxtil Mar

You have opportunities to directly apply your ideas and beliefs. A spur-of-the-moment inspiration may prove beneficial to you. You have your sights set on the here and now, so if any action is taken, it is apt to be impulsive and daring. Fortunately, luck appears to be on your side during this period, and the results of your activities should prove favorable.

In your close relationships, try to relax your restless and assertive spirit, or perhaps ask your partner to join up with you in pursuing your creative impulses. Partnerships with male associates can improve and they can provide you with sound advice and guidance.

#### Mer Sxtil Mar

You are eager to discuss your thoughts and plans with others at this time and you may have a very fruitful brainstorming session, a spirited debate, or a very active meeting with others in which things really get accomplished. You are verbally assertive and can present your own plan or idea quite convincingly.

You have a special magnetism and attractive power now, and you are feeling intensely loving also. Your relationships, particularly sexual or romantic ones, intensify and have a deep, compelling, urgent quality. Your inner feelings and needs for love and closeness emerge very strongly. Mer Sxtil Moo

You feel inclined to speak to others about your innermost feelings, your past, and other personal subjects, which builds closeness and trust in your relationships, especially with women. You are also a sympathetic listener, drawing out others' feelings and personal experiences.

You may hear from someone from the past or reach out to someone you have a long history with or who was once very important in your life.

#### Mer Trine Sun

You are very clear and perceptive now. It's a good time to make a decision or come to an agreement, negotiate, exchange your views with others, or present your case. If you are in a profession dealing with words, ideas, or communication, this is a very productive time for you. Ideas flow, and you express your thoughts well.

Cer Sqr Nep

You may feel overly dependent on loved ones at this time. The emotional support and nurturing you receive in your domestic or romantic life may be fraught with disappointment and victimization. Necessary adjustments will include a need to focus on realistic perceptions of loved ones and their abilities to adequately alleviate your emotional neediness. Lack of compassion, dissipated energy, and weakened intuition interfere with your ability to help and heal others. This is a time when insensitivity prevails in the home and there is confusion over who is to provide the security and care in order for the family unit to operate functionally. Children may appear aloof and evasive, experience mood swings, or act irresponsibly toward their duties.
