Cafe Astrology

<http://www.cafeastrology.com>

Your Daily Forecast begins on the next page. The Forecast is self-explanatory: an astrological forecast for each day is given.

You may notice that to the right of the date is a code, such as "Mer Tri Jup". This code indicates the astrological influence that is in effect on that day and is causing the astrological influence. You can ignore this code; it is printed in case you are interested in the astrological basis of the interpretation.

Most interpretations are short, about one paragraph. But occasionally there is an interpretation that is several paragraphs long. These longer interpretations are very strong and may affect you for several days before and after the date on which they occur; sometimes they are in effect for months and years.

In case you are interested in astrological theory, here is more information on how your Daily Forecast is produced: First, all of the major astrological influences on a given day are determined, and then the most significant influence is selected and printed. For example, a conjunction will be printed if one occurs, and very often an outer transiting planet influence will be printed because these influences tend to be more powerful. By selecting the more dominant influences of the day, your Daily Forecast focuses on the most powerful influences of each day so that you pay attention to those issues which are most conspicuous and relevant to you each day.

We hope you enjoy your Daily Forecast. Remember that astrology is not fatalistic. Astrological influences are real and they are powerful (we are certain of this, although of course many skeptics disagree), but you have the free will to make the best of what life serves up to you each day. We hope that your Daily Forecast will assist you in making the best possible decisions and will help you feel more confident and clear about how to best deal with the circumstances and situations you encounter.

Ven Trine Jup

Emotional well-being and contentment characterize this time period. You feel quite relaxed and carefree, and this would be a splendid time for a vacation. Laziness, self-indulgence, and expecting everything to work out well with no effort on your part are negative possibilities now. You feel very lucky and you are likely to be lax or extravagant with your money. Material benefits are, indeed, likely at this time, but beware of being overly generous or depending too much on Lady Luck.

Jun Sxtil Mer

This is a good time to share news, information and ideas with your spouse or mate. Discussions will be pleasant, open and sincere, and you feel comfortable in dealing with the everyday affairs and needs of the relationship. If you have a personal problem or dilemma, you may be able to rely upon your partner to help straighten it out. You respect your loved one's point of view, and their words of love and encouragement generate warmth and understanding between the two of you.

Sunday, Apr 29, 2018

Sun SSxt Ven

Your relationships are especially affectionate and friendly at this time, and you may benefit socially or materially through an opportunity offered to you by a friend. This is a good time for parties, social gatherings, and other pleasurable activities.

You care more passionately and respond instinctively and emotionally to whatever happens to you at this time. Also, you are energized and invigorated now and eager to be involved in projects that benefit your children, family, or home.

Tuesday, May 1, 2018

You are a peacemaker now since harmony in your environment seems more important than ever. Loving relationships, giving and receiving affection, and attracting people into your life who are good for you are very likely at this time.

Thursday, May 3, 2018

Mar Trine Plu

Getting what you really want and moving toward achieving the things which are important to you may involve surrendering something or eliminating something from your life at this time. Perhaps an attitude, a situation, or an attachment that has been impeding you is now released. You feel free to concentrate on the things that are most important to you now. Major, long-term changes can be successfully begun now - a lifestyle change or a regimen of self-improvement, for instance.

Mar Sqr Asc

Irritations, conflicts with the people you relate to on a daily basis, and a generalized feeling of impatience or edginess characterize this period. Because you are not feeling very obliging or compromising, this is not a good time to try to come to an agreement with another. However, you need to get your grievances out in the open; otherwise the tension builds up to an unmanageable level.

Friday, May 4, 2018

Ven SSqr MC

The desire to socialize, to be friendly, or loved may interfere with getting work done or acting in a professional manner. Scheduling time for recreation or to attend to a relationship is a good idea now.

Saturday, May 5, 2018

Jun Oppos Ura

A situation or dilemma in your marriage or love relationship may turn out differently than expected. Be prepared to adjust to new conditions or abrupt changes that may take place at this time. Your partner may react with sudden jealousy or interfere with plans you have made with friends, clubs, associations or groups in which you are involved. Even if you are in a stable and committed partnership, during this phase you might offer your mate only sporadic opportunities for closeness and intimate relations. You may simply be feeling too restless and rebellious to conform to your partner's wishes.

Be careful in choosing a new love interest during this period. The chase may feel exhilarating and tempting, but this relationship may prove to be unstable or unusual in some manner. during this time, and although an unconventional liaison will You might not feel like committing yourself to one person during this time and, although an unconventional liaison will appeal to you, later on you may have a rude awakening.

Sunday, May 6, 2018

Pal Sxtil Sat

You have opportunities to receive rewards for your past achievements, as your

creative, artistic or career projects receive recognition. You have the knowledge and ability to make wise decisions regarding business responsibilities and current trends. This is a period when you take your work or talents seriously and concentrate on the more detailed and practical aspects of your projects.

Older and experienced people are likely to be of assistance to you in accomplishing your goals. They may assume a role of mentor or advisor toward you, thus inspiring your creative imagination.

Mer Conj Sat

You have a very realistic and no-nonsense attitude at this time and are rather critical, skeptical, or at the very least, cautious about new ideas. Deep, quiet study and solitary reflection is favored. You are more taciturn and uncommunicative than usual and don't feel very social. If you are with others, you are likely to turn the discussions into something heavy and serious. Frivolity holds no appeal for you now.

Monday, May 7, 2018

Ven Sesqu Mer

Your thoughts turn to love and this is a favorable time to bring out any concerns you have in your personal relationships. Agreements and cooperation can be achieved easily now. You readily discuss your personal needs and desires. Also, you are more aware of beauty and may want to rearrange your decor or buy something to beautify your surroundings.

Tuesday, May 8, 2018

Mer Trine Moo

It is easy for you to talk about your feelings now and also to listen sensitively to not only what others are saying but also what they are feeling. This is an excellent time to discuss your feelings and clear the air of any grievances you may be holding on to from the past. Your communication with women is especially good at this time.

Mer Sxtil Sun

This is a busy time; communicating and getting in touch with others is very likely. Numerous phone calls, letters, meetings, errands, or discussions bring you into contact with others. This is a good time to brainstorm with others, share ideas, and come to a group consensus.

Jun Oppos Jup

Minor problems with a romantic partner or spouse can escalate during this period. There may be certain issues in your relationship which become excessively irritating to you or your mate. For example, you or your companion may have difficulty keeping promises just now or have unrealistic expectations of each other. There is a possibility that one of you will exaggerate the truth or blame the other for a specific problem in the relationship. During this period, you can fluctuate between abundant exhibits of love and then a scarcity of affection between the two of you. It will seem that one of you is always on the go or restless and seeking bigger and brighter things to do outside the relationship.

Wednesday, May 9, 2018

Mar Oppos MC

This is a low point as far as getting ahead or achieving anything in the world is concerned. For now, your energy needs to go into your personal life, home, and family matters. Stress which has been building up both at work and in your family relationships needs to be released now. Try to work out or find ways to express yourself physically, like working in the yard or playing sports; otherwise, you are prone to becoming pugnacious with the people you are closest to.

Mer Oppos Asc

Conversations with your partners and friends are critical now. This is a time for you to really listen and learn from others. If there is some matter you are concerned with, now is an excellent time to consult a professional or even a good friend that can give helpful feedback. You need other people's ideas and opinions now.

Pal Oppos Moo

You encounter confrontations with the women in your life. They may appear especially sensitive, moody, or apprehensive toward you. Your emotional expression and your instinctive reactions are not operating clearly, and you might find yourself embroiled in heated debates in which you stand in defense of your own viewpoints. Creative and inventive abilities are suppressed in this highly emotional environment. You tend to put your talents on hold now for the sake of trying to instill peace in your partnerships. Clearly, this is not a time to further your inner goals as you meet with resistance and obstacles.

Pal Trine Sun

This is a favorable period for success in all your creative and imaginative pursuits. You receive cooperation through your association with others in business, relationships, and professional partnerships. This is a fertile time for artistic endeavors and inventive creations. Your innate talents rise to the surface and you feel comfortable in expressing them to the world. You can experience contentment and positive relations in your romantic life and benefit from the joint activities you share with others.

Thursday, May 10, 2018

Sun Sesqu Jup

You are optimistic and possibly extravagant now. You are less cautious than usual, feeling that nothing can possibly go wrong. If you are inclined to overindulge, overspend, or go to excesses in any manner, this tendency is exaggerated at this time.

However, you also aim higher than usual and a very promising opportunity or contact can also occur.

Friday, May 11, 2018

Mer Sqr MC

This is a time for you to speak out about your thoughts or concerns regarding your work or professional matters. Communication with your superiors or with people in authority who are in a position to consider and act on your ideas comes to the fore now.

Ven Sxtil Sat

You are feeling sober and realistic about love at this time, and are interested in being with people you respect and can depend upon - your oldest, true-blue friends. Also, reaching out to an older relative or another mature, experienced person can mean a lot to you and be mutually beneficial now.

Pal Sqr Plu

It requires great determination and effort on your part to bring your artistic, creative and intellectual potential into actuality. Circumstances beyond your control tend to discourage you from achieving your goals and interfere with your ability to persuade others to approve of your intentions and goals. Concerns over investments, insurance, taxes and inheritances may involve thorough evaluation and research or they can cause setbacks to your progress. You can become distressed or bothered by your own or someone else's compulsive or obsessive thinking.

It is advisable not to make any drastic changes in your joint endeavors with other individuals, as confrontations and power struggles will likely surface.

Saturday, May 12, 2018

Pal Trine Asc

You are comfortable and at ease in displaying your creativity and skills in career endeavors and one-on-one relationships. New and inspiring experiences bring you greater understanding and awareness of all that you can offer to the world. Other people can sense that your desires and ideas are based on fairness and equality, and they offer you opportunities to express yourself.

Healing techniques that enhance the mind and the physical body are favorable. You enjoy pleasant and relaxing surroundings, and your relationships are cooperative and rewarding to you.

Note that the precise timing of this astrological influence is very dependent on the exact birth time, so the dates given are accurate only if your birth time is very accurate.

Mar Sxtil Nep

This is not a period when you feel like pushing your own interests or one in which you are especially energetic. Other people's concerns and needs receive more attention from you now, and you are more motivated to do something which serves others, perhaps a group you are affiliated with. Cooperating with others for some idealistic purpose is very satisfying for you at this time.

Sunday, May 13, 2018

Mer Sqr Mer

Intellectual disagreements or differences of opinion and viewpoints arise now. You may have to speak your mind in a way that challenges or unnerves someone else. However, your mind is very active and sharp, and your reasoning power is good, so this is a good time to do mental work.

Ven Oppos Moo

Your feelings, friends, and female relatives figure prominently in your life now. You realize how much you appreciate and need their love and support, and you are particularly affectionate now. You may also initiate a relationship in which you take care of, support, and "baby" someone else.

Ven Trine Sun

Relaxation, enjoyment, and pleasure are emphasized now. This is not a time to push yourself or to be involved in activities that require intense competition or a great expenditure of energy. Cooperative, harmonious personal and professional relationships are more important to you at this time. You feel like socializing and being friendly.

Sun Sqr Sun

You may feel temporarily blocked now. Resistance and challenges from others or from outside situations suggest that this is not a good time to try to force your will and desires upon the world, as friction is the only likely result. Relations with men can be especially tense.

Monday, May 14, 2018

Sun Oppos Mar

You are contentious, argumentative, and impatient now. Disagreements erupt because you aren't willing to overlook minor irritations as readily as usual. Confrontations with others may be fruitful if you don't allow your anger to get out of control. You are highly competitive at this time.

Ven Sqr Plu

Hidden passions, fears, jealousies, longings, desires, or needs surface in you now and can stir up trouble in your closest relationships. You are prone to be compulsive or demanding in a close relationship, to be emotionally driven and to force things to a head in some emotionally-laden situation. Positively, a relationship can be deepened and reborn now, given new life by your willingness to reveal yourself completely to your loved one.

Ven Trine Asc

At this time you are inclined to invest your time and money into making your environment more beautiful and comfortable. You may also wish to enhance your personal appearance in some way, such as getting a new hair style or purchasing clothing, cosmetics, and the like. Social gatherings are also very positive for you

now.

Tuesday, May 15, 2018

Sun Trine Plu

This is an excellent time to eliminate whatever is unnecessary and outworn in your life from clutter and disorder in your environment to an unhealthy relationship or even a long-held attitude or belief which keeps you from going after what you really want in life.

You are also more perceptive than usual. You see other people's true colors more clearly and you may discover a secret or the hidden aspect of some situation.

Something lost, hidden, or forgotten may come to light.

Wednesday, May 16, 2018

Ven SSxt MC

Meeting people that can benefit your career, getting together with colleagues, or getting to know your superiors on a more personal, friendly basis is quite likely at this time. Take advantage of all opportunities to socialize with the people you have professional ties with for the outcome is likely to be quite positive.

Thursday, May 17, 2018

Mar Conj Mer

This is not the best time to schedule any activity that calls for tact, diplomacy, or caution, as you are inclined to be extremely straightforward, direct, and to the point in all of your interactions. You say exactly what you think, and in fact are even inclined to be verbally aggressive, pushy, or perhaps sarcastic. Your mind is very sharp now, so this is a good time to "attack" intellectual or mental work.

Jun Conj Ven

If you are already in a committed relationship, then this period may bring harmony and equilibrium to your union. The need to share with, relate to, and connect with your partner will be quite strong. This is a time when you can express your true sentiments to your mate and receive affectionate warmth and a loving response. If you are considering marriage or living with your partner, the urge to do so is heightened at this time.

If you are single and unattached, this may be a time when you fall deeply in love with another person and begin a very significant relationship, based on love, trust, and a desire for togetherness.

Sun Sxtil MC

Your long-range goals, life direction, or career aims come into focus now. You gain clarity or a stronger sense of purpose, which energizes your efforts to get ahead or move toward what you really want.

Recognition or support from your superiors or others who are in a position to assist

you is likely now, especially if you take some initiative.

Friday, May 18, 2018

Plu Sqr Sat

New obstacles arise and increasing responsibilities make it difficult for you to expand and grow. New obligations are likely to arise both in your personal life and your work. You may find that a family member develops a physical or psychological problem, and you are the best person to assist. Problems with your car and other mechanical devices may also arise. Even if no new problems and responsibilities arise, you will find that you cannot open new doors now. If you have been hoping for a promotion, salary increase, better employment, a new home, a long vacation, or other release from the daily chores and limitations of your current life, you are likely to be disappointed. Expansion is very difficult at this time. This is the time to focus on basics; you must take care of the things in your immediate environment that now need attention. If your car breaks down, you most certainly will need to have it fixed. If a family member needs your assistance, you may make excuses and try to avoid the responsibility. Do not try to run away from your responsibilities.

Unfortunately, the outer problems that you face are not likely to be easier than the inner turmoil and confusion that arises! Deeply rooted anxieties and fears surface now. Feelings of inadequacy, guilt, and regret are very likely. Your faith in yourself is tested. If you feel that you have been insincere or vain about something, or that you have made poor decisions, then you must have the inner strength to recognize these problems and start fresh. Avoid the tendency to wallow in feelings of despair and hopelessness.

The difficulties you face now are likely to make you question the entire direction of your life. You will wonder whether the time and effort that you put into your interests is really worth it. You may also feel that your personal responsibilities are making it impossible for you to pursue your career goals, and you may wonder whether to give up your goals. Do not run away from your responsibilities. On the other hand, do not become so disappointed that you give up on your ambitions; you simply must meet these obligations, and at a later time you will be able to pursue your goals with greater freedom.

A good way to prepare for this time period is to make your life as stable and secure as possible. For example, by having all debts and loans paid off, you are less vulnerable if your income decreases. If you are employed in a position that provides a high level of job security (for example, many government jobs are very stable and secure), then it is probably best to stay in this position rather than switch to employment that involves great risk.

Although this time period is difficult and challenging, it does point out to you what things are really important to you. For example, many people discover that they have placed too much importance on material possessions or their personal ambitions, and realize that their personal relationships, family, and health are far more important. Superficialities and distractions are cut out of your life, and you are faced with dealing with the basics. You can now build your life on a stronger, more sincere, more mature foundation. If something dear to you is threatened (your health, a personal relationship, etc.), then you can now focus attention on this neglected part of your life. Note also that failings and problems may arise in areas

that you have not obviously been neglecting, due to the deep karmic energies that are at work now; you may even find yourself saying that "it isn't fair" that you face certain problems now. Whether it is fair or not, you must do your best to improve them!

Saturday, May 19, 2018

Sun Oppos Nep

Your defenses are weaker than usual now and you are inclined to passively withdraw or give in to other people rather than act decisively and strongly in your own behalf. Confusion, vagueness, or misrepresentation can occur in your relationships, so beware of making commitments at this time. You're likely to see things much more clearly and realistically later on.

Sunday, May 20, 2018

Moo Sesqu Moo

You're more moody, oversensitive, or touchy than usual, and your irritability is apt to provoke discord in your immediate environment. Relations with parents, children, or other close associates are tense.

Monday, May 21, 2018

Sun Trine Mer

If you are a writer, teacher or student or are involved in any intellectual work, this is a positive time for you: ideas flow and it is easier than usual to express your thoughts. Also, this is a good time for buying, selling, negotiating, and communications of all kinds.

Tuesday, May 22, 2018

Ven Sqr Ura

You are impulsively affectionate and flirtatious at this time, and you feel quite restless if you are in a stable, predictable relationship that offers little excitement. You may be highly attracted to someone new, simply because of the novelty and possibilities for adventure. Also, your friends or love partner may behave in unexpected ways. Flexibility and open-mindedness in your relationships is called for now.

Wednesday, May 23, 2018

Ven Sqr Jup

This is a time when it is difficult to stay within a budget or on a diet, as your tendency is to splurge on beautiful things and to enjoy yourself as much as possible. You want comfort and ease and have luxurious tastes. Quality is especially important to you right now. Also, you want to share whatever good fortune you have. You need company and happy fellowship. It's a good time for a party, as long as you don't overdo it.

Ura Sqr Mer

Fresh, exciting ideas appeal to you now and you find it extremely difficult to keep

your attention on subject matter or work that you have already mastered. You want to try something new.

For example, a school teacher at this time will refuse to teach the subject material in the same manner that he/she has during the last few years. You feel the need to make changes and inject something original, even if it means experimenting with untried methods. It is likely that you will sporadically feel the urge so strongly that you spontaneously interject new material and dispense with your lesson plan. However, the school principal may not appreciate your innovation! Your impatience to experiment with new ideas and methods can get you in trouble.

You are very inclined to make rash decisions. With little forethought, you will suddenly decide to do something. Your patience is low and your reflexes are fast. This can cause accidents, for example, for you may impulsively decide to turn a corner or pull out into a busy street with less caution than you usually would. Because the impatient, spontaneous, innovative quality of this astrological influence bursts forth in short spurts, you often surprise even yourself by your quick decisions and reactions to situations. Watch what you say as well; you will find that the words are sometimes out of your mouth so quickly that you haven't thought about what you are saying ahead of time, and consequently you are much more frank, direct, and tactless than you want to be!

Major business decisions or career decisions are usually poor now. You are too excited and impatient and unwilling to recognize the many practical obstacles that your innovative ideas and impatient optimism must face in order to succeed. This is a good time to experiment with new options, explore alternatives, and investigate new ideas, methods, and options of all kinds. Making commitments or major investments now, however, is very risky.

Thursday, May 24, 2018

Sun Trine Ura

You have a low tolerance for boredom and following rules today and you make some creative changes and discoveries, experiment with new possibilities, or invent a new way of doing things.

You don't want to follow anybody else's lead at this time, but fortunately you are able find ways to be yourself and even be a little "crazy" without offending or upsetting others. This is a dynamic and exciting period. Take advantage of any unusual offers or opportunities.

Friday, May 25, 2018

Mar Trine Ura

Increased physical courage and a strong sense of adventure combine to make this a very interesting time. You need to do something innovative, daring, unusual, liberating, exciting, and challenging. You are inclined to act on some of the wilder impulses and desires you feel from time to time. You crave stimulation. If you have an inventive streak, you could make a startling discovery or breakthrough now.

Saturday, May 26, 2018

Sun Trine Jup

This is a good time for relaxing recreation, a time to refresh and rejuvenate yourself and do the things you most enjoy doing. Good humor and optimism prevail now, and you are able to get a larger perspective on your life. This is also a good time to approach someone who is in a position to benefit you spiritually, intellectually, or materially.

Mer Sqr Sun

There is much activity; you move rapidly from one thing to another and a hectic, somewhat stressful pace is likely. Many errands, phone calls, letters which require a response, and other "busywork" is on the agenda. A minor but rather tense confrontation is likely.

Mer Oppos Mar

You are very impulsive and restless now and you are likely to act or speak too quickly without sufficient forethought or concern for the consequences. You tend to be verbally aggressive, starting fights with people who don't agree with you or who simply get in your way. Positively, you are very sharp and clear mentally at this time and can attack problems and tasks with great vigor.

Ves Sqr Ura

Unforeseen situations may suddenly bring changes or disturb your work or professional duties. Greater responsibility or working unusual or long hours is possible, especially if you are involved in the process of the planning, organization and restructuring of your place of employment. It may be best to work alone at this time, distancing yourself from chaotic conditions in order to concentrate on original and inventive ways to handle problems and target new and purposeful solutions. You may feel an urgent need to move ahead and in the process will discard work which is not functional or useful to your future directions and goals. On the other hand, this period can bring about zealous involvement with humanitarian or social organizations. Whether you are focused on a special cause or a work project, you should avoid alienating loved ones and important people in your personal life at this time.

Ven Sqr Ven

What occurs now makes you more aware of what you need, feel, and want in your relationships. If you are unhappy in your personal life, this is brought out now, and you'll need to face what is causing your dissatisfaction. Differences in personal style, tastes, and ways of expressing affection may emerge. You also feel amorous and loving and, if your personal life is going well, this is a time to really enjoy and appreciate it.

Sunday, May 27, 2018

Mer Trine Plu

There is great depth to your conversations. You find yourself revealing secrets or very private matters, and also asking very penetrating questions of others. Superficial answers don't satisfy you now. This is an excellent time to investigate a

complex problem or mystery, look for something that has been lost or hidden, and also to learn more about your own inner depths.

Pal Sqr Ura

This is an unfavorable period to explore new aspirations or aims in your work or leisure activities. You have trouble keeping track of your fast-paced thoughts and ideas, wasting your energy on unattainable goals. Your progressive and intuitive beliefs or viewpoints draw criticism from friends and associates in your social environment. You may suddenly decide to relinquish ties to a club, group, organization, or outgrown friendship during this period. It is best to curb your tendency toward impulsive actions.

Monday, May 28, 2018

Mer Sxtil MC

Making decisions or long-range plans is favored now. Your judgment is sound. Making worthwhile professional contacts, reaching out to others who can help you in your work, and taking care of business in an orderly, clear way are also likely.

Tuesday, May 29, 2018

Mer Oppos Nep

This is one of the least favorable times to make a decision or sign a contract, as your communication with others is likely to be fraught with misunderstanding or even outright deception. Your thinking is rather fuzzy now and you are more gullible or swayed by feelings, images, and ideals rather than seeing situations and people as they are. Your imagination is very active at this time.

Mer Trine Mer

Conversations and sharing plans and ideas with others are very fruitful now. You understand what others are telling you, and you make yourself clearly understood also. This is a favorable time for getting your message across to others via writing, speaking, or advertising.

Wednesday, May 30, 2018

Pal Sqr Jup

This is not a favorable period for handling legal affairs or transactions with professionals and persons in authority. There will be complications and entanglements requiring you to apply sound judgment and rational thinking in managing these affairs. Others may not be straightforward and honest in your associations with them. For example, you may be overworked at your job, because your boss or superior has higher than usual expectations of your abilities. You take on the additional pressures without the assurance of a promotion or higher position in the organization and therefore you are in a dilemma over whether or not you are being exploited or manipulated. You must use this period to tap into your own inner guidance and wisdom to steer you toward success.

Sun Sxtil Ven

Your relationships are especially affectionate and friendly at this time, and you may benefit socially or materially through an opportunity offered to you by a friend. This is a good time for parties, social gatherings, and other pleasurable activities.

Thursday, May 31, 2018

Mar Trine Jup

At this time you will want to branch out; you have the energy to do more and take on more challenges. This is a very good time to begin implementing the plans and promises that you have made to yourself, as any new endeavor is likely to succeed. A new health regimen, actions taken to advance professionally, or anything you do to move toward achieving a cherished goal or ideal goes well now.

Mer Trine Ura

You experience sudden insights, make discoveries, come up with fresh solutions to old problems, and seek alternatives to the usual routine way of doing things. Your mental processes are speeded up and you move more quickly now. Try to make room for a lot of spontaneity and flexibility in your schedule at this time.

Friday, Jun 1, 2018

Mer Trine Jup

This is a good time to travel, especially to places you've never experienced before, where you will be exposed to new ideas and different ways of looking at the world. Studying new concepts is also favored; your ability to understand abstract ideas and your desire to grow intellectually is strong now. Anything that broadens your world appeals to you at this time. You are interested in the big picture and have less attention and interest in details.

Saturday, Jun 2, 2018

Mer Sxtil Ven

There is a friendly, cooperative, harmonious tone to the interactions you have now. It is a good time for social activities and for getting in touch with friends. You avoid heavy discussions and do not want to focus on dry, practical matters. Reading light fiction, going out to see a romantic comedy, or simply sharing a pleasant time with someone you like is more in tune with your feelings now.

Sunday, Jun 3, 2018

Mer Sesqu Asc

You will be alert and on your toes now. The pace is likely to be fast, even hectic. You are restless and eager to meet others halfway, to converse, exchange information, and make connections. Nervousness or irritability due to aggravations and the stress of increased demands at work is possible.

Cer Trine Sat

This is a good time to develop your skills or further your education in the healing professions such as counseling, nursing, or medicine or in a government field. You

have a strength of purpose in your abilities to provide love and care for others and to use sound judgment in your dealings with them. Business trends are favorable and you may be selected to take on an additional role in your career. Your home life increases in enjoyment and there may be the possibility of responsibilities being lifted as another person in the family assumes your tasks. A parent or child or mate may supply your needs with sincere concern and caring.

There may be a setback in your career or creative pursuits during this period. Your partner or associates fail to appreciate the great effort and strides you have made in trying to accomplish your goals and objectives. You may become discouraged by your inability to overcome the obstacles, which can cause a mental or creative block.

In your personal affairs, you may have difficulty in making romantic connections with potential or present partners. Your relations take on a more platonic status, even though you struggle to connect on a more intimate and emotional level.

Ven Sqr Sat

Withdrawing from emotional social contact is favored now, for even when you are with others you are likely to feel separate and alone. Sadness and disappointments in your personal life are also probable now. Inadequacies and flaws in your friends or lovers are particularly bothersome to you now, and you may feel that you have nearly exhausted your patience for dealing with these problems. It is a time to be quiet and to look objectively at how your relationships are going. Though not a pleasurable time, this can be a fruitful period in which to learn more about love and what you truly value.

Ven Qucnx Moo

You may not feel very social, but friends or social commitments pull you away from home. Alternately, you may want to go out and enjoy some time with your friends or do some light socializing, but you are needed more at home right now. There is an uneasy balance between your loyalty to your family versus your friends or other pleasurable interests. It is an either/or situation and probably something has to be sacrificed temporarily.

Ven Trine Mar

You feel quite amorous and affectionate now and will very much want to share this time with someone you love or at least with congenial company. Your creative or artistic inclinations are also stimulated, and your work in these areas will be especially satisfying and successful at this time.

Mer Sxtil Sat

Your mind is serious and you are able to concentrate on work that requires patience,

attention to detail, and precision. Practical concerns dominate. It is a good time to learn practical skills, do your taxes, organize your files, and take care of business. You'll want to avoid light social conversation or trivialities that distract you from your work.

Ven Sxtil Plu

Your feelings for friends and your emotional responses to life in general are deeper and more intense. The need to share, to give and receive love, and to be accepted and wanted is very strong. You have an opportunity now to see what keeps you from being really close to others - perhaps a forgotten hurt or hidden resentment - and to rid yourself of it by bringing it out in the open or simply releasing it.

Saturday, Jun 9, 2018

Ven Sqr Asc

You are a peacemaker now since harmony in your environment seems more important than ever. Loving relationships, giving and receiving affection, and attracting people into your life who are good for you are very likely at this time.

Mer Oppos Moo

At this time you have important discussions with women and with people you are (or once were) very close to. You may wish to visit, write, or make a telephone call to someone from your past. Connecting with your roots is the theme now, with an emphasis on seeing the past objectively. Memories and old feelings surface very clearly now.

Mer Trine Sun

You are very clear and perceptive now. It's a good time to make a decision or come to an agreement, negotiate, exchange your views with others, or present your case. If you are in a profession dealing with words, ideas, or communication, this is a very productive time for you. Ideas flow, and you express your thoughts well.

Mer Sqr Plu

It is impossible for you to be content with superficial answers now, and you are impatient with people who avoid looking candidly and honestly at root causes and hidden reasons for any problem or situation. You tend to force your views on other people now. Also, you can become obsessed with an idea or problem until you have figured it out.

Sunday, Jun 10, 2018

Communications are excellent now. You come across clearly and present yourself articulately. Public speaking, interviews, and other transactions with the public are favored. Conversations you have at this time go smoothly, and an agreement can be reached.

Cer Trine Moo

It is easy at this time for you to strengthen emotional bonds with your loved ones. Your sympathetic and compassionate nature is awakened and enhanced. Since your desire to protect and care for your loved ones makes you feel content, people around you will feel secure in your presence. Family members may flourish in all endeavors through the happiness they feel in the home environment. You will take pride in the role of caretaker, provider, and protector of those you love.

Careers in the social services profession, nursing, or in an educational field will benefit greatly during this transit.

Cer Oppos Sun

Family matters need your attention at this time. If you have been overindulging in your own personal desires and neglecting your family responsibilities, you will have to put your concern back into your home life. Everyone's needs and personal interests outshine your own, and there may be conflicts and disputes which you need to help resolve. You may have to "lay down the law" as far as rules, structure, and discipline for your children or others in your care. There is also a need to balance the possessive and protective concern you show for others with an appreciation for their own autonomy. On the other hand, this can represent a time when your spouse's job or re-emergence into the workforce interferes with your position of power and authority on your home terrain.

In addition, your lover, spouse, or children might place too many demands upon you, resulting in a shortage of personal time to develop your own ambitions. Only through awareness of the need to share, cooperate, and compromise with others can these issues be brought to a reasonable solution.

Your personal charm and attractiveness has a positive effect on your career, reputation, or public image. People see you as a loving and lovable person and as someone who is aware of their needs and feelings, which can benefit you at this time. Others are willing to help and cooperate with your aims. Your interest in the arts or in promoting harmony and good will between people is brought out at this time.

Jun Conj Sat

You can count on the support of your mate or spouse in pursuing personal or career ambitions at this time. You and your partner can work effectively on meeting the goals and expectations in your relationship as well as in the public domain. Commitment to each other is quite strong and enduring. However, too much seriousness or concern over long-term plans for the partnership or professional interests may cause a problem in your personal relations with one another. If the relationship is going through a difficult time, this period may help bond you together despite your differences. You want the world to view your marriage or partnership as respectful, established and secure.

If you are not in a relationship now, you may meet someone who is responsible,

practical and reliable. A possible May/December romance may begin at this time.

Sun Sxtil Sat

Your ability to concentrate and focus on your work is very good now. This is a time to attend to details, take care of practical business, and to make your life more stable and secure. It would be beneficial to consult advisors on investments and long-range plans and to put your affairs in order. Eliminating waste and inefficiency is important to you now.

Cer Sqr Mar

This is a time to put your efforts into balancing family and career demands. Your desire to perform tasks and conquer challenges in your work or career is conflicting with your play and leisure requirements. Many family obligations may need to be met in the home arena, where loved ones may display excessive neediness which puts a strain on your energy level and vitality. You may be experiencing a stressful and busy time in your career, only to find yourself devoting less time to your family and personal needs. You must develop appropriate cycles for periods of work and leisure activities. If you can squeeze out some time for personal gratification, an exercise regime or an aerobics class would help provide you with an outlet to release built-up tensions in a constructive manner.

Mer Sqr Ura

Flexibility, thinking on your feet, and the ability to accommodate the unexpected will be called for now. The pace is very quick. You will be pulled in many directions at once and will tend to scatter your forces, jumping from one thing to the next. Positively, you may come up with some fresh, original plan or insight that may seem crazy at first, but which is likely to be quite useful.

Cer Sxtil Asc

This time can be spent sharing and participating in family activities or in pursuing creative endeavors. You feel a bit more energy and vitality in your domestic relationships. This may be because you give them with your undivided attention and show concern for the interests of others. You want everyone in your family circle to reap the benefits of good health, sound nutrition, and security. It is easier for you to take care of others now and provide them with assurance of your reliability. This is an excellent time for involvement with children, as they sense your confidence and therefore feel more secure and protected in your care.

Underlying or previously hidden aspects of a situation come to light now.

The misuse of personal power, dominating or manipulating others, and the subtle ways you try to control situations or other people are issues. The tyrant in you comes out, or you find yourself dealing with the more difficult, dark, tyrannical side in other people.

Also, this can be a time when you are forced to confront and deal with something which is no longer working - from old, outworn possessions to an unhealthy relationship or a deeply ingrained, self-defeating attitude.

Sun Trine Asc

You are in harmony with the people in your immediate environment. There is a sense of ease and of flowing with, rather than fighting against or resisting, what is going on around you. Therefore, you have more energy and more fun at this time.

Now is a good time to make a presentation, go for an interview, or meet the public in

some way; the response is positive.

This period brings about pleasant feelings between you and your mate. Your relationship will be emotionally satisfying to you, and there will be opportunities to grow closer to each other through expressing your deepest inner feelings. Although there is a protective quality about the relationship now, you can rely upon your partner to be trustworthy, devoted and appreciative toward you. You are attracted to the more traditional, committed style of companionship and may prefer to spend time with your mate in a secure and comfortable domestic environment.

Jun Sxtil Sun

Personal relationships should take on new depths at this time. Being available to your partner and feeling totally natural in their presence promises you a comfortable relationship now. There will be mutual recognition of each other's worth and integrity and you will not have to change your personality to suit your mate's desires. There is more tolerance, honesty and faith in your relationship, leading to opportunities for greater commitment and pledges of love for each other. Pleasures, entertainment, and social activities shared with loved ones are highly favorable.

Ven Sxtil Ura

This is a time for getting a little loose and wild with friends, going dancing, or doing something out of the ordinary that is stimulating and fun. Both friendship and material benefits may well come to you at this time. You feel very sociable and gregarious and seek conviviality, especially with people who really know how to have a good time. Charitable and philanthropic impulses are stronger now, also, and should be followed with positive action on your part.

Tuesday, Jun 19, 2018

Jun Oppos Asc

You will want to express your most favorable side to your mate or marriage partner. You are more apt to seek romantic and domestic security and encourage more

cooperation and equality in the relationship. The behavior and actions of your mate or spouse may influence your own personal affairs, and you find yourself acting out a role which suits your partner's image. You should be especially careful not to let your mate take advantage of your good nature and sensitivity.

If at the present time you are unmarried or unattached, this period may bring a new love relationship which has a sense of commitment and devotion from the very start or provides you with new views on marriage and relationships.

The craving for sweetness and comfort in the form of loving affection or food is strong now. This is a good time to baby yourself and also to spend time with the people who love and appreciate you the most. Thursday, Jun 21, 2018

Ven Trine Ven

Contentment, emotional well-being, and harmony prevail in your personal relationships. At this time you relax and indulge in your pleasure-loving side. Unless other astrological indications override this influence, you are unlikely to be forceful and try to make things happen, but instead are inclined to flow along with people and situations, attracting what you need and letting the world come to you.

Friday, Jun 22, 2018

Your thinking is rather gloomy and pessimistic at this time. You see the superficiality, the flaws, and the foolishness or impracticality in others' plans. Also, communicating with others is difficult now, and people resist what you are saying. You feel more inhibited and uncommunicative, and you sense that others are not receptive. Frustrating conversations and the feeling that you are coming across negatively are possible now, so you are inclined simply to keep your thoughts to yourself.

Sunday, Jun 24, 2018

Cer Sqr Nep

You may feel overly dependent on loved ones at this time. The emotional support

and nurturing you receive in your domestic or romantic life may be fraught with disappointment and victimization. Necessary adjustments will include a need to focus on realistic perceptions of loved ones and their abilities to adequately alleviate your emotional neediness. Lack of compassion, dissipated energy, and weakened intuition interfere with your ability to help and heal others. This is a time when insensitivity prevails in the home and there is confusion over who is to provide the security and care in order for the family unit to operate functionally. Children may appear aloof and evasive, experience mood swings, or act irresponsibly toward their duties.

Sun Sqr Ura

Your usual routine is likely to be disrupted now, either by "freak" accidents beyond your control or by your own impatience with the status quo. Sudden unexpected events and breaking free of confining situations and relationships are very likely.

Monday, Jun 25, 2018

Mer Trine Mar

This is a good time to assert your own needs and desires, to communicate to others what you really want. You are sharp, clear, decisive, and articulate. You can't stand being idle now; you are ready for challenging, intellectual activities and attacking difficult problems on the job.

Jun Sqr MC

Your partner may be feeling that your career directives have temporarily pulled you away from the relationship. You may have limited time to nurture your loved one, due to obligations in your professional life. This can lead to tensions and difficult problems in your personal world or marriage. On the other hand, if you are effectively balancing your career and personal relationship, your partner might be the individual who is experiencing difficulties in this area. There will need to be some compromise, possibly with more focus on the inner needs of your relationship and less attention on the outer world during this phase.

Note that the precise timing of this astrological influence is very dependent on the exact birth time, so the dates given are accurate only if your birth time is very accurate.

Mer Sxtil Plu

You are fascinated by the mysterious now. An interest in psychology or other peoples' secrets comes to the fore. You enjoy spy, mystery, and supernatural stories.

Mer Sqr Asc

You will be alert and on your toes now. The pace is likely to be fast, even hectic. You are restless and eager to meet others halfway, to converse, exchange information, and make connections. Nervousness or irritability due to aggravations and the stress of increased demands at work is possible.

Tuesday, Jun 26, 2018

Pal Sqr Sat

You want to avoid dull and tedious assignments during this period. Work duties or business meetings can be tiresome and disappointing to you. You need to organize your thoughts and improve your concentration skills to achieve the results of your planning. Even though you might be feeling pessimistic or inhibited, you can break this cycle by assuming your responsibilities and attacking detailed or routine work with more energy and enthusiasm. This will ensure that you keep your mind engaged in productive activities.

A parent or older person may be experiencing problems or difficulties and you may be called upon to advise or guide them through the situation.

Sun Sqr Jup

You are optimistic and possibly extravagant now. You are less cautious than usual, feeling that nothing can possibly go wrong. If you are inclined to overindulge, overspend, or go to excesses in any manner, this tendency is exaggerated at this time.

However, you also aim higher than usual and a very promising opportunity or contact can also occur.

Wednesday, Jun 27, 2018

At this time you are objective and can make some clear decisions about where you are headed or what the next step to achieve your important personal goals should be. Your judgment is sound at this time. You may have an important professional conference or a conversation about your career. Mer Trine Nep

You are inspired creatively, artistically, or spiritually at this time. Your imagination, intuition, and psychic sensitivity are high now, and you find yourself wanting to paint or listen to music, daydream, or fantasize rather than concentrate on practical matters.

Thursday, Jun 28, 2018

Mer Oppos Mer

Exchanging information, ideas, and opinions plays an important role in your life now. A significant conversation with someone who has a very different attitude or

Your desire for love and affection, as well as beauty and pleasure, is strong now and you act on feelings and creative impulses more readily than usual. If you are an artist, inventor, teacher or in some other creative field, this can signify a period when your accomplishments prove advantageous for you. It is easier to receive assistance from those in authority or your superiors. There may be a male acquaintance who is especially helpful to you during this period.

In a close relationship or marriage, you feel comfortable expressing your aggressive or assertive drives to your partner. Your mate understands your urge to "lead" and responds instinctively to your desires.

Sunday, Jul 1, 2018

Mer Sxtil Ura

You will want a break from the predictability of your usual routine and methods. You're in the mood to experiment and to learn something new. Offbeat or original ideas excite you and you will seek people who can offer you a different way of looking at things. Discovery, inventiveness, and spontaneity are major themes now.

Ven Trine Sat

This is an excellent time to make decisions about your financial affairs, as your judgment is sound and reliable, though a bit conservative. Investing in beautiful things which are likely to increase in value over time (such as jewelry or fine art) is favored. You are not interested in fleeting excitement or frivolity now. Spending "quality time" with an old and trusted friend or enjoying the company of an experienced, mature person who has much of substance to give you will make you happy.

Monday, Jul 2, 2018

Jun Sqr Mer

A great amount of understanding is required now in your marriage or close love relationship. Discussions are not as congenial and are apt to be filled with misunderstandings. Either you or your partner may feel nervous and insecure when an emotional or verbal connection is attempted. There is a tendency to quickly shift from one topic to another in your daily communicating, leading both of you to misinterpret what is being said. If the tension and oversensitivity builds up in the relationship, than a true exchange of feelings will seem impossible. Try to increase

your intellectual affinity with your partner through patience, courtesy and friendliness.

If you are unattached or without a committed partnership, then you may have difficulty forming a bond or new relationship at this time. The manner in which the potential partner relates to you may seem overly critical, or changeable and fickle.

Pal Sxtil Plu

You transcend your own self-gratification and link with others on common goals that benefit the whole. You have opportunities for joint efforts which exploit a talent or skill that you possess. Involvements with collective groups are deep and intense and transform your purpose for the better. You receive recognition and approval of your concepts, foresight and strategies. At this time, if you misuse your creative intelligence and power, these possibilities will not become apparent to you.

Pal Sqr Asc

At this time, you guard against any attacks on your personal views and beliefs. You may sense or perceive that a partner or associate will challenge your opinions and are quite prepared to defend or justify your objectives. If you must engage yourself in conflicts now, then use tact and diplomacy when dealing with other individuals. The key is to use constructive and rational thinking and be less afraid of rejection and disapproval of your intentions.

Uphold and preserve any agreements or contracts that you have previously made with other people. It may be best to keep your creative plans and thoughts to yourself.

Note that the precise timing of this astrological influence is very dependent on the exact birth time, so the dates given are accurate only if your birth time is very accurate.

Mer Sxtil Jup

You are optimistic, hopeful, and forward-looking at this time. You can see connections and possibilities you may have overlooked before. Ven Oppos Sun

You feel quite loving and warm, with a desire to give and receive affection and

Wednesday, Jul 4, 2018

Ven Sqr Mar

Tangles in romantic relationships are likely now. Your sexual drive is quite strong, and you may be more concerned with satisfying your own desires than in being sensitive to your partner. Intimate interactions are inclined to be tense right now.

Thursday, Jul 5, 2018

Ven Sxtil Asc

Light and pleasant interactions characterize this time period. You gain what you want through diplomacy or charm and by enlisting the support of your friends, rather than by being forthright and bold. You are willing to make concessions in order to maintain harmony in your environment.

Sat Sqr Jup

Unexpected obstacles on your path appear at this time, frustrating your aims and ambitions and trying your patience. You may doubt whether you should continue with your plans or whether to abandon them. This is a time of serious reconsideration and reformulation of your values, goals, and aspirations, and how to best achieve them. Do not overreact by abandoning everything. Areas in which you have not developed strongly and which hamper the attainment of your goals are exposed now and some adjusting is definitely needed. In most cases, a reorganizing of priorities and change of approach will "do the trick".

Sloppiness, inconsistencies, and exaggerations are exposed now. You may have to face the sobering realization that you must "clean up your act" now, cut down on expansion, and strengthen your foundation. The intensity and stressfulness of this astrological influence is dependent on how much cleaning up you need, so if you feel like the world is caving in on you then you know you have a lot of cleaning up to do! Many areas of your life are affected, including finances, career goals, attitudes and ideas. For example, you may find that you need to budget more wisely in order to meet bills; you may question a religious path or spiritual philosophy due to inconsistencies or hypocrisies that are discovered; or you may improve efficiency and performance at work in order to remain competitive. As mentioned above, you probably should not abandon your pursuits, but rather make modifications. There is probably much of value in your spiritual path or your business and you should keep it, but you do need to streamline, cut out excesses, extravagances, and exaggerations, and focus on essentials.

Difficulties of a legal nature or with government agencies can also arise now. Areas in which you have tried to cut corners or bypass requirements can come back to haunt you now. Deal with any such issues honestly and with integrity. Be willing to admit mistakes and compensate for past negligence.

Although this is a difficult time, decisions that you make now and the reorganization of your priorities can also open new doors for you that you would never have

considered otherwise. You may change jobs or make other major changes that offer you a more fulfilling and meaningful lifestyle.

Mer Trine Ven

You are very congenial and cooperative now and more interested in the similarities than in the differences between yourself and others. This is a very good time to let people know you care about them: send a card, write a note of appreciation or even a love letter! You may also want to buy something beautiful, pleasing, and frivolous which simply makes you feel good.

Friday, Jul 6, 2018

Ves Sxtil Asc

You may have the advantage of keeping other people from getting in the way of your work and personal goals now. Their contact would be helpful now, but you may determine it is best to keep certain facets of your business and personal affairs to yourself. It may be that you are more focused and devoted to your own well-being, so any commitment or dedication outside of your personal or vocational needs has no purpose for you. However self-absorbing this sounds, it can still be a fortunate period in which to find your own satisfaction and rewards in your work and personal endeavors.

Note that the precise timing of this astrological influence is very dependent on the exact birth time, so the dates given are accurate only if your birth time is very accurate.

Pal Conj MC

At this time you think about the ways in which you can enhance your career and professional life. You have many conversations with yourself about your long-range plans and how well you are implementing them. New strategies that are concrete and conceivable can be developed and brought into your work and you may achieve public recognition for your efforts. Joining up with other professionals or business associates on a team effort is very favorable now. Others may perceive your accomplishments as brilliant or intelligently planned, bringing you increased confidence in yourself.

Ves Sqr Plu

You may take an all-or-nothing approach to your work or personal endeavors. You can be very clear as to what your own intentions are and may be ready to sacrifice anything to accommodate your plans and goals. You might have an eager interest in gaining control over your professional pursuits; however, you could behave more forcefully than you realize. In your restless quest for meaningful work and personal fulfillment, you can easily be intrigued or enticed into an unfavorable situation by a colleague or co-worker who has hidden motives. Thoroughly investigate the true

intentions of people who try to exert pressure or influence over you. Be aware of individuals who may be dishonest or attempt to misrepresent themselves to you. They might take advantage of your services or abilities and try to get you to engage in underhanded activities. On the other hand, personal relationships may entail heavy obligations and commitment now. If you insist on having your own way, problems will arise in this area. Compromise on your part may be called for if you have been avoiding responsibility or intimate relating.

Dreams, wishes, and fantasies about love are strong now, and you may be infatuated with someone you meet at this time, only to be disappointed later when you discover this person does not fulfill all of your expectations. Profound dreams and visions can enlighten or inspire your creative urges. This is a favorable period if you are an artistic or intellectual person, as you have vivid flashes of ingenious imagination. You are more adept in understanding information coming from internal and external sources. For example, you may have intuitive thoughts about a friend or acquaintance experiencing a bewildering problem, and then they unknowingly come to you for help or advice.

You may be enjoying good health and good fortune and wish to share your happiness with others. You do not want to passively sit back and watch from the sidelines as you wish to share in the creation of new ideas and projects with others. In any case, what you give of yourself at this time is

You may have unrealistic expectations of your marriage or significant love relationship. There is the likelihood you may rationalize or make excuses for your

You enjoy casual, lighthearted conversations with your marriage partner or significant love interest. There are harmonious vibrations flowing in your relationship which encourage you to listen with sensitivity to your mate's concerns. This would be a favorable period to take a short trip or weekend outing with your companion. Expressing your feelings through writing a love letter to your partner would be very rewarding to you. Your loved one may have good news or an interesting idea they want to share with you.

If you are unmarried or without a significant partner, there is a possibility you will meet someone special through work, your neighbors, or your brothers or sisters. Relationships which begin now may develop quickly and you can establish a harmonious mental rapport.

You are at cross purposes with the people in your environment who are most able to benefit you. You tend to come on too strong, to be oblivious to others' needs and intentions, or to act inappropriately now. You feel an urgency to take positive steps to achieve your goals, but be certain that you are not overstepping yourself, as this can cause considerable enmity at this time.

In this interim, you face challenges to your emotional and intellectual judgments. For example, you may wish to pursue a creative or academic interest but lack the energy to apply your talent and wisdom to the task. There can be upsets as well as obstacles with women in your environment, which causes a breakdown in your emotional communication with them. Unresolved past issues and differences in close partnerships arouse agitation in you and may cause separations or emotional detachment.

You are most vulnerable to the influence of other people, particularly their negativity, moodiness, and sensitivity.

Asserting your personal aims can be challenging at this time. Mental stress at this time may interfere with your ability to think clearly and act with self-confidence in achieving your goals and directions. You will have to work hard to function at your usual level of perception and cleverness. You do not feel assertive enough to express your natural creativity and intellect, as you feel insecure in your abilities. This is a period when you need to adjust to new conditions in your relationships or job situation. For example, your boss or other superior may ask you to provide insightful wisdom and advice regarding a work-related issue but you are unable to find a solution. The situation may be that your creative mind is not working to capacity, and you need to become more knowledgeable and informed with respect to the decisions that you make.

You have opportunities to directly apply your ideas and beliefs. A spur-of-the-moment inspiration may prove beneficial to you. You have your sights set on the here and now, so if any action is taken, it is apt to be impulsive and daring. Fortunately, luck appears to be on your side during this period, and the results of your activities should prove favorable.

In your close relationships, try to relax your restless and assertive spirit, or perhaps ask your partner to join up with you in pursuing your creative impulses. Partnerships with male associates can improve and they can provide you with sound advice and guidance.

Family members, children, or someone else in your domestic or professional environment may show coldness or lack of warmth and understanding in their dealings with you. Difficult decisions may be made regarding home or career. You may be aspiring toward a job promotion or perhaps you wish to delegate more authority within the home environment. Avoid making unnecessary changes or decisions in these areas as compromise is almost impossible at this time. You will meet with resistance to your protectiveness and nurturing as others react with indifference to your concern for them. Trying to care for another while managing your career and personal needs may cause minor health upsets now. Allow yourself an opportunity to improve your dietary habits and nutritional intake of healthy foods.

A fast pace, with many letters, phone calls, errands, meetings, or discussions, is on the agenda. You may feel mentally restless, impatient, and overly eager to get your own ideas across. Also, a situation may arise which requires you to say what is on your mind, to make a decision, or to clearly voice your personal opinion on some issue.

Your creative and intellectual approaches are concrete and deep. Your mind is clever, sharp and penetrating and you enjoy investigating and solving puzzles at this

time. You may be drawn into an alliance with a person who is intense, magnetic and seductive, but this relationship will probably remain platonic, unless other transits during this period indicate otherwise. Either way, the power you sense coming forth from this individual may be too great for you to handle, so it is best to keep this partnership focused on business or creative pursuits.

On another level, if you have been experiencing difficulty in releasing an attachment or obsession, this period can denote the time when you finally let go and make way for new beginnings.

Your thoughts tend to be gloomy. There may be work ahead of you because of past errors of judgment. Or you may be sobering up after a "honeymoon" period with something or someone. You also hear a bit of information that troubles you. Try to do what you can without worrying excessively or burdening yourself with the entire load of responsibility. Even if a problem cannot be solved or eradicated, it can be managed in an intelligent way.

Mer Sqr Sun

There is much activity; you move rapidly from one thing to another and a hectic, somewhat stressful pace is likely. Many errands, phone calls, letters which require a response, and other "busywork" is on the agenda. A minor but rather tense confrontation is likely.

You are likely to come to a very clear, definite decision at this time and to let others know exactly what you want. You are not in a very conciliatory mood and are not averse to stirring up unpleasant controversy in defense of your plan, idea, or desire. You may speak or act in haste now which can be a cause of regret later on.

Ura Sqr Mer

Fresh, exciting ideas appeal to you now and you find it extremely difficult to keep your attention on subject matter or work that you have already mastered. You want to try something new.

For example, a school teacher at this time will refuse to teach the subject material in the same manner that he/she has during the last few years. You feel the need to make changes and inject something original, even if it means experimenting with untried methods. It is likely that you will sporadically feel the urge so strongly that you spontaneously interject new material and dispense with your lesson plan. However, the school principal may not appreciate your innovation! Your impatience to experiment with new ideas and methods can get you in trouble.

You are very inclined to make rash decisions. With little forethought, you will suddenly decide to do something. Your patience is low and your reflexes are fast.

This can cause accidents, for example, for you may impulsively decide to turn a corner or pull out into a busy street with less caution than you usually would. Because the impatient, spontaneous, innovative quality of this astrological influence bursts forth in short spurts, you often surprise even yourself by your quick decisions and reactions to situations. Watch what you say as well; you will find that the words are sometimes out of your mouth so quickly that you haven't thought about what you are saying ahead of time, and consequently you are much more frank, direct, and tactless than you want to be!

Major business decisions or career decisions are usually poor now. You are too excited and impatient and unwilling to recognize the many practical obstacles that your innovative ideas and impatient optimism must face in order to succeed. This is a good time to experiment with new options, explore alternatives, and investigate new ideas, methods, and options of all kinds. Making commitments or major investments now, however, is very risky.

Mer Sxtil Plu

You are fascinated by the mysterious now. Unsolved or puzzling problems and the hidden or behind the scenes aspects of a situation interest you most, and you delve and probe until you discover the truth. An interest in psychology or other peoples' secrets comes to the fore. You enjoy spy, mystery, and supernatural stories.

Fortunate circumstances assist you in your career. Obstacles and impediments seem to disappear and your work progresses very smoothly. You feel that your work is meaningful, further expanding your sense of well-being and happiness at this time. Unusual or highly unexpected events do not occur but the gradual change in tone and quality of your life brings about a much improved situation for you.

You may feel so comfortable during this time period that you do little to take full advantage of the opportunities that are available to you. Do not sit back and watch this influence pass you by!

You feel emotionally attached to loved ones and family members at this time. Domestic security and stability may be one of your most important priorities now. You respond with affection, love, caring, and deep concern for loved ones, and you will want everyone in your family circle to feel protected, safe, and content. You may empathize easily with other people's moods and feelings now, and you make efforts to help others deal with their pain, sorrow, or grief.

If you are a parent, your children can be a source of joy and inspiration, and they are

supportive and sympathetic toward your personal needs.

You may receive benefits or rewards and opportunities at your job as your leadership abilities are easily accepted by others. Or if you have children, they may receive scholarship awards or artistic honors and enjoy confidence in their abilities.

There may be an opportunity now to rejuvenate and improve a relationship with a parent. In addition, your love and acceptance toward loved ones offers them an opportunity to release their fears or feelings of grief and sorrow. You emerge from this cycle more compassionate, mature, and sympathetic.

Spiritual guidance and your own inner wisdom helps you avoid upsets at this time. During this period, you feel a sense of inner peace which helps you develop a unique gift of compassion and sympathy toward those in your surroundings. If you sense that someone is having a hard time coping with a dilemma, you identify strongly with their feelings and reassure them with new hope or encourage them to regain a better perspective on their situation. Also at this time, you have a greater ability to release hidden resentments or self-criticism which prevents you from forming healthy emotional connections with others. At times, you will feel deeply emotional, perhaps experiencing a flood of tears which will allow you to heal inwardly. Inner thoughts and memories of past glorious moments in your life can drift into your consciousness now, giving you a more dreamy outlook and a longing to relive idyllic conditions.

Since you may appear to others as more "motherly" or supportive, people will gravitate toward you for emotional warmth, affection, and caretaking.

A new surge of religious or spiritual aspiration is also evident. You feel a need to be more in touch with spiritual forces, and this is a good time for attending religious and spiritual functions, reading inspirational literature, etc. This is the time to open your mind and imagination to a grander vision and to inspire your highest aspirations. Allow yourself the time to pursue these interests.

You may have unrealistic expectations of your marriage or significant love relationship. There is the likelihood you may rationalize or make excuses for your own or your mate's behavior. Strange experiences can occur in your relationship now, such as deception, victimization or behind the scene activity that you refuse to acknowledge. If either you or your companion is excessively needy, irresponsible, or involved in escapist behavior such as drugs or alcohol, then these actions may intensify during this period. This will lead to self-denial or passive indifference to the real problems in the relationship. When you can perceive the partnership more clearly, you will have a greater understanding of whether or not your needs are being met.

This is not a favorable period to begin a new love relationship. You will have to use discretion and caution in selecting a partner, as you are prone to fantasy and illusions about others. Also, avoid becoming involved with weak or dubious characters who try to play upon your sympathy and sensitivity.

Unexpected obstacles on your path appear at this time, frustrating your aims and ambitions and trying your patience. You may doubt whether you should continue with your plans or whether to abandon them. This is a time of serious reconsideration and reformulation of your values, goals, and aspirations, and how to best achieve them. Do not overreact by abandoning everything. Areas in which you have not developed strongly and which hamper the attainment of your goals are exposed now and some adjusting is definitely needed. In most cases, a reorganizing of priorities and change of approach will "do the trick".

Sloppiness, inconsistencies, and exaggerations are exposed now. You may have to face the sobering realization that you must "clean up your act" now, cut down on expansion, and strengthen your foundation. The intensity and stressfulness of this astrological influence is dependent on how much cleaning up you need, so if you feel like the world is caving in on you then you know you have a lot of cleaning up to do! Many areas of your life are affected, including finances, career goals, attitudes and ideas. For example, you may find that you need to budget more wisely in order to meet bills; you may question a religious path or spiritual philosophy due to inconsistencies or hypocrisies that are discovered; or you may improve efficiency and performance at work in order to remain competitive. As mentioned above, you probably should not abandon your pursuits, but rather make modifications. There is probably much of value in your spiritual path or your business and you should keep it, but you do need to streamline, cut out excesses, extravagances, and exaggerations, and focus on essentials.

Difficulties of a legal nature or with government agencies can also arise now. Areas in which you have tried to cut corners or bypass requirements can come back to haunt you now. Deal with any such issues honestly and with integrity. Be willing to admit mistakes and compensate for past negligence.

Although this is a difficult time, decisions that you make now and the reorganization of your priorities can also open new doors for you that you would never have considered otherwise. You may change jobs or make other major changes that offer you a more fulfilling and meaningful lifestyle.

This is a good time to advertise, publish, or engage in mass media communications for any purpose. Others respond with interest to your message, and you are able to reach a good understanding with others. You are able to rise above pettiness and distracting details in your communication with others, and you get to the broader philosophical issues or attitudes that are important.

The only bad feature of this astrological influence is that it is not very strong! It can be overpowered by other, more powerful, astrological influences so don't count on this one to be a panacea for other influences that are nastier.

Instead, you search for depth and deep involvement with your partner. This is a favorable time to heal any resentment or jealousy that has previously plagued the relationship. With little effort, you and your partner can effectively achieve greater emotional intensity and passion during this phase.

If you are not married or committed to a partner, this period may signify a time when a former love relationship is renewed, or deep inner feelings are stirred up when you recall memories of a prior love attachment.

Your life is very upbeat and progressive now. You enjoy jovial, spirited get-togethers and parties, and you feel optimistic and enthusiastic. Associates, co-workers, and other businesses that you conduct business with are now ready and willing to talk to you about making progressive changes. Contracts or agreements signed at this time tend to be fortunate, although they do lead to progressive changes that make people who want to hold onto the status quo unhappy.

You become very interested in progressive options in all phases of life, and you take an active interest in new ideas and inventions. You may also participate in social change which, perhaps surprisingly to you, is met with little resistance and considerable interest from the public.

Mer Trine Ven

You are very congenial and cooperative now and more interested in the similarities than in the differences between yourself and others. This is a very good time to let people know you care about them: send a card, write a note of appreciation or even a love letter! You may also want to buy something beautiful, pleasing, and frivolous which simply makes you feel good.

Jun Oppos Mar

During this period, you may have to confront issues in your marriage or intimate relationship which are unpleasant. The chances for having an argument or quarrel with your mate is strong. If there are problems due to prior resentments or anger in your partnership, then there is the likelihood that it will be unleashed now. You or your mate may have conflicting interests, especially in the area of passion and sexual expression. You will find this a challenging time, when you might view your partner as combative and antagonistic, and you may push to achieve your own personal space in the relationship. It would be better at this time to control the urge to fight and wait until this influence passes, when your emotions and impulses are more steady.

If you are without a primary partner, then care should be taken before rushing into a new relationship. The urge to relate in a romantic and passionate manner is strong, but you may not be selective and discriminating enough in choosing the right person.

A new relationship which does begin at this time can be competitive and demanding.

Acting on impulse, changing your usual routine, improvising and using your intuition rather than following a prescribed, logical way of doing things is called for now. The tempo of your life accelerates now. Expect a rather inconstant, unpredictable, but interesting time.

Ves Oppos MC

Your focus and attention may be directed to the more private areas of your life. You can be very devoted and committed to family matters and will make personal sacrifices if necessary. You tend to shy away from public affairs and heavy work obligations. You may put your efforts into making your home life a safe sanctuary from the pressures of job and society. Personal affairs can overshadow your work ambitions and interfere with your professional standing. In some instances the reverse is also true, but even if you are a workaholic, you will still try to be faithful to your promises and obligations in your domestic life. Clearly, there is a need to balance your dedication to both home and work interests.

Note that the precise timing of this astrological influence is very dependent on the exact birth time, so the dates given are accurate only if your birth time is very accurate.

You encounter clashes of will, jealousy, and disagreements in your one-to-one relationships. You or your partner may have divided loyalties which keep you from compromising on important issues and can affect your operation as an effective and intellectual team. Or one person may be desiring more closeness and appreciation, while the other is off pursuing their creative ambitions, leaving little room for sensual and intimate adventures.

On a creative or artistic endeavor, you may experience difficulties in blending colors and tones or may attempt a project which proves to be mentally and emotionally draining for you.

Mer Sxtil Jup

You are optimistic, hopeful, and forward-looking at this time. You can see connections and possibilities you may have overlooked before. Selfishness, jealousy and emotional game-playing make marital or romantic relationships unsettled during this time. Problems brought on by conflicting ego drives and divided loyalties in your relations may cause you to struggle to retain your individuality. This is a time when you will become aware of exaggerated differences between you and your partner. There is a likelihood that you and your mate will battle for top position in the relationship, thereby creating barriers to your growth and development as a couple.

Agreements, contracts, and joining your efforts with others will work out very much to your advantage now. You should use this period to build upon your technical or mental skills in your work routine, as your ability to concentrate and key in on your objectives is very concrete. You feel a need to express your dedication and commitment to your work endeavors or to your own personal goals and desires. You can plan your projects in an orderly, logical manner and focus your attention on the smallest of details. You are eager to communicate your ideas and opinions to the individuals that you work with. This can be quite a busy and fruitful period with meetings, phone calls and much on the agenda. Important news or information about your career directives or personal projects may come to you at this time.

Mer Conj Nep

Your thoughts are dreamy, fantastic, and faraway right now. Your imagination and intuition is heightened, which benefits any creative or artistic work you may do. Long-term projects and important work reach a critical point at this time. You are faced with new obstacles that make you reconsider the direction of your work and career. The frustrations that you face now can cause you to become very discouraged and emotionally depressed. Do not let yourself become so discouraged that you give up on work that is important to you and that you have invested many hours in! On the other hand, do not blindly and stubbornly persist without considering alternative ways of approaching your work. Some change in approach, combined with good old-fashioned elbow grease, will help you get through the challenges of this time period.

Some of your cherished hopes and dreams meet sobering realities now. Response to your ideas, creative work, and efforts is very meager now. Don't try to gain attention and promote yourself or your work now; concentrate on what you are doing and how you are doing it. There are lots of repairs, maintenance, fine tuning, and corrections to be made in your creative work, home, tools, machinery, etc. at this time, and it is best to concentrate on these problems now.

This is not a good time for fun-filled and exciting activities, so don't plan big parties and exciting events at this time. The mood is serious. A get-together with friends now is likely to end up being a serious discussion of work and responsibilities, which is not bad if this is what you want. However, too many entertainments at this time actually irritate you, as you are unable to forget about the pressures and concerns that need your attention.

Pleasant and beneficial opportunities may arise in your work/career endeavors. Even if work takes some enjoyment away from your personal interests and relationships, you are optimistic that everything will work out for the best. Engaging in meaningful work, especially that which brings travel, more prestige, or overall expansion of your skills and knowledge will appeal to you. You can devote an enormous amount of time and effort to a work-related goal and, at the same time, thoroughly enjoy the experience. Co-workers as well as influential people will notice your dedication and high aspirations, and rewards or promotions may be forthcoming.

A sobering experience in a love relationship occurs around this time. You may be rudely shown ways in which your attitude and behavior towards a loved one is based on misguided principles. You may discover that for a long time you have been expecting the other person to play a role that fits a concept of yours, but is stifling for the other person. Now you must learn to let the other person express his/her nature more fully, and you must adjust to it. The opposite situation may also occur; you realize that you have been playing a role to meet the expectations of others and you want to be more genuine and have a more genuine relationship with others. You are also likely to discover that you have some "fair weather friends" that let you down when you need them most. You also discover some "real friends" who take an interest in your deeper concerns and interests.

This is also a time when parties and social festivities seem to disappear. You may have a good heart-to-heart talk with someone, but very few jovial, light, carefree and happy times. You need to think about your relationships and attitudes towards love and romance seriously and decide how to handle your current relationship. If you are not involved in a relationship now, then you are thinking seriously about what you want in a relationship, or whether you want one at all. Do your homework well because your ideas and intentions now will strongly affect your decisions later!

Your financial situation may be difficult now also. Some reorganizing is needed and you need to cut out extravagances and waste. This is relatively easy for you to do now because luxurious, expensive, beautiful things have less power over you now than usual. You are searching for something of deep and lasting satisfaction, rather than "skin-deep" beauty. Your usual pleasures do not interest you now, and you can become emotionally depressed. Allow yourself time to get away from the usual demands of your life and engage in quiet, peaceful activities. You will find this refreshing and rejuvenating, and you will come away much clearer about what you really want in love relationships and friendships, and what material possessions are most satisfying and important to you.

This is a very pleasant time for you. You have a need to escape the hustle and bustle of daily life, relax, and collect yourself. Taking a stroll through the woods or visiting a

You are very relaxed, not very aggressive or ambitious and perhaps downright lazy now. If you find yourself struggling at work to maintain your concentration on tasks at hand, then you really should consider taking a few days of vacation time to do the kinds of things mentioned above.

Relationships with loved ones and friends are especially good now. You are able to share openly with others and experience mutual appreciation and respect. The love and good will you share with others may also lead to a pleasant gift or other unexpected benefit.

Beware of a tendency to be too lazy to take advantage of some of the enjoyable and beneficial occasions that are available at this time. It is good to relax and enjoy yourself, but becoming a "couch potato" may not be the best way of doing this!

Mer Sqr Jup

Your mind is on bigger issues and long-range plans. You are optimistic and enthusiastic about your ideas, but disinclined to read the fine print or study all the facts, which can result in an error in judgment. Try not to be lax about important details.

Mar Oppos Jup

Your energy level and your self-confidence are high now. You are full of enterprise and may chafe at the bit if you can not do enough, if your present position doesn't give you enough scope, or if your superiors do not allow you to take initiative and advance as you want to. Also, at this time you tend to overextend yourself or to believe you can do more than you actually can.

Pal SSxt Mar

You have opportunities to directly apply your ideas and beliefs. A spur-of-the-moment inspiration may prove beneficial to you. You have your sights set on the here and now, so if any action is taken, it is apt to be impulsive and daring. Fortunately, luck appears to be on your side during this period, and the results of your activities should prove favorable.

In your close relationships, try to relax your restless and assertive spirit, or perhaps ask your partner to join up with you in pursuing your creative impulses. Partnerships with male associates can improve and they can provide you with sound advice and guidance.

Cer Sxtil Plu

During this period, you may have a yearning to connect with others in powerful and intense emotional or sexual exchanges. The urge to demonstrate your virility or your ability to create something (including offspring) is strong. The willingness to take care of others and feel bonded to them is your top priority. As long as you respect the wishes and rights of family members and the people you love, the transformations that occur in your relationships will have a beneficial effect upon everyone involved.

Ven Sxtil Ura

This is a time for getting a little loose and wild with friends, going dancing, or doing something out of the ordinary that is stimulating and fun. You meet interesting new people and are more open to people who are quite different from yourself. An opportunity for a romance may arise which is likely to be exciting, though short-lived.

Mer Sqr Ven

You are more distressed than usual over any dissonance in your environment or personal relationships, and you are inclined to avoid serious discussions or real disagreements with others. Also, challenging mental work and concentration is difficult for you now.

Sun Sqr Sat

This is a time of considerable frustration and your desires or efforts appear to be thwarted or at least delayed. Relationships with men and people in authority may be particularly uncomfortable. Also, you have more self-doubt than usual; your mood is somber and rather self-critical. This is a good time to take stock of your life, to see how you are limiting and holding yourself back, and to determine your next steps. But do not attempt to press forward now, and don't take whatever setbacks you experience too much too heart.

Saturday, Jan 12, 2019

Ven Sxtil Jup

Both friendship and material benefits may well come to you at this time. You feel very sociable and gregarious and seek conviviality, especially with people who really know how to have a good time. Charitable and philanthropic impulses are stronger now, also, and should be followed with positive action on your part.

Pal Conj Asc

During this time, you will concentrate your thoughts on your own individual direction. You aspire to put your creative planning and intelligence into outlets which enhance your self-image and meet with approval from others. This is a favorable period to assert your personal ideas and skills with confidence, faith and determination. However, even though you feel assertive, be careful of overloading yourself with too many projects.

You can attract persons who are well-informed, high-spirited, inventive, and talented. These people can provide you with fresh ideas and new insights into the arts or healing techniques for the body and mind.

Note that the precise timing of this astrological influence is very dependent on the exact birth time, so the dates given are accurate only if your birth time is very accurate.

Sun Sxtil Mar

Your vitality and courage are strong now and you are eager to meet challenges. You can accomplish a great deal of work, especially if it involves physical effort. If you are active in sports, you will be especially competitive and vigorous now. Self-confidence is high.

Ves Sxtil Sat

Hard work is rewarding, rather than burdensome, for you at this time. You can apply steady effort and dedication to accomplishing your work duties and obligations without much difficulty. Authority figures and superiors are cooperative and helpful to you as they sense your ambitious and responsible attitude. If you have an opportunity to work in an administrative or executive position, your reputation will be highly respected. A methodical and mature approach to work will be likely and you will want to follow the proper guidelines and rules of your organization or work place. You will be especially good at completing projects or tasks which demand perseverance and determination.

Mar Conj Ven

Strong sexual feelings and romantic passions are stimulated now, and the urge to be with your love partner is compelling. If you are not currently in a relationship, you are likely to be bold and to make the first move toward someone you are attracted to. Artistic and creative expression is also favored now.

Sun Trine Plu

This is an excellent time to eliminate whatever is unnecessary and outworn in your life from clutter and disorder in your environment to an unhealthy relationship or even a long-held attitude or belief which keeps you from going after what you really want in life.

You are also more perceptive than usual. You see other people's true colors more clearly and you may discover a secret or the hidden aspect of some situation.

Something lost, hidden, or forgotten may come to light.

Sun Sqr Asc

You may feel out of step with the people in your immediate environment now, not in harmony with the intentions and desires of those you work or live with.

Relationships, especially professional ones, can be tense, especially if you attempt to work your own will. This is not a time to force issues.

Tuesday, Jan 15, 2019

Ven Trine Ven

Contentment, emotional well-being, and harmony prevail in your personal relationships. At this time you relax and indulge in your pleasure-loving side. Unless other astrological indications override this influence, you are unlikely to be forceful and try to make things happen, but instead are inclined to flow along with people

and situations, attracting what you need and letting the world come to you.

Plu Sqr Sat

New obstacles arise and increasing responsibilities make it difficult for you to expand and grow. New obligations are likely to arise both in your personal life and your work. You may find that a family member develops a physical or psychological problem, and you are the best person to assist. Problems with your car and other mechanical devices may also arise. Even if no new problems and responsibilities arise, you will find that you cannot open new doors now. If you have been hoping for a promotion, salary increase, better employment, a new home, a long vacation, or other release from the daily chores and limitations of your current life, you are likely to be disappointed. Expansion is very difficult at this time. This is the time to focus on basics; you must take care of the things in your immediate environment that now need attention. If your car breaks down, you most certainly will need to have it fixed. If a family member needs your assistance, you may make excuses and try to avoid the responsibility. Do not try to run away from your responsibilities.

Unfortunately, the outer problems that you face are not likely to be easier than the inner turmoil and confusion that arises! Deeply rooted anxieties and fears surface now. Feelings of inadequacy, guilt, and regret are very likely. Your faith in yourself is tested. If you feel that you have been insincere or vain about something, or that you have made poor decisions, then you must have the inner strength to recognize these problems and start fresh. Avoid the tendency to wallow in feelings of despair and hopelessness.

The difficulties you face now are likely to make you question the entire direction of your life. You will wonder whether the time and effort that you put into your interests is really worth it. You may also feel that your personal responsibilities are making it impossible for you to pursue your career goals, and you may wonder whether to give up your goals. Do not run away from your responsibilities. On the other hand, do not become so disappointed that you give up on your ambitions; you simply must meet these obligations, and at a later time you will be able to pursue your goals with greater freedom.

A good way to prepare for this time period is to make your life as stable and secure as possible. For example, by having all debts and loans paid off, you are less vulnerable if your income decreases. If you are employed in a position that provides a high level of job security (for example, many government jobs are very stable and secure), then it is probably best to stay in this position rather than switch to employment that involves great risk.

Although this time period is difficult and challenging, it does point out to you what things are really important to you. For example, many people discover that they have placed too much importance on material possessions or their personal ambitions, and realize that their personal relationships, family, and health are far more important. Superficialities and distractions are cut out of your life, and you are faced with dealing with the basics. You can now build your life on a stronger, more sincere, more mature foundation. If something dear to you is threatened (your health, a personal relationship, etc.), then you can now focus attention on this neglected part of your life. Note also that failings and problems may arise in areas

that you have not obviously been neglecting, due to the deep karmic energies that are at work now; you may even find yourself saying that "it isn't fair" that you face certain problems now. Whether it is fair or not, you must do your best to improve them!

Thursday, Jan 17, 2019

Sun Oppos MC

This is a time for withdrawing your energy, attention, and efforts from the outside world and external goals in order to replenish yourself. Quiet reflection and attention to your inner world, your family, and the foundation that supports all of your outside activities is called for. This is a time to "lie low". You may have to work quietly or without much outside recognition at this time.

Cer Trine MC

This is a favorable period for home responsibilities and career opportunities or advancement. Your ideals and aspirations are easily transmitted to your children, family members, or authority figures, who become willing to assist you and support your efforts. If you are involved with child care or the healing professions, you are more aware of your social responsibility in this realm. During this time, your self-acceptance is not only based upon what you can accomplish in the outside world, but on your family values and structures.

Note that the precise timing of this astrological influence is very dependent on the exact birth time, so the dates given are accurate only if your birth time is very accurate.

Friday, Jan 18, 2019

Chi Trine Nep

Spiritual guidance and your own inner wisdom helps you avoid upsets at this time. During this period, you feel a sense of inner peace which helps you develop a unique gift of compassion and sympathy toward those in your surroundings. If you sense that someone is having a hard time coping with a dilemma, you identify strongly with their feelings and reassure them with new hope or encourage them to regain a better perspective on their situation. Also at this time, you have a greater ability to release hidden resentments or self-criticism which prevents you from forming healthy emotional connections with others. At times, you will feel deeply emotional, perhaps experiencing a flood of tears which will allow you to heal inwardly. Inner thoughts and memories of past glorious moments in your life can drift into your consciousness now, giving you a more dreamy outlook and a longing to relive idyllic conditions.

Mer Sqr Sat

Your thinking is rather gloomy and pessimistic at this time. You see the superficiality, the flaws, and the foolishness or impracticality in others' plans. Also, communicating with others is difficult now, and people resist what you are saying. You feel more inhibited and uncommunicative, and you sense that others are not receptive. Frustrating conversations and the feeling that you are coming across negatively are possible now, so you are inclined simply to keep your thoughts to yourself.

Ves Sxtil Moo

You might become emotionally attached to a certain cause or goal which you feel obligated to carry out. Whether this project is work-related or a personal objective, you will most likely encounter help and cooperation from other individuals, especially women at this time. Your instincts are sharp, and you can zero in on a target or direction that provides you with insight into accomplishing a cherished goal. In personal relationships, you may feel deeply committed to strengthening the emotional involvement with your mate and take your responsibilities and loyalty much more seriously.

Sun Sxtil Nep

Today you feel less competitive and ambitious about practical and mundane matters. The world of imagination, fantasy, art, music, or mysticism is very appealing to you now, and if you have talent in any of these areas, this can be a creative and fruitful time for you. However, the negative possibilities for you now are being undisciplined, slack, indefinite, or wasting time and energy.

Ves Conj Sun

You may project your enthusiasm on work and career goals at this time. You could feel an eagerness to reach top performance in working toward any personal goals or business assignments that you are dedicated to carrying out. If you are gainfully employed, you can effectively sharpen your intellectual skills, as well as bring out your inner creativity in all of your work endeavors and tasks. In your domestic life, the spotlight is on promoting your own self-interests, amusements and pleasures. However, the hard work and commitment you are applying toward your job requirements may take precedence over any leisure activities you would enjoy with your mate or family at the moment.

Saturday, Jan 19, 2019

Jun Sqr Sun

Selfishness, jealousy and emotional game-playing make marital or romantic relationships unsettled during this time. Problems brought on by conflicting ego drives and divided loyalties in your relations may cause you to struggle to retain your individuality. This is a time when you will become aware of exaggerated differences between you and your partner. There is a likelihood that you and your mate will battle for top position in the relationship, thereby creating barriers to your growth and development as a couple.

Ves Sqr Mar

A situation at work can irritate you now; however, you remain responsible and loyal to your objectives. You strive hard to put forth your best efforts, but can meet with frustrating obstacles or have your goals thwarted by someone who challenges you. For example, the dedication you have shown toward your work-related goals is met with indifference from superiors or those in authority. Competitive behavior or resentment from co-workers is likely to surface, causing you to rely upon your own resources to complete work assignments. You might fluctuate between feelings of intense anger and coolness toward the individuals who hamper your drive and

perseverance, all the while remaining focused on your own intentions. In your personal life, this period can prove slightly difficult, mainly in the area of intimate relationships. Problems can arise in expressing your sexuality and desires to your mate, as well as in issues of mutual commitment and loyalty in the partnership.

Sunday, Jan 20, 2019

Mer Sxtil Mar

You are eager to discuss your thoughts and plans with others at this time and you may have a very fruitful brainstorming session, a spirited debate, or a very active meeting with others in which things really get accomplished. You are verbally assertive and can present your own plan or idea quite convincingly.

Sun Conj Mer

Communications, conversations, sending and receiving messages, and taking care of routine tasks that require mental clarity are important activities now. It is a good time to present your ideas and point of view to others, as you express your thoughts clearly, though you are not apt to listen as well. Buying, selling, or negotiating is likely to go well now.

Mer Trine Plu

There is great depth to your conversations. You find yourself revealing secrets or very private matters, and also asking very penetrating questions of others. Superficial answers don't satisfy you now. This is an excellent time to investigate a complex problem or mystery, look for something that has been lost or hidden, and also to learn more about your own inner depths.

Mer Sqr Asc

You will be alert and on your toes now. The pace is likely to be fast, even hectic. You are restless and eager to meet others halfway, to converse, exchange information, and make connections. Nervousness or irritability due to aggravations and the stress of increased demands at work is possible.

Monday, Jan 21, 2019

Jun Oppos Mar

During this period, you may have to confront issues in your marriage or intimate relationship which are unpleasant. The chances for having an argument or quarrel with your mate is strong. If there are problems due to prior resentments or anger in your partnership, then there is the likelihood that it will be unleashed now. You or your mate may have conflicting interests, especially in the area of passion and sexual expression. You will find this a challenging time, when you might view your partner as combative and antagonistic, and you may push to achieve your own personal space in the relationship. It would be better at this time to control the urge to fight and wait until this influence passes, when your emotions and impulses are more steady.

If you are without a primary partner, then care should be taken before rushing into a new relationship. The urge to relate in a romantic and passionate manner is strong,

but you may not be selective and discriminating enough in choosing the right person. A new relationship which does begin at this time can be competitive and demanding.

Ves Trine Asc

This is a favorable period to dedicate yourself to turning your professional and personal objectives into real opportunities. Fortunately, you come across to others as if you have fully carved out your intentions and are ready to take on the commitment and sacrifices necessary to make use of your talents, either for someone else's profit or your own. If you are unemployed or searching for a new direction, this can be a "lucky" time for interviews and expressing your potentials to others. On the other hand, if you are happily working in your chosen profession, this can be a time when you know how to make the most of your abilities.

Note that the precise timing of this astrological influence is very dependent on the exact birth time, so the dates given are accurate only if your birth time is very accurate.

Cer Conj Nep

You do your best to support and care for family members at this time. Feelings of compassion and warmth toward those you love and protect are the basic principles on which your nurturing qualities operate during this time period. A feeling of unconditional love and true ability to sympathize with loved ones is brought out in you, and your ability to heal and help others can be felt on both a spiritual and physical level. Self-sacrifice and the desire to provide care and protection to family members is rewarding to you. You experience a deep longing for emotional and spiritual connections when you selflessly give to others.

Tuesday, Jan 22, 2019

Mer Oppos MC

Your mind is directed inward now. Reflecting on your personal life, and the overall direction you are headed in, is very likely now. Thoughts of the past and the choices you made are also prominent. Making a decision regarding your home or your family life is favored at this time.

Wednesday, Jan 23, 2019

Mer Sxtil Nep

Your ability to concentrate on mundane concerns and problems diminishes now. The world of imagination, fantasy, entertainment, or art holds more attraction for you. Go to a movie with a friend (or write your own!). Also, your psychic sensitivity and intuition are heightened at this time. You are more impressionable and open, but somewhat less precise and clear mentally.

Sun Trine Ura

You have a low tolerance for boredom and following rules today and you make some creative changes and discoveries, experiment with new possibilities, or invent a new way of doing things.

You don't want to follow anybody else's lead at this time, but fortunately you are able find ways to be yourself and even be a little "crazy" without offending or upsetting others. This is a dynamic and exciting period. Take advantage of any unusual offers or opportunities.

Jun Trine Plu

You have an urge to be more committed, loyal and dedicated to your mate or marriage partner. If a difficult situation arises in your relationship now, you will probe beneath the surface to find the underlying problem. Superficial relating will not satisfy you. Instead, you search for depth and deep involvement with your partner. This is a favorable time to heal any resentment or jealousy that has previously plagued the relationship. With little effort, you and your partner can effectively achieve greater emotional intensity and passion during this phase.

If you are not married or committed to a partner, this period may signify a time when a former love relationship is renewed, or deep inner feelings are stirred up when you recall memories of a prior love attachment.

Thursday, Jan 24, 2019

Mer Conj Mer

You are alert, mentally sharp and clear, and your ability to comprehend new concepts is heightened. Also, you can verbalize and articulate your ideas very well at this time. Intellectual curiosity is also high. This is a good time to make plans and strategies or begin a course of study.

Sun Trine Jup

This is a good time for relaxing recreation, a time to refresh and rejuvenate yourself and do the things you most enjoy doing. Good humor and optimism prevail now, and you are able to get a larger perspective on your life. This is also a good time to approach someone who is in a position to benefit you spiritually, intellectually, or materially.

Pal Sqr MC

You are motivated to perform tasks that appeal to your intellectual or creative objectives. However, you must use good judgment and clear thinking on the job and in career matters. Tension, lack of foresight and difficulty in focusing on detailed work can lead you into conflicts with co-workers or colleagues. There is a tendency to become troubled over a minor problem, and then blow the situation out of proportion, without consideration of the consequences of your actions. It is important at this time to reflect upon your career goals and how well you have been fulfilling them.

Working alone or keeping your thoughts to yourself might be in your best interest.

Note that the precise timing of this astrological influence is very dependent on the exact birth time, so the dates given are accurate only if your birth time is very accurate.

Mer Trine Ura

You experience sudden insights, make discoveries, come up with fresh solutions to old problems, and seek alternatives to the usual routine way of doing things. Cer Sxtil Mer

You let the people you care about know you are available to help and guide them now. Your heightened awareness and sharp reasoning skills present an opportunity for you to find new ways to communicate with family members and loved ones. The people who are dependent upon you for support, caring, and nourishment are rewarded with your acute sense of timing in fulfilling their expectations. Also, this is an excellent time to assert your personal creative desires and projects as you receive less resistance in your environment. The caretaking of partners or children is rewarding to you, and you emerge from this period with an empathetic, deeper compassionate feeling toward loved ones.

Ven Trine Sat

This is an excellent time to make decisions about your financial affairs, as your judgment is sound and reliable, though a bit conservative. Investing in beautiful things which are likely to increase in value over time (such as jewelry or fine art) is favored. You are not interested in fleeting excitement or frivolity now. Spending "quality time" with an old and trusted friend or enjoying the company of an experienced, mature person who has much of substance to give you will make you happy.

Sunday, Jan 27, 2019

Mer Trine Jup

This is a good time to travel, especially to places you've never experienced before, where you will be exposed to new ideas and different ways of looking at the world. Studying new concepts is also favored; your ability to understand abstract ideas and your desire to grow intellectually is strong now. Anything that broadens your world appeals to you at this time. You are interested in the big picture and have less attention and interest in details.

Your relationships are especially affectionate and friendly at this time, and you may benefit socially or materially through an opportunity offered to you by a friend. This is a good time for parties, social gatherings, and other pleasurable activities.

Ves Sqr Nep

You are more prone to delusion and deception in your work environment at this time. You may be putting in a great deal of time and effort toward a specific task, only to discover you might not receive any compensation or rewards for your labor. Circumstances can arise that cause misunderstandings or misconceptions about the work you are attempting to accomplish. For example, a boss or one of your peers may give instructions for a project or undertaking where you might be unable to clearly define or understand what is required. Or conditions prevail where you must sacrifice your ideals and personal concerns in order to hold the job. Even if you become overly engrossed in your work, you should still make every attempt to remain attentive to your intimate relationships; otherwise, your indifference will be quite disappointing to your loved ones.

Mer Sxtil Ven

There is a friendly, cooperative, harmonious tone to the interactions you have now. It is a good time for social activities and for getting in touch with friends. You avoid heavy discussions and do not want to focus on dry, practical matters. Reading light fiction, going out to see a romantic comedy, or simply sharing a pleasant time with someone you like is more in tune with your feelings now.

Ven Sqr Plu

Hidden passions, fears, jealousies, longings, desires, or needs surface in you now and can stir up trouble in your closest relationships. You are prone to be compulsive or demanding in a close relationship, to be emotionally driven and to force things to a head in some emotionally-laden situation. Positively, a relationship can be deepened and reborn now, given new life by your willingness to reveal yourself completely to your loved one.

Light and pleasant interactions characterize this time period. You gain what you want through diplomacy or charm and by enlisting the support of your friends, rather than by being forthright and bold. You are willing to make concessions in order to maintain harmony in your environment.

Your feelings run hot now, and you are more likely to act on instinct, emotion, and impulse rather than reason. Your responses to life are passionate and also more natural, childlike, and direct. High-spirited physical play, lovemaking, or any activity that really involves you emotionally, such as a rock concert or a rousing football

game, will be very gratifying to you now.

Mar Sxtil Sun

Your physical drive and energy level are high now, and you can accomplish a great deal fairly easily. You are inclined to take the initiative or to strike out on your own, and you are likely to be successful at what you attempt at this time. Because you assert yourself in a positive manner, a leadership role or an opportunity to do something you have wanted to do on your own is likely to be offered to you.

Tuesday, Feb 5, 2019

Mer Sxtil Sat

Your mind is serious and you are able to concentrate on work that requires patience, attention to detail, and precision. Practical concerns dominate. You respect the rights of the people you care about at this time. In addition, you feel the urge to encourage others to explore and accept themselves and their own original ideals and rights as individuals. You may become involved with support groups or associations affiliated with humanitarian issues, in which you meet people who inspire your visions and goals. In fact, friends and group activities are the main source of your nurturing at this time. As for the members of your family, you will support their personal freedom, allowing them to develop self-reliance and trust in their own abilities or intuition. If you have children, you can respect their individuality, but you must still provide them with guidelines and provisions.

Mar Oppos Asc

Your relationships have a very competitive, aggressive quality at this time, and conflicts over power and dominance may erupt. You won't compromise yourself to please anyone. Disputes in your marriage or other close partnerships are likely. On the other hand, you may begin a relationship now, boldly taking the initiative to pursue someone you want to be with. You will come on strong to this person, but he or she might just love it!

Mer Sxtil Moo

You feel inclined to speak to others about your innermost feelings, your past, and other personal subjects, which builds closeness and trust in your relationships, especially with women. You are also a sympathetic listener, drawing out others' feelings and personal experiences.

You may hear from someone from the past or reach out to someone you have a long history with or who was once very important in your life.

Mer Conj Sun

You make yourself perfectly clear at this time, coming across in a very direct, articulate manner. Your honesty and willingness to communicate openly impresses others. This is a good time to give a speech, present your ideas publicly, or simply express your viewpoint to the people who matter the most in your life. If you are in a profession dealing with words, ideas, or communications, this is a very positive and fruitful time for you.

Ven Sqr Ura

You are impulsively affectionate and flirtatious at this time, and you feel quite restless if you are in a stable, predictable relationship that offers little excitement. You may be highly attracted to someone new, simply because of the novelty and possibilities for adventure. Also, your friends or love partner may behave in unexpected ways. Flexibility and open-mindedness in your relationships is called for now.

Mer Sqr Mar

Errors made in haste, speaking too forcefully, sharp words spoken on impulse, or accidents occurring due to restlessness and impatience are all possible at this time.

You feel that you have to fight for what you want or believe in, and you are very clear, decisive, and convincing right now, but you also tend to stir up more controversy or competitive feelings than is really necessary.

Jun Oppos Nep

You may have unrealistic expectations of your marriage or significant love relationship. There is the likelihood you may rationalize or make excuses for your own or your mate's behavior. Strange experiences can occur in your relationship now, such as deception, victimization or behind the scene activity that you refuse to acknowledge. If either you or your companion is excessively needy, irresponsible, or involved in escapist behavior such as drugs or alcohol, then these actions may intensify during this period. This will lead to self-denial or passive indifference to the real problems in the relationship. When you can perceive the partnership more clearly, you will have a greater understanding of whether or not your needs are being met.

This is not a favorable period to begin a new love relationship. You will have to use discretion and caution in selecting a partner, as you are prone to fantasy and illusions about others. Also, avoid becoming involved with weak or dubious characters who try to play upon your sympathy and sensitivity.

Thursday, Feb 7, 2019

Mer Trine Asc

It's a good time for a party, as long as you don't overdo it.

Friendly relations, goodwill and harmony will prevail in your marriage or love

relationship if you allow each other greater independence and individuality. You can be committed to your partner without trying to own or control them, and you want the same in return. As long as you are both willing to permit each other freedom, you can blend your energies into positive goals for the partnership and experiment with new ideas or different ways of relating. This could prove to be a very rewarding time when you can bring change or excitement into the relationship and eliminate dull and boring routines.

You feel the desire to make several minor, but significant, adjustments in your work. For example, if you are engaged in a business activity, you may discontinue some advertising, use new sources for various services that you use, assign new tasks to employees, change advertising to appeal to a new market, make changes in the product line, etc. The worst mistake you can make at this time is to procrastinate and not act on your ideas! At this time you have an excellent sense of balance and proportion and how to efficiently meet goals and objectives, and you should utilize this sensitivity to improve upon existing situations.

These qualities are evident in your personal life as well. You are likely to clean out your closets, reorganize, and also discover new opportunities for growth and enrichment. You may find a business or agency that is interested in a hobby of yours, or a group of people may express interest in an area that you have a lot of experience with. Do not let opportunities pass you by. This is a harmonious and pleasant time for you and one which can also bring some especially nice opportunities to you.

You may decide to further your education or receive additional training at this time. This training will prove to be a valuable asset for you so take advantage of this opportunity.

Emotional well-being and contentment characterize this time period. You feel quite relaxed and carefree, and this would be a splendid time for a vacation. Laziness, self-indulgence, and expecting everything to work out well with no effort on your part are negative possibilities now. There is a possibility that your mate or marriage partner will be in disagreement with you over a certain matter in the relationship. Since you are more likely to take everything personally during this phase, you may feel that your companion is being unjust and placing all the blame upon you. Your spouse or mate may be critical of your appearance, viewpoints or behavior, leading you to feel uncomfortable in expressing your true desires. You are motivated to perform tasks that appeal to your intellectual or creative objectives. However, you must use good judgment and clear thinking on the job and in career matters. Tension, lack of foresight and difficulty in focusing on detailed work can lead you into conflicts with co-workers or colleagues. There is a tendency to become troubled over a minor problem, and then blow the situation out of proportion, without consideration of the consequences of your actions. It is important at this time to reflect upon your career goals and how well you have been fulfilling them.

Working alone or keeping your thoughts to yourself might be in your best interest.

You have an abundance of physical energy and self-confidence right now and can take on new projects and challenges with ease. You feel bolder and less dependent on others' affirmation and approval.

Jup Conj Moo

During this time period you are more tolerant, forgiving, and generous than usual. You feel good about yourself and are usually in a cheerful mood. Domestic life and family matters are particularly important to you now, and you are likely to spend a great deal of time with family and close friends. You may also decide to make some kind of home improvement - perhaps fixing up or expanding your home, or landscaping. You could move to a larger home or to a place where you feel happier and more at home.

The nurturing side of you is highlighted, and you enjoy helping others, cooking, and baking. If you are trying to keep your weight down, then this astrological influence will bring one unwelcome tendency: eating too much, especially of rich foods. Try not to go overboard on goodies. On the other hand, don't try to go to the opposite extreme either; crash diets or fasting is not likely to work out well for you at this time.

You directly confront something that has been hidden, forgotten, or ignored for a long time. Unresolved issues in personal relationships are stirred up and the underlying causes of a painful or problematic aspect of a relationship may be brought to light.

Personal power and control are issues for you now, and if you take too much power (i.e. are manipulative and tyrannical) or too little power (i.e. are overly passive and easily victimized), then you will become embroiled in power struggles with others.

Fresh, exciting ideas appeal to you now and you find it extremely difficult to keep your attention on subject matter or work that you have already mastered. You want to try something new.

For example, a school teacher at this time will refuse to teach the subject material in the same manner that he/she has during the last few years. You feel the need to make changes and inject something original, even if it means experimenting with untried methods. It is likely that you will sporadically feel the urge so strongly that you spontaneously interject new material and dispense with your lesson plan. However, the school principal may not appreciate your innovation! Your impatience to experiment with new ideas and methods can get you in trouble.

You are very inclined to make rash decisions. With little forethought, you will suddenly decide to do something. Your patience is low and your reflexes are fast. This can cause accidents, for example, for you may impulsively decide to turn a corner or pull out into a busy street with less caution than you usually would. Because the impatient, spontaneous, innovative quality of this astrological influence bursts forth in short spurts, you often surprise even yourself by your quick decisions and reactions to situations. Watch what you say as well; you will find that the words are sometimes out of your mouth so quickly that you haven't thought about what you are saying ahead of time, and consequently you are much more frank, direct, and tactless than you want to be!

Major business decisions or career decisions are usually poor now. You are too excited and impatient and unwilling to recognize the many practical obstacles that your innovative ideas and impatient optimism must face in order to succeed. This is a good time to experiment with new options, explore alternatives, and investigate new ideas, methods, and options of all kinds. Making commitments or major investments now, however, is very risky.

You may attract difficulties with other people, especially women, either in your domestic life or in the workplace. Since your instinctual responses might not be as sharp as usual, you may unwittingly involve yourself in tense emotional exchanges, and then withdraw from the battle with coolness and indifference. Before dedicating yourself to a specific task or purpose at work or at home, be very careful to avoid hurting anyone's feelings, especially if you have turned away their help or involvement. Otherwise, you might have to deal with angry, jealous or spiteful behavior directed toward you. You must also be aware that your own anger may be just below the surface, and it could take just a minor incident or disagreement at work to trigger your temper.
