	What folks are saying and thinking is a lot closer to their hearts than you or they may think, so verbal sparring can get taken too seriously in the next few weeks. People mean what they say a little too much, and say what they really mean too little. There's a cry over the milk, spilled or not, so speak judiciously, with sensitivity.

	Everybody is into getting down to business for a couple of days, though that may not guarantee any business gets done. It's all about the proper attitude, however, so be cautious how you let your hair down, lest you be thought too frivolous. Showing all your feelings isn't the happening thing, for the moment, so tuck it in and toe the line.

	What is said and what is felt may not at all be the same today, so watch out for inner contradictions coming from those around you. Putting pen to paper may mean a rewrite down the line, so be careful what you sign, and intentions and reality may not be on the same page. A better time for winding things up than diving in.

	Mirages may pop up at any time, even if you're not in the desert. Feelings and internal visions can get muddled, and emotional miscommunication, either unintended or on purpose, may get in the way. Misentanglements can snowball, so be ready to cut loose and try again later. Avoid long-term commitments.

	Small investments are the safest, and small returns mount up. Conservative thinking can pay off if you don't make a big deal out of it. Any boat you launch now will be hard to rock, even in a storm, so it's a good time to ease her away from the dock and put gradually to sea. The world awaits, but don't rush.

	Today has strength and energy written all over it - a good time for a power breakfast, lunch, or dinner and getting down to brass tacks on deals you want to see really pick up speed. Or a good time for just getting out there and getting physical. A strong stride established today will take you all the way to the finish line.

	It's easy to insist on cutting your way through the confusion only to find yourself more at sea than before. 	The general air today is, let's say, overcast but not unpleasant. Take advantage of the relatively stable-but-cool emotional environment to mend fences, solidify old friendships, and give a pat on the back. Faint praise is probably sufficient, as going overboard looks suspect. Err on the safe side, others will do the same.

Accept uncertainty, and certainty will arrive soon enough.

That will be the general spirit of things, and if you join in it can get you into situations with staying power that do not need extra energy to sustain long-term. Let the general pace set yours.

				The general air today is, let's say, overcast but not unpleasant. Take advantage of the relatively stable-but-cool emotional environment to mend fences, solidify old friendships, and give a pat on the back. Faint praise is probably sufficient, as going overboard looks suspect. Err on the safe side, others will do the same.

New Moon in Gemini

Multiple starts mark the month and you may have to run two races at a time, one complimenting the other, in order to be in tune with the season and ride it to success. It's all about branching and leafing out, fractalizing your fundamentals into multiple scalings and positions. Leadership is about adaptability right now, and having it right in your head beats playing it from the heart this go-round, so don't feel you have to go deep to go far. There's better fishing in shallow water, so you don't have to cast your nets far from shore - just fling them fast and furious and pull in your catch from all quarters.

Expect feelings to get a little more intense for the next few days, particularly due to bottled-up emotions that people are trying to keep a lid on. It's hard to say what you mean when there's so much expectation to deliver on every hand. Best to be utterly sincere but not say too much that might set off hidden nerves or be seen as space invasion.

						There's a certain stability in the general atmosphere that makes it safe to say what you feel, but not too much. Conservation of emotion might be the phrase. It's a time to be mutually reassuring, rather than wildly supportive; projects launched will be stable, though, perhaps not very showy.

						Cruise control is the key to forward motion, so don't waste time pumping the pedal, just set it for the speed limit and keep your hands on the wheel -- the rest will take care of itself. When operations are well-tuned, you can afford to be on automatic along with the rest of the world, driving without distraction.

						Knowing what you want and moving on to procure it is the opportunity of the day, and what you fall into now may be just the chance you've been waiting for. Sharing goals and deciding to mutually go for it will be the best of all possible worlds for everybody, with a minimum of conflict resulting later.

						There's a hurry-up quality of the surrounding energy for a while that demands a lot of projects get tended to with dispatch, if not with thoroughness. Choices abound for channeling resources, and mobility and flexibility are everyone's hallmark for the moment. Take it in short bursts, as everyone else is.

						Everybody is into getting down to business for a couple of days, though that may not	

guarantee any business gets done. It's all about the proper attitude, however, so be cautious how you let your hair down, lest you be thought too frivolous. Showing all your feelings isn't the happening thing, for the moment, so tuck it in and toe the line.

				Mirages may pop up at any time, even if you're not in the desert. Feelings and internal visions can get muddled, and emotional miscommunication, either unintended or on purpose, may get in the way. Misentanglements can snowball, so be ready to cut loose and try again later. Avoid long-term commitments.

				Mercury Stationary Retrograde in 04th House	
				The next three weeks may cause you to step back and rethink your course and reset your bearings to make sure you are really on the course you intended. Do not hesitate to question fundamental values in order to get to the heart of what you believe and resolve inner conflicts that may arise. Small insights can net you large gains, particularly in the future stability of your ship. Rock your own boat before others do, and you'll be the better off for it. By the end, you may find risk reevaluation highly useful, particularly when you depend on others to evolve into what you will lean on in the future.

				Full Moon in Capricorn	
				You may find that this "Buck" Moon is not so much about the young stag as the dollar sign and how money relates to security. There's a tide of concern about personal need and neediness that may be a bit overblown, so lend a sympathetic ear but don't go writing big checks over it. People run from hot to cold and back rather quickly, and your greatest benefits may come from providing a steady hand and being a stabilizing element when it's needed. When everybody else is getting personal, remember that good fences really do make good neighbors, and it's nice to have one to lean on while you're having that personal chat.

				New ventures this coming year will tend be all about creativity and rampant possibilities, hang	

the details. So if you're a stickler, you may seem a thorn in people's sides. It's fun to roll with the blue-sky crowd, but don't count on cashing in on everything or taking it to the limits first imagined. Still, you hit the mark by aiming high.

Sour grapes can be today's flavor, and if you run into something that displeases, just drop it -- don't push it past the edge. People are feeling insecure, so avoid encouraging any negativity you encounter. New directions are not in order, as they won't go far, so wait just a bit longer to start your engine.
