Description: The Moon in Virgo
We crave organization and order, and are quickly disturbed by anything standing in the way of these things. This is a good time for chores, organizing, and tidying. It's also a time for scheduling health appointments and checkups, starting new routines, and generally tending to
We can derive a nice feeling of satisfaction and fulfillment from tending to our responsibilities, work, or other commitment. We are more able to make sacrifices or put our emotions aside in order to get something important done. Alternatively, we can bring more sensitivity to our practical affairs. This can be a good time to commit fully to something - especially health and healing matters. It's also a strong time for taking care of domestic matters.

Deeper feelings emerge suddenly, and possibly in a disruptive way. We may be over-reacting or going to extremes. Wait for the tension to subside before taking action.

What feels right clashes with logic today. What people are saying may be a misrepresentation of their true feelings/emotions. It's better to think before we speak, or misunderstandings can follow.

Contemplate the deeper things in life. Avoid unnecessary conflict, but if it's going to improve your life, go ahead and make waves. Tune in to your intuition. This is a good time for investigations, looking into a matter further, doing research, connecting to others with a shared passion, solving a mystery, and devising a strategy. When the Moon in Scorpio is strained, we may take our passions too far.
