Notes on the Time Line Forecast Report

1- Starting Positions (This section may not appear in your report, depending on the version you ordered.)

This section reveals the house and sign locations and interpretive paragraphs of active planets for the report starting date. This can provide you with a sense for the background of the influences in your life at the beginning date of the report - those influences already active in your life as of the report's start date.

2- Report Highlights

This section covers major events - those with a duration of longer than about two months - and acts as a summary of the strongest influences for the year ahead. This section gives the overview of the major influences in the year.

3- Monthly Format

The report is divided into separate monthly chapters, containing the longer-term influences along with the shorter-term details.

Key Information

Contains the planet aspect or event, house, and sign positions and enter, exact, and leaving dates with defined orbs. Events may be marked as Transit, Secondary Progression, Solar Arc, Solar Eclipse, or Lunar Eclipse.

The asterisks beside each influence show the event's relative strength, with one asterisk (*) identifying a relatively brief influence, and six asterisks (*****) identifying the strongest and generally longer-term influence.

When you see: Enter: Begin Date, the event's influence began before the date of the beginning of the report. If you see: Leave: End Date, then the event's influence ends after the ending date of the report. There is an exception to this notation -- when a planet enters a new sign or house, this influence ends when that planet enters the subsequent sign or house. For example, Venus enters Sagittarius will end when Venus enters a new sign (typically Capricorn).

Report Highlights

Dec 17 Moon Opposite Moon Secondary Progression (*Libra-Aries*
3rd-9th)
*** Leave (Enter: Begin Date Exact: Begin Date Leave: 12/17/15)

You may be faced with an important decision in which a compromise may be the only solution. Be realistic in your goals and objectives, and accept the fact that changes may be necessary to achieve them. You may have to discard old familiar habits, conditions, or relationships that are outdated or of little value.

Highly emotional relationships come into very strong focus in your life at this time: two people are either on just the right wavelength, or else there's a lot of tension between them. "Haves" and "have nots" stir up a lot of feelings, perhaps even envy or resentment. You may find yourself depending on someone else to the point that it makes you feel uneasy.

Dec 24 Saturn Conjunct Neptune Transit (*Sagittarius-Sagittarius*
5th-5th)
**** Exact (Enter: 12/15/15 Exact: 12/24/15 Leave: 01/02/16)

You could be forced to re-define your ideals and reshape your self-image. Making your dreams real (and seeing that reality is all you dreamed it could be) is your focus now. You may find your intuition and sense of truth deepening.

The theme of this time could be practical application of visionary ideals - or coming down to earth with a thud.

Initially this can be a time of sober realizations, squarely facing any illusions, deceptions, or patterns of escapism and avoidance that you may have. Addictions or dependencies will be seen for what they are. If you over-idealize someone or something, there may well be a disappointment or serious breach of trust which causes you to reassess.

You may have to contend with a mood of spiritual isolation. Perhaps a source of creative inspiration dries up or the places you once went for comfort seem unavailable. It's a time of deepening, maturing, and testing of your faith. You may choose solitude, retreat, voluntary simplicity, and aloneness as a way to reconnect with your spirit.

Physically, your energies are less hardy now, so it's wise to conserve them.

Positive Potentials:

Commitment to really living your spiritual values, ideals, and visions. More disciplined effort in overcoming negative dependencies and habits can lead to substantial changes for the better. Devotional and spiritual practices which truly

resonate with your soul. Ability to give up, do without, or surrender negative attachments.

Negative Potentials:

Tendency to see one's weaknesses, immaturity and vulnerability in a harsh light. Cynicism towards oneself or the world. A gloomy, anxious, disheartened mood. Guilt.

Remedies and Suggestions:

Avoid activities and people who reinforce a fearful perspective, whether in the form of "entertainment" or "spirituality", or simply people who drain your emotional resources. Simplify your life.

If you are so inclined, this can be an excellent period to work with rocks, crystals, and earth energies for spiritual or healing purposes. Create a medicine wheel, a labyrinth, or a healing garden with rocks. Meditate with crystals, or seek out a nontraditional healer who use them in his or her work. Seek help for addictive patterns you wish to be free of.

Jan 23 Saturn Opposite Sun Transit (Sagittarius-Gemini 5th-11th)
*** Exact (Enter: 01/12/16 Exact: 01/23/16 Leave: 02/04/16)

This may be a difficult time period during which you may experience opposition and blockage from events, others and the situation in general. A turning-point. An opportunity to take control and become more disciplined. A chance to see your own problems.

This is a low cycle as far as vitality, creative energy, and inspiration are concerned. You may feel dried up, used up, and tired of it all. You may be questioning the worth or validity of what you have been doing, or come up against some serious adversaries who seem intent on thwarting you. Responsibility, duty, obligation, or past commitments rule your life now, and a parent may become the source of considerable burdens during this period. Whatever your age, you may be feeling old, tired, or worn from the stresses in your life. This is a time to conserve your energy, eliminate all unnecessary activity, and concentrate on the immediate tasks at hand. In some significant way, this is "karmic pay back time". If you have been living honorably and with integrity, this may well be a lean or pressured time but you'll most likely emerge strong and undamaged. If you have been making poor choices, the results of those choices will manifest during this cycle.

Positive Potentials:

Pruning, eliminating, simplifying, and allowing whatever is passing away at this time to go. Concentrating on essentials, reducing extraneous actions.

Negative Potentials:

Self-pity, self-isolation, depression.

Remedies and Suggestions:

Humble yourself enough to share your struggle with caring others, and accept the help they offer you. Do not blame yourself excessively for whatever is occurring, but take responsibility for your actions and choices, and do what you can to make amends if you have transgressed.

Recognize that this ebb in your energy and/or confidence is part of a natural cycle, and expect your spirits to return. Do not make drastic decisions based on how you are feeling now.

Feb 09 Uranus Conjunct Jupiter Transit (Aries-Aries 9th-9th)
******* Exact (Enter: Begin Date Exact: 02/09/16 Leave: 03/03/16)**

Career insight and breakthroughs are possible. You might discover that unconventional solutions to life's problems or new directions and paths are in order. You could find a teacher or guide, a new approach to your career, and so on.

The spirit of adventure, of joyful discovery, and inspiration pours through you now. You feel more electric, an awakening and movement of the spirit. Your plans, aspirations, and future goals may change as you open up to wider, freer, and unexpected possibilities. Rapid changes and a quickening in many areas of your life usher in a new period of growth. Unorthodox approaches you may have never considered before influence you positively at this time. If you are normally conservative, this can shake you up a bit.

Positive Potentials:

Spiritual opening to greater vistas of possibility and understanding. Serendipitous discoveries. An unexpected and fortunate twist of fate. Participating in a collective movement of the spirit, contributing to planetary awakening. Joyful freedom.

Negative Potentials:

Exaggerating the benefits of a new plan or idea. Travel plans, educational goals, financial ventures that go awry, not necessarily to your detriment but calling for flexibility and the willingness to open to a different possibility. Crazy goals. Wild restlessness.

Remedies and Suggestions:

If other astrological influences are difficult and demanding during this period, this influence can allow you to see a bigger picture, to laugh at the immediate drama, and to have a sense of positive expectation for the future. Allow yourself to explore and enjoy the eccentric, unusual possibilities that come into your life now,

without needing to pin anything down or come to a final conclusion about them. Incorporate as much freedom as you can into your life now.

Feb 20 Uranus Enter Tenth Transit (Aries 10th)
***** *Exact* (Enter: Begin Date Exact: 02/20/16 Leave: End Date)

Big changes affecting your career, status, and reputation are likely at a time like this. Daring to be different gets you noticed and could get you ahead in ways you never expected. It could even land you in hot water if you're not discreet. A high-tech or idealistic approach sets you apart.

During this period, your identity in the world and your important personal goals will change. A strong spirit of restlessness, freedom, and idealism comes over you, and you cannot go on in the old way. You may change your profession or do it in a more unorthodox way, with less regard for societal standards, norms, or expectations. You could have conflicts with authorities for ignoring rules and policies, and stubbornly insisting on doing it your way. Whatever you've outgrown or accepted begrudgingly up until now will be challenged, and may quickly be given the boot. You can get somewhat ungrounded, overly idealistic, or unnecessarily provocative during this period. Extreme behaviors can land you in hot water.

Feb 20 Uranus Conjunct MC Transit (Aries-Aries 10th-10th)
***** *Exact* (Enter: 01/22/16 Exact: 02/20/16 Leave: 03/12/16)

A powerful time of change, during which you may have great insight into your career. You could change jobs or suddenly find a way to transform and improve your current job. A certain amount of mental tension can be expected, so bear with it.

During this period there is likely to be a radical departure or sudden, unexpected turn of events in your life direction, career path, or personal ambitions and aspirations. Perhaps your wildish maverick side rises up and you feel the urge to make big waves, revolt against stifling standards or authorities, or invent a new occupation or public identity. Or perhaps you are no longer willing to subdue or misrepresent yourself for public approval, and you may get the reputation of being a trouble maker, a loose cannon on the job, or simply more unconventional. On the other hand, you may be going along with business as usual and the terrain around you is shifting rapidly, requiring you to change everything and move into new areas. This can be a chaotic, exhilarating, unpredictable time for you, especially professionally. You are entering new territory that can lead you to more creative freedom, discovery, and inspiration. At the least, it won't be dull!

Positive Potentials:

Exciting new developments, new kinds of work, changes in your occupation that revitalize you.

Negative Potentials:

Extreme discontent, leading to irresponsible or disruptive behavior (especially if you have been putting up with a lot of dissatisfaction). Shocking revelations in the public arena. Tendencies toward instability are amplified.

Remedies and Suggestions:

Sometimes radical solutions and total revolution is not necessary although you feel like it is. Try making modifications and incorporating new elements or ways of working, before you impulsively make a break from everything you've been doing. New technologies and innovations may be important features of the work you are moving into. Be willing to grow and evolve. If you have been technophobic, learn a little about these new areas. If you are solidly conservative and skeptical about anything that is not traditional, explore leading-edge or unconventional methods. Move out of your comfort zone, with an open "beginner's mind".

Mar 08 Sun Square Mercury Solar Eclipse (*Pisces-Gemini 9th-11th*)
*** Exact (Enter: 03/08/16 Exact: 03/08/16 Leave: 09/01/16)

Resolving conflicting opinions and deciding between opposing views or different options is a special focus for you now. This is a time of decision: a change is needed. Distinguishing between facts and feelings, and giving each its due, become the keys to your best interests now.

Mar 08 Sun Trine Saturn Solar Eclipse (*Pisces-Cancer 9th-12th*)
*** Exact (Enter: 03/08/16 Exact: 03/08/16 Leave: 09/01/16)

This is a time when new information tends to come to light which makes it clear that a change in plans or outlook is needed to preserve your security. Keep your eyes open, and your ear to the ground. You're in a learning phase now, that means adapting to changing circumstances. Failure to do so can thwart your ambitions and set you back in one way or another.

Mar 12 Moon Opposite Jupiter Secondary Progression (*Libra-Aries 3rd-9th*)
*** Exact (Enter: 02/16/16 Exact: 03/12/16 Leave: 04/07/16)

Optimism is probably misplaced now, because there isn't the kind of support you need or want for your goals - caution and reserve could stand you in very good stead. Legal interests and publishing or broadcasting concerns are likely to run into resistance.

New undertakings, ventures, and expansive programs are likely to meet with

opposition and obstacles. Apparently someone does not agree with the way you intend to handle certain matters. Best to seek a compromise and avoid upsetting confrontations. This is not a favorable time for long-distance travel, legal issues, decisions on higher education, or resolving religious conflicts.

Mar 21 **Jupiter Re-Enter Second** Transit (*Virgo 2nd*)
***** *Exact* (*Enter: Begin Date Exact: 03/21/16 Leave: End Date*)

Financial gain and material well-being are among the brighter prospects looming before you now, as you focus in on how much things really mean to you. Yet there may be a tendency to emphasize the material too much, which could lead to the feeling that the things you own, own you instead!

The second house rules your value system, personal finances, and possessions. On another level, it rules your comfort levels. During this Jupiter transit, you are likely to see benefits to your earning power and value system. Jupiter in this part of your chart should bring a profitable and productive year. You are likely to feel more confident and enthusiastic about your ability to earn a living, and you may choose to develop your talents in order to boost your earning power. Your income is likely to increase, and there may be an opportunity to improve your future financial situation. However, you may also be just as inclined to splurge on yourself, plumping up your nest or your store of personal possessions. Monetary problems from the past may clear up during this period. You can add to your possessions, and a major purchase or sale is very possible. A significant gift or bonus may come your way. Benefits now are tangible, physical ones. There is a sense of abundance, and feeling worthy is integral in attracting good fortune. In fact, self-worth is really what the second house is about. Expectations of receiving one's fair share come now, and this tends to attract abundance and favors. This is a good time to go for a raise, apply for a loan, or take part in various dealings with financial institutions. You may need to curb an inclination to overspend--feeling good could bring you to the stores as you temporarily forget about the future! Particularly if Jupiter trines planets in the sixth and/or tenth houses, this is also a very favorable period for success in the work you do.

This can be a prosperous period for you, especially as the seeds of good will and the new ventures you may have initiated within the last year or so begin to bear fruit. The focus is on expanding your material security as well as enjoying your money and material well-being.

Investments may be highly profitable as long as you don't throw all caution to the wind. Combine faith and intuition about financial trends with a measure of prudence, and expect positive rewards.

If money has been difficult for you, this can be the time to turn that around. Learn as much as possible about successful principles of building financial well-being, and focus on creating a better future for yourself. Integrity and a positive attitude are important keys for you now. This transit lasts, on average, about a year.

Mar 23 Moon Conjunct Pluto Lunar Eclipse (*Libra-Libra 3rd-3rd*)
*** Exact (Enter: 03/23/16 Exact: 03/23/16 Leave: 08/18/16)

This is a time of deep and fundamental change in your life, a time to let go of the past and move on - perhaps even to tear down what has become outmoded and build it anew. There's a better than even chance that fate will present you with choices of this sort. You play the hand you're dealt ... there's no sense wishing for another one.

Mar 24 Moon Opposite MC Secondary Progression (*Libra-Aries 4th-10th*)
*** Exact (Enter: 02/27/16 Exact: 03/24/16 Leave: 04/19/16)

There is an emotional pull between family responsibilities and career interests. You may have to find a way in which to blend the two areas together. Changes are likely to affect your immediate environment, through the possibility of moving or enlargement of your present home. Purchase or sale of property may also be given consideration.

Your life takes a more private than public turn now, away from the outside world at large and more toward the home and family. You care less about what the world (or the boss) thinks of you and more about what your family wants, needs and expects. A change of residence is possible, and this could be a very good time to buy real estate. A time of endings in some way.

Mar 24 Moon Enter Fourth Secondary Progression (*Libra 4th*)
**** Exact (Enter: Begin Date Exact: 03/24/16 Leave: End Date)

A cycle of nostalgia and domesticity begins now emphasizing a need for security and a sense of roots. Family, home, relatives, and real estate play a bigger part in your life. You want to belong on a private, intimate, personal level... to be needed, and to feel it's okay to have needs.

This trend seldom passes without some kind of change or altering of conditions within the immediate environment. Someone is likely to leave or enter your home base. Be selective of whom you share your living quarters with; they can have a positive or negative affect upon your emotions. Nothing is more disturbing than lack of peace and harmony in the serenity of the nest, which is your protection from the outside world. Should the situation warrant it, you may decide to purchase or sell property. Moving, enlarging, or remodeling of your present home or apartment is yet another possibility. Affairs of parents, a parent-in-law, or another close member of the family may require your personal attention. Note the sign position of your progressed Moon for additional influences affecting the home base.

Mar 29 **Pluto Opposite Saturn** Transit (*Capricorn-Cancer 6th-12th*)
***** *Exact* (*Enter: 02/10/16 Exact: 03/29/16 Leave: End Date*)

Inner searching and a sense of being vulnerable and exposed could tempt you to drop your responsibilities and spend more time on personal growth. It may be difficult to concentrate on your duties during this time of psychological sensitivity.

During this period there may be severe challenges to something you are very attached to or have worked diligently to establish. Conflict with authorities or the prevailing attitudes around you may lead you to withdraw and to go it alone. Or you may be forced to leave a position, place, organization, or group because of political power plays or difficult circumstances. Deep and immutable forces of change are at work in your life, and yielding or cooperating with the times rather than resisting due to fear or ego is what is called for now. This can be a time to clear away old financial, moral, or karmic debts in order to regenerate your life.

Positive Potentials:

A thorough housecleaning, leading to a complete restructuring of your life. Discovering core strength and identity by enduring the rigors of this cycle.

Negative Potentials:

Losses, deaths, and surrender of something you have been deeply invested in, a difficult transitional period. Heavy pressures at work or in the area where you derive security.

Remedies and Suggestions:

Eliminate whatever is superfluous and nonessential in your life, and don't try to maintain the usual social round or life as you have been accustomed to it. Work hard at resolving the weaknesses or underlying problems that may be contributing to current challenges. Let go of cherished ideas of how things "should" be, when they clearly are not working.

Jun 27 Jupiter Enter Third Transit (Virgo 3rd)

******* Exact (Enter: Begin Date Exact: 06/27/16 Leave: End Date)**

A period of greater social involvement - especially with neighbors and brothers or sisters - sets in now. Learning and teaching seems to satisfy an important need. Being more in touch with other people gives you a sense of belonging.

Restlessness and curiosity may lead you to explore and appreciate facets of your immediate environment that you have overlooked until now. Those that are nearby and readily available - perhaps a neighbor, a relative, or some friendly person you see occasionally in your everyday life - may offer you a wonderful opportunity or gift. A neighborhood walking group, or some other light social activities that enrich and expand your world, would be beneficial to you.

Communication of all kinds and travel for educational purposes are favored now.

Educational and communication opportunities present themselves during this cycle. You may increase your knowledge and skills set, and find much enjoyment in so doing. During this long-term trend, neighbors or relatives could be especially beneficial. Your knowledge grows and your ability to disseminate this knowledge sharpens. You express your ideas with more enthusiasm, and they are received well. You are able to understand complex subjects and explain them in such a way that others can readily understand; thus, teaching or authoring may be prosperous now. Opportunities for travel or advanced study may present themselves. This might be a good time to take a course due to the fact that you are more receptive to learning and expanding your knowledge and skills. You may decide to buy a new car, or transportation opportunities present themselves, making it much easier for you to get from point A to point B. You are more cheerful and sociable, and others tend to appreciate your company more as a result. Gifts or opportunities may come through

visits, short trips, messages, emails, or they could come through contacts with siblings, classmates, and neighbors. Some sort of positive news or announcement is likely to be part of the picture. If you're an author, you will find many opportunities and your creative juices flow nicely. If you're a student, school is especially favored. If you're in business or trade, you are likely to find sales are especially strong. In general, you find much joy in communicating, learning, and socializing. Particularly if Jupiter transits trine to planets in the seventh and/or eleventh, new friendships or partnerships may be formed now. This transit lasts, on average, about a year.

Aug 18 Moon Trine Mercury Lunar Eclipse (Aquarius-Gemini 8th-11th)
*** Exact (Enter: 08/18/16 Exact: 08/18/16 Leave: 09/16/16)

Getting your point across to others - and understanding what they REALLY mean when they communicate with you - is a weak link in your life-chain at the moment. Notice where things of this nature go wrong, and address the problem areas with all due consideration - thus turning a liability into an asset. A lack of information can hold you back, so educate yourself to what's happening.

Aug 18 Moon Trine Uranus Lunar Eclipse (Aquarius-Libra 8th-4th)
*** Exact (Enter: 08/18/16 Exact: 08/18/16 Leave: 09/16/16)

Learning to manage change - much of it arising from social or technological developments - is vitally important now. Don't be caught sleeping at the switch, thinking things will remain the same. They won't, and if you don't prepare yourself to deal with that you could find the rug pulled out from under you! Now is a time to gather and exchange information that prepares you to stay on top of things.

Sep 01 Sun Square Neptune Solar Eclipse (Virgo-Sagittarius 2nd-5th)
*** Exact (Enter: 09/01/16 Exact: 09/01/16 Leave: 02/26/17)

This is a time to shed illusions - fast. You'll see signs of this in close emotional relationships and in your home or family situation. There's a feeling that change is needed, and this could manifest as a change of residence; however, that's not likely to be the real answer. (It could well be a mistake, in fact.) Unrealistic thinking is the problem - until you address that, no external change will really fix things up.

Addictions or dependencies will be seen for what they are. If you over-idealize someone or something, there may well be a disappointment or serious breach of trust which causes you to reassess.

You may have to contend with a mood of spiritual isolation. Perhaps a source of creative inspiration dries up or the places you once went for comfort seem unavailable. It's a time of deepening, maturing, and testing of your faith. You may choose solitude, retreat, voluntary simplicity, and aloneness as a way to reconnect with your spirit.

Physically, your energies are less hardy now, so it's wise to conserve them.

Positive Potentials:

Commitment to really living your spiritual values, ideals, and visions. More disciplined effort in overcoming negative dependencies and habits can lead to substantial changes for the better. Devotional and spiritual practices which truly resonate with your soul. Ability to give up, do without, or surrender negative attachments.

Negative Potentials:

Tendency to see one's weaknesses, immaturity and vulnerability in a harsh light. Cynicism towards oneself or the world. A gloomy, anxious, disheartened mood. Guilt.

Remedies and Suggestions:

Avoid activities and people who reinforce a fearful perspective, whether in the form of "entertainment" or "spirituality", or simply people who drain your emotional resources. Simplify your life.

If you are so inclined, this can be an excellent period to work with rocks, crystals, and earth energies for spiritual or healing purposes. Create a medicine wheel, a labyrinth, or a healing garden with rocks. Meditate with crystals, or seek out a nontraditional healer who use them in his or her work. Seek help for addictive patterns you wish to be free of.

You may find that both your personal growth and your career may depend upon how you can handle the very sensitive psychological material that could be coming up now. You will benefit from analytical insights, getting to the heart of things. Penetrating.

This can be a profoundly positive time in which your deeper aspirations, your sense of great possibilities, and your urge to enlarge, expand, or regenerate your life intensifies. Material, political, or social aspirations and power come into focus. If you are oriented in that direction, you may expand your sphere of influence, conceive a grand project, or bring hidden resources and talents into action in a wider way. On another front, you may be drawn to transformational healing or deep process work which expands your inner freedom considerably. Perhaps a long-standing difficulty will begin to turn around, or you will experience a breakthrough in your psychological or spiritual growth. You can tap a deep source of healing power from within, perhaps involving some form of hypnosis, creative visualization, or dream work. In any creative endeavor, greater inner richness and depth, and wider recognition, are available now.

Positive Potentials:

Extraordinary efforts to succeed or to rise. Leadership abilities or aspirations emerge. Achieving magical effects through wholeheartedness. Rebirth of faith or vision. Deep healing forces are activated. Involvement in wider spheres of power and influence.

Negative Potentials:

Becoming obsessed with a goal or a belief system. Tendencies toward fanaticism increase.

Remedies and Suggestions:

This is a good time to work WITH others to achieve goals that improve and add to the lives of everyone involved. Working within a community, with an emphasis on "sharing the wealth" or mutual empowerment will succeed most smoothly. Avoid one-sided, self-righteous, or all-knowing attitudes, and bring in as many allies as you can. Respect diverse points of view and ways of being.

*** Exact (Enter: 10/10/16 Exact: 10/22/16 Leave: 11/01/16)

This may be a difficult time period during which you may experience opposition and blockage from events, others and the situation in general. A turning-point. An opportunity to take control and become more disciplined. A chance to see your own problems.

This is a low cycle as far as vitality, creative energy, and inspiration are concerned. You may feel dried up, used up, and tired of it all. You may be questioning the worth or validity of what you have been doing, or come up against some serious adversaries who seem intent on thwarting you. Responsibility, duty, obligation, or past commitments rule your life now, and a parent may become the source of considerable burdens during this period. Whatever your age, you may be feeling old, tired, or worn from the stresses in your life. This is a time to conserve your energy, eliminate all unnecessary activity, and concentrate on the immediate tasks at hand. In some significant way, this is "karmic pay back time". If you have been living honorably and with integrity, this may well be a lean or pressured time but you'll most likely emerge strong and undamaged. If you have been making poor choices, the results of those choices will manifest during this cycle.

Positive Potentials:

Pruning, eliminating, simplifying, and allowing whatever is passing away at this time to go. Concentrating on essentials, reducing extraneous actions.

Negative Potentials:

Self-pity, self-isolation, depression.

Remedies and Suggestions:

Humble yourself enough to share your struggle with caring others, and accept the help they offer you. Do not blame yourself excessively for whatever is occurring, but take responsibility for your actions and choices, and do what you can to make amends if you have transgressed.

Recognize that this ebb in your energy and/or confidence is part of a natural cycle, and expect your spirits to return. Do not make drastic decisions based on how you are feeling now.

A career decision, something that is obviously in your best interests, may go against feelings and emotions. You may have to ignore your feelings and put them aside in order to benefit from the current sequence of events. Possible resentment.

An inner restlessness can dominate this period in your life. What you do with this extra energy is very much up to you. You may find yourself spinning your wheels, simply because circumstances are such that you have too many desires and not enough outlets or energy to obtain them. Sexual energy is variable, and adventurousness in general is felt. However, be aware that you will have a tendency to overestimate your abilities. Be cautious with regard to putting yourself at physical risk, as accidents are more likely at this time. Avoid the tendency to boast or to come on too strong, as you may end up rubbing important people in your life the wrong way.

Your urge to expand, grow, to do and accomplish more than you have before is heightened during this cycle. It is hard for you to control or restrain yourself now. You want to say yes to everything. This can be an excellent time to go into business, to expand your enterprise, to start up something new.

You are feeling more confident and self-assertive which can lead you to take risks on your own behalf that will improve your life considerably - perhaps something you've been longing to do or have been finding the strength to attempt. Now is your moment. (However, make sure you do all of the ground work first; acting precipitously, which in your current eagerness and exuberance you are tempted to do, may work against you.)

Your physical energy is more vigorous and you feel restless, rambunctious, playful, and possibly more competitive than usual, also.

Positive Potentials:

Fortunate and inspired action. Ambitions and aspirations realized. Successful enterprises launched. Giving birth to new creations.

Negative Potentials:

Overextending, biting off more than you can chew, spreading your efforts and energies too thin.

Remedies and Suggestions:

Follow through on inspirations and impulses to create or expand your field of influence. Avoid exaggerated claims and overconfident or arrogant behavior, which can be your downfall.

Nov 10 Jupiter Opposite Moon Transit (Libra-Aries 3rd-9th)
**** Exact (Enter: 11/05/16 Exact: 11/10/16 Leave: 11/15/16)

Career choices, decisions that should be made, may appear to go against or challenge your current sense of security and home environment. The easy way out may not be beneficial to your health and general wellbeing. Weigh alternatives with care.

Depending on your character and life situation, you might be feeling especially optimistic or emotionally self-indulgent during this transit. Some of us experience swings from optimism to self-pity. Problems rooted in the past and with family and early childhood are apt to surface during this period, and productivity may be adversely affected as you nurse your wounds. There can be a tendency to put on weight or to be financially extravagant. If this is the case, recognize that it's a sign that you are looking for emotional satisfaction in the wrong places. You may be questioning the amount of support you are receiving from others, but be aware that your judgment on this matter is likely skewed. You might be setting others up on some level to prove to yourself how unsupported you are. We all need to feel emotionally supported, and this transit makes us more aware of that need. Ideal handling of this transit is facing what it is you feel is lacking in your life--that which is causing you to feel unhappy. The fact is, if you choose to reach out to others at this time, it is more likely than not that they will be receptive to you, as long as you sincerely want them to be.

Your mood is festive, expansive, celebratory, and optimistic. Whatever good you have in your life, you want to share with others. This is a wonderful time to bring people together, especially if you want to smooth over or mend past difficulties. Emotional rifts and tangles can be eased, and a spirit of generosity, tolerance, and forgiveness allows you to come together again.

You are also feeling playful; this is a good time for travel and vacationing. You may feel restless and caged if you don't allow for some playful adventure now.

Positive Potentials:

Warm satisfying emotional connections. Increased social and emotional ease and

confidence. Help and support from others, especially women.

Negative Potentials:

Wanting more, more, more. Dissatisfaction with what you have, feeling it is not enough. Self-indulgence, blowing off responsibilities. A feeling of entitlement and deserving something (expecting others to provide).

Remedies and Suggestions:

Express a lot of gratitude and appreciation for the people around you and for the good you presently have. Take the initiative to make the improvements and enrichments in your life that you are now seeing as possible. Offer something to others, and say yes to the gifts that others offer now.

Possibly a career turning-point that may require some careful thought and good judgment on your part. The current flow of events may dictate a path that runs against your best talents and abilities. Don't sell yourself short. Hang in there.

In this time, the momentum is toward expansion, enlargement, and furthering yourself in the ways that are important to you - financially, professionally, educationally and/or spiritually. Promotions, honors, bonuses, and increases of all kinds are likely.

If you have been settling for far less than you really want and are capable of, there will be openings that give you more freedom and possibilities. Long distance travel, publishing, and other ways of extending yourself further into the world are featured as well.

Positive Potentials:

Successful outcomes, realization of goals. Gains. Festivities. A sense of optimism, confidence, and positive vision for the future enables you to move ahead.

Negative Potentials:

Over-optimism, overconfidence, overreaching, overextending yourself. Promising or expecting too much. Extravagances. Restless discontentment with your day to day routine, which may feel too narrow for you now. Conflict with the law, teachers, or other authorities, caused by overstepping your boundaries (at least in their eyes). Being swamped with projects or opportunities, and wanting to do it all.

Remedies and Suggestions:

Maintaining a sense of proportion and balance during this expansion phase will

enable you to profit the most from it. Remember that MORE isn't always better, and beware of biting off more than you can chew.

Remain alert and open to the opportunities of the moment, and say yes to those in alignment with your values and long-range goals.

This could be a time of challenge from a career standpoint. You may find yourself spending more interest and energy at home and with the family, and having less shine on the job. This home life will lay the foundation for greater confidence at work.

Home improvement is the current theme. You may move to a more spacious or more comfortable and uplifting living arrangement, add on to or remodel your home so that it suits your needs better, invest in property, sell real estate at substantial profit, or in some other way gain and benefit from your home situation. Relationships with your family may improve and/or there could be an increase in your family - a new baby or some other hopeful development. If you are considering a move, now is certainly a very favorable time, virtually guaranteeing success. As a result of these happy occurrences, your professional life or other important personal goals are apt to be positively affected as well, especially after you are settled in.

Positive Potentials:

Increased comfort, security, and well-being through home improvements and investing in family relationships.

Negative Potentials:

There are very few negatives associated with this; however there may be a lot to attend to and take care of now.

Remedies and Suggestions:

If you have been neglecting your inner and personal life, and if your home is just a "pit stop" in your busy life, it would be wise to readjust your priorities now. The more generous you are with your family and in your domestic world, the better you will feel - and the more you'll be able to generate energy for other positive goals.

You could have an emotional eruption with someone -- an old-fashioned standoff. Tempers may be hot, as push comes to shove. Self-control might be in order.

Your energies run hot and you could risk driving yourself too hard and burning yourself and others with too much passion or anger. Minor annoyances may feel like major aggravations; unexpressed frustration or hostility may erupt into the open; pushing, hurrying, or forcing things can lead to trouble. Slow down and cool down on every level: take the pedal off the metal, consciously slow your movements, drink or immerse yourself in cool water, avoid people and situations you know have the potential to rouse your ire. Observe how touchy and aggressive your ego tends to be right now, as if every thing that doesn't go your way is a personal affront, and have a good laugh at yourself!

Dec 02 **Pluto Square Moon** Transit *(Capricorn-Aries 6th-9th)*
***** *Leave* *(Enter: Begin Date Exact: Begin Date Leave: 12/02/15)*

Pluto transits to the Moon directly affect the feelings, the public image, and personal popularity. People and things affected by Pluto are the mother, important women in your life, domestic life, and the home. Our early experiences often cause us to build a life "script" that incorporate our expectations from the world, and this process is ruled by the Moon. Pluto challenges this "script". In some cases, men live this transit through key female figures in their lives. Sometimes, the relationship with the mother or other important female figures come into focus.

Sensitive matters of extreme vulnerability may tend to intrude on your home life and environment. You could be unable to share all the changes you may be experiencing with those around you. Someone may be unable or unwilling to support your feelings.

This is a very intense period in your life during which old feelings, memories, and deep emotional patterns emerge with undeniable power, demanding to be reckoned with. Family relationships may become the arena in which much of this is played out. Family secrets or feelings about your mother or about mothering are especially volatile. Or you may become deeply involved with someone who resembles your mother and/or brings out the emotional, needy child in you.

This can be a time of great emotional and psychological healing, as well. As you face and make peace with or integrate the aspects of yourself that have gone underground, been "lost", buried, or suppressed, all of that energy which you have been using to keep these feelings at bay can be liberated. Pay attention to your dreams now. Images of basements, subterranean passages, or explosives may be coming up along with ones of buried treasure. A lot of your inner treasure - your energy and resources - is down there amidst the "junk" you are now having to deal with.

Positive Potentials:

Emotional and psychological cleansing, liberation and rebirth. Skeletons in the family or personal "closet" come out. Deep ancestral patterns and cycles can be healed. Being rid of "emotional vampires".

Negative Potentials:

Overwhelming or disturbing emotions; deep-seated resentments, jealousies, anger, or fears, if not addressed, can lead to digestive or other physical ailments. Compulsiveness or possessive tendencies may be triggered.

Remedies and Suggestions:

This is an excellent time to do any personal healing work, including psychotherapy or other in-depth processes that focus on releasing old patterns, "inner child", work and past-life therapy may be especially useful now. Beware of projecting your feelings onto "innocent" people. This is a time to look in the mirror and not to blame others who may only remind you of your pain, not be the cause of it.

Sensitive.

Today you may feel very dreamy and imaginative. A good book or movie might take on added importance. You could find yourself ignoring the practical in favor of considering your more eternal prospects for the moment.

You are extremely sensitive to the moods and undercurrents around you right now. You make judgments intuitively and instinctually. You may have a hard time defining your actions and your goals, perhaps losing sight of reality and reason temporarily. Flexible morals, increased spiritual awareness, imagination, and inspiration mark this period. Your imagination may get the better of you when it comes to practical matters. However, it's a strong time for creative visualization. It's also a good time to do something from the goodness of your heart, with no expectation of reward.

You are living life with spirit just now, and your energy and vitality are strong. The natural confidence that you exude during this transit doesn't come across as offensive. It's a good time to take the initiative and to act on things that you've only been thinking about doing. You are drawn to physical activity, and if you are involved in a competitive event, you are more likely than usual to come out a winner. Effective decision-making is possible now. This transit whets your sexual appetite, increases spontaneity and courage, and helps you to let go of some of your

inhibitions. You can get loads done if you put your mind to it. Your positive conviction seems to move obstacles out of your way. Rather than confronting obstructions, you move your way around them, which is truly the best strategy right now.

A good day to get things done. Good eye-hand coordination and sustained effort make almost any task run well. You may feel like exercising or getting out and about. Emotions are very present but within control.

What makes you unique is more attractive to others under this influence, so emphasize what makes you special. Excitement and newness is valued over permanence in social relationships. You lose your fear of taking risks in love and social situations. Romantic infatuations, gossip, unanticipated opportunities socially or financially are all possibilities. Sometimes this correlates with an unexpected income boost, a surprise visit or social event, a transient or sudden romantic attraction, or unpredictable experiences in matters of the heart. Beware of emotional outbursts and aggressive maneuvering in traffic or at home, because what you perceive to be slowness on the part of others may just be your own impatience. However, ongoing or chronic tensions that you try to ignore most of the time are likely to erupt now. This isn't the best time to visit the in-laws, or to work out problems with people you're close to. Find positive ways to let off steam. A vigorous tennis match, perhaps?

You may be restless, curious, and in need of intellectual stimulation, or feel a bit over-stimulated and nervous. You don't need caffeine! Slow down a little, especially in traffic.

Nervous strain and tension could cause sloppy thinking and rash statements, impulsive decisions, and rash actions. Pay close attention to everything you do and don't let your subconscious mind run the show. Everything will be more effective if you work with others rather than alone.

Mental discrimination.

Figuring things out, spotting the fly in the ointment, separating the sheep from the goats: these things take on special significance now. A heightened interest in health and diet, as well as an urge to get things organized into a rational system, goes along with this. Much mental busywork.

This is a good placement for Mercury, as it is the natural ruler of the sixth house. It's an excellent period for sorting out the details of your daily existence. You are inclined to make to-do lists, pay bills and sort out clutter, and to do detail work on the job. Health matters are most certainly on your brain as well, and you could be thinking of scheduling check-ups or busy researching ways to improve your health. You may also show a keener interest in improving your basic skills. Your approach to work during this cycle is pleasant, happy, and logical for the most part, unless you allow worry or scattered energy to enter the picture. You are inclined to want to learn new work skills, or to improve your skills and output in terms of work. There is likely to be more activity, movement, contact, and communications with co-workers now. You tend to take more interest in organizing your working environment--and this is an excellent time to do so, as you are especially objective and intelligent when it comes to getting a handle on your daily affairs and all of the "little things" that contribute to a feeling of efficiency and competency. Menial tasks become more prominent. Watch, however, for tension or idle chit-chat interfering with your work output during this cycle.

Dec 09 Mercury Enter Capricorn Transit (*Capricorn 6th*)
*** Exact (Enter: Begin Date Exact: 12/09/15 Leave: End Date)

Figuring out how to organize projects and people is apt to become a topic of special interest - and a challenge - at a time like this. Opinions are not enough for you now: they must be backed by authority or evidence, and above all they must have practical worth and application. A period of intense study and thought.

Dec 09 Sun Trine MC Transit (*Sagittarius-Aries 5th-10th*)
* Exact (Enter: 12/08/15 Exact: 12/09/15 Leave: 12/10/15)

A very good day for job-related events. You may shine in your particular job or find that promotion or practical insights come with ease. You could represent or speak for your company or communicate about your skills.

The force is with you--go for your personal best! Father figures or those in a position to help you further your aims are encouraging and receptive to what you propose. Back up your words with action, follow through with a solid effort, and expect success. This is an ideal time to express what you really want, to show some style, and let the world know who you are.

This trine gives you a clear idea of who you are, what you are doing and where you're headed. With this position also comes an understanding, knowledge and control over the necessary material resources as well as the techniques for achieving your goals. You will work diligently at whatever tasks you set yourself to do, paying careful attention to details. More than just self-confidence, you know you have what it takes, that you have been using it and are able to convince others of your abilities. Leadership may be the result. If you need a new job, now is a good time to go after it.

*** Exact (Enter: 12/10/15 Exact: 12/11/15 Leave: 12/13/15)

Relax. This is not an easy time. Your own drive and emotions are hard set against the way things are, your particular set of realities. Push on now and you risk breaking something. Be patient, and let this one blow over.

At this moment you do not want to waste time or energy and you may be impatient with those situations or people who seem to stand in your way or thwart your will. Resentment and an adversarial attitude may surface, especially towards those who have an easier time of it. You may be tempted to lash out at others who are really not the cause of your frustration but are simply safe targets. Instead of moving with these destructive attitudes, turn to what you can do in your own court. Self-reliance, patience, and even hard or disagreeable work can turn this time into a productive one. Find ways to relieve stress (that don't involve hurting others!). Avoid telling your secrets now, as this can be a time of unwitting airing of your dirty laundry.

Dec 12 Mars Opposite Jupiter Transit (Libra-Aries 3rd-9th)
*** Exact (Enter: 12/10/15 Exact: 12/12/15 Leave: 12/13/15)

Emotional considerations may block or oppose how you proceed with a project or plan. Someone may get pushy or obscure the real choices and the right path.

Your challenge now is to synchronize your own will and agenda with the larger energies or grand design. You tend to be tripped up by over-eagerness or expecting too much too soon, but if can relax, trust, and allow supportive energies to come to you, your desire can be fulfilled or a wish realized. Ask for what you want and do what you need to, then let it happen. No forcing or overdoing needed!

Dec 12 Mars Opposite MC Transit (Libra-Aries 4th-10th)
*** Exact (Enter: 12/11/15 Exact: 12/12/15 Leave: 12/14/15)

Your home and family life may be challenged by someone in authority. This could be job-related.

You may not be moving ahead as you'd like, or you may find that you're struggling to get things done. Hurrying, irritability with family or people at work, and a disagreeable attitude can make this a tense time. Don't try to do more than you have to, or make deadlines for yourself that you then push yourself and others to meet. Chill out a little!

Dec 12 Mars Enter Fourth Transit (Libra 4th)
**** Exact (Enter: Begin Date Exact: 12/12/15 Leave: End Date)

Family and security are things that rattle your chain more than ever now. These are areas where you make beginnings and bold moves, things you're willing to fight for... things it pays to be careful about.

Tackling some major project in your home, garden, or yard, or taking action on something in your home that's been neglected or needing repair for some time, is on the agenda now. It's best if you work by yourself or with a family member who is equally eager and committed to the project, however, because otherwise impatience, anger, and hurt feelings may spoil the enterprise. Strive to be kind and respectful towards family members, who may seem to be going out of their way to irritate you!

Dec 14 Mercury Square Pluto Transit (Capricorn-Libra 6th-3rd)
** Exact (Enter: 12/13/15 Exact: 12/14/15 Leave: 12/14/15)

Making mountains out of molehills.

You may be having some dark and secret thoughts. Sensitive areas of your mind may intrude and appear obsessive. You may be suspicious of someone.

"Suspicious minds" characterize this transit--whether it's you or others in your life. However, if you harness the energy, you can develop strategies to get to the bottom of any matter. Mistrust, investigations, being given (or giving) the third degree, some level of mental stress and pressure, a troubled mind--these are all negative possibilities now.

This transit can bring hidden forces to light and trigger psychological energies within that could change your life. Positive introspection can bring greater awareness and control of the inner dimensions of your being. On the other hand, it can cause compulsive thinking and a tendency to force your point of view on others. This could produce strong opposition from them. It is important to keep an open mind on all issues and not become obsessed with one idea or thought. You will not want to accept events at face value at this time, and it is a good time to study subjects like psychology, philosophy, mysticism, and the occult.

Dec 14 Sun Opposite Mercury Transit (Sagittarius-Gemini 5th-11th)

* *Exact* (Enter: 12/13/15 Exact: 12/14/15 Leave: 12/15/15)

Conflicting viewpoints.

You may find yourself somewhat argumentative today. For instance, you could disagree with ideas or find communication with others difficult or fouled up. You may clash with someone older or in authority over ideas. Words may be exchanged.

You are apt to be busy, moving around a lot, and interacting with people on the go. You have quite a bit of mental energy and may be restless if you have to be stationary for too long. Lots of ideas are being batted back and forth. Conflicting views and opinions serve to clarify your own thinking. Seek compromises on inconsequential matters. Try not to fret over trivial matters. Learn from differences in opinion, because sometimes they help you to form your own opinion.

Dec 14 Jupiter Square Mercury Transit (Virgo-Gemini 3rd-11th)
****** Exact (Enter: 12/03/15 Exact: 12/14/15 Leave: End Date)**

Your ideas may not agree with the direction your career is taking. The price of success could mean that ideas and methods of communication you are happy with get ignored or set back. You may feel that you cannot communicate your thoughts.

Philosophical disagreements, challenges to your belief systems, or simply exposure to more ideas and information may cause you to enlarge your views at this time.

You may also find yourself intellectually restless and bored with your usual occupations, conversations, and ideas. Your thirst for broader experience of the world, more knowledge, or more expansive ideas may lead to long distance traveling, attending seminars or classes, or reading extensively on new subjects. This is actually a good time to teach what you know, also. Reaching out and communicating on a larger scale is favored now.

Positive Potentials:

Optimism and positive thinking. New, more expansive ideas and plans. Networking, making contacts, negotiating mutually beneficial deals. New alliances.

Negative Potentials:

You may come across as overconfident, self-righteous, or preachy in expressing your opinions. Also, because you are so optimistic about plans and possibilities, you tend to overlook significant details or to overextend yourself. Beware of saying too much right now also.

Remedies and Suggestions:

Remember to LISTEN to what others have to offer, with the intention of learning

from them. (Don't think you know it all already). Pay attention to the logistical and practical details of your plans and ideas.

Dec 16 Mercury Square Mars Transit (Capricorn-Aries 6th-9th)
** Exact (Enter: 12/16/15 Exact: 12/16/15 Leave: 12/17/15)

Your mind is very sharp now, with the result that you may be a bit irritable or say too much. Quick-witted you are, but this could also result in arguments and hard words.

Impatience, hastiness, and disagreements characterize this transit. This is an unfavorable time for any kind of meeting, starting a new project, and business proposals. You can be irritable and say all the wrong things. Mental agitation could be part of the picture. Impulsive communications and hasty decision-making should be watched for. You can accomplish more if you are careful not to be too hasty and forget details. "Haste makes waste".

You may be faced with an important decision in which a compromise may be the only solution. Be realistic in your goals and objectives, and accept the fact that changes may be necessary to achieve them. You may have to discard old familiar habits, conditions, or relationships that are outdated or of little value.

Highly emotional relationships come into very strong focus in your life at this time: two people are either on just the right wavelength, or else there's a lot of tension between them. "Haves" and "have nots" stir up a lot of feelings, perhaps even envy or resentment. You may find yourself depending on someone else to the point that it makes you feel uneasy.

Dec 18 Mercury Square Moon Transit (Capricorn-Aries 6th-9th)
** Exact (Enter: 12/17/15 Exact: 12/18/15 Leave: 12/19/15)

Nit-picking.

You may find that your ideas and thoughts run counter to what is going on around you, resulting in a lack of support or respect for what you think. There could be arguments, especially with younger persons.

This is a mildly difficult aspect, for it tends to bring a disturbing factor into the environment, which may have the effect of upsetting or disarranging domestic affairs. It is not good for any dealings with family or relatives, and may denote

disputes with the mother. You should now use care with regard to all correspondence, for it is a difficult time for expressing yourself, and you are therefore likely to be misunderstood, so that misunderstandings arise that disturb your peace of mind. Worry, indecision, restlessness and an inability to concentrate exacerbate the situation. You should avoid travel, and keep yourself free from engagements or appointments as far as possible until this brief aspect has passed, having no dealings with solicitors or agents, and signing no important papers unless compelled to do so. It is not good for any literary work, but, fortunately, it does not endure for long.

**** Exact (Enter: 12/18/15 Exact: 12/19/15 Leave: 12/20/15)**

Affections stabilize and mature now. Small advances can be made in business and in partnerships. Support from older people or authority figures may come by way of solid advice or more tangible help. Renewed ties to old friends are possible, or a new sense of responsibility in existing friendships. A commitment could be solidified now.

You feel a love of order and law -- an appreciation for responsibilities and duty. Problems are valued for the lessons they represent, rather than perceived as obstacles.

Worries and pressures are eased now, especially if you've been overworking and neglecting your friends. You can lighten up a bit, relax, remember how to smile. You may seek out someone who is a bit older than you or a reliable long time pal to spend some time with. Your money sense is quite sound at the moment so if you're considering a purchase or investment, this is an auspicious day to do that.

Dec 19 Sun Enter Sixth Transit (Sagittarius 6th)
**** Exact (Enter: Begin Date Exact: 12/19/15 Leave: End Date)**

A time to make adjustments.

The Sun illuminates your sixth house. During this cycle, you take more pride in the work you do and in your health routines than any other time of the year. You are sorting through the experiences of the last several months, separating the worthwhile from the worthless. This is a good time to build your skills, to get organized, and to attend to your health and wellbeing. It's a great time to make improvements to your regular routines. Your self-esteem and your ego are tied up in the work you do and in the services you give. Details are more important to you now. It's time to bring order to your life by focusing on the little things that make up the whole. This cycle presents an opportunity to get rid of what doesn't work in your life, while also discovering what does. You could seek distinction and strive towards perfection in your work. Efficiency should be your goal now. Your physical health, as well as the relationship between your body and your mind, are in focus.

Being more practical and conscientious takes on special importance now. Taking care of the necessary underpinnings of life - health, work, and such - becomes a greater preoccupation. Sorting things out and getting them organized to utmost efficiency keep you busy.

Dec 20 Mars Trine Mercury Transit (Libra-Gemini 4th-11th)
*** Exact (Enter: 12/18/15 Exact: 12/20/15 Leave: 12/22/15)

You may be very forceful in what you say and think. With all of this emotional energy, you could speak or communicate very well. You have mental drive.

You say what you mean in a very clear, direct, and compelling way, which short circuits any problems that could arise from ambiguity or indecisiveness. It's an excellent time to do an oral presentation, take an exam, tell your side of the story and convince others of your opinion. Be sure to listen as well. You enjoy intellectual activities and stimulation, conversation, and problem solving.

This is a time for dynamic mental enterprise and constructive effort. Your spirit of enterprise during this transit will help bring success to any intellectual project. This influence sharpens the mentality, making you eager to learn and to gain experience. You are active, energetic, and industrious: very keen, shrewd, and practical in all matters requiring mental acumen. It gives you the ability to put into practice any latent ideas that you may have. Hence, you become more enterprising, aspiring, and speculative, and should meet with success in most of your activities. You are able to observe accurately and quickly. This is an excellent influence for travel, writing, correspondence, or for literary undertakings of any kind, as well as for dealing with agents, solicitors, or those who act as intermediaries. This influence is good for the nervous system and for the general health, as the mind is bright, cheerful, and keenly alive to the positive side of things. It is a period for general success and material welfare, as the mind will be eager to take advantage of opportunities, and you will see clearly how to act.

A time for discovery.

There's a noticeable sparkle in your eye now, and others seem to appreciate your quirks and idiosyncrasies. Perhaps it's your willingness to adapt to new circumstances, ideas, and unfamiliar situations that gets you just the right attention. You are seeking out color for your life now, and you simply won't stand for anything routine, stereotyped, or commonplace. It's a good time to join organizations and groups and to attend meetings or social events. You can find creative solutions to problems now. Flexibility is the key to success under this influence. Creative license, improvisation, spontaneity, and discovery are all key themes. Freedom of expression is especially important to you right now.

Take a little trip, or get outside today. You may want to break that routine and try something new or different right now. You may discover insights into day-to-day problems that will be of great value later.

Dec 21 Mercury Opposite Saturn Transit (Capricorn-Cancer 6th-12th)

Someone may tend to put the damper on what you say or think, or in some way manage to restrict your ability to communicate. You may have thoughts that differ with the establishment (the law).

Your thought patterns tend to take on a negative skew, as you think in pessimistic terms and communicate sparingly or reluctantly. Your speech may be hesitating or awkward--it simply doesn't flow naturally. It's difficult to trust your instincts just now, and you second-guess things automatically under this influence. You may need to deal with red tape, re-doing tasks you thought you had finished, problems getting from point A to point B and decreased mobility, delays in communication, negative thinking, hyper-sensitivity, and criticism.

Dec 21 Mercury Square Jupiter Transit (Capricorn-Aries 6th-9th)
** Exact (Enter: 12/20/15 Exact: 12/21/15 Leave: 12/22/15)

Exaggeration.

You could find yourself mentally acute and in a problem-solving mood. However, there is a real possibility that the decisions you make today and the solutions you find may have to be re-done tomorrow.

Information overload is possible today. It is all too easy to miss or neglect important details. You may exaggerate, have a hard time putting your ideas to practical use, or overstate under this influence. This is an unfavorable transit for travel. Your ideas and plans may be too grandiose just now. Lack of clear mental focus is likely, but you may make measurable progress if you can focus.

You think in more abstract terms, therefore the implementation of plans could be sloppy. Don't forget details. Watch out for arrogance in communications. With awareness, this transit can be a great force for good.

Dec 21 Mercury Square MC Transit (Capricorn-Aries 6th-10th)

You may not be able to keep your mind on your job or whatever you're doing just now. It could be hard to make good job-related decisions.

This is a period of extroverted mental and communicative activity in worldly affairs. However, there is a danger of being too caught up in your own personal ideas. You do not listen to anyone else's, and this could lead to disputes. There is trouble in connection with correspondence, writing, literature, travel, relatives, solicitors, etc. Problems in professional and domestic life, even minor damage to your reputation, could be caused by meddlesome family members, friends, or dishonest people.

You see what's wrong and you know what to do now: the time has come to make it real, and it's a lot bigger than any one person. This means cooperation and organization, authority and discipline, responsibility - and all these things are what it takes to get you where you know you must go. But take care! If your vision is only for yourself, what you create cannot last: it must be for some greater good. Ambition, practicality, and achievement are admirable, but they are means to an end - not ends in themselves.

Appreciation and admiration come easily.

Romance and other things that tug at the heart strings come your way as a new cycle begins. A child or lover may come to mean everything. This is a creative period for you, a time to take a chance, a time to be appreciated and admired.

This is an expressive period for the goddess of love! It's natural for you to turn on the charm without even lifting a finger. You are especially attracted to aesthetic forms of recreation. You feel a little more playful now, and love matters tend to be laced with a touch of drama. That shouldn't be a problem--in fact, you kind of like it that way for the time being. More loving and appreciative relationships with your children may also figure now. Your powers of attraction skyrocket during this cycle. Yet, you are not aggressive in your approach to love. Instead, you attract more if you allow yourself to be pursued now. Creative self-expression of any kind is favored at this time. You instinctively know how to place yourself in the best light in order to make a good impression on others. Any love affair begun now will be characterized by good cheer, having fun, and a fair share of emotional drama!

Dec 24 Saturn Conjunct Neptune Transit (Sagittarius-Sagittarius 5th-5th)
**** Exact (Enter: 12/15/15 Exact: 12/24/15 Leave: 01/02/16)

You could be forced to re-define your ideals and reshape your self-image. Making your dreams real (and seeing that reality is all you dreamed it could be) is your focus now. You may find your intuition and sense of truth deepening.

The theme of this time could be practical application of visionary ideals - or coming down to earth with a thud.

Initially this can be a time of sober realizations, squarely facing any illusions, deceptions, or patterns of escapism and avoidance that you may have. Addictions or dependencies will be seen for what they are. If you over-idealize someone or something, there may well be a disappointment or serious breach of trust which causes you to reassess.

You may have to contend with a mood of spiritual isolation. Perhaps a source of creative inspiration dries up or the places you once went for comfort seem unavailable. It's a time of deepening, maturing, and testing of your faith. You may choose solitude, retreat, voluntary simplicity, and aloneness as a way to reconnect with your spirit.

Physically, your energies are less hardy now, so it's wise to conserve them.

Positive Potentials:

Commitment to really living your spiritual values, ideals, and visions. More disciplined effort in overcoming negative dependencies and habits can lead to substantial changes for the better. Devotional and spiritual practices which truly resonate with your soul. Ability to give up, do without, or surrender negative attachments.

Negative Potentials:

Tendency to see one's weaknesses, immaturity and vulnerability in a harsh light. Cynicism towards oneself or the world. A gloomy, anxious, disheartened mood. Guilt.

Remedies and Suggestions:

Avoid activities and people who reinforce a fearful perspective, whether in the form of "entertainment" or "spirituality", or simply people who drain your emotional resources. Simplify your life.

If you are so inclined, this can be an excellent period to work with rocks, crystals, and earth energies for spiritual or healing purposes. Create a medicine wheel, a labyrinth, or a healing garden with rocks. Meditate with crystals, or seek out a nontraditional healer who use them in his or her work. Seek help for addictive patterns you wish to be free of.

There is a possibility of renewed emotional and affectional feelings as you develop a close bond with a new relationship. There should be an increase in vitality, with a personal sense of well-being. This is one of the most auspicious periods for recuperation or overcoming past illnesses.

This is a time when emotional sensitivity and being attuned to your instincts can bring you all kinds of good things. Take a chance on your hunches and psychic insights: you could be pleasantly surprised at how far they can take you. Relationships of a romantic as well as social nature are especially good for you now - particularly if you play the field rather than narrowing your focus. A child or lover plays a big part in your life now, and you're at some kind of peak in creative potency.

Circumstances may urge you to great effort and hard work. Things are working with rather than against you, so don't hold back. However, don't overdo and try to go too far too fast. Let things take their natural course, which should be an easy one now.

You are capable of consistent and sustained effort during this period, making it a favorable time to undertake large projects. Increased patience and willingness to work steadily enables you to get a great deal accomplished now. This is the time to practically implement ideas and plans, to bring them down to earth and make them a reality. You have more discipline than usual and can use it to direct your will into any constructive endeavor. This is a "building" time-you may literally be involved in building projects, or you may be building a solid vehicle for future success in your profession or other areas.

You tend to be even-tempered now and to have a stabilizing, steadying effect on those around you. You may want to coach or mentor the younger generation, to help them along.

Positive Potentials:

Solid and lasting accomplishments achieved through hard work and wise planning. Good organizational abilities. Positive relations with elders and authorities. Working successfully within a tradition. Successful training.

Negative Potentials:

You tend to be rather rigid and unyielding, and perhaps less open to experimental innovations. Security concerns may take precedence over all others.

Remedies and Suggestions:

This is not a very exciting period (unless other astrological influences are active), but one in which much can be created and accomplished. Give yourself credit for your good work!

Control issues.

A very superficial day. It may not be possible for you to penetrate to anything remotely meaningful or moving. Perhaps there is a sense of the artificial, the repetitive, or the senseless. You can't seem to get beneath the surface.

A tendency to want to control your life through some form of manipulation is strong during this influence, but is best avoided for good results. Meeting with obstacles in your path, however, can force you into the position of using all of your resources to fight back, and you can discover resources you never knew you had in the process. Insubordination and abuse of power may be part of the picture. Impatience with rules and compulsiveness are shadow energies of this transit. The urge to get to the bottom of matters is with you, but you could be too insistent. Avoid beating a dead horse and attempting to force matters that should naturally take time to unfold.

You are unlikely to be coming on strong and trying to make things happen, but instead are inclined to flow along with people and situations, attracting what you need and letting the world come to you. Harmonious interactions with others are favored at this time, likely because you yourself are projecting the more charming, cooperative, and agreeable side of your nature! Smoother negotiations are the result, and love is easier than usual to enjoy -- and to

You portray the more reasonable, refined, and likable side of your personality now, and others tend to respond warmly. You are more willing than usual to bend and compromise. Remember that you get what you want by the forces of attraction during this period, rather than coming on strong. This is a good time to purchase property, art objects, or to use new methods to increase your personal finances. Doors open that may have previously been closed or undiscovered. Difficulties in social or romantic communication are possible today. On the other hand, you may make more efforts to be polite and to communicate. Powerful desires and amorous feelings are stimulated now perhaps through an enticing interaction or personal encounter. You take the lead in social situations or attract personal attention. Coming on too strong, not picking up on subtle cues, or being inappropriate in a social sense are pitfalls of this time. Strive for a balance between taking the initiative and being sensitive and aware of others' needs and wants. If you are usually shy and unassertive, this is your moment to come out and take a risk even if you're a bit awkward.

It's a challenge to deal with routine matters or monotonous tasks under this influence. Tasks may be left undone or interrupted. Seeking fairness.

An emphasis on close relationships and a preoccupation with ideas of fairness and harmony are part and parcel of the mental cycle you've just begun. The intellectual

and communicative talents of those close to you take on greater importance: any shortcomings of this kind stick out like a sore thumb.

You tend to weigh the pros and cons of every issue during this cycle, taking into account others' needs as well as your own. Some indecisiveness is possible now, simply because you naturally entertain opposing viewpoints. You have a strong desire to cooperate and communicate with others now. You feel most comfortable spending time with people on a one-to-one level, or with those with whom you share a personal history. Your own thoughts become clearer through dialogue with others. You may be doing public relations work, counseling, negotiating, or arbitration during this cycle. There is a lot of emphasis on communications with partners and best friends at this time. You can use the power of words to advise others or to make peace with people in your life. You are more diplomatic than usual.

Report for January

Jan 01 Mars Conjunct Uranus Transit (Libra-Libra 4th-4th)
*** Exact (Enter: 12/30/15 Exact: 01/01/16 Leave: 01/02/16)

You feel like being different, trying something new and unusual. A perfect time for new ideas, a breakthrough in thinking, a novel approach.

Now is a moment for quick, decisive action which may seem (or be!) reckless, risky, or way out of the ordinary. A craving for freshness and freedom makes you bold, and you may upset a few apple carts. You tend to be impatient and abrupt with people who slow you down, and brutally frank as well. Try not to put yourself in situations that call for forbearance or tact, as your outbursts may surprise even you!

Too much speed can spell trouble also. However if you've been mustering your courage to do something you really need to do, this is the time.

Jan 01 Mars Square Asc Transit (Libra-Cancer 4th-1st)
*** Exact (Enter: 12/30/15 Exact: 01/01/16 Leave: 01/03/16)

You may be under a lot of pressure, at least in the way you appear to others. All is not in harmony between your emotions and the way you come across.

This is not the best time to try to do something jointly or cooperatively. Without realizing it or intending to, you may arouse others' anger or antipathy, perhaps by being overly assertive, competitive, or inconsiderate. Minor inconveniences or compromises create more friction and irritation than the situation actually warrants. Try to keep your cool. Working out or getting some physical exercise can help.

Watch for immature behavior, minor accidents due to impulsiveness or impatience, and conflicts. Fever, sinus problems, car or machinery trouble, receiving tickets, arguments, and other such matters are more likely now. You want to do it your way now--you are not in any mood to compromise.

Jan 01 Sun Square Mars Transit (Capricorn-Aries 6th-9th)
* Exact (Enter: 12/31/15 Exact: 01/01/16 Leave: 01/02/16)

Provoking.

You have "spring fever" now, no matter what the season! You could find yourself driven by a restless desire to do something; but without a well-defined goal, you tend towards impulsive actions and get yourself into needless arguments. Circumstances spur you into action. Your more passionate nature comes to the fore. You could be a little too eager to impress others with an aggressive or inappropriate stance, or you may find yourself competing with others in unhealthy ways. You can easily rub people the wrong way and instigate conflicts. As long as you channel this

excess energy constructively, instead of wasting your time arguing, you can accomplish much. If this transit plays out as bursts of anger and frustration, instead of decisive action, then you know you are not handling yourself efficiently.

Frustration, especially in getting things accomplished, may set today's mood. You could fly off the handle with very little provocation, so exercise some control and be ready for a possible emotional overload.

*** Exact (Enter: Begin Date Exact: 01/01/16 Leave: End Date)

The tried and true doesn't cut it anymore: it's the new, the unique, and the original that catches and holds your interest now. Idealism, rationality, and critical thinking become more and more a part of your mental patterns and the way you communicate. You are inventive, original, high tech.

Jan 03 Mars Enter Scorpio Transit (Scorpio 4th)
**** Exact (Enter: Begin Date Exact: 01/03/16 Leave: End Date)

Tear it down and build it up again, reach in and pluck out the offending element: that's what the new cycle you have entered is like. Power becomes a compelling idea, perhaps even an aphrodisiac - and you've got a stronger than usual supply of it now. Use it, don't abuse it - or you might find that it's a two-edged sword!

Jan 03 Sun Square Moon Transit (Capricorn-Aries 6th-9th)
* Exact (Enter: 01/02/16 Exact: 01/03/16 Leave: 01/04/16)

Emotional unrest.

You may have a sense of circumstances working against you or feel a lack of support and love from those around you. You could clash with younger people or old habits. Your support system (environment) may feel stressed.

This is a brief period in which emotional frustrations or setbacks could occur. Relationship problems that occur now likely have their roots in emotional unrest and some confusion between what you want to do and think you should do. You are more excitable than usual, and less inclined to make rational, thought-out decisions. Whims could take hold. If you are having problems on the domestic front, they are magnified now. Do your best not to force changes in your life. Circumstances and others tend to be less supportive than usual, and you might find you have to push yourself harder to achieve the same results you would on other days of the month. This is not an ideal time for new enterprises or undertakings. Inner restlessness may take you out of your typical routine. You are more inclined to become "stressed out" now and more inclined to catch a cold or to feel slightly under the weather.

Relationships with others may be strained for the time being. This is a good time to uncover issues of emotional unrest that have been bubbling under the surface, and to take steps to take better care of your emotional needs.

Jan 04 Venus Sextile Pluto Transit (*Sagittarius-Libra 5th-3rd*)
** Exact (Enter: 01/03/16 Exact: 01/04/16 Leave: 01/05/16)

You may enjoy probing into your inner workings or some good solid gossip. You value your darker, more secretive areas and don't mind working through some sensitive problems.

If you seize the opportunity, this is a good time for both finances and relationships. Your feelings are impassioned, but not in an offensive or unpleasant way. You are focused and confident, and you appreciate depth of feeling and authenticity in your dealings with others.

This transit deepens the emotions and all of those you that feel today will have extraordinary force and vigor. It is a good time to try to understand your emotions and how they affect your relationships. Love relationships are more intense, and physical sex is likely to seem more transcendental. You can enhance relationships now because you feel the full force of your emotions. It is also a time for truth and self-honesty.

** Exact (Enter: 01/06/16 Exact: 01/07/16 Leave: 01/08/16)

Make a wish.

New and fresh beginnings on creative levels characterize this transit. Heightened sensitivity to, and awareness of, beauty and spirituality is the order of the day. You are easily influenced, seducible and seductive, and given to strong powers of imagination. You are more attuned to the world of beauty and romance today. Gentleness with others is the best way to harness this energy. This could be a "magical" time on a romantic and social level, but it could also be a confusing or illusory influence as well. Psychic openness and compassion characterize this period.

You may enjoy a good movie or book or feel like escaping from day-to-day realities for a while. You can appreciate an imaginative approach and may value communal or futuristic ideas.

Jan 07 Venus Trine Mars Transit (*Sagittarius-Aries 5th-9th*)
** Exact (Enter: 01/06/16 Exact: 01/07/16 Leave: 01/08/16)

Warmth and affection.

You may find yourself looking for a little romance today or at least enjoying some emotional release. You can appreciate feelings and movement. You may want to just get out and walk or exercise.

Passionate love and powerful creative drives are stimulated now. If you work in any of the arts, this can be an enormously productive time when your energy and sense of beauty and style really come together. Happy collaborative efforts of all kinds are featured. Camaraderie, friendship, and affection, even with people you normally don't socialize with, can be expected. In a romantic relationship, this can be a very special time. If you wish it, make it so!

This transit points to success and ease in close personal interactions. You are feeling passionate, warm, expressive, lively, and sexy. It is a good time for financial ventures, your social life, artistic pursuits, romance, and pleasure. You are now able to take the initiative and to achieve harmony and sexual fulfillment. This influence brings satisfaction to the feelings. You might form permanent ties or relationships that prove to be fruitful and fortunate. Your creativity and desire to make something beautiful is stimulated now.

* Exact (Enter: 01/06/16 Exact: 01/07/16 Leave: 01/08/16)

Time to make adjustments.

Your confidence is undermined by feelings of doubt, pessimism, or guilt. Encountering obstacles to progress and inhibitions are prominent under this influence. You could be plagued by a feeling of not being "good enough". Lack of faith in yourself, in others, and in life itself could put a damper on your initiatives. This is a time when others don't seem to notice your efforts, when progress appears to be minimal if at all, when nobody seems to extend their hand to you, when you need to go it alone and you could feel resentful for it! Life doesn't seem to be playing in your style. Because this is one of your less attractive and magnetic periods of the year, you might want to avoid scheduling personally significant activities, job interviews, or self-promotion efforts during this period. Although there is a positive side to every aspect, while it's happening, it doesn't really feel good. A heavy dose of realism seems forced upon you now, but your efforts to measure up to expectations can ultimately increase your confidence in your ability to be responsible for yourself. This influence is a somber one. Conserve your energy, slow down, and focus on work that needs to get done.

Obstacles to self-discipline or to your sense of organization may appear. You could be frustrated by someone in this regard, or external events might pile up and be thrust upon you. Authorities and red tape may stand between you and your goals.

Dissatisfaction with routine.

You may feel vague restlessness and discontent with life as it is. You want more than mundane, but perhaps too much. Overestimation and exaggeration are possibilities. Your mood may be elevated, but somewhat unstable as it may not be based on reality. Try not to promise more than you can deliver, or to expect too much. Committing to something might not be the best idea just now, as you may not be seeing things realistically, or you might not follow through. Channeled well, this energy can represent creative power.

Not a great day to make plans or decisions. It could be hard to figure out the right move. You may feel frustrated as to where you are headed in life just now. Someone older or in authority may disapprove of your actions or decisions.

Jan 08 Sun Square MC Transit (Capricorn-Aries 6th-10th)
* *Exact* (Enter: 01/07/16 Exact: 01/08/16 Leave: 01/09/16)

Perhaps a frustrating day regarding practical or job-related activities. You may find yourself going against authority or making some rather poor business decisions.

You are driven by self-interest, with emphasis on professional and personal goals, some of which may not be in harmony with the interests of others. The transit could indicate conflict with others, who may see you as selfish and uncaring. You may not feel like working with others, but you must be careful and not work against them. Much can be accomplished, but don't forget others have goals and feelings, too.

Self-absorption can bring you into disfavor with superiors or other influential people during this brief influence. Financial losses, low prestige, loss of position, or professional frustration are possibilities. This is not a good time to seek favors from those in power. Wait for this to pass.

Figuring out how to organize projects and people is apt to become a topic of special interest - and a challenge - at a time like this. Personal popularity.

Take this opportunity to express your feelings to people close to you -- you are more likely to be received well today than on other days. This is a good time to enhance the beauty and grace of your home, as well as to attain some level of harmony in your domestic affairs. You could be called upon to offer some emotional (or financial) support, and you are more willing to do so than usual. This is a green light period for beauty treatments, purchases for your home and family, and subtly changing your personal style successfully. You may not feel like working or pushing yourself too much now, but that's just fine. A passive approach to life works best now. This is a cosmic nudge to slow down and enjoy quiet and nurturing activities. A good time for surrounding yourself with friends and younger people and for having a good time. You appreciate your particular situation and enjoy support from those around you.

Green light for buying new things for the home, buying new clothes (and wearing new things), changing your style, and activities behind the scenes. You could receive praise or friendly greetings and invitations now. You could help someone out financially or receive a gift now. Compliments are more likely to come your way now.

***** Exact (Enter: Begin Date Exact: 01/09/16 Leave: End Date)**

Mental discrimination.

Figuring things out, spotting the fly in the ointment, separating the sheep from the goats: these things take on special significance now. A heightened interest in health and diet, as well as an urge to get things organized into a rational system, goes along with this. Much mental busywork.

This is a good placement for Mercury, as it is the natural ruler of the sixth house. It's an excellent period for sorting out the details of your daily existence. You are inclined to make to-do lists, pay bills and sort out clutter, and to do detail work on the job. Health matters are most certainly on your brain as well, and you could be thinking of scheduling check-ups or busy researching ways to improve your health. You may also show a keener interest in improving your basic skills. Your approach to work during this cycle is pleasant, happy, and logical for the most part, unless you allow worry or scattered energy to enter the picture. You are inclined to want to learn new work skills, or to improve your skills and output in terms of work. There is likely to be more activity, movement, contact, and communications with co-workers now. You tend to take more interest in organizing your working environment--and this is an excellent time to do so, as you are especially objective and intelligent when it comes to getting a handle on your daily affairs and all of the "little things" that contribute to a feeling of efficiency and competency. Menial tasks become more prominent. Watch, however, for tension or idle chit-chat interfering with your work output during this cycle.

You find yourself other-oriented just now, with many thoughts and ideas for partnership, rather than doing things alone. Friends may find you less self-centered than usual.

Conversations with your partners and friends are critical now. This is a time for you to really listen and learn from others. If there is some matter you are concerned with, now is an excellent time to consult a professional or even a good friend that can give helpful feedback. You need other people's ideas and opinions now.

This is a time when laziness and self-indulgence are more likely. You're simply not in any mood for hard work! You could be looking for an "easy way out". Delaying spending might be wise now. Relationships could prove expensive. You may find yourself at odds with someone you care about or someone in authority over a question of values. Your own values or way of expressing love and affection may differ from someone you interact with now. Your ego may be a bit inflated right now. As long as you don't think with your ego, you could learn a whole lot about a person you love. Try to avoid being demanding or self-centered at this time.

Your mind is set on hair trigger just now and this could result in some hasty decisions, if not a few explosions. There may be a lot of tense energy and unusual thoughts. You could find yourself changing your mind again and again.

Your senses are stimulated, and you could have sudden flashes of insight or fresh new ideas. However, your ideas are not always received well by others and you can be scatter-brained. It's a challenge to deal with routine matters or monotonous tasks under this influence. Tasks may be left undone or interrupted. This is not a good time to be understood, so you may want to hold off presenting your ideas for the time being. Your search for intellectual thrills may cause you to make waves or to pick an argument.

Difficulties in social or romantic communication are possible today. On the other hand, you may make more efforts to be polite and to communicate. It is not a favorable time for accomplishing tasks that require discipline and strong mental applications.

Good times.

Let the good times roll! A lovely sense of well-being and ease characterizes this time. If you've been under a lot of pressure lately, you can let up, let go and relax a bit. You feel freed up emotionally, and freer with your affection and your money as well. Your open-heartedness and easy attitude draws good things your way - friendship, love, opportunities, and material benefits alike.

Friendliness and optimism characterize this transit. You are big-hearted and your feelings are expansive. Your outlook is cheerful and hopeful and the atmosphere around you is cooperative. This is a sociable, perhaps lazy and self-indulgent, time. This is a period when you easily find meaning in your social connections. You are more open and trusting of friends and lovers. Integrity and loyalty are favored. This is an especially favorable influence for winning people's trust. Speculation, advertising, publishing, and travel are also favored. Don't pass up a social opportunity now. This is a time when it's easy to simply enjoy life. Love brings happiness and good feelings. Sometimes, this indicates a romance with, or attraction to, a person who is not typically your type or who is from a different cultural background/professional standing than you. You might find yourself in better or improved life circumstances now. You could also receive a gift. This is an excellent period for making amends, or for being forgiven.

The good life, and all that is fine and luxurious, may be what you value just now. You could enjoy making your own way and finding solutions to whatever problems you have.

Your ability to harmonize, to create bridges between two polarized "camps", or simply to get along with people, assists you professionally. You're more sensitive to the personal element of your work; appreciating and being appreciated for what you contribute is highlighted. You may be tempted to play matchmaker also!

This is a good transit for creative activity. If you are working in a creative field, you should be unusually productive now. Your taste and awareness of beauty is aroused. You should feel extremely affectionate and need to express that to others. You could even take on the role of peacemaker. In any case, it is a time to enjoy peace and tranquility.

You may not like the ideas or thoughts of someone who confronts you. What they say may seem inappropriate or be unappreciated. Oppositions usually bring challenges and/or obstacles to be overcome, but this aspect is, overall, a rather pleasant one. It encourages communications within love relationships. It is one of the least emotional transits of Venus, and you can confront a partner about relationship problems. You are calm and will be able to reduce tensions because you can be detached and rational. Be careful what you say about friends and loved ones during this transit, for they could be hurt by casual remarks.

You may come face-to-face today with someone who has very different values than you do. You could find yourself cast in an opposing position, and this might require compromise and understanding on your part. You may not appreciate authority now.

There may be some stress or lack of flow between you and a loved one or friend. Perhaps one of you is feeling slighted, neglected, or under-appreciated. It would be wise - and probably would require very little on your part - to reach out and make a loving offer at this time. Little snags or bruised feelings should be attended to, so don't allow pride to stand in the way. It's not the ideal time for asking for what you want--it's probably better to save asking for favors for a better day.

Your usual routine is likely to be disrupted now, either by "freak" incidents beyond your control or by your own impatience with the status quo. Sudden unexpected events and breaking free of confining situations and relationships are very likely. You are not feeling obedient or compliant, and might feel impatient with arbitrary rules. Finding a balance.

You may experience opposition to the way you present yourself. Someone could challenge your sense of identity. You may not be able to communicate or get yourself across as well as you wish.

Expect significant encounters, meeting individuals who are or will be important players, at least for the moment. The focus is on relationship, balance, taking each person's tastes, styles, needs, and personal agendas into account. There may be some friction and adjustments needed. It is your choice whether you want to compromise or go solo, but including the other makes for a fuller picture.

This transit brings all kinds of encounters with others. It encourages you to learn about yourself psychologically through the way you experience and affect other people. There could be ego conflicts, but it is a good time to get things out in the open. Compatible partnerships will work well unless you challenge them. It is a good time to consult with a professional expert or consultant.

A time for partnering.

The Sun illuminates your seventh house. At this time of year, you have a greater need than usual to be with a partner. Bouncing ideas off someone helps you to better understand yourself. A partner provides a mirror for your own self-discovery. Now is the time to realize your own potential through a significant other. During this cycle, you focus on balancing your personal interests and objectives with your social life, or with those of a partner. The emphasis is on "us" rather than "me". You need the energies, companionship, and support of other people, and they may also seek out your support and companionship. It's important to include others rather than to go solo for the time being. However, bending too much to the will of another is not

advised either. Social interactions of a personal, one-on-one kind are emphasized. Circumstances are such that your diplomacy skills are required. Your popularity is increasing, and is reinforced by your own ability to cooperate and harmonize. Your ego and pride are tied up in how you relate to others now. This may be an especially busy time for people who consult or work with clients one-on-one.

Being more closely involved with another person may well become your highest priority now. Marriage, contracts, and partnerships are seen as keys to success and happiness, and they have plenty of lessons to teach you.

You do not listen to anyone else's, and this could lead to disputes. On top of things.

A good time, when your efforts really pay off and things seem to run smoothly. Now you have an ability for sustained work that allows you to coordinate and organize like never before. Bring to fruition uncompleted tasks or character development.

During this cycle, you feel more in control of your emotions, your domestic affairs, and your personal habits. You feel considerably more mature and capable of handling your personal life. Family matters assume more importance in your life now, and you meet your responsibilities with maturity and competence. You have much to learn from older people in your life, and during this transit, you are more likely to actually listen to what they have to say, and learn from them.

Steadiness, stability, balance, and peace characterize your personal and emotional life now. You enjoy solitude or quieter activities, attending to domestic improvements or repairs or perhaps undertaking some task that requires patience and attention to detail. Making a quilt, reorganizing your financial affairs, undertaking a long writing project, or learning how to garden or cook for the first time are such tasks. This is a period of ordering, organizing, and "making right" your foundation - physical and emotional/psychological.

Positive Potentials:

You can bring the past (traditional ways, skills and knowledge; your heritage; the wisdom and resources of your parents, grandparents, or other elders) to bear on supporting your life now.

Negative Potentials:

There are no real negatives associated with this time period, although your mood is more somber, cautious, and conservative than usual.

Remedies and Suggestions:

Use this time well to create more security and well-being in your life. Planning and making well-considered choices and investments, attending to your home, inner needs and/or family life will reap benefits.

Information overload is possible today. It is all too easy to miss or neglect important details. You may exaggerate, have a hard time putting your ideas to practical use, or overstate under this influence. This is an unfavorable transit for travel. Your ideas and plans may be too grandiose just now. Lack of clear mental focus is likely, but you may make measurable progress if you can focus.

You think in more abstract terms, therefore the implementation of plans could be sloppy. Don't forget details. Watch out for arrogance in communications. With awareness, this transit can be a great force for good.

Your thought patterns tend to take on a negative skew, as you think in pessimistic terms and communicate sparingly or reluctantly. Your speech may be hesitating or

awkward--it simply doesn't flow naturally. It's difficult to trust your instincts just now, and you second-guess things automatically under this influence. You may need to deal with red tape, re-doing tasks you thought you had finished, problems getting from point A to point B and decreased mobility, delays in communication, negative thinking, hyper-sensitivity, and criticism.

Team spirit.

Work, health, diet (and the other things that take care of us if we take care of them) can provide a lot of satisfaction as a new life phase begins for you. These things can lead to love and a new-self image if you stick with them.

Establishing a happy and harmonious work environment through friendly relations with co-workers or tidying up your work area comes into focus now. Romantic and social activities may revolve around your working environment. You are generally well liked and respected socially on the job right now. Some laziness is possible now, as you tend to associate pleasure with work! Perhaps you are socializing more than usual on the job. You have good team spirit during this cycle, and you are more tactful and obliging with your co-workers. You are less inclined to fall in love for the sake of love itself during this cycle. Your tendency is to consider whether it is clever to do so! You're most successful doing tasks that involve cooperation and team harmony. You could find that your talents or skills are especially appreciated. Romantic and social activities may revolve around your working environment.

A taste for the offbeat.

This is a favorable influence for social meetings and events, and for situations that call for treating others with equality and respect. You lose your fear of taking risks at

this time, and you happily embrace all that is new, unusual, and out-of-the-ordinary with regards to romantic involvements as well as financial undertakings. You are ready to experiment, but not necessarily ready to commit. This is a good time for financial undertakings involving electronics, technology, the internet, metaphysics, and the arts, as well as group activities. Others naturally appreciate your more unique qualities now.

Independence, as well as anything unusual or different, is valued. You may enjoy getting away from routine and doing something completely different for a change.

Jan 23 Saturn Opposite Sun Transit (Sagittarius-Gemini 5th-11th)
**** Exact (Enter: 01/12/16 Exact: 01/23/16 Leave: 02/04/16)

This may be a difficult time period during which you may experience opposition and blockage from events, others and the situation in general. A turning-point. An opportunity to take control and become more disciplined. A chance to see your own problems.

This is a low cycle as far as vitality, creative energy, and inspiration are concerned. You may feel dried up, used up, and tired of it all. You may be questioning the worth or validity of what you have been doing, or come up against some serious adversaries who seem intent on thwarting you. Responsibility, duty, obligation, or past commitments rule your life now, and a parent may become the source of considerable burdens during this period. Whatever your age, you may be feeling old, tired, or worn from the stresses in your life. This is a time to conserve your energy, eliminate all unnecessary activity, and concentrate on the immediate tasks at hand. In some significant way, this is "karmic pay back time". If you have been living honorably and with integrity, this may well be a lean or pressured time but you'll most likely emerge strong and undamaged. If you have been making poor choices, the results of those choices will manifest during this cycle.

Positive Potentials:

Pruning, eliminating, simplifying, and allowing whatever is passing away at this time to go. Concentrating on essentials, reducing extraneous actions.

Negative Potentials:

Self-pity, self-isolation, depression.

Remedies and Suggestions:

Humble yourself enough to share your struggle with caring others, and accept the help they offer you. Do not blame yourself excessively for whatever is occurring, but take responsibility for your actions and choices, and do what you can to make amends if you have transgressed.

Recognize that this ebb in your energy and/or confidence is part of a natural cycle,

and expect your spirits to return. Do not make drastic decisions based on how you are feeling now.

Marry for money and then learn to love 'em: that's what your heart tells you now, as a new cycle gets underway in your life. Does that sound cynical? Decisive.

Real insight into your own inner workings or psychology could surface today, and in a manageable form. You may be in the mood for deep and penetrating conversations or thoughts.

A little goes a long way now. You are able to get to the bottom of things. You might easily find yourself separating the wheat from the chaff--getting rid of bad habits, things you no longer need, and so forth. You are more decisive than usual, and your ability to concentrate and focus help you achieve what you set out to do. This is a very positive aspect for starting a money-making endeavor (all things equal) or a new project.

Hidden agendas.

You value what is above-board and straightforward and have a particular aversion to what is secret, intense, and private.

Passions run high and hot, but there's a hidden agenda. Feelings of jealousy and possessiveness run so close to the surface that others can almost feel the heat, and they are in direct proportion to your fear of losing something or someone dear to you. Avoid starting a new relationship at this time, because it can be characterized by these energies. Some underlying tensions in social interactions (looking for an ulterior motive or an agenda, suspiciousness) and relationships (possible jealousies) are present now. Sometimes, this transit correlates with heartbreak, unreciprocated feelings, or romantic disappointment. Often, financial matters come to the fore. Manipulation and underhanded dealings can color relationships now. Avoid power

plays with friends and lovers.

You're at the right place at the right time, probably because your hunches are more likely to be correct and you are "tuned in". You are inspired, and charitable acts now will serve to lift your spirits like no drug can. This is a good time for self-improvement programs or efforts. Instinctual judgment is enhanced under this influence. This is a great day for cultivating spiritual well-being, and for dreaming up peaceful solutions to problems.

Stress is eased as you feel confident about your abilities and your judgment. You are more able to assert yourself without rubbing people the wrong way just now. You might find that you stand up for yourself or your principles now. You are progress-oriented, and your more passionate nature comes to the fore. It's time to take the initiative, to apply your confidence and energy to something constructive. This is a period when you are living spiritedly, indulging your desires without going overboard, and acting spontaneously. You are bound to feel energetically supported by the circumstances of your life and by the people around you now.

A good day to get things done. Good eye-hand coordination and sustained effort make almost any task run well. You may feel like exercising or getting out and about. Emotions are very present but within control.

Jan 31 **Jupiter Square Mercury** Transit (*Virgo-Gemini 3rd-11th*)
**** Exact (*Enter: Begin Date Exact: 01/31/16 Leave: 02/12/16*)

Your ideas may not agree with the direction your career is taking. The price of success could mean that ideas and methods of communication you are happy with get ignored or set back. You may feel that you cannot communicate your thoughts.

Philosophical disagreements, challenges to your belief systems, or simply exposure to more ideas and information may cause you to enlarge your views at this time.

You may also find yourself intellectually restless and bored with your usual occupations, conversations, and ideas. Your thirst for broader experience of the world, more knowledge, or more expansive ideas may lead to long distance traveling, attending seminars or classes, or reading extensively on new subjects. This is actually a good time to teach what you know, also. Reaching out and communicating on a larger scale is favored now.

Positive Potentials:

Optimism and positive thinking. New, more expansive ideas and plans. Networking, making contacts, negotiating mutually beneficial deals. New alliances.

Negative Potentials:

You may come across as overconfident, self-righteous, or preachy in expressing your opinions. Also, because you are so optimistic about plans and possibilities, you tend to overlook significant details or to overextend yourself. Beware of saying too much right now also.

Remedies and Suggestions:

Remember to LISTEN to what others have to offer, with the intention of learning from them. (Don't think you know it all already). Pay attention to the logistical and practical details of your plans and ideas.

Someone may tend to put the damper on what you say or think, or in some way manage to restrict your ability to communicate. You may have thoughts that differ with the establishment (the law).

Your thought patterns tend to take on a negative skew, as you think in pessimistic terms and communicate sparingly or reluctantly. Your speech may be hesitating or awkward--it simply doesn't flow naturally. It's difficult to trust your instincts just now, and you second-guess things automatically under this influence. You may need

to deal with red tape, re-doing tasks you thought you had finished, problems getting from point A to point B and decreased mobility, delays in communication, negative thinking, hyper-sensitivity, and criticism.

You may not feel like being very emotional and might tend to ignore any emotional needs that you might have. Your sense of values may be in conflict with your feelings.

Although this is a sexy transit, tensions in relationships are likely. Attempting to satisfy romantic needs and assertive/sexual needs simultaneously can be challenging. There is an air of competitiveness under this influence, which need not be difficult. In fact, it can be stimulating, creative, and invigorating. Passions run high under this influence. Sexual tensions and competitiveness are possible, and there can be conflicts that arise from differences between romantic and sexual needs. Social blunders are a possibility now. Be wary of making impulse purchases. You could stir up problems in order to fulfill a need for excitement.

Exaggeration.

You could find yourself mentally acute and in a problem-solving mood. However, there is a real possibility that the decisions you make today and the solutions you find may have to be re-done tomorrow.

Information overload is possible today. It is all too easy to miss or neglect important details. You may exaggerate, have a hard time putting your ideas to practical use, or overstate under this influence. This is an unfavorable transit for travel. Your ideas and plans may be too grandiose just now. Lack of clear mental focus is likely, but you may make measurable progress if you can focus.

You think in more abstract terms, therefore the implementation of plans could be sloppy. Don't forget details. Watch out for arrogance in communications. With awareness, this transit can be a great force for good.

You may not be able to keep your mind on your job or whatever you're doing just now. It could be hard to make good job-related decisions.

This is a period of extroverted mental and communicative activity in worldly affairs. However, there is a danger of being too caught up in your own personal ideas. You do not listen to anyone else's, and this could lead to disputes. There is trouble in connection with correspondence, writing, literature, travel, relatives, solicitors, etc. Problems in professional and domestic life, even minor damage to your reputation, could be caused by meddlesome family members, friends, or dishonest people.

A sweet tooth for pleasure.

A craving for sweetness and comfort in the form of loving affection or food is strong now. This is a good time to baby yourself and also to spend time with the people who love and appreciate you the most. Also, you are feeling rather tender and

softhearted, and may do something "maternal" on impulse (such as take home a stray kitten, offer to baby-sit, buy a gift for your family, etc.). You could be emotionally and financially irresponsible now, however, and the tendency to bicker with others over emotional and domestic matters is high. This is an excellent time to concentrate on the immediate and get some real work done. You can apply yourself to some unexciting or disagreeable but necessary job and stick with it until it's finished - or at least until you've made some visible, tangible progress. In fact, you're apt to enjoy this more than just about anything else at the moment. It feels good to accomplish tasks and have something to show at the end of the day. Practice, refining a technique, or problem-solving is featured.

This is a period when ambitions may be realized - but only through patient, hard, determined, constructive, and vigorous efforts. Steady advancement and fresh undertakings requiring energetic application, courage, staying power and hard, disciplined work, should be tackled now. You will be able to add strength to tact, to work diplomatically and to manage your affairs with both insight and skill as well as with sufficient steadiness of character to carry through your plans successfully. It can be a very good time for all your affairs, as you are assertive and very reliable, managing all your responsibilities so that they bring you respect. This influence's full ability to act beneficially will depend upon your own maturity.

Dissatisfaction.

Anxiety may overcome you when you wish to express your affections or social urges, and this hesitation can express itself through inhibitions and emotional distancing. You keep others at arm's length, unsure of whether you are loved or not. This is a somewhat inhibiting influence during which it appears that others value utility over true love. An element of seriousness permeates your love relationships. You may feel criticized and inhibited, unloved and unsatisfied, but your worst enemy may be yourself and your own fears of getting close to others. This influence puts a temporary damper on your social life. It's not a good influence for financial endeavors. Burdens are possible, as well as a feeling of being unsatisfied emotionally. A serious matter on your mind could put a damper on your social life.

Someone important or in authority may oppose your values and put a damper on your desires. You may be unable to appreciate their attitude or understand their problems.

Feeling deprived, excluded, lonely, or distant from the people who love you may occur now. It could be a cooling off period in a relationship, or a critical moment that tests its strength. Tending your hurt feelings without indulging in self-pity or one-sided blame is important. You may also meet obstacles or self-doubt in regard to some creative project you're in the midst of. Try to work on the flaws or weak aspects of it without considering the whole endeavor a failure. Take a break!

This is a time when you could take great strides to get noticed. Avoid impulsive buying. Problems in your personal life likely won't get resolved under this influence. Avoid hasty (or haughty!) decisions. You might overstate your feelings or promise more than you can deliver. Feelings of elation in love or with regards to the pleasures of life can lead you to overdo, overindulge, overspend, and overstate your feelings. You may also feel lazy and you are inclined to procrastinate. You could be trapped in the company of boring people at a social event now, others might impose upon you, or you could be tempted to blow your savings. Avoid the tendency to exaggerate your feelings or your means. Losses could come from overexpansion on a business level. Travel now may be more expensive than you expected.

Correct choices (the best path for you) may be at odds with your sense of values. You may not appreciate the easy way or clear-cut option, and may choose instead a more difficult path.

Feb 08 Uranus Square Saturn Transit (Aries-Cancer 9th-12th)
***** *Exact* (Enter: Begin Date Exact: 02/08/16 Leave: 03/02/16)

Go slowly just now. A tendency toward change and the unexpected or new could affect your sense of security. A rebellious mood might find you wanting to ignore responsibilities and go against what you have built or established. Something could break.

At this time there is tremendous tension between preserving and maintaining the current established structures in your life versus letting go of old attachments, securities, and "knowns" in order to bring in new awareness. Old forms that you have outgrown but become identified with, such as a professional role, social status, or secure material circumstances, will be the most severely challenged. The more resistant you are to incorporating the new, the more reversal and disruption you are

apt to experience. You also tend to swing to extremes now, and may suddenly reject the disciplines, duties, responsibilities, and constraints that have circumscribed your life. Whatever you perceive to be oppressive can become completely intolerable to you now. The challenge of this time is to know what is worth preserving and what truly needs to be let go of or radically altered.

Positive Potentials:

The breakdown of rigid and unnecessary structures that no longer serve in your life. A "wake up call" to abandon old, habitual, deadening routines and roles.

Negative Potentials:

Rebellious disregard for the past, authority, and the status quo. Tension and stress-related conditions are aggravated. Sudden upheavals and disruptive events.

Remedies and Suggestions:

Don't allow tensions to reach volcanic levels. Find a neutral place to talk about them, and communicate with the other people involved. Comfort the part of yourself that fears, resists, or grieves changes, and focus on the positive possibilities and new energies rather than what is being shed. Spend as much time in nature as possible. Therapeutic massage and energy healing methods can be very helpful to ease stress.

Take responsibility for creating what you prefer in your life instead of blaming and resenting outside forces for limiting you. Be wary of speed and radical solutions. Strive for balance and neutrality.

Career insight and breakthroughs are possible. You might discover that unconventional solutions to life's problems or new directions and paths are in order. You could find a teacher or guide, a new approach to your career, and so on.

The spirit of adventure, of joyful discovery, and inspiration pours through you now. You feel more electric, an awakening and movement of the spirit. Your plans, aspirations, and future goals may change as you open up to wider, freer, and unexpected possibilities. Rapid changes and a quickening in many areas of your life usher in a new period of growth. Unorthodox approaches you may have never considered before influence you positively at this time. If you are normally conservative, this can shake you up a bit.

Positive Potentials:

Spiritual opening to greater vistas of possibility and understanding. Serendipitous discoveries. An unexpected and fortunate twist of fate. Participating in a collective movement of the spirit, contributing to planetary awakening. Joyful

freedom.

Negative Potentials:

Exaggerating the benefits of a new plan or idea. Travel plans, educational goals, financial ventures that go awry, not necessarily to your detriment but calling for flexibility and the willingness to open to a different possibility. Crazy goals. Wild restlessness.

Remedies and Suggestions:

If other astrological influences are difficult and demanding during this period, this influence can allow you to see a bigger picture, to laugh at the immediate drama, and to have a sense of positive expectation for the future. Allow yourself to explore and enjoy the eccentric, unusual possibilities that come into your life now, without needing to pin anything down or come to a final conclusion about them. Incorporate as much freedom as you can into your life now.

This is an excellent time to create a budget or financial plan, or to rid yourself of bad habits that undermine your sense of personal power and self-mastery. All that is deeply personal comes into focus now. Intimate matters are especially important to you during this cycle. Just how well you are handling your life comes up for inspection. Your self-mastery skills and psychological predisposition matter to you more than usual. This is the time of year when you are most desirous of change on a deep level. Clearing out psychic "junk" or ridding yourself of bad habits may be part of the picture now. You are more willing than usual to explore life's secrets. Some indecisiveness is possible now, simply because you naturally entertain opposing viewpoints. You have a strong desire to cooperate and communicate with others now. Differences in values or ways of expressing affection in your personal relationships are made very noticeable to you now. Whether or not you are with someone romantically, you could be feeling underappreciated or even unloved. If there is a confrontation with a loved one now, it's unlikely to be very confrontational! Rather, it's likely to take the form of pouting, distancing, and side-stepping the real issue. Probably you'll want to indulge yourself in some way and may avoid getting down to work. Inner unrest could lead you on a shopping spree or some other attempt to reward yourself, when what you really need is to work on establishing a deeper connection with the people you love--or to get in touch with your own true needs. Someone with a different set of values than your own may confront you, however. That person's taste may run counter to yours. There could be a mutual lack of appreciation. Values and tastes may clash, and group activities that you are involved in may suffer as a result. Impulsive attractions to both people and material goods can lead you astray. Avoid impulse buys at this time, and hold off on decision-making with regards to finances. Some instability, restlessness, and rebelliousness is probable in romantic relationships. You may not see eye to eye with a loved one, and you could be taken off guard by unexpected events. This is not a favorable aspect for beauty treatments because they could have unexpected results. Marriage and other close relationships give rise to great expectations now, as a new cycle gets underway in your life. This is a time to enjoy and appreciate your ties to

In general, you are adaptable when it comes to your affections--very willing to compromise, negotiate, and make peace.

Big changes affecting your career, status, and reputation are likely at a time like this. Daring to be different gets you noticed and could get you ahead in ways you never expected. It could even land you in hot water if you're not discreet. A high-tech or idealistic approach sets you apart.

During this period, your identity in the world and your important personal goals will change. A strong spirit of restlessness, freedom, and idealism comes over you, and you cannot go on in the old way. You may change your profession or do it in a more

unorthodox way, with less regard for societal standards, norms, or expectations. You could have conflicts with authorities for ignoring rules and policies, and stubbornly insisting on doing it your way. Whatever you've outgrown or accepted begrudgingly up until now will be challenged, and may quickly be given the boot. You can get somewhat ungrounded, overly idealistic, or unnecessarily provocative during this period. Extreme behaviors can land you in hot water.

***** *Exact* (*Enter: 01/22/16 Exact: 02/20/16 Leave: 03/12/16*)

A powerful time of change, during which you may have great insight into your career. You could change jobs or suddenly find a way to transform and improve your current job. A certain amount of mental tension can be expected, so bear with it.

During this period there is likely to be a radical departure or sudden, unexpected turn of events in your life direction, career path, or personal ambitions and aspirations. Perhaps your wildish maverick side rises up and you feel the urge to make big waves, revolt against stifling standards or authorities, or invent a new occupation or public identity. Or perhaps you are no longer willing to subdue or misrepresent yourself for public approval, and you may get the reputation of being a trouble maker, a loose cannon on the job, or simply more unconventional. On the other hand, you may be going along with business as usual and the terrain around you is shifting rapidly, requiring you to change everything and move into new areas. This can be a chaotic, exhilarating, unpredictable time for you, especially professionally. You are entering new territory that can lead you to more creative freedom, discovery, and inspiration. At the least, it won't be dull!

Positive Potentials:

Exciting new developments, new kinds of work, changes in your occupation that revitalize you.

Negative Potentials:

Extreme discontent, leading to irresponsible or disruptive behavior (especially if you have been putting up with a lot of dissatisfaction). Shocking revelations in the public arena. Tendencies toward instability are amplified.

Remedies and Suggestions:

Sometimes radical solutions and total revolution is not necessary although you feel like it is. Try making modifications and incorporating new elements or ways of working, before you impulsively make a break from everything you've been doing. New technologies and innovations may be important features of the work you are moving into. Be willing to grow and evolve. If you have been technophobic, learn a little about these new areas. If you are solidly conservative and skeptical about anything that is not traditional, explore leading-edge or unconventional methods. Move out of your comfort zone, with an open "beginner's mind".

Passive responses to life work better for you during this period than aggressive ones. A good time for surrounding yourself with friends and younger people and for having a good time. A keen interest in what makes things tick and who (or what) pulls the strings is the

hallmark of the mental cycle that now begins in your life. Sex, death, and other of life's ultimate mysteries (and taboos) arouse your curiosity. Figuring out ways to make your nest egg grow can be a preoccupation.

You are more intuitive now than usual, picking up all of the hidden cues from people around you and reading between the lines. This is an excellent cycle in which to do some financial planning and strategizing. Research is also highly favored. It's also easier for you to approach sensitive, intimate, and personal matters with rationality and logic. As such, this is a great time to open up conversations about topics that normally might cause waves, such as those revolving around the sharing of power, intimacy, and finances.

Your relationships (partnerships, lovers) are now very intense and ever-so-personal. In fact, they are capable of transforming you at the most basic level. A time of real inner growth through other people, the social life. Job and family may suffer.

A fateful turning point in your personal life or career may force you to dig deeper, be more rigorously honest, and face your own shadowy motives or the darkness in the world. Superficial answers or business as usual won't suffice now. The more you attempt to hold on, to willfully control the outcome of the matters at hand, or to maintain a position that has clearly been outgrown, the more stormy this passage is likely to be. It is a time to relinquish and let go, yet you cannot simply walk away from the consequences of your past choices. It's best to deal squarely with what has gone on, to face the hidden pay-offs or subterfuge that may be involved, and to come clean. Painful disappointments and losses may need to be accepted and mourned, which can lead to the birth of something new.

You may revisit you relationship with your father or other important authority figures now, to resolve, repair, or release yourself from an old condition.

Positive Potentials:

An intense challenge which tests or reveals your commitment to your path, vocation, or life direction. Reclaiming personal power and authority. Rising from the ashes; re-emerging from a fateful ending with renewed vitality and purpose.

Negative Potentials:

Using control tactics, underhanded methods, manipulation, or subversive behavior to get what you want. Dealing with others who act in this way. Abuses of power, which lead to your downfall. Relationship woes, health challenges, or other results of long-standing patterns and choices.

Remedies and Suggestions:

Beware of making catastrophes out of the current issues because how you think about and frame what is happening now powerfully affects how you will experience the changes which are trying to happen. Don't try to resist them!

Resentment, blame, or feeling like a victim (even if this is justified) can be pitfalls during this cycle. Allow those feelings if they arise, but try not to adopt them as a permanent position. Rather than demonizing or condemning the other people or the system, use your energy to see how you contribute and/or build a new way for yourself. Self-blame also falls into this category. Allow yourself to feel honest regret if you have erred, then move on to commit yourself to a better way in the present and future.

Lacking direction.

Perhaps an ultra-mundane day, lacking in imagination or much, if any, escape. You may feel separated and not a part of everything around you.

This may be a discouraging day when things don't quite seem to go your way, or you feel a bit drained. Take a break and don't start any serious new project today. Minor disappointments or just plain fatigue might hit you like a ton of bricks today. Lay low for more energizing times to come. If you can, avoid asking for anything, such as help, as it is unlikely to be forthcoming. Instead, find time to help someone. It could lift your spirits, and you won't fall into the easy tendency to feel sorry for yourself that this aspect often brings.

Concentrating on artistic or spiritual pursuits is better than focusing on things that require straightforward, factual thinking today. It can be difficult knowing where or how to direct your willpower under this influence. It's also a challenge knowing where you stand with others. Avoid such things as scheduling surgery, important appointments, job interviews, or launches of new projects at this time, if possible.

This is a benefic and successful aspect; you are passionate, sexy and attractive. It is a good time for financial ventures, social life, artistic pursuits, romance and pleasure. You are now able to take the initiative and achieve harmony and sexual fulfillment in your romantic life. Although, do be careful, for there is some danger that the passions may overrule your usual discrimination. However, it is a harmonious and peaceful influence and it should bring fruitful relationships and satisfaction to the feelings, and to the emotional side of your nature. You may make permanent ties or relationships that prove to be successful and fortunate. This aspect strengthens the higher-nature and gives opportunities for the realization of hopes and wishes. It can bring financial gain, presents, social advantages, and the company of those who bring happiness and pleasure into your life. It will bring joy according to your power to respond; but if you go to extremes of feeling and allow sensation to overcome love, then you will suffer through such excess of emotion and thereby miss the genuine opportunities that are present. Nevertheless, if you choose wisely you may make this a most happy and successful period.

During this solar cycle, your focus turns outward, away from the more personal concerns that have occupied your thoughts in the last months. More than any other time during the year, you are feeling most adventurous and willing to take a leap of faith. This is a cycle in which you seek a higher meaning to your life, and/or seek out new experiences that take you beyond the here and now, and beyond the mundane details of day-to-day life. Anything that broadens your experiences attracts now. A lack of superficiality finds you straight to the point, interested in the truth of things. It would be wise for you to consider scheduling a vacation, adventure of sorts, or a course that expands your mind. These don't have to happen now, but taking the time to recognize your needs for escaping the daily grind, taking a few risks, and feeding your spirit for self-expression through some form of adventure or higher learning, will help you to feel good about yourself. The only caution with this cycle is that you could lose touch with everyday affairs and important details.

Connections with people on a grand scale - for example, at a distance or en masse - play a bigger part in your life now. Education, advertising and travel could play a part in this. Law and philosophy and/or religion have much potential to impact your lifestyle.

Ambition, security, and responsibility loom large in your life now, and important decisions in these areas need to be made. Take note of areas where you have fallen short of your goals, and make the necessary adjustments - the tough decision is likely to be the best one in the long term. Do not count on the support of others unless there's something in it for them.

Delays and hindrances during the next three months are likely to hold you back from getting satisfactory results through personal, financial, or business affairs. This can be a critical period in connection with a grandparent or other older members of the family. They may be a source for concern or added responsibility. You may withdraw from social contact due to an inner feeling of rejection or lack of emotional response. These trends do not favor new undertakings or making changes of a personal nature. There may be a vulnerability to frequent colds, chills, aching knees or bones, and possible dental problems. Your vitality may be low, so get plenty of rest and eat lots of hot foods.

Don't be surprised if you are not in top mental gear today. You could find yourself struggling to communicate or being easily misunderstood. Hard words are possible with an authority figure or an older person.

This aspect denotes troubles of a mental nature and the experience of anxiety, worry, etc., in various ways. The mind tends to be unsettled, changeable, and prone to make mistakes and to look at things from an unfavorable perspective. Care is necessary in dealings with agents, messengers, inferiors, or those who transact business for others, such as solicitors, lawyers, and literary persons. Caution is advisable with regard to letters, writing, signing papers, and in all correspondence or personal interviews. This influence of the Sun and Mercury is not wholly bad, but tends to prevent matters coming to fruition. Mental energy is abundant, and perhaps overly so. A real time to buckle down and consolidate your career. Your organizational abilities and sense of responsibility will be what guide you and prove successful. Your career could assume a much more determined and solid form -- a firm foundation.

There are positive developments in those areas of your life in which you have been focused, dedicated, and doing foundational work. The theme is broadening and expanding from a secure base. There may be opportunities to travel for business or

educational purposes or expanded professional opportunities. Having your work reach a wider audience or long-range financial advantages are some of the other possibilities.

Long-standing difficulties can be eased or considerably improved now as well, because you invite assistance by being more open to it and more allowing of divergent options and opinions. An approach to your problem that you may have dismissed or been too afraid to examine until now may be just the path to freedom you've been needing.

Positive Potentials:

Balanced forces of optimism and practicality; confidence with substance to back it up. Realizable goals. Working to improve and upgrade a situation without needing to overthrow the existing structure. Business and financial growth.

Negative Potentials:

Pleasantness and a personal touch ease all situations you find yourself in. You're in a lighthearted mood and prefer being around people you enjoy and can relax with, and unless your work pleases you, you probably won't want to do it. The sweet and frivolous side of life, or doing something just for pleasure, is emphasized now. Expressing yourself creatively through relationships or the arts is an urge, and is also favored. You may appear very at ease and loose today. Everything seems to be working together, and you may find yourself expressive and able to communicate well.

This trine brings good feelings about yourself in positive ways. You will want to do things to have a good time, even in your work. It is a good time to play but you can get a lot of work done, providing you enjoy your work. Energy is high, and you will want to do more than your usual routine. You will want to know more about yourself, the world and other people, therefore you should start some new studies to help reveal more of the Self. It is also a good time to start a trip, either for vacation or enlightenment.

The force is with you! Your vital energy is flowing well and your confidence is up, so anything you attempt now is likely to succeed. You see what you hope to see, rather than what really is. The "highs" of a relationship begun under this energy may be thrilling, but the accompanying "lows" are bound to set in, and they can be extremely draining. Be careful not to set yourself up for disappointment. The same goes for finances--what appears to be a great buy is likely to turn out to be a financial drain or money pit. Avoid making large purchases and commitments at this time. You may be inclined to withdraw from social activities, perhaps to nurse your wounds. This transit sometimes correlates with feelings of rejection or unusual experiences in love.

***** Exact (Enter: Begin Date Exact: 03/21/16 Leave: End Date)

Financial gain and material well-being are among the brighter prospects looming

before you now, as you focus in on how much things really mean to you. Yet there may be a tendency to emphasize the material too much, which could lead to the feeling that the things you own, own you instead!

The second house rules your value system, personal finances, and possessions. On another level, it rules your comfort levels. During this Jupiter transit, you are likely to see benefits to your earning power and value system. Jupiter in this part of your chart should bring a profitable and productive year. You are likely to feel more confident and enthusiastic about your ability to earn a living, and you may choose to develop your talents in order to boost your earning power. Your income is likely to increase, and there may be an opportunity to improve your future financial situation. However, you may also be just as inclined to splurge on yourself, plumping up your nest or your store of personal possessions. Monetary problems from the past may clear up during this period. You can add to your possessions, and a major purchase or sale is very possible. A significant gift or bonus may come your way. Benefits now are tangible, physical ones. There is a sense of abundance, and feeling worthy is integral in attracting good fortune. In fact, self-worth is really what the second house is about. Expectations of receiving one's fair share come now, and this tends to attract abundance and favors. This is a good time to go for a raise, apply for a loan, or take part in various dealings with financial institutions. You may need to curb an inclination to overspend--feeling good could bring you to the stores as you temporarily forget about the future! Particularly if Jupiter trines planets in the sixth and/or tenth houses, this is also a very favorable period for success in the work you do.

This can be a prosperous period for you, especially as the seeds of good will and the new ventures you may have initiated within the last year or so begin to bear fruit. The focus is on expanding your material security as well as enjoying your money and material well-being.

Investments may be highly profitable as long as you don't throw all caution to the wind. Combine faith and intuition about financial trends with a measure of prudence, and expect positive rewards.

If money has been difficult for you, this can be the time to turn that around. Learn as much as possible about successful principles of building financial well-being, and focus on creating a better future for yourself. Integrity and a positive attitude are important keys for you now. This transit lasts, on average, about a year.

A time when dreams, fantasies, and the urge to be free of this hard world could themselves be a fantasy that deceives and misleads you. Your own goals and ideals may be stressed and challenged.

During this period, you can be swept up in yearnings and wishes based on dreams that have gone unfulfilled. If you've been neglecting your need for connection, meaning, or a deeper purpose in your life, this will manifest as a vague but growing sense of lack. You may also begin to realize that the ideals you have been pursuing up until now (whether they be the perfect family, the American Dream, or some personal vision of success, and whether or not you have realized them) don't answer all of your inner longings. It can be tempting to disengage entirely from your current agenda to pursue another path, perhaps a recurring fantasy or childhood dream. Certainly it's a time to sense the movement of your spirit and listen to the inner promptings of your heart.

Positive Potentials:

Realigning your priorities and focusing your attention on your soul's concerns. Spiritual life increases in importance.

Negative Potentials:

Disenchantment, uncertainty, and vague feelings of regret or emptiness. A tendency to avoid, evade, ignore, or medicate away the voice of your spirit.

Remedies and Suggestions:

You may want to begin a dream journal, or a daily writing practice that enables you to hear, see, and reflect upon your place in life. Carefully consider major moves or changes that you want to make, and beware of making or breaking commitments at this time. Most likely you aren't seeing a clear picture. This is a good time to gather information, and to act only if you feel deep certainty. Give up the usual excuse - "I don't have enough time, other things are more important" - and spend time engaged in self-inquiry and honest exploration.

Irritations that seem to stem from others could be the reflection of your own inner uneasiness. Do your best to control yearnings for more than what you have and search for a creative solution for your inner dissatisfaction.

You may find some of your values at odds with your own best interests. You may not appreciate tradition or someone older or in authority.

Changes are likely to affect your immediate environment, through the possibility of moving or enlargement of your present home. Purchase or sale of property may also be given consideration.

Your life takes a more private than public turn now, away from the outside world at large and more toward the home and family. You care less about what the world (or the boss) thinks of you and more about what your family wants, needs and expects. A change of residence is possible, and this could be a very good time to buy real estate. A time of endings in some way.

This trend seldom passes without some kind of change or altering of conditions within the immediate environment. Someone is likely to leave or enter your home

base. Be selective of whom you share your living quarters with; they can have a positive or negative affect upon your emotions. Nothing is more disturbing than lack of peace and harmony in the serenity of the nest, which is your protection from the outside world. Should the situation warrant it, you may decide to purchase or sell property. Moving, enlarging, or remodeling of your present home or apartment is yet another possibility. Affairs of parents, a parent-in-law, or another close member of the family may require your personal attention. Note the sign position of your progressed Moon for additional influences affecting the home base.

Decisions made now are unlikely to be objective. Re-assessing decisions you have already made, or adjusting your plans, may be in order. This transit produces either a compulsive need to talk or a desire to withhold information. Obsessive thinking, attempts to persuade others to think like you do, insisting on knowing the "truth" or on exposing falsehoods, making mountains out of molehills--these are all possibilities now. A troubled mind and mental anxiety can characterize this brief period. On the other hand, it can suggest the ability to engage in deep, penetrating communication.

Travel and other contacts with faraway people and places will play a bigger role for you now. Such things bring love and gain in one way or another. Higher education or philosophical/religious contacts could have a part in making good things happen.

A taste for the exotic takes hold during this cycle. Routine affairs simply don't seem to satisfy. You receive pleasure from anything that expands your horizons, both physically and mentally. Foreign people and places may particularly appeal now. You tend to be expansive and generous when it comes to love. A love interest who attracts you during this cycle may be somebody who you previously wouldn't consider attractive, or someone whose cultural background is very different than yours. You have a taste for the exotic and the spirit to match. Public relations work, promotion, and other such endeavors are favored now. It is more about how you express yourself than the specifics of what you are saying that helps sway others to

your position. There could be especial rapport with foreigners and with women if you are traveling during this period. You are all the more attractive and charming with this position, which increases your popularity. If a romance were to begin now, it is more likely to be with someone of a different background or educational level, or someone you meet through travel. You have a taste for the exotic now that can show up in many areas of your life--who you are attracted to, what you buy, the kind of art or entertainment you enjoy, and so forth.

Renewed ties to old friends are possible, or a new sense of responsibility in existing friendships. A commitment could be solidified now.

You feel a love of order and law -- an appreciation for responsibilities and duty. Problems are valued for the lessons they represent, rather than perceived as obstacles.

Worries and pressures are eased now, especially if you've been overworking and neglecting your friends. You can lighten up a bit, relax, remember how to smile. You may seek out someone who is a bit older than you or a reliable long time pal to spend some time with. Your money sense is quite sound at the moment so if you're considering a purchase or investment, this is an auspicious day to do that.

Your own inner need for change and growth may be threatened by someone older or by circumstances. There could be some underhanded or devious goings-on behind the scenes as well. Tension of a psychological or political nature may be present.

The Sun in dynamic aspect to Pluto suggests willfulness and dealing with issues of power and competition. You may feel on edge, volatile, or even threatened. In extreme cases, infantile rage is possible. There is an inner drama taking place now, and a feeling that external circumstances are undermining your own feeling of powerfulness. In the process, you may be able to get in touch with your internal motivations. A tendency to want to control your life through some form of manipulation is strong during this influence, but should be avoided for best results. Meeting with obstacles in your path, however, can force you into the position of using all of your resources to fight back, and you can discover resources you never knew you had in the process. You might experience an encounter or incident that changes your outlook or brings on powerful feelings. Deeply buried emotions might

Imaginative, artistic, or spiritual topics occupy your mind and conversations today. You may be especially telepathic with the people around you, sensing their thoughts and emotions rather easily. You are not in a very conciliatory mood and are not averse to stirring up unpleasant controversy in defense of your plan, idea, or desire. You may speak or act in haste now which can be a cause of regret later on.

Your intellect is charged and competitive, and you will like to debate with others. ** Exact (Enter: 03/27/16 Exact: 03/28/16 Leave: 03/28/16)

You are at your mental best with sharp ideas and clear thoughts. This is an excellent time to make decisions and take care of mental work.

Mental powers are stimulated and your confidence, self-expression, and common sense make this a good time for you to influence others and achieve some level of intellectual success. It is a good period for travel, changes, literary work, correspondence, interviews, writings--in short, for all those affairs in which an active mind, diplomatic dealings with others, and adaptation to new and fresh surroundings or undertakings are required. During this period, any connection with solicitors, agents, literary persons, and those who act as intermediaries tends to be successful and advantageous.

Romances, social affairs, pleasure trips, studying, publishing, dieting, buying clothes and personal hygiene are all under favorable auspices now.

Communications are favored, so if you have to buy, sell, travel, write, teach, or do any research this is the time to do so (all things equal).

Mar 29 Pluto Opposite Saturn Transit (Capricorn-Cancer 6th-12th)

***** *Exact* (*Enter: 02/10/16 Exact: 03/29/16 Leave: End Date*)

Inner searching and a sense of being vulnerable and exposed could tempt you to drop your responsibilities and spend more time on personal growth. It may be difficult to concentrate on your duties during this time of psychological sensitivity.

During this period there may be severe challenges to something you are very attached to or have worked diligently to establish. Conflict with authorities or the prevailing attitudes around you may lead you to withdraw and to go it alone. Or you may be forced to leave a position, place, organization, or group because of political power plays or difficult circumstances. Deep and immutable forces of change are at work in your life, and yielding or cooperating with the times rather than resisting due to fear or ego is what is called for now. This can be a time to clear away old financial, moral, or karmic debts in order to regenerate your life.

Positive Potentials:

A thorough housecleaning, leading to a complete restructuring of your life. Discovering core strength and identity by enduring the rigors of this cycle.

Negative Potentials:

Losses, deaths, and surrender of something you have been deeply invested in, a difficult transitional period. Heavy pressures at work or in the area where you derive security.

Remedies and Suggestions:

Eliminate whatever is superfluous and nonessential in your life, and don't try to maintain the usual social round or life as you have been accustomed to it. Work hard at resolving the weaknesses or underlying problems that may be contributing to current challenges. Let go of cherished ideas of how things "should" be, when they clearly are not working.

You may not place much value on ideas and thoughts right now. Something that someone says or communicates to you may be unappreciated or taken the wrong way.

Most Venus transits, even squares and oppositions, are easy and pleasant overall, and this one is no exception. It indicates a time of pleasant thoughts and social interaction. You will probably avoid serious topics and any unpleasant conversation. You want to be amused and entertained today, preferably by, or with your partner.

It is not a good time to deal with difficult problems, so be aware that you lack mental discipline during this transit.

Reluctance.

You may feel mentally depressed or restricted. Perhaps this is not the time to try to solve any serious problems or make important decisions. It could be hard to think.

Getting from point A to point B can be a challenge during this transit due to obstacles. Communications may be blocked or delayed, and negative thinking could dominate at this time. Projects you thought were complete may need revision, and others could appear overly critical, insensitive, or sarcastic. Your own speech may be hesitant, reluctant, or awkward--it simply doesn't flow naturally. Avoid signing on the dotted line at this time.

Tuned in.

Let yourself dream today. These days don't come too often, so don't ignore this opportunity to let your imagination loose. Perhaps a good book or movie will take on that more-than-real dimension. Consider the stars.

You're at the right place at the right time--very cool. This is probably because your hunches are more likely to be correct and you are "tuned in" to energy levels beyond the mundane. You may be feeling inspired, and charitable acts now will serve to lift your spirits like no drug can. This is a good time for self-improvement programs or efforts. Instinctual judgment is enhanced under this influence.

You can visualize in broader terms and see the "big picture". Travel is favored. You are optimistic, which can help you attract positive circumstances. This is a good time

to submit ideas, applications, and so forth.

It is favorable for business and commercial activities since you can see the big picture. Optimism and enthusiasm are high during this time. There could be a risk of too much expansion of your views, and important details could get overlooked. Keep it down to earth and much can be accomplished.

Practical thinking.

Ambitious schemes and the pursuit of success and status take on a high priority now. This brings a focus on the practical, the successful, the pragmatic - whatever it takes to get you ahead in the long run. The meek may inherit the earth, but the shrewd will collect the rent.

You are likely thinking a lot about your career and business matters, or your career requires more communication than usual during this cycle. You speak with authority during this period, and you are more accountable than usual for what (and how) you communicate. Your ideas may come into public view now. Use the power of words to influence authority figures. This is an excellent period for developing career and professional plans or strategies. You may be turned to for advice or for your opinion on important matters. Although approachable and ready to communicate, you are less inclined towards chatting about frivolous matters now. You tend to think about your position or standing on a professional level more frequently during this cycle. You are likely doing some multi-tasking regarding career and business matters. Negative use of this influence would be to worry unnecessarily about your reputation and responsibilities.

Clarifying your next step or consulting with someone who is in a position to help you professionally is on the agenda. This is an excellent time to attend an important meeting, seminar, conference, or class, and any endeavor involving communications, sales, or teaching is especially favored. You could even be on the local news or get a bit of local publicity, especially if you are seeking it.

Energy and action.

This is one of your most courageous and animated periods of the year. How you handle the energy at your disposal is the key to the kinds of outcomes you'll see. You're not going to wait for anyone now. This transit rids you of inhibitions, at least for the time being. This is a time of much enthusiasm. Acting on things you have only entertained on a mental level is probable. With the Sun placing its spotlight on Mars, the planet that rules anger, assertion, sexuality, and competitiveness, you can learn much about your desire nature and how you handle anger. If you find yourself lashing out at others, arguing, or unreasonably stressed out, then you know you haven't been managing your desire nature well. Use the blast of energy constructively by tackling projects that require a lot of drive and physical stamina. Even something like heavy housework, gardening, or a trip to the gym will do you well.

A good day, with lots of energy and ambition. This is the day to start new projects or push forward with those already in motion. You may enjoy a sense of creating your own opportunities. Someone older or in authority may be a motivating force.

Your mind could be quite clear and natural just now. Ideas are flowing and could come with ease. You can talk, talk, talk.

With this influence, there is an easy flow in communications with friends, family, and neighbors. Creative thinking, good comprehension and perception, produce an alert mind. This is a successful period for short distance travel.

Communications are at a peak in both volume and accuracy. Work that requires attention to detail and accuracy is enhanced. It is a good time for business transactions and contracts. Your intellectual curiosity is strong, and you may want to start some new course of study.

Apr 02 **Sun Conjunct Moon** Transit (*Aries-Aries 9th-9th*)
* *Exact* (*Enter: 04/01/16 Exact: 04/02/16 Leave: 04/03/16*)

Inner confidence.

A good day to spend with a loved one. Emotions are up, and you may even find yourself pondering a bit on the meaning of life. You feel at one with your situation. All in all, a productive and potentially satisfying day.

You can benefit now from a more confident manner and increased certainty about your goals in life. You take special pride in your family, children, roots, and home during this period. You are slightly more excitable emotionally.

A new cycle that lasts approximately four weeks begins today--so do your best to focus on self-improvement. New attachments or projects may be formed now. The only cautions are to try to avoid making decisions that are based on your emotions of the moment, and to avoid taking everything too personally! Emotions do run high, and self-awareness should be the goal now. Examine what emotions come to the surface, and don't ignore them.

Smooth.

An easy, calm day that should find everything running in a smooth manner. Ideas and interaction with authority figures or older people may be in the fore. Working with -- rather than against -- the flow should be easy to do.

This is time of flow and ease of expression. You feel energetically supported and your offerings to the world are welcomed. Relationships with men are highlighted and are apt to be mutually beneficial.

Apr 02 **Pluto Square Jupiter** Transit *(Capricorn-Aries 6th-9th)*
***** *Exact* *(Enter: 02/11/16 Exact: 04/02/16 Leave: End Date)*

Your career can end up at right angles to your own inner sensitivities and need for growth and change. Emotional material welling up from within you may challenge and threaten the current path you travel, causing you to stop and consider it with care.

This is a period of spiritual and ideological purging, in which any immature, distorted, or severely limiting ways of understanding will be challenged. The sacrifice of old beliefs can lead to a crisis of faith, or an emergence of a more life-affirming, empowering, authentic vision.

Deeply buried ambitions for leadership, expansive growth, or influence in society can arise now too. Extraordinary gains are possible, and huge losses as well. If you threaten the powers-that-be in any corporate, educational, or governmental setting there may be a serious backlash. Nevertheless, your immediate success or failure is not as important as learning from whatever happens, and being aligned with your own deep values and integrity.

Positive Potentials:

Purging of outworn or toxic beliefs, making way for a spiritual rebirth. Positive societal regeneration and healing, becoming a positive force in your community. Massive growth and expansion based on spiritual values. Physical regeneration and healing. Intensified drive for achievement.

Negative Potentials:

Confronting hypocrisy or unethical practices at work, church, or school. Tendencies toward religious or philosophical extremism intensified. Personal ambitions challenge those in authority. Legal difficulties.

Remedies and Suggestions:

Be willing to change your own toxic or limiting beliefs and reach out to discover a truth which is more life-affirming, authentic, and inspiring. Avoid, however, forcing these ideas upon others. Fanatics of all persuasions can spell trouble now, so don't entertain them. (Or be one yourself.)

Before undertaking any massive project, be certain of your motives and keep your methods upright.

Harmony and love.

Let your feelings and affections flow. This is a time when the rest of the world seems to be appreciating your romantic style. You are unlikely to be coming on strong and trying to make things happen, but instead are inclined to flow along with people and situations, attracting what you need and letting the world come to you. Harmonious interactions with others are favored at this time, likely because you yourself are projecting the more charming, cooperative, and agreeable side of your nature! Smoother negotiations are the result, and love is easier than usual to enjoy -- and to find -- today. It could be easier to make money now, but also easier to spend it!

You portray the more reasonable, refined, and likable side of your personality now, and others tend to respond warmly. You are more willing than usual to bend and compromise. Remember that you get what you want by the forces of attraction during this period, rather than coming on strong. This is a good time to purchase property, art objects, or to use new methods to increase your personal finances. Doors open that may have previously been closed or undiscovered. You look, sound, and feel good, so take advantage!

Social bad timing.

Your ideas and thoughts may run counter to accepted values, your own or those of others. You may find yourself in a disapproving mood. Decisions made now may have to be re-thought later. You could find yourself tense.

Difficulties in social or romantic communication are possible today. On the other hand, you may make more efforts to be polite and to communicate. Hypersensitivity, and lack of mental discipline characterize this short transit. Your mind tends to wander now. Don't be so agreeable that you allow others to take advantage of your good mood.

You may feel others aren't listening or they could complain you're not in tune with

them. Decisions made now may have to be rethought later. Stay away from gossip.

Apr 05 Mercury Opposite Uranus Transit (Aries-Libra 10th-4th)
** Exact (Enter: 04/04/16 Exact: 04/05/16 Leave: 04/05/16)

You are easily distracted. Your communications could get lost or are misunderstood. Disagreements with others are quite possible. It's not a good time to present an argument or an important idea. It is difficult to get a point across without rubbing people the wrong way or misrepresenting yourself. Avoid making hasty decisions that you will later regret. Impulsiveness, disorganization, being unreceptive to practical advice, and/or your ideas are not well-received--these things are typical of this brief period.

No one else could make you change your mind about anything, but YOU may change it without the slightest justification. The key here is to "lighten up". Don't be afraid to be wrong. Cultivate patience and cooperation with others during this time, whether you agree with them or not (and you probably won't). Try to avoid snap judgments and sudden decisions--"look before you leap". Seek spiritual guidance for the use of the awesome power this transit can provide.

Temporary discouragement.

It's hard to satisfy your ego today. You could feel blocked by circumstances or by others. It's too easy to feel discouraged, but remember that discouragement is a major time waster, unless it motivates you to get back on your feet. Gratitude isn't forthcoming right now, so it's best to wait it out rather than waste energy letting it get to you. As you face obstacles to your goals, you begin to see the tools with which you have to overcome them. A heavy dose of realism seems forced upon you during this influence, but your efforts to measure up to expectations can ultimately increase your confidence in your ability to be responsible for yourself. This influence is a somber one. There may be a discouraging or disappointing moment, or you might feel rejected, and the best thing to do is to slow down, conserve your energy, and focus on what you can do for yourself to pull out of a rut. Bring order to your environment or your practical affairs. It's not the time for windfalls or for quick results or satisfaction.

It may be hard to organize or persevere today. Everything may seem to be falling apart and coming unglued. Don't force things. Be patient and let the chaos blow itself out. Clashes with authorities or someone older over responsibilities are possible.

You might hunger for increased recognition and respect, and, with your generous attitude and concern for others' well-being, you might just get exactly these things! This is a good time to take steps to grow something--your business, your significant relationships, and so forth. This transit also favors legal, educational, religious, and cultural endeavors. You seek now a larger range of experience. Your actions are benevolent, your attitude is enthusiastic, and your style is dramatic. This transit suggests you now have a stronger sense of who you are and the principles you represent. The realization of a long-term goal may come now. You may gain honor or distinction in some way. This is an excellent time to begin a self-improvement program. This is a

less sexual energy--you are more inclined to philosophize and seek out bigger and better experiences. You may be especially generous, and perhaps indiscriminately so.

A good day to solve problems and make important decisions. You will find a way around almost any obstacle and are in control and able to guide yourself with ease. Your sense of inner direction is good and should lead to opportunities.

Whoever is your personal star or hero figures into all of this as well, because you need a guiding light and something to shoot for. Accept attention graciously.

This is an excellent aspect for putting all your attention and energy into getting ahead and fulfilling your ambitions. Your home life may take a back seat while this aspect is in transit, and you are likely to be strong-willed and unwilling to make

An intense emotional or sexual attraction, a very revealing, intimate encounter, or a powerful desire to be close to and share your deepest feelings with someone is very likely now. Emotions and issues in a close relationship that have been brewing beneath the surface for quite awhile come to the surface at this time, possibly in a very disruptive way. All of your relationships intensify and you need to be aware of a tendency to act in a rather compulsive, demanding way towards others. This is an "all or nothing" energy. Stimulating.

You may find yourself looking for a little romance today or at least enjoying some emotional release. You can appreciate feelings and movement. You may want to just get out and walk or exercise.

Selfish or competitive impulses are softened by a desire for harmony, relatedness, and connection. Activities that combine power or passion with grace are favored now, as in dancing, playing music, making art or love, or perhaps some kinds of sports. Doing something vigorous with a lover or friends, rather than just talking or hanging out, would be ideal. Affectionate feelings can intensify into an adoring romance.

You are especially creative (and procreative!) now. Cooperating with others is easy. If an existing relationship needs a boost, now is the time to put the extra effort forth. Venus acts to soothe and soften whatever it contacts. In this case, it's your raw, instinctual nature, so your aggressive nature is toned down. Your powers of attraction are heightened, and you are more likely to be the one who's pursued. Any new relationship begun under this transit is likely to be especially passionate.

This supportive transit helps bring the mental and the disciplinary influences into a semblance of cooperation. Your mind is on serious concerns and you are concerned with making the situation better. It is a good time to look around and see what needs to be corrected in your environment. New ideas and insights may be slow to come just now. Someone older may stifle you. Minor irritations, changes in schedule, or detours from your regular routine are likely part of the picture now. You might be the one who is causing a stir, due to a feeling of restlessness! You are not much in the mood for being obedient or following rules.

Relationships go awry or at least take an unexpected turn. The need for more freedom, independence, or novelty on your part, or on the part of someone close to you, may disrupt the status quo in an important relationship. You may also come into contact with someone who is very different from yourself and who challenges, surprises, or upsets you. Expect the unexpected in your relationships!

There is a lack of stamina at this time, as regards health and general enterprise, as well as a tendency to stagnation in ideals. Your personal confidence to cope with life is at low ebb.

You could try to dominate others, or the reverse is possible. The lesson to be learned is harmony. Don't be so willful that you are unable to manage cooperation with others. With care, it is possible to make a favorable impression from the very strength of your position, provided you can prove it without bulldozing it over others. This is a powerful transit for getting things done--but, very carefully.

This marks a time of building to last, of appreciating the substantial rather than ephemeral. Consolidating past gains rather than focusing on radical new departures is likely to be a major theme for you during this cycle. Appreciating the finer things of life is another hallmark of this phase, which marks a time when you should be concentrating on "smelling the roses" rather than passing them by in such a hurry.

Apr 19 Venus Square Saturn Transit (Aries-Cancer 9th-12th)
** Exact (Enter: 04/18/16 Exact: 04/19/16 Leave: 04/20/16)

You may tend to ignore or fail to appreciate the law or what you know to be the truth. Your values may run counter to established tradition.

There may be difficulties relating to others under this influence. People may appear cool with their affections and emotionally distant. You could be feeling unappreciated, unloved, or unwanted. Avoid new financial undertakings, as they may prove to be "money pits" as time passes. There may be anxiety or troubles with regards to matters concerned with the feelings. Romantic disappointments, unrequited love, separations, and broken engagements are the more negative manifestations. You tend to lack social confidence at this time and adopt a shy, formal, or reserved social manner. This transit is best used for reflection. Gaining what you want is challenging under this influence, due to negative attitudes and the tendency to need more than what is possible. Difficulties socializing with others stem from an increased sensitivity to rejection. Others might notice stiffness with your affections. Emotional distance in relationships is likely for the time being. You may be separated from someone you want to be with, or you could be concerned for a loved one.

Fulfilling your heart's desires.

This is a magical transit during which you are especially generous and giving, optimistic, and kind towards others. This is an excellent influence under which to begin a new relationship or financial undertaking. Love brings happiness and optimistic feelings. Romance or romantic feelings with someone who is not usually your "type", or who is from a different background or professional standing, could figure prominently now. If you need to make amends with someone, now is the best time to do so. This is not the time to pass up a social opportunity either! You may find yourself very appreciative of your career and practical skills. You might enjoy solving puzzles and problems, finding solutions, and so on. A renewed appreciation for your work may be apparent to your superiors -- in fact, to everybody.

Happy, expansive feelings and a generous desire to share and spread the joy color your day. This is the ideal occasion for a festive, lavish affair, a gala, or just a great time with friends - the more the merrier.

You're apt to be extravagant with gifts, for yourself as well as others, and this is an auspicious time to invest in art, fine jewelry, or other high quality valuables. In fact, going to excess is your only problem now. If you're watching your weight or your budget, you'll be quite tempted to let those limits go for the moment. This isn't the

day to deprive yourself, but try to consider the consequences!

You could receive a compliment today, or hear of someone's affection for you, particularly someone younger than yourself. Thinking about the future.

A yearning for the stimulation of new ideas and ideals is emphasized for you now. Others may see the world as it is and ask why, but like Bobby Kennedy, you imagine the world as it could be and ask why not. New friends and an involvement in idealistic groups take on greater importance for you now... the old is suspect; the new seems to hold all the answers.

Your mind is bright, alert, and active during this cycle, and you have the ability to come up with unusual and inventive ideas. Sharing your thoughts with others is a prime interest. Others tend to particularly enjoy your conversations during this transit--you are willing to listen as well as add your own thoughts. As well, your ability to grasp unusual subject matter and to intuitively understand what others are trying to say win you some brownie points! You could also do a lot of thinking and musing about your own happiness and long-term goals.

A taste for the unusual.

Someone unexpected may confront you or you may not like their independence or eccentricity. You may not appreciate their very different perspective or attitude.

Unusual attractions (to people and things) can have you acting on a whim. You, or a close partner, may be dealing with freedom versus closeness issues in your relationships. A last-minute change of plans, or some other unexpected event, challenges your ability to stay connected; a sudden break or a quick beginning to a new friendship or romance is equally likely. Breaking the unspoken (or spoken) rules in a friendship or love relationship is tempting now, perhaps in an attempt to stir up trouble or excitement. Sometimes this transit correlates with unexpected changes in your income.

Apr 28 Jupiter Square Sun Transit (Virgo-Gemini 2nd-11th)
*** Exact (Enter: 04/11/16 Exact: 04/28/16 Leave: End Date)

You may be experiencing a bit of a crunch as your career direction (and path to success) squares off against your more personal interests. This may be a real test for you. Be careful not to blow an opportunity for success.

There may be a tendency to wastefulness during this transit, as well as faulty decision-making due to over-optimism or arrogance. Avoid making any large purchases during this transit, as you might find that once Jupiter passes, you didn't really need the item. Jupiter is infusing you with a boost to your ego at this time, and it is up to you how to handle it.

Challenging limitations and stretching beyond them is a focus at this time. You find yourself aiming for greater freedom and self-expression.

Positive Potentials:

Feeling encouraged and empowered. High vitality. New hope or a new vision for what you can create in the future. Opening new channels for self-expression, personal influence or affluence.

Negative Potentials:

Restlessness; severe discontent with circumstances that are (or that you presently feel will be) too small or confining, accompanied by a tendency to go way out on a limb financially, professionally, or otherwise. Wanting more, bigger, better and/or living for the future without attending sufficiently to the in-between steps.

Premature or ill-considered business transactions, or financial decisions. Biting off more than you can chew. Trouble with or dissatisfaction in dealing with the legal

system, the government, or bureaucracy. Being overly generous, inflated expectations, wastefulness.

Remedies and Suggestions:

Use tact, discretion, and self-restraint when presenting yourself, your work, or your plans. Your enthusiasm and good intentions can be conveyed without making exaggerated claims or promises. Conversely, don't let greed or wishful thinking obscure your discrimination when presented with an opportunity.

Put away your credit cards. Try to settle disputes fairly, and out of court. If you're beginning a new sport or outdoor activity, don't try to impress. Use common sense and be moderate. Enjoy yourself on the slopes, on the playing field, or wherever, but don't overdo it.

May 01 **Mercury Re-Enter Tenth** Transit (*Taurus 10th*)

Practical thinking.

Ambitious schemes and the pursuit of success and status take on a high priority now. This brings a focus on the practical, the successful, the pragmatic - whatever it takes to get you ahead in the long run. The meek may inherit the earth, but the shrewd will collect the rent.

You are likely thinking a lot about your career and business matters, or your career requires more communication than usual during this cycle. You speak with authority during this period, and you are more accountable than usual for what (and how) you communicate. Your ideas may come into public view now. Use the power of words to influence authority figures. This is an excellent period for developing career and professional plans or strategies. You may be turned to for advice or for your opinion on important matters. Although approachable and ready to communicate, you are less inclined towards chatting about frivolous matters now. You tend to think about your position or standing on a professional level more frequently during this cycle. You are likely doing some multi-tasking regarding career and business matters. Negative use of this influence would be to worry unnecessarily about your reputation and responsibilities.

May 03 **Pluto Square Jupiter** Transit (*Capricorn-Aries 6th-9th*)
***** *Exact* (*Enter: Begin Date Exact: 05/03/16 Leave: 06/28/16*)

Your career can end up at right angles to your own inner sensitivities and need for growth and change. Emotional material welling up from within you may challenge and threaten the current path you travel, causing you to stop and consider it with care.

This is a period of spiritual and ideological purging, in which any immature, distorted, or severely limiting ways of understanding will be challenged. The sacrifice of old beliefs can lead to a crisis of faith, or an emergence of a more life-affirming, empowering, authentic vision.

Deeply buried ambitions for leadership, expansive growth, or influence in society can arise now too. Extraordinary gains are possible, and huge losses as well. If you threaten the powers-that-be in any corporate, educational, or governmental setting there may be a serious backlash. Nevertheless, your immediate success or failure is not as important as learning from whatever happens, and being aligned with your own deep values and integrity.

Positive Potentials:

Purging of outworn or toxic beliefs, making way for a spiritual rebirth. Positive

societal regeneration and healing, becoming a positive force in your community. Massive growth and expansion based on spiritual values. Physical regeneration and healing. Intensified drive for achievement.

Negative Potentials:

Confronting hypocrisy or unethical practices at work, church, or school. Tendencies toward religious or philosophical extremism intensified. Personal ambitions challenge those in authority. Legal difficulties.

Remedies and Suggestions:

Be willing to change your own toxic or limiting beliefs and reach out to discover a truth which is more life-affirming, authentic, and inspiring. Avoid, however, forcing these ideas upon others. Fanatics of all persuasions can spell trouble now, so don't entertain them. (Or be one yourself.)

Before undertaking any massive project, be certain of your motives and keep your methods upright.

The ambitious side of your personality comes to the fore. You are happily self-reliant now, rather than grudgingly so. You may find yourself in a position of responsibility. Contact with older, mature, or more experienced people could be significant now. This could mark the start of a big, long-lasting project. Your outlook is serious and realistic.

Today you will be able to tackle tasks that require real discipline or organization. You

Inner searching and a sense of being vulnerable and exposed could tempt you to drop your responsibilities and spend more time on personal growth. It may be difficult to concentrate on your duties during this time of psychological sensitivity.

During this period there may be severe challenges to something you are very attached to or have worked diligently to establish. Conflict with authorities or the prevailing attitudes around you may lead you to withdraw and to go it alone. Or you may be forced to leave a position, place, organization, or group because of political power plays or difficult circumstances. Deep and immutable forces of change are at work in your life, and yielding or cooperating with the times rather than resisting due to fear or ego is what is called for now. This can be a time to clear away old financial, moral, or karmic debts in order to regenerate your life.

Positive Potentials:

 A thorough housecleaning, leading to a complete restructuring of your life. Discovering core strength and identity by enduring the rigors of this cycle.

Negative Potentials:

 Losses, deaths, and surrender of something you have been deeply invested in, a difficult transitional period. Heavy pressures at work or in the area where you derive security.

Remedies and Suggestions:

 Eliminate whatever is superfluous and nonessential in your life, and don't try to maintain the usual social round or life as you have been accustomed to it. Work hard at resolving the weaknesses or underlying problems that may be contributing to current challenges. Let go of cherished ideas of how things "should" be, when they clearly are not working.

May 29 Saturn Opposite Sun Transit (Sagittarius-Gemini 5th-11th)
**** Exact (Enter: 05/15/16 Exact: 05/29/16 Leave: 06/12/16)

This may be a difficult time period during which you may experience opposition and blockage from events, others and the situation in general. A turning-point. An opportunity to take control and become more disciplined. A chance to see your own problems.

This is a low cycle as far as vitality, creative energy, and inspiration are concerned. You may feel dried up, used up, and tired of it all. You may be questioning the worth or validity of what you have been doing, or come up against some serious adversaries who seem intent on thwarting you. Responsibility, duty, obligation, or past commitments rule your life now, and a parent may become the source of considerable burdens during this period. Whatever your age, you may be feeling old, tired, or worn from the stresses in your life. This is a time to conserve your energy, eliminate all unnecessary activity, and concentrate on the immediate tasks at hand. In some significant way, this is "karmic pay back time". If you have been living honorably and with integrity, this may well be a lean or pressured time but you'll most likely emerge strong and undamaged. If you have been making poor choices, the results of those choices will manifest during this cycle.

Positive Potentials:

Pruning, eliminating, simplifying, and allowing whatever is passing away at this time to go. Concentrating on essentials, reducing extraneous actions.

Negative Potentials:

Self-pity, self-isolation, depression.

Remedies and Suggestions:

Humble yourself enough to share your struggle with caring others, and accept the help they offer you. Do not blame yourself excessively for whatever is occurring, but take responsibility for your actions and choices, and do what you can to make amends if you have transgressed.

Recognize that this ebb in your energy and/or confidence is part of a natural cycle, and expect your spirits to return. Do not make drastic decisions based on how you are feeling now.

You can really communicate and convey yourself to others right now. You have a lot of energy and come across as assertive and dominant. This transit gives the right energy to tackle projects or engage in competition. It favors success in sports and competition, sexuality, relationships with men, visits to a dentist, mechanics, buying a car, and work that requires physical energy. You are at your most motivated, charged up, self-directed, pioneering, eager, and innovative. You are active now, looking for something to do. You can be especially effective working in a team because of a strong team spirit. You compete well now, and this is a good period for business dealings.

Misconceptions.

Others may oppose or challenge your own life dreams and imagination. You may find yourself going head-to-head with someone older over matters of honesty and integrity. You could fear being deceived or misled, or you could question the motives of authorities.

It's easy to get lost in fantasy at this time, as you feel somewhat lacking in direction and less able to face everyday realities. Your willpower is low as you tend to stray from your goals and temporarily lose focus. It's difficult to formulate--or stick to--clear goals during this transit. Misconceptions abound. Confusion might be felt to be coming from the outside, through unusual circumstances or people who don't seem to be saying things straight or who are just plain evasive. This is not a good time for any financial undertaking or formal agreement, so plan accordingly. Use this period for creative endeavors, meditation, and rest, if possible.

Mental discipline.

Put your mind to work and take care of any details that you may have, for mental discipline should come easily. Problems and obstacles that have heretofore been confounding should find easy explanations under your keen examination.

This supportive transit helps bring the mental and the disciplinary influences into a semblance of cooperation. Your mind is on serious concerns and you are concerned with making the situation better. It is a good time to look around and see what needs to be corrected in your environment. Saturn's discipline to the thinking is a gentle nudge to work on the details rather than the overall pattern. Try to focus your energy on the completion of difficult dilemmas and activities.

It's time to take the initiative, to apply your confidence and energy to something constructive. This is a period when you are living spiritedly, indulging your desires without going overboard, and acting spontaneously. You are bound to feel energetically supported by the circumstances of your life and by the people around you now.

A good day to get things done. Good eye-hand coordination and sustained effort make almost any task run well. You may feel like exercising or getting out and about. Emotions are very present but within control.

Social fog.

Happiness is addictive under this influence. Your tendency to see what you want to see and gloss over the more realistic points, details, and flaws provides you with instant gratification. However, it's wise to hold off on making important purchases, or natalizing a relationship until the veil lifts. Avoid legal, financial, and social involvements, contracts, or formal agreements under this dreamy influence. Problems in love and involving money matters crop up because of your lack of the ability to discriminate at this time.

On the other hand, you may not appreciate someone's unrealistic approach to a situation. Their general fogginess and impractical attitude may find you at odds with them.

Your desires are strong, and you will want to enjoy yourself. Romance is very possible. There is a basic drive to appreciate and taste life.

This is a wonderful moment for romance! You're in a loving, amorous mood, and if you have no lover at the moment, make something beautiful, luscious, and appealing in whatever arena you most enjoy. All creative acts are favored now. Dancing or some other vital and sensual self-expression would be especially satisfying.

This is a benefic and successful aspect; you are passionate, sexy and attractive. It is a good time for financial ventures, social life, artistic pursuits, romance and pleasure. You are now able to take the initiative and achieve harmony and sexual fulfillment in your romantic life. Although, do be careful, for there is some danger that the passions may overrule your usual discrimination. However, it is a harmonious and peaceful influence and it should bring fruitful relationships and satisfaction to the feelings, and to the emotional side of your nature. You may make permanent ties or relationships that prove to be successful and fortunate. This aspect strengthens the higher-nature and gives opportunities for the realization of hopes and wishes. It can bring financial gain, presents, social advantages, and the company of those who bring happiness and pleasure into your life. It will bring joy according to your power to respond; but if you go to extremes of feeling and allow sensation to overcome love, then you will suffer through such excess of emotion and thereby miss the genuine opportunities that are present. Nevertheless, if you choose wisely you may make this a most happy and successful period.

This is a favorable time to approach people in power and authority or to seek their

advice. Increased communications and new business potential are excellent at this time. Increased movement in daily routines will be experienced, so if you are starting a new business or having some differences in legal or business matters, negotiate and come to terms now. There is a tendency to think and talk too much, however. Information and news are all around you now so put it to good use. Emotional responses will dominate your reasoning abilities and decisions based solely on DESIRES will prevail above all else.

Hidden agendas.

You value what is above-board and straightforward and have a particular aversion to what is secret, intense, and private.

Passions run high and hot, but there's a hidden agenda. Feelings of jealousy and possessiveness run so close to the surface that others can almost feel the heat, and they are in direct proportion to your fear of losing something or someone dear to you. Avoid starting a new relationship at this time, because it can be characterized by these energies. Some underlying tensions in social interactions (looking for an ulterior motive or an agenda, suspiciousness) and relationships (possible jealousies) are present now. Sometimes, this transit correlates with heartbreak, unreciprocated feelings, or romantic disappointment. Often, financial matters come to the fore. Manipulation and underhanded dealings can color relationships now. Avoid power plays with friends and lovers.

It is a good time for dealing with business concerns, contracts, and the law. However, daily tasks will not satisfy your interest in the big picture. It is a good time for spiritual, psychic, and mystical studies of the occult. Meditation is indicated.

Family and security are things that rattle your chain more than ever now. These are areas where you make beginnings and bold moves, things you're willing to fight for... things it pays to be careful about.

Tackling some major project in your home, garden, or yard, or taking action on something in your home that's been neglected or needing repair for some time, is on the agenda now. It's best if you work by yourself or with a family member who is equally eager and committed to the project, however, because otherwise impatience, anger, and hurt feelings may spoil the enterprise. Strive to be kind and respectful towards family members, who may seem to be going out of their way to irritate you!

Your Mercury Return.

You are fluent, communicative, curious, and alert today. Words fly off your tongue quite easily now and you may speak before you even realize it. This is a good time to learn something new, perhaps take a short trip to satisfy your intellectual side. Conversation and meeting of the minds are featured. You are just plain witty now, and the ideas roll off your tongue. A real time to communicate -- by phone, by letter or in person. The mind is clear. Mercury returning to the same position at birth suggests a new beginning on an intellectual level.

The mind is clear, active and receptive to all stimuli around you now. Are there any important matters in relationships or business that need discussing? Now is the time to do so, when the mind can assimilate data and also be very clear about what is going on. You might notice a lot more communications going on during this time.

You may not feel like being very emotional and might tend to ignore any emotional

needs that you might have. Your sense of values may be in conflict with your feelings.

Although this is a sexy transit, tensions in relationships are likely. Attempting to satisfy romantic needs and assertive/sexual needs simultaneously can be challenging. There is an air of competitiveness under this influence, which need not be difficult. In fact, it can be stimulating, creative, and invigorating. Passions run high under this influence. Sexual tensions and competitiveness are possible, and there can be conflicts that arise from differences between romantic and sexual needs. Social blunders are a possibility now. Be wary of making impulse purchases. You could stir up problems in order to fulfill a need for excitement.

Jun 27 Jupiter Enter Third Transit (Virgo 3rd)
***** *Exact* (Enter: Begin Date Exact: 06/27/16 Leave: End Date)

A period of greater social involvement - especially with neighbors and brothers or sisters - sets in now. Learning and teaching seems to satisfy an important need. Being more in touch with other people gives you a sense of belonging.

Restlessness and curiosity may lead you to explore and appreciate facets of your immediate environment that you have overlooked until now. Those that are nearby and readily available - perhaps a neighbor, a relative, or some friendly person you see occasionally in your everyday life - may offer you a wonderful opportunity or gift. A neighborhood walking group, or some other light social activities that enrich and expand your world, would be beneficial to you.

Communication of all kinds and travel for educational purposes are favored now.

Educational and communication opportunities present themselves during this cycle. You may increase your knowledge and skills set, and find much enjoyment in so doing. During this long-term trend, neighbors or relatives could be especially beneficial. Your knowledge grows and your ability to disseminate this knowledge sharpens. You express your ideas with more enthusiasm, and they are received well. You are able to understand complex subjects and explain them in such a way that others can readily understand; thus, teaching or authoring may be prosperous now. Opportunities for travel or advanced study may present themselves. This might be a good time to take a course due to the fact that you are more receptive to learning and expanding your knowledge and skills. You may decide to buy a new car, or transportation opportunities present themselves, making it much easier for you to get from point A to point B. You are more cheerful and sociable, and others tend to appreciate your company more as a result. Gifts or opportunities may come through visits, short trips, messages, emails, or they could come through contacts with siblings, classmates, and neighbors. Some sort of positive news or announcement is likely to be part of the picture. If you're an author, you will find many opportunities and your creative juices flow nicely. If you're a student, school is especially favored. If you're in business or trade, you are likely to find sales are especially strong. In general, you find much joy in communicating, learning, and socializing. Particularly if Jupiter transits trine to planets in the seventh and/or eleventh, new friendships or partnerships may be formed now. This transit lasts, on average, about a year.

Control issues.

A very superficial day. It may not be possible for you to penetrate to anything remotely meaningful or moving. Perhaps there is a sense of the artificial, the repetitive, or the senseless. You can't seem to get beneath the surface.

A tendency to want to control your life through some form of manipulation is strong during this influence, but is best avoided for good results. Meeting with obstacles in your path, however, can force you into the position of using all of your resources to fight back, and you can discover resources you never knew you had in the process. Insubordination and abuse of power may be part of the picture. Impatience with rules and compulsiveness are shadow energies of this transit. The urge to get to the bottom of matters is with you, but you could be too insistent. Avoid beating a dead horse and attempting to force matters that should naturally take time to unfold.

A sweet tooth for pleasure.

A craving for sweetness and comfort in the form of loving affection or food is strong now. This is a good time to baby yourself and also to spend time with the people who love and appreciate you the most. Also, you are feeling rather tender and softhearted, and may do something "maternal" on impulse (such as take home a stray kitten, offer to baby-sit, buy a gift for your family, etc.). You could be emotionally and financially irresponsible now, however, and the tendency to bicker with others over emotional and domestic matters is high. You may not appreciate your surroundings, or someone younger than you does not measure up. Your values may be at odds (just for the moment) with those around you.

Examining the past.

Secrets, conspiracies and the hidden links that unite all things take on greater importance in your life now. Digging into the past for hints about the present and future uncovers a lot of answers to the questions that won't go away. "The unexamined life is not worth living."

Your mind is focused on private matters and past issues during this cycle. This is a

time when you are least likely to speak out of turn or to express yourself freely. You're searching behind the curtain, and examining the past for answers. This is a good time for research, quiet contemplation, and meditation; but do avoid being dragged down by issues that have outgrown their worth and purpose. Examining the past in order to improve the future is certainly worthwhile, as long as you don't waste your energy on guilt. Creative endeavors could prosper now, particularly those that draw upon the emotions or that require creative visualization skills, such as poetry, art, acting, and other such activities. You are likely to require a certain amount of solitude in order to get your thoughts together or to be mentally productive. You are less likely to chat indiscriminately during this transit, and tend to be a little secretive or tight-lipped for the time being. This may be important, in fact, because this position is sometimes associated with the uncovering of secrets, so discretion may be in order.

Meeting social responsibilities.

You feel a love of order and law -- an appreciation for responsibilities and duty. Problems are valued for the lessons they represent, rather than perceived as obstacles.

You are likely to act with restraint, so there is not the usual self-indulgence and buying sprees that can accompany some other Venus transits.

You are attracted to people with maturity, worldly wisdom, and a solid sense of values (perhaps an advisor, elder, or teacher), and are disinclined to frivolous activities or wasting your time. In fact you may be pleased and happy to be alone or perhaps with just one other person that you know well. On the other hand, you may feel quite cool or withdrawn in a crowd. You are also restrained and careful about spending money at this point, and that's as it should be. It is a good time to reflect, set priorities, enjoy simple pleasures, and appreciate quality time with yourself or with your chosen companion.

There may be the need to forego pleasures now. Perhaps work or other responsibilities are more pressing.

** *Exact* (*Enter: 06/30/16 Exact: 07/01/16 Leave: 07/02/16*)

Excess.

This is a time when you could take great strides to get noticed. Avoid impulsive buying. Problems in your personal life likely won't get resolved under this influence. Avoid hasty (or haughty!) decisions. You might overstate your feelings or promise more than you can deliver. Feelings of elation in love or with regards to the pleasures of life can lead you to overdo, overindulge, overspend, and overstate your feelings. You may also feel lazy and you are inclined to procrastinate. You could be trapped in the company of boring people at a social event now, others might impose upon you, or you could be tempted to blow your savings. Avoid the tendency to exaggerate your feelings or your means. Losses could come from overexpansion on a business level. Travel now may be more expensive than you expected.

Correct choices (the best path for you) may be at odds with your sense of values. You may not appreciate the easy way or clear-cut option, and may choose instead a more difficult path.

Provoking.

You have "spring fever" now, no matter what the season! You could find yourself driven by a restless desire to do something; but without a well-defined goal, you tend towards impulsive actions and get yourself into needless arguments. Circumstances spur you into action. Your more passionate nature comes to the fore. You could be a little too eager to impress others with an aggressive or inappropriate stance, or you may find yourself competing with others in unhealthy ways. You can easily rub people the wrong way and instigate conflicts. As long as you channel this excess energy constructively, instead of wasting your time arguing, you can accomplish much. If this transit plays out as bursts of anger and frustration, instead of decisive action, then you know you are not handling yourself efficiently.

Frustration, especially in getting things accomplished, may set today's mood. You could fly off the handle with very little provocation, so exercise some control and be ready for a possible emotional overload.

You may find some of your values at odds with your own best interests. You may not appreciate tradition or someone older in authority.

This transit may bring a compulsion to be with a special person in order to express your love and affection. You could feel that you are not quite complete alone and you need someone else to help you be a whole person. This doesn't mean you are insecure, but the influences create the need to share yourself with another. Take care, however, not to blow a relationship out of proportion lest feelings of possessiveness and jealousy enter in. This is a good time to pursue your talents by participating in activities relating to beauty and the arts.

Making mountains out of molehills.

You may be having some dark and secret thoughts. Sensitive areas of your mind may intrude and appear obsessive. You may be suspicious of someone.

"Suspicious minds" characterize this transit--whether it's you or others in your life. However, if you harness the energy, you can develop strategies to get to the bottom of any matter. Mistrust, investigations, being given (or giving) the third degree, some level of mental stress and pressure, a troubled mind--these are all negative

possibilities now.

This transit can bring hidden forces to light and trigger psychological energies within that could change your life. Positive introspection can bring greater awareness and control of the inner dimensions of your being. On the other hand, it can cause compulsive thinking and a tendency to force your point of view on others. This could produce strong opposition from them. It is important to keep an open mind on all issues and not become obsessed with one idea or thought. You will not want to accept events at face value at this time, and it is a good time to study subjects like psychology, philosophy, mysticism, and the occult.

A real time to buckle down and consolidate your career. Your organizational abilities and sense of responsibility will be what guide you and prove successful. Your career could assume a much more determined and solid form -- a firm foundation.

There are positive developments in those areas of your life in which you have been focused, dedicated, and doing foundational work. The theme is broadening and expanding from a secure base. There may be opportunities to travel for business or educational purposes or expanded professional opportunities. Having your work reach a wider audience or long-range financial advantages are some of the other possibilities.

Long-standing difficulties can be eased or considerably improved now as well, because you invite assistance by being more open to it and more allowing of divergent options and opinions. An approach to your problem that you may have dismissed or been too afraid to examine until now may be just the path to freedom you've been needing.

Positive Potentials:

Balanced forces of optimism and practicality; confidence with substance to back it up. Realizable goals. Working to improve and upgrade a situation without needing to overthrow the existing structure. Business and financial growth.

Negative Potentials:

None implied.

Remedies and Suggestions:

The only recommendation here is to trust your instincts, which are very good now, and to follow through on the promising opportunities presented.

Emotional unrest.

You may have a sense of circumstances working against you or feel a lack of support and love from those around you. You could clash with younger people or old habits. Your support system (environment) may feel stressed.

This is a brief period in which emotional frustrations or setbacks could occur. Relationship problems that occur now likely have their roots in emotional unrest and some confusion between what you want to do and think you should do. You are more excitable than usual, and less inclined to make rational, thought-out decisions. Whims could take hold. If you are having problems on the domestic front, they are magnified now. Do your best not to force changes in your life. Circumstances and others tend to be less supportive than usual, and you might find you have to push yourself harder to achieve the same results you would on other days of the month. This is not an ideal time for new enterprises or undertakings. Inner restlessness may take you out of your typical routine. You are more inclined to become "stressed out" now and more inclined to catch a cold or to feel slightly under the weather. Relationships with others may be strained for the time being. This is a good time to uncover issues of emotional unrest that have been bubbling under the surface, and to take steps to take better care of your emotional needs.

Impatience, hastiness, and disagreements characterize this transit. This is an unfavorable time for any kind of meeting, starting a new project, and business proposals. You can be irritable and say all the wrong things. Mental agitation could be part of the picture. Impulsive communications and hasty decision-making should be watched for. Nit-picking.

You may find that your ideas and thoughts run counter to what is going on around you, resulting in a lack of support or respect for what you think. There could be arguments, especially with younger persons.

This is a mildly difficult aspect, for it tends to bring a disturbing factor into the environment, which may have the effect of upsetting or disarranging domestic affairs. It is not good for any dealings with family or relatives, and may denote disputes with the mother. You should now use care with regard to all correspondence, for it is a difficult time for expressing yourself, and you are therefore likely to be misunderstood, so that misunderstandings arise that disturb your peace of mind. Worry, indecision, restlessness and an inability to concentrate exacerbate the situation. You should avoid travel, and keep yourself free from engagements or appointments as far as possible until this brief aspect has passed, having no dealings with solicitors or agents, and signing no important papers unless compelled to do so. It is not good for any literary work, but, fortunately, it does not endure for long.

You have little tolerance for distractions or wasting time right now. You may seem rather humorless, not communicative, or even downright unfriendly. You are thinking about practical concerns and necessities, essentials, and the bottom line, or wrangling with problems that you don't want to discuss openly. An interaction or conversation you have today may shed light on a problem you are facing and show you some weakness that needs to be addressed. In any case, this is not a moment for fun and sport, but for focused attention and for cool, detached objectivity.

You could find yourself mentally acute and in a problem-solving mood. However, there is a real possibility that the decisions you make today and the solutions you find may have to be re-done tomorrow.

Information overload is possible today. It is all too easy to miss or neglect important details. You may exaggerate, have a hard time putting your ideas to practical use, or overstate under this influence. This is an unfavorable transit for travel. Your ideas and plans may be too grandiose just now. Lack of clear mental focus is likely, but you may make measurable progress if you can focus.

You think in more abstract terms, therefore the implementation of plans could be sloppy. Don't forget details. Watch out for arrogance in communications. With awareness, this transit can be a great force for good.

This is a period of extroverted mental and communicative activity in worldly affairs. However, there is a danger of being too caught up in your own personal ideas. You do not listen to anyone else's, and this could lead to disputes. Reality check.

This is a time when you are called upon to "get real". You feel the constraints of time and you are motivated by the desire to manifest tangible results. It's "nose to the grindstone" time. You may feel overworked; alternatively, you might welcome some discipline into your life. Avoid launching new projects, particularly financial ones, for the time being, as progress may be slow. Instead, work on a new plan for creating order in your life, or on an old project that requires a new commitment. Serious matters may grab your attention now, or circumstances are such that you are required to show your more competent and responsible side. Self-restraint is

characteristic of this influence. You may crave more privacy and solitude now, and you could easily resent others' interference. If handled poorly, you could be downright cranky! This is not your most attractive time of the year, so you might want to avoid scheduling self-promotion or personally important events during this period. Emotional energy is not enough to fuel you for the time being; thus you could feel sapped on a physical level. However, making new commitments to old goals, shouldering responsibilities, and making careful use of your resources could feed your need for structure and order in your life.

You may well be reminded of your various responsibilities today. A good time to get down to the nitty-gritty and take care of some business you have postponed. Obligations may come to your attention. A meeting with someone older or in authority.

Your mood may be elevated, but somewhat unstable as it may not be based on reality. Try not to promise more than you can deliver, or to expect too much. Committing to something might not be the best idea just now, as you may not be seeing things realistically, or you might not follow through. Channeled well, this energy can represent creative power.

Not a great day to make plans or decisions. It could be hard to figure out the right move. You may feel frustrated as to where you are headed in life just now. Someone older or in authority may disapprove of your actions or decisions.

You are driven by self-interest, with emphasis on professional and personal goals, some of which may not be in harmony with the interests of others. The transit could indicate conflict with others, who may see you as selfish and uncaring. You may not feel like working with others, but you must be careful and not work against them. Much can be accomplished, but don't forget others have goals and feelings, too.

Self-absorption can bring you into disfavor with superiors or other influential people during this brief influence. Financial losses, low prestige, loss of position, or professional frustration are possibilities. This is not a good time to seek favors from

Circumstances may urge you to great effort and hard work. Things are working with rather than against you, so don't hold back. However, don't overdo and try to go too far too fast. Let things take their natural course, which should be an easy one now.

You are capable of consistent and sustained effort during this period, making it a favorable time to undertake large projects. Increased patience and willingness to work steadily enables you to get a great deal accomplished now. This is the time to practically implement ideas and plans, to bring them down to earth and make them a reality. You have more discipline than usual and can use it to direct your will into any constructive endeavor. This is a "building" time-you may literally be involved in building projects, or you may be building a solid vehicle for future success in your profession or other areas.

You tend to be even-tempered now and to have a stabilizing, steadying effect on those around you. You may want to coach or mentor the younger generation, to help them along.

Positive Potentials:

Solid and lasting accomplishments achieved through hard work and wise planning. Good organizational abilities. Positive relations with elders and authorities. Working successfully within a tradition. Successful training.

Negative Potentials:

You tend to be rather rigid and unyielding, and perhaps less open to experimental innovations. Security concerns may take precedence over all others.

Remedies and Suggestions:

This is not a very exciting period (unless other astrological influences are active), but one in which much can be created and accomplished. Give yourself credit for your good work!

with regards to both relationships and personal finances. There is the potential for your personal relationships (especially romantic ones) to experience renewal. Beauty and art are especially appealing now. Feelings are affectionate. Your desire for love, companionship, and affection predominates at this time. A new friendship or romance could begin, or an established relationship can be revitalized and enhanced. If there is someone you have wanted to reach out to, doing so now is likely to create warm feelings between you, and may be the start of something beautiful. Revealing and reiterating your love at this time could turn a relationship in a new direction. You also need to be surrounded by beauty and harmony and your artistic inclinations are stimulated now. A shift or change in your attitude towards money and personal possessions is also possible now.

Your taste in art and appreciation in general are heightened. Perhaps a good time to select furnishings, colors, and so on -- the finer things of life. Your sense of value is to the fore. A great time just to sit back and enjoy what you have, to live life.

You could be forced to re-define your ideals and reshape your self-image. Making your dreams real (and seeing that reality is all you dreamed it could be) is your focus now. You may find your intuition and sense of truth deepening.

The theme of this time could be practical application of visionary ideals - or coming down to earth with a thud.

Initially this can be a time of sober realizations, squarely facing any illusions, deceptions, or patterns of escapism and avoidance that you may have. Addictions or dependencies will be seen for what they are. If you over-idealize someone or something, there may well be a disappointment or serious breach of trust which causes you to reassess.

You may have to contend with a mood of spiritual isolation. Perhaps a source of creative inspiration dries up or the places you once went for comfort seem unavailable. It's a time of deepening, maturing, and testing of your faith. You may choose solitude, retreat, voluntary simplicity, and aloneness as a way to reconnect with your spirit.

Physically, your energies are less hardy now, so it's wise to conserve them.

Positive Potentials:

Commitment to really living your spiritual values, ideals, and visions. More disciplined effort in overcoming negative dependencies and habits can lead to substantial changes for the better. Devotional and spiritual practices which truly resonate with your soul. Ability to give up, do without, or surrender negative attachments.

Negative Potentials:

Tendency to see one's weaknesses, immaturity and vulnerability in a harsh light.

Cynicism towards oneself or the world. A gloomy, anxious, disheartened mood. Guilt.

Remedies and Suggestions:

Avoid activities and people who reinforce a fearful perspective, whether in the form of "entertainment" or "spirituality", or simply people who drain your emotional resources. Simplify your life.

If you are so inclined, this can be an excellent period to work with rocks, crystals, and earth energies for spiritual or healing purposes. Create a medicine wheel, a labyrinth, or a healing garden with rocks. Meditate with crystals, or seek out a nontraditional healer who use them in his or her work. Seek help for addictive patterns you wish to be free of.

You may make permanent ties or relationships that prove to be successful and fortunate. This aspect strengthens the higher-nature and gives opportunities for the realization of hopes and wishes. It can bring financial gain, presents, social advantages, and the company of those who bring happiness and pleasure into your life. It will bring joy according to your power to respond; but if you go to extremes of feeling and allow sensation to overcome love, then you will suffer through such excess of emotion and thereby miss the genuine opportunities that are present. Nevertheless, if you choose wisely you may make this a most happy and successful period.

Financial opportunities.

Having and appreciating things of beauty and value plays a bigger role in your life now. Provided you don't spend it all on the fancy things that catch your eye, this can be a financially favorable period.

As the natural ruler of this sector of the chart, Venus feels right "at home" here. This is a rather content position for Venus, although there can be some restlessness when it comes to money and spending it--you are more inclined to want more things around you! Financial security and enjoyment of the good things in life are important to you, although you also value simple pleasures. The ability to relate well with others might enhance your own personal finances during this period. You may find yourself in a position in which there is a blending of financial matters with social or public affairs. This is a stable position for love matters and close relationships. You value those who make you feel comfortable, and familiarity is more important to you than someone new during this cycle.

Your ideas may not agree with the direction your career is taking. The price of success could mean that ideas and methods of communication you are happy with get ignored or set back. You may feel that you cannot communicate your thoughts.

Philosophical disagreements, challenges to your belief systems, or simply exposure to more ideas and information may cause you to enlarge your views at this time.

You may also find yourself intellectually restless and bored with your usual occupations, conversations, and ideas. Your thirst for broader experience of the world, more knowledge, or more expansive ideas may lead to long distance traveling, attending seminars or classes, or reading extensively on new subjects. This is actually a good time to teach what you know, also. Reaching out and communicating on a larger scale is favored now.

Positive Potentials:

Optimism and positive thinking. New, more expansive ideas and plans. Networking, making contacts, negotiating mutually beneficial deals. New alliances.

Negative Potentials:

You may come across as overconfident, self-righteous, or preachy in expressing your opinions. Also, because you are so optimistic about plans and possibilities, you tend to overlook significant details or to overextend yourself. Beware of saying too much right now also.

Remedies and Suggestions:

Remember to LISTEN to what others have to offer, with the intention of learning from them. (Don't think you know it all already). Pay attention to the logistical and practical details of your plans and ideas.

Learning and communicating.

The exchange of ideas becomes a focal point in your life now. Learning, knowing a little about a lot of things, staying in touch and on top of the latest developments: these things satisfy a need for mental stimulation. Neighbors and brothers or sisters may play a role in this; young people figure more prominently in your life.

Mercury is right at home in the third house, and offers a natural curiosity, facility with words, and the ability to multi-task successfully. More time spent on the phone, writing emails, in the car making short frequent trips, chatting, running errands, communicating with neighbors and siblings, visiting friends and relatives, and doing paperwork is likely now. There can also be a tendency to fuss over insignificant matters now, however. Also, "information overload" is also a possibility. This may be a busy time with neighbors, classmates, siblings, and community affairs. Your interests are especially varied now, and perhaps scattered. It's an ideal time to pick up information from your environment and the people in it, as your tendency is toward a certain level of intellectual detachment just now. Your mind is often distracted, particularly when circumstances call for you to stick to routine, so this is not the best transit for focusing on one task or project. Your mind is especially inquisitive during this cycle, when learning, short trips, and other forms of communication and making connections, appeal strongly. Some are fidgety or nervous during this cycle, perhaps due to increased errand-running, phone calls, and the like. Others enjoy the challenge of tackling a variety of subjects. A time to learn about your worth.

The Sun highlights your second house, and your focus is on material affairs and comfort issues. Security is a driving force for you right now, and you might find that you are especially interested in accumulating possessions. What you have and what you don't have come into focus--what makes you feel comfortable, your sense of security, and what you value. This is the time of year when personal finances and possessions receive maximum attention. Pour your energy into your work and your finances, and you might just be able to take your ideas to the bank. Extravagance with your pocketbook is something you may want to look out for, however. If you find yourself itching to make unnecessary purchases, know that at the root of this urge is the desire to pamper and comfort yourself. Nothing wrong with it, but there are inexpensive (and even free) ways to make yourself feel good. This is not the most eventful time of year for you. You are more inclined to dig your heels in and hang on to what makes you feel most secure than to take big risks.

Material things and the whole concept of value take on more importance for you now. Financial security and enjoying the finer things in life, appreciating and creating things others long to have: these experiences assume a high priority.

You may have an emotional confrontation with someone older than you or with an authority figure. Your feelings and emotions may be running against your best interests.

You're apt to be impatient and to use more force than is called for when minor differences arise. You may instigate, aggravate, or stir up trouble either without realizing it (by being too loud, overstepping others' boundaries, or making assumptions), or even on purpose. You may find yourself more than a little acquisitive, and your current appreciation for just about everything may lead you to overspend, indulge too much. You will make career gains by your ability to sense quality and choose accordingly.

This transit may pass you by largely unnoticed, save for feeling rather friendly and sociable and a bit lazy. However, if you plan for it, you might want to grab the opportunities of the positive energies generated. Expand your social circle or simply make sure you get out there. Why? You are more friendly than usual, and you come across in a better "light" on a social and romantic level. You have the opportunity to make a good impression, so schedule an interview, ask for that raise, or make time for social activities. It may be subtle, but your demeanor is more friendly and sincere than usual. You are that much more charming and you are feeling generous as well. It is also possible that you will attract money at this time.

Playfulness, light heartedness, ease, and an overall sense of well-being typify this time period. Benefits flow to you through loved ones, friends, and people with whom you have created a fund of mutual good will. This can also be a period in which you repair damaged, difficult, or estranged relationships. Forgiveness and reconciliations are possible, especially if you take the initiative and do the reaching out. But even if that can not or does not happen, you can at least make peace with old friends, lovers, or enemies and let them go, which allows a new spirit of lightness and freedom to enter your heart.

All activities related to pleasure, recreation, artistic and cultural endeavors, or beautification are highly favored now as well.

Sep 01 **Sun Square Neptune** Solar Eclipse (*Virgo-Sagittarius 2nd-5th*)
*** *Exact* (*Enter: 09/01/16 Exact: 09/01/16 Leave: 02/26/17*)

This is a time to shed illusions - fast. You'll see signs of this in close emotional relationships and in your home or family situation. There's a feeling that change is needed, and this could manifest as a change of residence; however, that's not likely to be the real answer. (It could well be a mistake, in fact.) Unrealistic thinking is the problem - until you address that, no external change will really fix things up.

You can really get your thoughts and ideas across. Good communication. It's a good time for taking tests, handling details, writing letters or emails, making phone calls, signing papers, and taking short trips. Your mind is alert and ripe for learning. Good relationships with younger people are more likely now.

This aspect quickens the mind and enhances communications skills. Self confidence and self-worth are enhanced. You will like to talk, and are more mentally alert than usual. It will be easy to reach agreements, and is a good time to get rid of paperwork and to write letters. It is a good time for any kind of commercial or business transactions, contract negotiations, and/or buying and selling.

Lacking direction.

Perhaps an ultra-mundane day, lacking in imagination or much, if any, escape. You may feel separated and not a part of everything around you.

This may be a discouraging day when things don't quite seem to go your way, or you feel a bit drained. Take a break and don't start any serious new project today. Minor disappointments or just plain fatigue might hit you like a ton of bricks today. Lay low for more energizing times to come. If you can, avoid asking for anything, such as help, as it is unlikely to be forthcoming. Instead, find time to help someone. It could lift your spirits, and you won't fall into the easy tendency to feel sorry for yourself that this aspect often brings.

Concentrating on artistic or spiritual pursuits is better than focusing on things that require straightforward, factual thinking today. It can be difficult knowing where or how to direct your willpower under this influence. It's also a challenge knowing where you stand with others. Avoid such things as scheduling surgery, important appointments, job interviews, or launches of new projects at this time, if possible.

Feelings of trust and goodwill are generated, which can lead to stronger alliances, maybe even an opportunity to go into business or get involved with some group endeavor. You go out of your way to help where you can, and if you need assistance or feel stuck in some ongoing dilemma, help may come through a friend or friendly acquaintance. You may expand your social circle to include more people from different backgrounds, generations, races, or cultures, and this will prove quite beneficial all round. Take all generous offers, and extend some!

Positive Potentials:

Linking with people in a positive way, growing through interpersonal connections. A healthy attitude toward the world, attracting good fortune.

Negative Potentials:

This is an "all or nothing" energy. You have the power of attraction at your disposal. Your social presence may be larger than life, so a little charm goes a long way now. Things shouldn't be forced, even though the desire to sway, coerce, and manipulate others may be present. Passions are strong and intense. *** Exact (Enter: 09/05/16 Exact: 09/06/16 Leave: 09/08/16)

A perfect time to be assertive and to move forward in your career decisions. You have all the drive and energy you could want, and it should be easy to channel it. The path is open and clear.

Enthusiasm, confidence, and verve infuse your efforts now, almost guaranteeing a positive outcome. Your instincts, as well as your sense of direction and timing, are excellent! Risk-taking, engaging and inspiring others to support you, and taking action to realize a big goal are favored.

This beneficial influence is good for those who know how to speculate or invest money wisely, since those who are cautious enough to act without impulse can profit

under this enterprising influence. It is good for social affairs as well as moneymaking, but like other aspects of Mars to Jupiter, it gives a tendency towards extravagance and an overestimation of opportunities. It gives you the initiative and freedom to venture in where others hold back; and success will be assured, because "Fortune favors the brave." This aspect promotes optimistic feelings, but there is also a danger of an opposite reaction. This is an aspect that (theoretically) promises fortune through speculation.

You are more imaginative and attuned to the world of beauty and romance today. Gentleness with others is the best way to harness this energy. This could point to a "magical" time on a romantic and social level.

You are receptive to beauty at this time and want to be surrounded with harmony, beauty, and kindness. Also, you feel tender and gentle toward others, and you want to please or to be of service to them in some way. Some selfless generosity or an effort on behalf of someone in need will make you feel very happy now.

Timing is off.

You may not appreciate the emotional energy of someone you meet. They could appear aggressive or pushy. You don't like the way a situation feels at the gut level.

When you try to be friendly, you seem to miss the mark. Attempting to satisfy romantic needs and assertive/sexual needs simultaneously can be challenging. Your romantic sensibilities and your desires are at odds with one another, and problems (especially misunderstandings) in romantic and sexual relationships may result. Passions run high. Jealousies are possible. Impulsive decisions affect your finances and/or your established relationships. You could stir up problems in order to fulfill a need for excitement.

Sexual tension or disagreements with people of the opposite gender arise now. You may want more than the other person is able or willing to give, or one of you may want togetherness and collaboration while the other prefers to be more independent.

Compromises, adjustments, and working with the differences can bring about a satisfying balance, but it can be difficult to acquiesce when desires are so compelling. In any case, encounters with a definite erotic tone are part of the picture. Wear soft shades of pink, rose, or light green to ease dissonant tendencies.

A time to learn.

Gathering and exchanging information becomes a more important part of your life... a very educational experience. Neighbors or siblings have a big impact on your goals and make a big impression. A mentally and socially active period.

The Sun is illuminating your communications sector, suggesting "busy-ness" and movement. You are exploring and searching now, making connections, and paying attention to your immediate environment. Social interaction is emphasized during this period, and is for the most part light-hearted. Give other people a little extra time and attention, notice their efforts on your behalf, and strengthen your connections. You are more curious and alert than usual, and you could be quite busy with errands, paperwork, phone calls, and light socializing. Much energy is expended in understanding and adapting to your immediate environment. Siblings, neighbors, close relatives, friends, and co-workers may play a more important role than usual in your life during this cycle. You are more interested in exploring your own neighborhood than you are a different country. This is not a time of big adventure-seeking. Rather, it's a time of little adventures close to home. Neither is this a time when you are especially focused. In fact, you could have a finger in many pies right now. You are especially resourceful now, and you could find yourself enjoying (or seeking) attention for your intellectual know-how. The ability to express and communicate your ideas is extremely important to you at this time. You are eager to investigate new things, whether scientific or technical.

Sep 08 Saturn Conjunct Neptune Transit (Sagittarius-Sagittarius 5th-5th)
**** Exact (Enter: Begin Date Exact: 09/08/16 Leave: 09/26/16)

You could be forced to re-define your ideals and reshape your self-image. Making your dreams real (and seeing that reality is all you dreamed it could be) is your focus now. You may find your intuition and sense of truth deepening.

The theme of this time could be practical application of visionary ideals - or coming down to earth with a thud.

Initially this can be a time of sober realizations, squarely facing any illusions, deceptions, or patterns of escapism and avoidance that you may have. Addictions or dependencies will be seen for what they are. If you over-idealize someone or something, there may well be a disappointment or serious breach of trust which causes you to reassess.

You may have to contend with a mood of spiritual isolation. Perhaps a source of creative inspiration dries up or the places you once went for comfort seem unavailable. It's a time of deepening, maturing, and testing of your faith. You may choose solitude, retreat, voluntary simplicity, and aloneness as a way to reconnect with your spirit.

Physically, your energies are less hardy now, so it's wise to conserve them.

Positive Potentials:

Commitment to really living your spiritual values, ideals, and visions. More disciplined effort in overcoming negative dependencies and habits can lead to substantial changes for the better. Devotional and spiritual practices which truly resonate with your soul. Ability to give up, do without, or surrender negative attachments.

Negative Potentials:

Tendency to see one's weaknesses, immaturity and vulnerability in a harsh light. Cynicism towards oneself or the world. A gloomy, anxious, disheartened mood. Guilt.

Remedies and Suggestions:

Avoid activities and people who reinforce a fearful perspective, whether in the form of "entertainment" or "spirituality", or simply people who drain your emotional resources. Simplify your life.

If you are so inclined, this can be an excellent period to work with rocks, crystals, and earth energies for spiritual or healing purposes. Create a medicine wheel, a labyrinth, or a healing garden with rocks. Meditate with crystals, or seek out a nontraditional healer who use them in his or her work. Seek help for addictive patterns you wish to be free of.

You may be interested in purchasing objects of beauty or adornment. Efforts to improve your appearance run well. Gifts or increased income may be part of the picture. Your judgment is balanced now, and you are less likely to go to extremes. Use this inner balance to smooth over differences in your personal relationships, and

Difficulties in communicating are a source of frustration during this transit. Minor trouble regarding work, health, siblings, and neighbors could be part of the picture. Sep 12 Neptune Square Neptune Transit (Pisces-Sagittarius 8th-5th)
******* Exact (Enter: 08/06/16 Exact: 09/12/16 Leave: 11/01/16)**

A time when dreams, fantasies, and the urge to be free of this hard world could themselves be a fantasy that deceives and misleads you. Your own goals and ideals may be stressed and challenged.

During this period, you can be swept up in yearnings and wishes based on dreams that have gone unfulfilled. If you've been neglecting your need for connection, meaning, or a deeper purpose in your life, this will manifest as a vague but growing sense of lack. You may also begin to realize that the ideals you have been pursuing up until now (whether they be the perfect family, the American Dream, or some personal vision of success, and whether or not you have realized them) don't answer all of your inner longings. It can be tempting to disengage entirely from your current agenda to pursue another path, perhaps a recurring fantasy or childhood dream. Certainly it's a time to sense the movement of your spirit and listen to the inner promptings of your heart.

Positive Potentials:

Realigning your priorities and focusing your attention on your soul's concerns.
Spiritual life increases in importance.

Negative Potentials:

Disenchantment, uncertainty, and vague feelings of regret or emptiness. A tendency to avoid, evade, ignore, or medicate away the voice of your spirit.

Remedies and Suggestions:

You may want to begin a dream journal, or a daily writing practice that enables you to hear, see, and reflect upon your place in life. Carefully consider major moves or changes that you want to make, and beware of making or breaking commitments at this time. Most likely you aren't seeing a clear picture. This is a good time to gather information, and to act only if you feel deep certainty. Give up the usual excuse - "I don't have enough time, other things are more important" - and spend time engaged in self-inquiry and honest exploration.

You may tend to ignore or fail to appreciate the law or what you know to be the truth. Your values may run counter to established tradition.

There may be difficulties relating to others under this influence. People may appear cool with their affections and emotionally distant. You could be feeling unappreciated, unloved, or unwanted. Avoid new financial undertakings, as they may prove to be "money pits" as time passes. There may be anxiety or troubles with regards to matters concerned with the feelings. Romantic disappointments, unrequited love, separations, and broken engagements are the more negative manifestations. You tend to lack social confidence at this time and adopt a shy, formal, or reserved social manner. This transit is best used for reflection. Gaining what you want is challenging under this influence, due to negative attitudes and the tendency to need more than what is possible. Difficulties socializing with others stem from an increased sensitivity to rejection. Others might notice stiffness with your affections. Emotional distance in relationships is likely for the time being. You may be separated from someone you want to be with, or you could be concerned for a loved one.

** Exact (Enter: 09/12/16 Exact: 09/12/16 Leave: 09/13/16)

You may not appreciate someone's methods, the way they get things done. Someone in authority may have very different values from yours.

You may find it hard to stay on task today or to do any unpleasant, demanding work. Tendencies toward excess extravagance, self-indulgence or laziness are amplified now. On the plus side, you can enjoy yourself quite a lot, especially around people. You're generous, playful, good-humored - even lucky!

Challenges in relationships now are likely due to overblown expectations. It can be

challenging to find a balance between responsibilities and the desire for self-gratification. Your love nature is strong, but given to extremes. Over-inflated expectations and the tendency to overstate your affections are things to watch out for. You may overvalue something (or someone), perhaps in an attempt to dramatize your life because you're itching for something different! You are sociable, in the mood to party, dramatic, extravagant, and inclined to overindulge as a result of this inner discontent and desire for more from life than the hum-drum. Daily routines don't satisfy you now.

You may yearn for family harmony.

During this cycle, you are especially fond of the life of the home and family. You are more receptive and gentle on a romantic level, and tend to be sentimental or nostalgic now. You may particularly value the aesthetics in and around your home during this period. If things are out of whack on the home front, you will do whatever you can to create a peaceful and stable atmosphere. Loyalty and sensitivity in your relationships are more important to you than typically. You might focus on ways to earn money in or from your home. Misunderstandings.

Don't be surprised if you are not in top mental gear today. You could find yourself struggling to communicate or being easily misunderstood. Hard words are possible with an authority figure or an older person.

This aspect denotes troubles of a mental nature and the experience of anxiety, worry, etc., in various ways. The mind tends to be unsettled, changeable, and prone to make mistakes and to look at things from an unfavorable perspective. Care is necessary in dealings with agents, messengers, inferiors, or those who transact business for others, such as solicitors, lawyers, and literary persons. Caution is advisable with regard to letters, writing, signing papers, and in all correspondence or personal interviews. This influence of the Sun and Mercury is not wholly bad, but tends to prevent matters coming to fruition. Mental energy is abundant, and perhaps overly so. Look for compromises when matters are truly trivial.

Put your mind to work and take care of any details that you may have, for mental discipline should come easily. Problems and obstacles that have heretofore been confounding should find easy explanations under your keen examination.

This supportive transit helps bring the mental and the disciplinary influences into a semblance of cooperation. Your mind is on serious concerns and you are concerned with making the situation better. It is a good time to look around and see what needs to be corrected in your environment. **** Exact (Enter: Begin Date Exact: 09/16/16 Leave: 10/01/16)

Circumstances may urge you to great effort and hard work. Things are working with rather than against you, so don't hold back. However, don't overdo and try to go too far too fast. Let things take their natural course, which should be an easy one now.

You are capable of consistent and sustained effort during this period, making it a favorable time to undertake large projects. Increased patience and willingness to work steadily enables you to get a great deal accomplished now. This is the time to practically implement ideas and plans, to bring them down to earth and make them a reality. You have more discipline than usual and can use it to direct your will into any constructive endeavor. This is a "building" time-you may literally be involved in building projects, or you may be building a solid vehicle for future success in your profession or other areas.

You tend to be even-tempered now and to have a stabilizing, steadying effect on those around you. You may want to coach or mentor the younger generation, to help them along.

Positive Potentials:

Solid and lasting accomplishments achieved through hard work and wise planning. Good organizational abilities. Positive relations with elders and authorities. Working successfully within a tradition. Successful training.

Negative Potentials:

You tend to be rather rigid and unyielding, and perhaps less open to experimental innovations. Security concerns may take precedence over all others.

Remedies and Suggestions:

This is not a very exciting period (unless other astrological influences are active), but one in which much can be created and accomplished. Give yourself credit for your good work!

Sep 26 Mercury Enter Third Transit (Virgo 3rd)
*** Exact (Enter: Begin Date Exact: 09/26/16 Leave: End Date)

Learning and communicating.

The exchange of ideas becomes a focal point in your life now. Learning, knowing a

little about a lot of things, staying in touch and on top of the latest developments: these things satisfy a need for mental stimulation. Neighbors and brothers or sisters may play a role in this; young people figure more prominently in your life.

Mercury is right at home in the third house, and offers a natural curiosity, facility with words, and the ability to multi-task successfully. More time spent on the phone, writing emails, in the car making short frequent trips, chatting, running errands, communicating with neighbors and siblings, visiting friends and relatives, and doing paperwork is likely now. There can also be a tendency to fuss over insignificant matters now, however. Also, "information overload" is also a possibility. This may be a busy time with neighbors, classmates, siblings, and community affairs. Your interests are especially varied now, and perhaps scattered. It's an ideal time to pick up information from your environment and the people in it, as your tendency is toward a certain level of intellectual detachment just now. Your mind is often distracted, particularly when circumstances call for you to stick to routine, so this is not the best transit for focusing on one task or project. Your mind is especially inquisitive during this cycle, when learning, short trips, and other forms of communication and making connections, appeal strongly. Some are fidgety or nervous during this cycle, perhaps due to increased errand-running, phone calls, and the like. Others enjoy the challenge of tackling a variety of subjects. As well, talking, writing, and studying can be good ways to handle stress.

You benefit most now from strategy and perhaps keeping things to yourself for the time being--you don't have to reveal all that's on your mind. Some people find lost items or uncover resources--material or otherwise--under the influence of this transit. A "Eureka" can occur now--self-discovery is the name of the game. Channel your ability to focus and possibly even obsess over something constructive. It's a great day for research.

Impulsiveness.

Careless or impulsive behavior can be a problem under this transit. It's easy to feel thwarted or to not be in touch with what it is we want at this time. If we do know what we want, how to go about getting it doesn't come naturally to us right now. A tendency to fly off the handle easily characterizes this transit, due to inner tension between the will and performance. It's hard to find satisfaction or a sense of peace at this time. You may feel decidedly "out of sorts". Try not to do things in a hurry, or in a pushy manner. Haste certainly makes waste right now. Try to do your best for yourself rather than competing with others. Don't over-exert yourself. Examine any angry feelings surfacing now.

You may find yourself at odds with someone today, in particular at the gut or emotional level. Feelings could run strong, and this may require presence of mind and real patience in order to avoid a flare-up.

An important relationship, perhaps with a younger person or someone in your near environment, may come into focus today. There could be an emotional overtone to all of this that may require understanding and flexibility on your part.

Any tension between your conscious actions and your emotional needs, wishes, or feelings that has been bubbling beneath the surface will show itself now. Strained relationships, irritability, or a subtle resistance and lack of enthusiasm are possible ways you might notice this. Problems that you may have been avoiding in the areas of home life, your inner world, and your personal relationships come into focus now. If you find yourself acting like a whiny or willful child, pay attention to what you are needing. Self-comfort and care, a little extra rest, or acknowledging feelings can re-energize you.

Intense emotional drama is available if that is what you need. Your emotions are not in tune with the more sensitive and private areas of your life. Push on now and you risk some very turbulent emotional scenes.

You are especially sensitive to anything that reminds you that you are not in control now. Your desires are intense and difficult to satisfy under this influence. A tendency to bully and confront may dominate. Efforts to make changes could be thwarted, or power struggles emerge. The trick is to remain flexible and to develop strategies. The desire to get the upper hand is strong, but it's unlikely to happen under this influence. It would be wise to observe whatever powerful feelings that confrontations or conflicts arouse under this influence, as this transit has a way of pulling out suppressed matter, or emotional "slush". Passions run high, and so does sexual energy.

Renewed ties to old friends are possible, or a new sense of responsibility in existing friendships. A commitment could be solidified now.

You feel a love of order and law -- an appreciation for responsibilities and duty. Problems are valued for the lessons they represent, rather than perceived as obstacles.

Worries and pressures are eased now, especially if you've been overworking and neglecting your friends. You can lighten up a bit, relax, remember how to smile. You may seek out someone who is a bit older than you or a reliable long time pal to spend some time with. Your money sense is quite sound at the moment so if you're considering a purchase or investment, this is an auspicious day to do that.

You may find that both your personal growth and your career may depend upon how you can handle the very sensitive psychological material that could be coming up now. You will benefit from analytical insights, getting to the heart of things. Penetrating.

This can be a profoundly positive time in which your deeper aspirations, your sense of great possibilities, and your urge to enlarge, expand, or regenerate your life intensifies. Material, political, or social aspirations and power come into focus. If you are oriented in that direction, you may expand your sphere of influence, conceive a grand project, or bring hidden resources and talents into action in a wider way. On another front, you may be drawn to transformational healing or deep process work which expands your inner freedom considerably. Perhaps a long-standing difficulty will begin to turn around, or you will experience a breakthrough in your psychological or spiritual growth. You can tap a deep source of healing power from within, perhaps involving some form of hypnosis, creative visualization, or dream work. In any creative endeavor, greater inner richness and depth, and wider recognition, are available now.

Temporary discouragement.

It's hard to satisfy your ego today. You could feel blocked by circumstances or by others. It's too easy to feel discouraged, but remember that discouragement is a major time waster, unless it motivates you to get back on your feet. Gratitude isn't forthcoming right now, so it's best to wait it out rather than waste energy letting it get to you. As you face obstacles to your goals, you begin to see the tools with which you have to overcome them. A heavy dose of realism seems forced upon you during this influence, but your efforts to measure up to expectations can ultimately increase your confidence in your ability to be responsible for yourself. This influence is a somber one. There may be a discouraging or disappointing moment, or you might feel rejected, and the best thing to do is to slow down, conserve your energy, and focus on what you can do for yourself to pull out of a rut. Bring order to your environment or your practical affairs. It's not the time for windfalls or for quick results or satisfaction.

It may be hard to organize or persevere today. Everything may seem to be falling apart and coming unglued. Don't force things. Be patient and let the chaos blow itself out. Clashes with authorities or someone older over responsibilities are possible.

Conflicting urges with regards to what you think you should do and what you want to do can be frustrating now. There can be a tendency to go overboard and to indulge in extravagances. Watch for overestimating your capabilities now. The desire to experience something new, or the desire for more freedom to explore new

possibilities, can amount to restlessness if you don't know what it is you want. Over-optimism can lead to losses or waste.

You may find opposition from others today to some plan of action or project of yours. Your own approach may be frustrated or blocked. Or, you might find yourself struggling with someone older (an authority) or even with yourself and goals.

Oct 10 Sun Opposite MC Transit (Libra-Aries 4th-10th)

You could experience challenge or even downright opposition when it comes to matters of your job or practical skills. Someone may challenge or question your authority. You may find yourself oriented more to the family and home at this point.

Relations with men, people in authority, or father figures are featured today. You may be thinking about past successes or failures and how those influence what you aim for now. There may be some friction between your will and someone else's and a need to humble yourself in order for things to proceed. Seek win-win situations.

This is a time to attend to close relationships and domestic affairs--your personal life and family matters. You need to get in touch with yourself and your personal work. Professional matters should go on hold, except for things that have to be done. You could have some professional opposition. Negative ego experiences will come with this transit, so it is vital that you keep in touch with loved ones in your personal world while you determine what your real needs are.

Oct 10 Sun Enter Fourth Transit (Libra 4th)

A time to "nest".

You're coming into a period of greater than usual emphasis on emotional security, which is likely to manifest as putting down roots somehow. Home and family matters can play a big part in this: relatives take on greater importance than ever before. Real estate plays a bigger part in your life goals.

The Sun is spotlighting your house of family and home, and these areas are your instinctive focus during this period. Your family, home, property concerns, roots, and heritage come into focus and become a source of pride. You are likely quite preoccupied with feelings of security and your inner experiences. This is a time when you send down roots and seek a feeling of belonging. You could be thrust into a position of leadership on the home front. Ego confrontations with family members are possible now, but the best way to handle this energy is to do your best to strengthen your relationship to your family and your home base. This is a time to do what you can to build trust in your family life and a strong foundation within yourself, so that regardless of what you meet in the outside world over the next

months, you have a secure place to return to. Besides spending more time tending to domestic affairs, the focus can be on cultivating and nourishing your inner foundations that support you and your growth. This is a time to collect yourself--to fill your well, so to speak.

Pushing too hard could bring on headaches or a feeling of burn out. Buried angers can surface now as tension or impatience. You are touchy and over-sensitive now, and it is very easy to take offence.

Nostalgia.

You're entering into a cycle of mental development that emphasizes the past and your roots in life. Curiosity about such things leads to study and research. A good time, when your efforts really pay off and things seem to run smoothly. Now you have an ability for sustained work that allows you to coordinate and organize like never before. Bring to fruition uncompleted tasks or character development.

During this cycle, you feel more in control of your emotions, your domestic affairs, and your personal habits. You feel considerably more mature and capable of handling your personal life. Family matters assume more importance in your life now, and you meet your responsibilities with maturity and competence. You have much to learn from older people in your life, and during this transit, you are more likely to actually listen to what they have to say, and learn from them.

Steadiness, stability, balance, and peace characterize your personal and emotional life now. You enjoy solitude or quieter activities, attending to domestic improvements or repairs or perhaps undertaking some task that requires patience and attention to detail. Making a quilt, reorganizing your financial affairs, undertaking a long writing project, or learning how to garden or cook for the first time are such tasks. This is a period of ordering, organizing, and "making right" your foundation - physical and emotional/psychological.

wisdom and resources of your parents, grandparents, or other elders) to bear on supporting your life now.

Negative Potentials:

A new personal cycle of independence, progressiveness, and change begins. You are more inclined to accept and appreciate all that is new, unusual, and avant garde. You have an opportunity to shine for what makes you unique. This transit gives a green light to matters concerning the media, computers, and metaphysical subjects. Restlessness and a need for change is indicated. You simply won't stand for restrictions now! Your ego is awakened and you seek new ways to express yourself, as this is a time of self-discovery. There is a need to be creative and unique in your expression of self. This is usually a time to join with groups and/or to become a group leader. It's also an easy time to make new friends. Sudden, unexpected events can happen out of the blue. You might find yourself thrust into new--perhaps thrilling--experiences. This can be a time when others notice a sparkle in your eye and find you endearingly clever and witty.

Today could bring the unexpected or find you in a very unusual mood. It may be that

* Exact (Enter: 10/20/16 Exact: 10/21/16 Leave: 10/22/16)

Low willpower.

You may lack any real sense of yourself today, or be unable to communicate or convey your ideas. You tend to feel that your personality lacks any vitality. An authority figure could be hard to connect with now.

There is a lack of stamina at this time, as regards health and general enterprise, as well as a tendency to stagnation in ideals. Your personal confidence to cope with life is at low ebb.

You could try to dominate others, or the reverse is possible. The lesson to be learned is harmony. Don't be so willful that you are unable to manage cooperation with others. With care, it is possible to make a favorable impression from the very strength of your position, provided you can prove it without bulldozing it over others. This is a powerful transit for getting things done--but, very carefully.

Oct 22 Saturn Opposite Sun Transit (Sagittarius-Gemini 5th-11th)
*** Exact (Enter: 10/10/16 Exact: 10/22/16 Leave: 11/01/16)

This may be a difficult time period during which you may experience opposition and blockage from events, others and the situation in general. A turning-point. An opportunity to take control and become more disciplined. A chance to see your own problems.

This is a low cycle as far as vitality, creative energy, and inspiration are concerned. You may feel dried up, used up, and tired of it all. You may be questioning the worth or validity of what you have been doing, or come up against some serious adversaries who seem intent on thwarting you. Responsibility, duty, obligation, or past commitments rule your life now, and a parent may become the source of considerable burdens during this period. Whatever your age, you may be feeling old, tired, or worn from the stresses in your life. This is a time to conserve your energy, eliminate all unnecessary activity, and concentrate on the immediate tasks at hand. In some significant way, this is "karmic pay back time". If you have been living honorably and with integrity, this may well be a lean or pressured time but you'll most likely emerge strong and undamaged. If you have been making poor choices, the results of those choices will manifest during this cycle.

Positive Potentials:

Pruning, eliminating, simplifying, and allowing whatever is passing away at this time

to go. Concentrating on essentials, reducing extraneous actions.

Negative Potentials:

Self-pity, self-isolation, depression.

Remedies and Suggestions:

Humble yourself enough to share your struggle with caring others, and accept the help they offer you. Do not blame yourself excessively for whatever is occurring, but take responsibility for your actions and choices, and do what you can to make amends if you have transgressed.

Recognize that this ebb in your energy and/or confidence is part of a natural cycle, and expect your spirits to return. Do not make drastic decisions based on how you are feeling now.

At this moment you do not want to waste time or energy and you may be impatient with those situations or people who seem to stand in your way or thwart your will. Resentment and an adversarial attitude may surface, especially towards those who have an easier time of it. You may be tempted to lash out at others who are really not the cause of your frustration but are simply safe targets. Instead of moving with these destructive attitudes, turn to what you can do in your own court. Self-reliance, patience, and even hard or disagreeable work can turn this time into a productive one. **** *Exact* (*Enter: 10/22/16 Exact: 10/27/16 Leave: 11/01/16*)

You will prosper by pursuing your ideals and most deep-seated dreams of how life could be. Don't be afraid to project that image, make those dreams real. Ideas of group cooperation and communion (mass images) could further your career.

Practical considerations and material concerns diminish in importance now, and spiritual, idealistic, and humanitarian impulses come to the fore. There is also an emphasis on joining forces with people who share these interests, so you may become involved with a group devoted to spiritual development, or to the uplifting and improvement of conditions for others. You may be meeting new people, perhaps from a different background than your own, who help open your mind and heart, and widen your understanding of the world. Or, opportunities to travel to an especially intriguing place may arise. You are open to just about anything right now, which is why you are attracting these opportunities. And for the most part, you will be able to integrate and use what you learn and experience to enrich your daily life and relationships.

You do have more of a tendency to splurge on luxury or nonessential items, though, and to become a bit lax when it comes to work or the mundane details of life.

Positive Potentials:

Positive expectations, belief in good outcomes, hope, and faith increase, helping to bring about desired results. Spiritual life flourishes in the company of other seekers. Generosity, compassion, and empathy increase.

Negative Potentials:

Any tendencies toward passivity, denial of difficult truths, or over-reliance on luck or providence increases.

Remedies and Suggestions:

This is such a benign influence that there's not much likelihood of difficulties or imbalances arising from it, but it would be easy to allow the opportunities for benefit to pass by. If you are able to translate your idealism or compassion into practical action, service, or tangible expression, then do so. Small gestures done with real kindness can mean a lot!

A career decision, something that is obviously in your best interests, may go against feelings and emotions. You may have to ignore your feelings and put them aside in order to benefit from the current sequence of events. Possible resentment.

An inner restlessness can dominate this period in your life. What you do with this extra energy is very much up to you. You may find yourself spinning your wheels, simply because circumstances are such that you have too many desires and not enough outlets or energy to obtain them. Sexual energy is variable, and adventurousness in general is felt. However, be aware that you will have a tendency

to overestimate your abilities. Be cautious with regard to putting yourself at physical risk, as accidents are more likely at this time. Avoid the tendency to boast or to come on too strong, as you may end up rubbing important people in your life the wrong way.

Your urge to expand, grow, to do and accomplish more than you have before is heightened during this cycle. It is hard for you to control or restrain yourself now. You want to say yes to everything. This can be an excellent time to go into business, to expand your enterprise, to start up something new.

You are feeling more confident and self-assertive which can lead you to take risks on your own behalf that will improve your life considerably - perhaps something you've been longing to do or have been finding the strength to attempt. Now is your moment. (However, make sure you do all of the ground work first; acting precipitously, which in your current eagerness and exuberance you are tempted to do, may work against you.)

Your physical energy is more vigorous and you feel restless, rambunctious, playful, and possibly more competitive than usual, also.

Positive Potentials:

Fortunate and inspired action. Ambitions and aspirations realized. Successful enterprises launched. Giving birth to new creations.

Negative Potentials:

Overextending, biting off more than you can chew, spreading your efforts and energies too thin.

Remedies and Suggestions:

Follow through on inspirations and impulses to create or expand your field of influence. Avoid exaggerated claims and overconfident or arrogant behavior, which can be your downfall.

Nov 01 Venus Trine Jupiter Transit (Sagittarius-Aries 5th-9th)
** Exact (Enter: 10/31/16 Exact: 11/01/16 Leave: 11/02/16)

Good times.

Let the good times roll! A lovely sense of well-being and ease characterizes this time. If you've been under a lot of pressure lately, you can let up, let go and relax a bit. You feel freed up emotionally, and freer with your affection and your money as well. Your open-heartedness and easy attitude draws good things your way - friendship, love, opportunities, and material benefits alike.

Friendliness and optimism characterize this transit. You are big-hearted and your feelings are expansive. Your outlook is cheerful and hopeful and the atmosphere around you is cooperative. This is a sociable, perhaps lazy and self-indulgent, time. This is a period when you easily find meaning in your social connections. You are more open and trusting of friends and lovers. Integrity and loyalty are favored. This is an especially favorable influence for winning people's trust. Speculation, advertising, publishing, and travel are also favored. Don't pass up a social opportunity now. This is a time when it's easy to simply enjoy life. Love brings happiness and good feelings. Sometimes, this indicates a romance with, or attraction to, a person who is not typically your type or who is from a different cultural background/professional standing than you. You might find yourself in better or improved life circumstances now. You could also receive a gift. This is an excellent period for making amends, or for being forgiven.

The good life, and all that is fine and luxurious, may be what you value just now. You could enjoy making your own way and finding solutions to whatever problems you have.

Nov 01 Venus Trine MC Transit (Sagittarius-Aries 5th-10th)
** Exact (Enter: 10/31/16 Exact: 11/01/16 Leave: 11/02/16)

Social ease.

You could be in the limelight, especially with superiors or in relation to your work. You may find that you enjoy your job or the responsibility it entails more than usual.

Your ability to harmonize, to create bridges between two polarized "camps", or simply to get along with people, assists you professionally. You're more sensitive to the personal element of your work; appreciating and being appreciated for what you contribute is highlighted. You may be tempted to play matchmaker also!

This is a good transit for creative activity. If you are working in a creative field, you should be unusually productive now. Your taste and awareness of beauty is aroused. You should feel extremely affectionate and need to express that to others. You could even take on the role of peacemaker. In any case, it is a time to enjoy peace and

tranquility.

Nov 04 Mercury Trine Saturn Transit (*Scorpio-Cancer 4th-12th*)
** Exact (Enter: 11/03/16 Exact: 11/04/16 Leave: 11/04/16)

Put your mind to work and take care of any details that you may have, for mental discipline should come easily. Problems and obstacles that have heretofore been confounding should find easy explanations under your keen examination.

The day of this transit is ideal for organizing or paying attention to serious matters, and buckling down in general, although it's not especially "fun" or frivolous. Try to take advantage of your increased clarity and realism by applying your logical mind to solve some problems that might have been nagging at you.

Nov 05 Venus Opposite Mercury Transit (*Sagittarius-Gemini 5th-11th*)
** Exact (Enter: 11/04/16 Exact: 11/05/16 Leave: 11/06/16)

You may not like the ideas or thoughts of someone who confronts you. What they say may seem inappropriate or be unappreciated. Oppositions usually bring challenges and/or obstacles to be overcome, but this aspect is, overall, a rather pleasant one. It encourages communications within love relationships. It is one of the least emotional transits of Venus, and you can confront a partner about relationship problems. You are calm and will be able to reduce tensions because you can be detached and rational. Be careful what you say about friends and loved ones during this transit, for they could be hurt by casual remarks.

Nov 06 Mars Opposite Venus Transit (*Capricorn-Cancer 6th-12th*)
*** Exact (Enter: 11/05/16 Exact: 11/06/16 Leave: 11/07/16)

Others may oppose or confront your value system. Their push or drive may tend to conflict with the way you feel and do things. Your own desires may be ignored.

Powerful desires and amorous feelings are stimulated now perhaps through an enticing interaction or personal encounter. You take the lead in social situations or attract personal attention. Coming on too strong, not picking up on subtle cues, or being inappropriate in a social sense are pitfalls of this time. Strive for a balance between taking the initiative and being sensitive and aware of others' needs and wants. If you are usually shy and unassertive, this is your moment to come out and take a risk even if you're a bit awkward.

*** Exact (Enter: 11/05/16 Exact: 11/07/16 Leave: 11/08/16)

Mischief-making.

Don't take chances or risks just now. Be satisfied with the ordinary and usual. Novel ideas or insights could be more damaging than useful. Hectic emotional energy.

You are more sensitive to, and frustrated by, anything that makes you feel stifled, restricted, oppressed, or restrained now. Your desire for independence or to feel unique and original is strongly stimulated, but you may not be going about it in the best manner. In fact, you might come across as rebellious, cantankerous, or hard to please. You may be especially impatient, impulsive, or prone to taking foolish risks. This stems from the desire to make changes in your life or to shake things up because you are sensitive to that which is boring, monotonous, or stale in your life.

***** Exact (Enter: 11/06/16 Exact: 11/07/16 Leave: 11/08/16)**

Trouble with partnerships or others may prevent you from appearing at your best.

This is not the best time to try to do something jointly or cooperatively. Without realizing it or intending to, you may arouse others' anger or antipathy, perhaps by being overly assertive, competitive, or inconsiderate. Minor inconveniences or compromises create more friction and irritation than the situation actually warrants. Try to keep your cool. Working out or getting some physical exercise can help.

Nov 07 Mars Enter Seventh Transit (Capricorn 7th)
****** Exact (Enter: Begin Date Exact: 11/07/16 Leave: End Date)**

Close relationships and other ties between people become a focus for much of your energy now. New partnerships are entered into; old ones are renewed or else they get left behind. You try your strength against another's, learn to cooperate or seek to conquer.

Partnership, marriage, or other significant relationships heat up. Will you lead, follow, or work out a way to cooperate that respects the different needs, desires, and intentions of both? This is the dilemma of your current cycle. There's apt to be a lot of friction, of push and pull, as you strive to balance your style and agenda with another's. If you are committed to working together, perhaps assigning separate but equally vital tasks to each partner will succeed. Avoid relationships where the need to dominate or win overrides the respect for each individual.

Nov 07 Mercury Enter Fifth Transit (Scorpio 5th)
***** Exact (Enter: Begin Date Exact: 11/07/16 Leave: End Date)**

Intellectual creativity.

A period of intellectual creativity has dawned in your life; expressing yourself with a flair comes to mean more to you. Beating the odds through cleverness is appealing, and this may lead to an interest in all kinds of financial speculation. A lover or child who is bright and articulate plays a bigger role in your life.

During this cycle, there is a powerful mental connection with your creative self-expression. You are proud of your ideas, and very good at expressing them to others smoothly now. Your thinking is more creative than usual. You tend to entertain others with your conversation; and your sense of humor (and of mischief!) is especially strong. Your thoughts turn to children, pleasures, or romance during this expressive cycle. You might enjoy researching speculative ventures now. You especially enjoy games that involve competing with others on a mental level. You have a stronger need than usual for intellectual stimulation. Therefore, your friends and romantic partner are best appreciated now if they are intellectual types. You're more willing to take risks on a mental level now, so take advantage of the increased spontaneity and creativity that comes with this position.

You meet responsibilities with a feeling of accomplishment.

Today you will be able to tackle tasks that require real discipline or organization. You find yourself in a very practical mood and working with, instead of against, yourself. You may have some serious or contemplative moments.

Career choices, decisions that should be made, may appear to go against or challenge your current sense of security and home environment. The easy way out may not be beneficial to your health and general wellbeing. Weigh alternatives with care.

Depending on your character and life situation, you might be feeling especially optimistic or emotionally self-indulgent during this transit. Some of us experience swings from optimism to self-pity. Problems rooted in the past and with family and early childhood are apt to surface during this period, and productivity may be adversely affected as you nurse your wounds. There can be a tendency to put on weight or to be financially extravagant. If this is the case, recognize that it's a sign that you are looking for emotional satisfaction in the wrong places. You may be questioning the amount of support you are receiving from others, but be aware that your judgment on this matter is likely skewed. You might be setting others up on some level to prove to yourself how unsupported you are. We all need to feel emotionally supported, and this transit makes us more aware of that need. Ideal handling of this transit is facing what it is you feel is lacking in your life--that which is causing you to feel unhappy. The fact is, if you choose to reach out to others at this time, it is more likely than not that they will be receptive to you, as long as you sincerely want them to be.

Your mood is festive, expansive, celebratory, and optimistic. Whatever good you have in your life, you want to share with others. This is a wonderful time to bring people together, especially if you want to smooth over or mend past difficulties. Emotional rifts and tangles can be eased, and a spirit of generosity, tolerance, and forgiveness allows you to come together again.

You are also feeling playful; this is a good time for travel and vacationing. You may feel restless and caged if you don't allow for some playful adventure now.

Positive Potentials:

Warm satisfying emotional connections. Increased social and emotional ease and confidence. Help and support from others, especially women.

Negative Potentials:

Wanting more, more, more. Dissatisfaction with what you have, feeling it is not enough. Self-indulgence, blowing off responsibilities. A feeling of entitlement and deserving something (expecting others to provide).

Remedies and Suggestions:

Express a lot of gratitude and appreciation for the people around you and for the good you presently have. Take the initiative to make the improvements and enrichments in your life that you are now seeing as possible. Offer something to others, and say yes to the gifts that others offer now.

Team spirit.

Work, health, diet (and the other things that take care of us if we take care of them) can provide a lot of satisfaction as a new life phase begins for you. These things can lead to love and a new-self image if you stick with them.

Establishing a happy and harmonious work environment through friendly relations with co-workers or tidying up your work area comes into focus now. Romantic and social activities may revolve around your working environment. You are generally well liked and respected socially on the job right now. Some laziness is possible now, as you tend to associate pleasure with work! Perhaps you are socializing more than usual on the job. You have good team spirit during this cycle, and you are more tactful and obliging with your co-workers. You are less inclined to fall in love for the sake of love itself during this cycle. Your tendency is to consider whether it is clever to do so! You're most successful doing tasks that involve cooperation and team harmony. You could find that your talents or skills are especially appreciated. Romantic and social activities may revolve around your working environment.

A taste for the offbeat.

This is a favorable influence for social meetings and events, and for situations that call for treating others with equality and respect. You lose your fear of taking risks at this time, and you happily embrace all that is new, unusual, and out-of-the-ordinary with regards to romantic involvements as well as financial undertakings. You are ready to experiment, but not necessarily ready to commit. This is a good time for financial undertakings involving electronics, technology, the internet, metaphysics, and the arts, as well as group activities. Others naturally appreciate your more unique qualities now.

Independence, as well as anything unusual or different, is valued. You may enjoy getting away from routine and doing something completely different for a change.

Communicating affection and appreciation come easily to you today. You speak personably and pleasantly now, making even casual interactions sweet. By overlooking superficial differences and focusing on harmonizing and understanding, you build bridges between yourself and others or between two parties who have been at odds. This is also a wonderful time to send flowers, write a love letter, or to discuss matters of aesthetics and personal style. Heavy topics will wait for another day.

Success and fulfillment on many levels - creative, professional, or spiritual - flow to you readily. If you're having difficulties in some part of your life, perhaps an ongoing challenge of some kind, the influx of renewed hope and trust in a positive outcome

you'll be experiencing now will undoubtedly be of great benefit. Also, you could meet an important teacher, or someone who is very advanced in the area you are interested in may offer to help you. If you ask, you will receive aid, as well as important guidance or information from superiors and "higher ups".

Positive Potentials:

Inspiration flashes of insight, or hunches that lead you to just the people, situations, information, etc. that you need. Happy coincidences. An expanded sense of what your life is all about, where you are and where you can go, how you fit in to a larger pattern. New optimism, self-confidence, and sense of well-being. Growth and expansion in any area of self-expression that is important to you - professional, educational, financial, creative, etc. Investments, purchases, and agreements you make now work out well.

Wider public recognition, acknowledgement, and praise. Travel is rewarding, as are any long distance contacts you make now. Legal proceedings and dealings with the public in any capacity turn out well.

Negative Potentials:

An overly relaxed, laissez faire approach to your own life; resting on your laurels; contented complacency or believing that "it will all work out" with no effort on your part leading to missed opportunities. Tendencies toward smugness increase. ("My life is so great. Ain't I wonderful?")

Remedies and Suggestions:

Be proactive. If you have wishes and goals that have been put aside for a better time, this is it! Follow up and follow through.

A time for romance, pleasure, and creativity.

The Sun illuminates your fifth house. After a period of "nesting", you are coming out of your shell, ready to perform and to express yourself creatively. This is a very

playful period of the year, when you are inspired creatively and emotionally. After a period of self-protectiveness, you are now more spontaneous and more willing to take risks. You take more pride than usual in your creations, your love affairs, your children, and your hobbies. Pleasure and amusement play an important role in your search for freedom of self-expression now. Show off your best colors! You want others to take notice, and you are more sensitive to whether people appreciate you. More than any time of the year, this is the cycle in which you focus on having fun, enjoying romance, and expressing yourself creatively. Your hobbies, leisure time, moments spent with children, gaming time, and so forth, all come into focus at this time of year. This is a cycle in which you find joy in expressing who you are--when your "inner child" comes out to play. This is a time when you are more flirtatious than usual, and when you might take a few risks in life--not only gambling with games but with life itself. You might be a bit of a showman at this time. You are likely feeling good in general, and you tend to spread the joy.

An outgoing and very expressive cycle of experience has begun for you. Now more than ever, you want to be admired and appreciated by others, to do and create things that stir their hearts. This is child's play; this is romance; this is taking a chance.

Hidden agendas.

You value what is above-board and straightforward and have a particular aversion to what is secret, intense, and private.

Passions run high and hot, but there's a hidden agenda. Feelings of jealousy and

possessiveness run so close to the surface that others can almost feel the heat, and they are in direct proportion to your fear of losing something or someone dear to you. Avoid starting a new relationship at this time, because it can be characterized by these energies. Some underlying tensions in social interactions (looking for an ulterior motive or an agenda, suspiciousness) and relationships (possible jealousies) are present now. Sometimes, this transit correlates with heartbreak, unreciprocated feelings, or romantic disappointment. Often, financial matters come to the fore. Manipulation and underhanded dealings can color relationships now. Avoid power plays with friends and lovers.

Pleasantness and a personal touch ease all situations you find yourself in. You're in a lighthearted mood and prefer being around people you enjoy and can relax with, and unless your work pleases you, you probably won't want to do it. The sweet and frivolous side of life, or doing something just for pleasure, is emphasized now. Expressing yourself creatively through relationships or the arts is an urge, and is also favored. It's a strong day for personal charm to work its magic! Don't waste it by hiding yourself away.

You also cannot do everything you imagine now, but you cannot do anything you don't KNOW you can do - so believe, and dare to make it happen! This means expanding your mind, your belief system, your whole base of knowledge and experience. Time's a wastin' - let no grass grow between your toes!

Your romantic and social life is apt to be in a state of change now - perhaps even challenge. Adjustments need to be made; there will be changes in plans at the drop of a hat. Not a good time to buy or sell real estate as a rule, if you can help it. Dealings with the public are not likely to be a piece of cake - you've got to be on your toes.

During the next three months, more than any other time, you are likely to be misunderstood and easily hurt. You may be too sensitive, permitting personal feelings to dominate over reason. Matters concerned with close ties, romance, or associations may not be going as well as you would like. This is not the time to push for an ultimatum; it more than likely will end in a disagreement or separation. This is not the best time for dealing with lovers, partners, or with social or domestic affairs. Temporary financial setbacks may also pose a problem.

A sweet tooth for pleasure.

A craving for sweetness and comfort in the form of loving affection or food is strong now. This is a good time to baby yourself and also to spend time with the people who love and appreciate you the most. Also, you are feeling rather tender and softhearted, and may do something "maternal" on impulse (such as take home a stray kitten, offer to baby-sit, buy a gift for your family, etc.). You could be emotionally and financially irresponsible now, however, and the tendency to bicker with others over emotional and domestic matters is high. You may not appreciate your surroundings, or someone younger than you does not measure up. Your values may be at odds (just for the moment) with those around you.

A strong drive to unify and simplify. You want something more imaginative and less mundane. A yearning for other worlds and for some more cosmic form of love.

Your intuition, compassion, and idealistic impulses are pleasantly stimulated now. Practical concerns and routines are of little interest to you, so it's a good time to take in a movie, create something artistic, enjoy down time, and other such creative and entertaining endeavors. You may be feeling pleasantly inspired. There can be letting go of anger, or a softening of the disposition now.

A time during which you are at your best in regard to practical matters and work-related affairs. Events may line up in your favor and push you over the top to new heights. A promotion or recognition for past accomplishments could be forthcoming.

A realistic assessment of your strengths and weaknesses, and of where you stand now in relationship to where you want to go (or be), is on the agenda. Long-term achievement and practical issues concern you now and the emphasis is on productive and serious efforts, accomplishment, doing the real work required to achieve tangible results. You may need to develop more regular and disciplined study or work habits, sacrifice some personal time, or buckle down in some way but this is relatively easy to do and will be satisfying in the long run. You also need to be self-determined and self-reliant now, to work on your own as much as possible. The power of order, organization, simplicity, keeping your priorities straight and not

overextending yourself, works in your favor.

Positive Potentials:

A practical, realistic, patient attitude enables you to make real gains. Maturity, stability, staying the course. Realigning your course or making changes to reflect your real abilities and livelihood. Learning from mentors and elders, while forging your own unique path. Good judgment, common sense, clear and realistic thinking.

Negative Potentials:

Letting security issues and/or fears obscure other important considerations or values. If you tend to resist change or taking any risks, these tendencies are amplified now.

Remedies and Suggestions:

Slow down, look at your life from as many angles as possible, then be willing to make a commitment and cut out the other options. If you feel you're on the right road, stay with it and fund your resources for the future.

You are highly motivated, energized, and eager to do and to accomplish now, especially if you can determine your own pace and course. This is an ideal time to take on daunting challenges that you might back away from on other days. Satisfying work and friendly competition.

You have excellent rhythm and timing right now. You are confident, straightforward, direct, and ambitious. You might enjoy competition at this time in your life. Enthusiasm runs high, and you easily find motivation to do something physical or brave.

Dissatisfaction.

Anxiety may overcome you when you wish to express your affections or social urges, and this hesitation can express itself through inhibitions and emotional distancing. You keep others at arm's length, unsure of whether you are loved or not. This is a somewhat inhibiting influence during which it appears that others value utility over true love. An element of seriousness permeates your love relationships. You may feel criticized and inhibited, unloved and unsatisfied, but your worst enemy may be yourself and your own fears of getting close to others. This influence puts a temporary damper on your social life. It's not a good influence for financial endeavors. Burdens are possible, as well as a feeling of being unsatisfied emotionally. A serious matter on your mind could put a damper on your social life.

Someone important or in authority may oppose your values and put a damper on your desires. You may be unable to appreciate their attitude or understand their problems.

Feeling deprived, excluded, lonely, or distant from the people who love you may occur now. It could be a cooling off period in a relationship, or a critical moment that tests its strength. Tending your hurt feelings without indulging in self-pity or one-sided blame is important. You may also meet obstacles or self-doubt in regard to some creative project you're in the midst of. Try to work on the flaws or weak aspects of it without considering the whole endeavor a failure. Take a break!

Excess.

This is a time when you could take great strides to get noticed. Avoid impulsive buying. Problems in your personal life likely won't get resolved under this influence. Avoid hasty (or haughty!) decisions. You might overstate your feelings or promise more than you can deliver. Feelings of elation in love or with regards to the pleasures of life can lead you to overdo, overindulge, overspend, and overstate your feelings. You may also feel lazy and you are inclined to procrastinate. You could be trapped in the company of boring people at a social event now, others might impose upon you, or you could be tempted to blow your savings. Avoid the tendency to exaggerate your feelings or your means. Losses could come from overexpansion on a business level. Travel now may be more expensive than you expected.

Correct choices (the best path for you) may be at odds with your sense of values. You may not appreciate the easy way or clear-cut option, and may choose instead a more difficult path.

There's nothing neutral about your feelings now, yet you still manage to come across as level-headed. This is a good time for projects around the home, sexual activity, and anything that involves putting your heart into what you do.

You have the energy to work hard, but only on projects which affect you and your emotional interest.

You may find some of your values at odds with your own best interests. You may not appreciate tradition or someone older in authority.

This transit may bring a compulsion to be with a special person in order to express your love and affection. You could feel that you are not quite complete alone and you need someone else to help you be a whole person. This doesn't mean you are insecure, but the influences create the need to share yourself with another. Take care, however, not to blow a relationship out of proportion lest feelings of possessiveness and jealousy enter in. This is a good time to pursue your talents by participating in activities relating to beauty and the arts.

Intellectual bantering or a difference of opinion may create some friction now, but you can gain objectivity and another way of seeing something. You may be restless, curious, and in need of intellectual stimulation, or feel a bit over-stimulated and nervous. You don't need caffeine! Slow down a little, especially in traffic.

Nervous strain and tension could cause sloppy thinking and rash statements, impulsive decisions, and rash actions. Pay close attention to everything you do and don't let your subconscious mind run the show. Everything will be more effective if you work with others rather than alone.

Outer circumstances and the flow of events make it easy for you to make clear decisions, see the road ahead, and move forward. Things seem to fall in place, and progress is easy. Be careful not to overextend or bite off more than you can chew.

Ensuring future well-being by attending to practical matters now is one of your current concerns. Your thinking is pragmatic and reality-based. You make clear, rational choices now because you understand the long-term ramifications. You see the bigger picture. Investments of all kinds, including investing in your practical education, are favored. You are willing to undertake the disciplines or other requirements necessary to grow and to improve your life. Even delays or other restrictions work out to your benefit.

Positive Potentials:

Patient, steady progress. Consolidating, laying a solid foundation, bringing order to your affairs. Contract fulfilled. Clearing up any pending legal matters. Assistance from elders, employers, or other authorities.

Negative Potentials:

Very few negative potentials are associated with this.

Remedies and Suggestions:

Use this time wisely to fund the financial and energy resources you will need in the future. If you are a practical and well-grounded individual, you may hardly notice the effects of this transit, or you may gain recognition and credibility in the eyes of people you respect. If you are just getting started in life or if your practical affairs could use some attention, this is a time to get to work and to take on what you can reasonably manage.

There are opportunities for deep sharing and powerful, meaningful contacts with others, especially people who share common goals or ideals. An opportunity for a leadership role is also likely.

Research brings rewards now. You benefit from strategy and keeping things to yourself for the time being--you don't have to reveal your sources. Opportunities to find or renew something you had lost, and to gain some power, are available now.

Your path or career may be at right angles with your own sense of security and responsibilities. A hard trade-off to figure. You can't win, so some negotiations are in order. Try to cut a path that includes both.

You are acutely aware of the tension between what you see is possible and what you want to do versus what you actually have time for and can reasonably accomplish

within the framework of your current obligations. You may be tempted to overextend yourself. To attempt to incorporate MORE without eliminating anything leads to congestion, confusion, and imbalance. Paradoxically, you may find that you are happier, richer, and healthier with LESS rather than more. The challenge is about discerning the difference between quality and quantity, and making choices that will solidly benefit you in the long run.

Positive Potentials:

Improvements in your health habits, your daily routine, your work responsibilities and your environment by eliminating lifeless elements. Opportunities for growth, expansion, and furthering your ambitions in the business, financial, or professional arena. Letting go of excessively cautious, fearful, or security-oriented attitudes to permit new growth and well-being.

Negative Potentials:

Tension or frustration over duties and commitments that you perceive to be oppressive may impel you to swing too far in the other direction, leading to irresponsible behavior or unwise investments.

Remedies and Suggestions:

Don't try to do or have it all, at least not all at once. Expand your life in a patient, well-considered manner. Ask yourself where you can upgrade the QUALITY of your life by choosing to eliminate or decrease your involvement in some areas.

Solitude and seclusion may assist you in coming to clarity. Be willing to believe that relief, improvements, and joy are possible for you in areas that have been particularly hard or closed off in the past.

Possibly a career turning-point that may require some careful thought and good judgment on your part. The current flow of events may dictate a path that runs against your best talents and abilities. Don't sell yourself short. Hang in there.

In this time, the momentum is toward expansion, enlargement, and furthering yourself in the ways that are important to you - financially, professionally, educationally and/or spiritually. Promotions, honors, bonuses, and increases of all kinds are likely.

If you have been settling for far less than you really want and are capable of, there will be openings that give you more freedom and possibilities. Long distance travel, publishing, and other ways of extending yourself further into the world are featured as well.

Positive Potentials:

Successful outcomes, realization of goals. Gains. Festivities. A sense of optimism, confidence, and positive vision for the future enables you to move ahead.

Negative Potentials:

Over-optimism, overconfidence, overreaching, overextending yourself. Promising or expecting too much. Extravagances. Restless discontentment with your day to day routine, which may feel too narrow for you now. Conflict with the law, teachers, or other authorities, caused by overstepping your boundaries (at least in their eyes). Being swamped with projects or opportunities, and wanting to do it all.

Remedies and Suggestions:

Maintaining a sense of proportion and balance during this expansion phase will enable you to profit the most from it. Remember that MORE isn't always better, and beware of biting off more than you can chew.

Remain alert and open to the opportunities of the moment, and say yes to those in alignment with your values and long-range goals.

Today you may feel very dreamy and imaginative. A good book or movie might take on added importance. You could find yourself ignoring the practical in favor of considering your more eternal prospects for the moment.

You are extremely sensitive to the moods and undercurrents around you right now. You make judgments intuitively and instinctually. You may have a hard time defining your actions and your goals, perhaps losing sight of reality and reason temporarily. Flexible morals, increased spiritual awareness, imagination, and inspiration mark this period. Your imagination may get the better of you when it comes to practical matters. This could be a time of challenge from a career standpoint. You may find yourself spending more interest and energy at home and with the family, and having less shine on the job. This home life will lay the foundation for greater confidence at work.

Home improvement is the current theme. You may move to a more spacious or more comfortable and uplifting living arrangement, add on to or remodel your home so that it suits your needs better, invest in property, sell real estate at substantial profit, or in some other way gain and benefit from your home situation. Relationships with your family may improve and/or there could be an increase in your family - a new baby or some other hopeful development. If you are considering a move, now is certainly a very favorable time, virtually guaranteeing success. As a result of these happy occurrences, your professional life or other important personal goals are apt to be positively affected as well, especially after you are settled in.

Positive Potentials:

Increased comfort, security, and well-being through home improvements and investing in family relationships.

Negative Potentials:

There are very few negatives associated with this; however there may be a lot to attend to and take care of now.

Remedies and Suggestions:

If you have been neglecting your inner and personal life, and if your home is just a "pit stop" in your busy life, it would be wise to readjust your priorities now. The more generous you are with your family and in your domestic world, the better you will feel - and the more you'll be able to generate energy for other positive goals.
