Mirages may pop up at any time, even if you're not in the desert. Feelings and internal visions can get muddled, and emotional miscommunication, either unintended or on purpose, may get in the way. Misentanglements can snowball, so be ready to cut loose and try again later. Avoid long-term commitments.

Directions begun today can be the start of great friendships, beautiful handiworks, and achievements that bring both wealth and love.

There's a roly-poly feel to the environmental energy for some time to come, kind of like the more you put out, the better you feel, and the more fun it gets, assuming you're making some kind of headway. But even if not, a lot of it is about the game, in and of itself. If you play only to win, this can be a distracting period, indeed.

01 Jul ☾ ♂ ♄ 09:25 pm EDT Tran-Tran 00° ♄ 00'

Expect feelings to get a little more intense for the next few days, particularly due to bottled-up emotions that people are trying to keep a lid on. It's hard to say what you mean when there's so much expectation to deliver on every hand. Best to be utterly sincere but not say too much that might set off hidden nerves or be seen as space invasion.

A good day for small adventures, but don't push it into weirdness. New tastes and experiences are easy to come upon and, once tried, may stick with you for a longtime. Nothing ventured, nothing gained, but don't sell the farm on a hunch. The environment is volatile but not threatening, sort of a gently bouncing ride.

New Moon in Cancer
An inner wellspring arises this month that demands a hearing and after that careful tending. What you begin now has an inner sanctity that may sometimes be beyond sharing, a personal touch that requires the privacy of protection to keep it whole and nurture its growth. It's not that you can't share the burden or the responsibilities, just that you become so closely attached to what you're doing that you can't - and shouldn't - let go of it. Like a mother and child, there are certain attachments that even later, parted circumstances cannot decay. Such is the quality of what may be arising now, so be ready to hold it close to you always.

The environment is running hot and cold today, and just as you think you're warming up to someone, they can suddenly turn negative. Similarly, projects undertaken today can turn out ambivalent and hobbled down the line, so wait, if you can, to make commitments. That, in itself, is exactly what's in the air.

Stop-and-go feelings make headway a tough go, with breakthroughs only after a mighty push. Although it's in the air, it's not necessary -- when it's time to push, just don't. Wait, and the barrier will go away. Nevertheless, it's not an uninterrupted journey, but nothing a little patience will not see you through.
- 03 Jul ♀ ☿ ☽ 11:18 am EDT Tran-Tran  00°☾00'
There's a bit of an inward shift in what people are asking for, and it's going to get very up close and personal for a few weeks. It's about must-have, not might-like, and about keeping and devouring what's to be had. That can find some fighting for scraps, but when you've got your hands on what you want, the pleasure is to the bone.

Similarly, don't let high energy push you in where angels fear to tread -- overconfidence can get you into hot water. Count to ten, then go ahead.

Playful creativity can be a hallmark of the next three weeks, but only if you are willing to let it take its course wherever it leads. Don't expect to follow a straight track but go where things lead you until you start to establish a pattern. Only then can you get back to the main highway after an enlightening detour onto the scenic route. Don't be surprised if this muddies previously held opinions toward the end, as the new alternatives you will be finding will more than make up for any inconveniences or confusions experienced along the way.

This most fruitful day has the potential to give birth to all kinds of positive ideas and feelings -- or simply to give birth, literally. Emotions burst out into laughter or song, playfulness abounds, and there can seem like there is no limit to what's out there for you. Take the ball and run with it now and you'll go far.

Mirages may pop up at any time, even if you're not in the desert. Feelings and internal visions can get muddled, and emotional miscommunication, either unintended or on purpose, may get in the way. Misentanglements can snowball, so be ready to cut loose and try again later. Avoid long-term commitments.

	Self-assertion hits periodic roadblocks that can teach you where to pick your fights and where to circumnavigate them. When you hit a stumbling block, don't beat your head against a wall, but try inner change, as the problem may be within. Some of our worst obstacles, in retrospect, were never really there at all.

It's all about the proper attitude, however, so be cautious how you let your hair down, lest you be thought too frivolous. Showing all your feelings isn't the happening thing, for the moment, so tuck it in and toe the line.

Inventiveness and originality are favored, as are projects and personal involvements which partake of them. If you haven't tried it, now's the time, whatever "it" may be. 					Full Moon in Capricorn You may find that this "Buck" Moon is not so much about the young stag as the dollar sign and how money relates to security. There's a tide of concern about personal need and neediness that may be a bit overblown, so lend a sympathetic ear but don't go writing big checks over it. People run from hot to cold and back rather quickly, and your greatest benefits may come from providing a steady hand and being a stabilizing element when it's needed. When everybody else is getting personal, remember that good fences really do make good neighbors, and it's nice to have one to lean on while you're having that personal chat.

Where resources fall short, cleverness intercedes and patience perseveres. Fortunes are seldom made overnight, so take one step at a time.

The general air today is, let's say, overcast but not unpleasant. A real party-time element comes to the fore for the next few weeks, and the general taste is for more enjoyment and less restriction on how you get it and who shares it with you. Good taste may not be the description, but if it tastes good, munge down and add a little spice while

you're at it. Life's a play, play along.

					Rip tides of emotion swing and sway today, so make sure you don't get carried away in the undertow. The surroundings are turbulent but highly positive, so in order to pick up on them you may have to tighten your focus -- be ready to hop on board as the train rushes past. When it's over, it leaves everyone breathless.

					A firm, easy gait marks the day if you let the energy around you carry you along without questioning it too much. That will be the general spirit of things, and if you join in it can get you into situations with staying power that do not need extra energy to sustain long-term. Let the general pace set yours.

					Mirages may pop up at any time, even if you're not in the desert. Feelings and internal visions can get muddled, and emotional miscommunication, either unintended or on purpose, may get in the way. Misentanglements can snowball, so be ready to cut loose and try again later. Avoid long-term commitments.

					Expect feelings to get a little more intense for the next few days, particularly due to bottled-up emotions that people are trying to keep a lid on. It's hard to say what you mean when there's so much expectation to deliver on every hand. Best to be utterly sincere but not say too much that might set off hidden nerves or be seen as space invasion.

<p>A good day for small adventures, but don't push it into weirdness. New tastes and experiences are easy to come upon and, once tried, may stick with you for a longtime. Nothing ventured, nothing gained, but don't sell the farm on a hunch. The environment is volatile but not threatening, sort of a gently bouncing ride.</p>					
29 Jul	☉ □ ♁	07:14 pm EDT	Tran-Tran		06° ♁ 33'
<p>Abrasiveness and annoyance are qualities you might be running into right now, so make sure you're not displaying them yourself. Impatience is not a virtue, even if you know you're right, and it's easy for everyone to pointlessly butt heads. Schemes laid now may well be half-baked, so take a second look, maybe a third.</p>

30 Jul	♃ ♃ ♃	09:57 am EDT	Tran-Tran		15° ♁ 44'
<p>The environment is running hot and cold today, and just as you think you're warming up to someone, they can suddenly turn negative. Similarly, projects undertaken today can turn out ambivalent and hobbled down the line, so wait, if you can, to make commitments. That, in itself, is exactly what's in the air.</p>

30 Jul	♃ △ ♀	02:15 pm EDT	Tran-Tran		18° ♁ 20'
<p>It's a good day for getting across those hard-to-express feelings without actually having to put them into words. Intuitive antennae are up today and everyone's getting good reception. Projects that involved instinct or imagination are favored, time to go with your gut level guidelines.</p>

30 Jul	♃ ♃ ♀	07:27 pm EDT	Tran-Tran		21° ♁ 30'
<p>Stop-and-go feelings make headway a tough go, with breakthroughs only after a mighty push. Although it's in the air, it's not necessary -- when it's time to push, just don't. Wait, and the barrier will go away. Nevertheless, it's not an uninterrupted journey, but nothing a little patience will not see you through.</p>

Time to be quick and make smart deals as the intellectual pace around you quickens. Where you can put emotions into words, you will be at the top of the heap, as that's going to be the way to connect and build on your connections right now. Feelings get aired and a greater sense of control and satisfaction results.

Creative and uncensored feelings can make for an almost party atmosphere if you follow the flow and avoid the usual impediments for the next couple of days. The world is looking for a lover, and you can put yourself into that picture however you choose. Make a breakout, or just let the rising tide carry you along.

Dogfights and catfights may be happening almost anywhere, so make it a point not to join in. Simply agree to disagree and move on, as it's easy to get caught up in pointless rows. Projects and relationships begun now will also tend to fall into disarray, so back off a bit until you can take a second look.

New Moon in Leo
The blossom of creativity is intensely in the bud this month, and no matter how much pressure may be on to produce, there is always the opportunity to make it all a joyful expression of open possibilities. The key to the month is to throw off limitations and allow natural development to spread wherever it goes, even at the risk of transgressing the rules. It's one of those things you just have to let happen against your better judgment and discover later it was the right thing to do. That doesn't mean throw precaution to the winds, just recognize the unexpected fresh breeze and set your sail to take advantage of it.

A period of changeability and shifting focus has turned the corner and you will increasingly know better which choices are viable and which are not. Provisional projects will turn into final directions; distractions will be identified and pushed aside. Wherever you do wind up going, don't simply forget the road not taken, the path decided against. Keep them in your memory bank as they may turn up in other guises later and you'll already be halfway there. Follow through on what looks like a winner now, but don't let seemingly wasted time be forever lost by throwing away its fruits. Act selectively, but retain all.
