Knowing what you want and moving on to procure it is the opportunity of the day, and what you fall into now may be just the chance you've been waiting for. Sharing goals and deciding to mutually go for it will be the best of all possible worlds for everybody, with a minimum of conflict resulting later.

Shifting sands of feeling abound for a few days, which make hard decisions difficult but ferreting out intuitive revelation easy. You won't find so much hard commitment going around, but the soft underbelly of hidden feelings and backdoor admissions are open to the touch. Probe gently, find the waiting pulse.

This most fruitful day has the potential to give birth to all kinds of positive ideas and feelings -- or simply to give birth, literally. Emotions burst out into laughter or song, playfulness abounds, and there can seem like there is no limit to what's out there for you. Take the ball and run with it now and you'll go far.

Uncertainty and shifting grounds can mark the day's outcomes, and confidence may retreat in the face of a challenge. Confrontation is the wrong game to play, but pulling out entirely is equally unsuitable. Make judicious compromise now and the resulting situation will improve, but don't chase diminishing returns.

A good day for small adventures, but don't push it into weirdness. New tastes and experiences are easy to come upon and, once tried, may stick with you for a longtime.
Nothing ventured, nothing gained, but don't sell the farm on a hunch. The environment is volatile but not threatening, sort of a gently bouncing ride.

There's a bit of an inward shift in what people are asking for, and it's going to get very up close and personal for a few weeks. It's about must-have, not might-like, and about keeping and devouring what's to be had. That can find some fighting for scraps, but when you've got your hands on what you want, the pleasure is to the bone.

A dreamy state of affairs marks the surroundings and it may be difficult to pin things down or get anyone else to, either. Fantasy is favored, along with speculation, hopefulness, and prayer. Anything you try to formalize won't stay that way, so it's a better day for imagination than concrete efforts.

This is probably a good time for all parties to back off a bit and make sure that what looks like a great idea isn't actually a hidden misunderstanding. Today has strength and energy written all over it - a good time for a power breakfast, lunch, or dinner and getting down to brass tacks on deals you want to see really pick up speed. Or a good time for just getting out there and getting physical. A strong stride established today will take you all the way to the finish line.

03 Jun 07:11 am EDT Tran-Tran 26פיס 30'  
A sense of easy power without display makes working behind the scenes easier and waiting for rewards more profitable. If you know you're going to win, you needn't show it, and all kinds of competition and conflict is avoided. That goes for the rest of the world, too -- win-win is definitely the way to go.

Events pick up pace for the next couple of days. The early bird definitely gets the worm, so if you’re in competition, get your bid in first. The challenge is to be quick, yet avoid being premature so you don’t have to do it all over again down the line. Nevertheless, it can be a fresh breeze all around, awake with energy.

There’s a certain pleasure in feeling well-grounded, and this moment would make a firm foundation for whatever you choose to build upon it. If your plans are already made, it’s time for the cornerstone to be laid. Go with what you’ve got, as there’s a no-frills feeling that’s saying keep it simple, take it slow.

Watch out for conflicting goals and energy-wasting diminishing returns today. What may seem like deceit could be just mixed emotions, or vice versa. Rather than jump into a stewpot, let it boil a bit and see if it simmers down. When all get more certain of what they want, it will be easier to move in concert together.

Bounty and generosity go hand in hand and snowball when everyone is willing to tap assets without holding back. To live is to give, and get back accordingly. The general air today is, let’s say, overcast but not unpleasant. Take advantage of the relatively stable-but-cool emotional environment to mend fences, solidify old friendships, and give a pat on the back. Faint praise is probably sufficient, as going overboard looks suspect. Err on the safe side, others will do the same.

If things seem to be running smoothly around you, they are, so let them. Clear understandings established now will have legs and serve you well as long as you don’t push them. Staying on the conservative side and reconfirming old patterns has more potential than trying to emotionally break the mold.

It’s easy to insist on cutting your way through the confusion only to find yourself more at sea than before. Perhaps it is better to roll over and go back to sleep and wake up on the other side of the bed. Elusive concepts flee in the face of challenge, so watch the show without requiring explanation. There may be some disarray about as head-on collisions, encounters with walls and trees, and total engine failure both literally and figuratively litter the landscape. When opposing sides meet, it’s the immovable object that wins, since irresistible forces have taken the day off. So don’t strain yourself, and when in doubt just back off.

Skullduggery may be afoot, and, at any rate, those out for their own ends at all costs are to be avoided. And, avoid being one yourself. The inclination to beat a dead horse and use repeated force to no avail is really self-defeating, although tempting. When in doubt, back off and let others waste their efforts.

Feelings and actions at cross-purposes make this day’s blank slate one that you might not want to write much on, but just write it off. Under any circumstances, don’t be hasty, and try not to repeat yourself too many times because you didn’t hit the mark with the first shot. Accept uncertainty, and certainty will arrive soon enough.

06 Jun 01:47 am EDT Tran-Tran

The next couple of days can be solid launching ground for anything you choose to embark upon, especially if it’s down to earth to begin with. The time to be hasty or flighty has flown, the atmosphere favors practical beauty, the grace of being in touch with nature itself. Simplicity works, traditional fare is ever elegant.

Good feelings may be taken for granted today, so you might go out of your way to appreciate them. Positive elements today are the little things in life, so invest in the small for the long haul and you'll be sure of a return. Look to get dividends, not a big turnover, and you'll be right in the flow as they grow.

It's a good day for agreements and generally patting each other on the back -- or, maybe, for scratching each other's backs. It will be easy to see eye-to-eye, and shared goals and feelings can be put into action to bring later results. Mutual investment, mutual trust, and relaxed progress are all in the atmosphere.

Unstable currents abound in the world's affairs and sudden outbursts can be expected -- be they temper fits, sudden annoyances, or cries of "Eureka!" Surprises that startle, realizations that turn you around, and new emotional experiments all are going on. Good for adventure, just keep your eye out.

Sour grapes can be today's flavor, and if you run into something that displeases, just drop it -- don't push it past the edge. People are feeling insecure, so avoid encouraging any negativity you encounter. New directions are not in order, as they won't go far, so wait just a bit longer to start your engine.

Words may convey a bit more emotional meaning than usual, as under-the-radar communication makes inner messages clear. Spiritual deeds are done without a second thought and life as usual has a certain glow. Filling out earlier-imagined schemes pays off and keeping good company comes with ease.
A sure confidence that all will be well, whatever happens, fills the air, and faith in yourself and others is exactly what will make that come true. A great day for starting things that require sustained confidence and follow-through. Mutual assurance breeds conviction and a platform for all to share.

A firm, easy gait marks the day if you let the energy around you carry you along without questioning it too much. That will be the general spirit of things, and if you join in it can get you into situations with staying power that do not need extra energy to sustain long-term. Let the general pace set yours.

08 Jun 02:48 pm EDT Tran-Tran 00:00'

Words abound and messages fly for the next couple of days, when talk will be cheap but follow-through may not be. It's a good time for making new contacts and developing old ones, and for putting your finger on feelings that have been waiting the right kind of expression. Say what you mean, but don't be afraid to change it, refine it, on the fly.

08 Jun 06:48 pm EDT Tran-Tran 01:58'

It's easy for everyone to get too wound up in their feelings and you could find yourself chasing your tail in circles until you fall down. Even if you think you've got a big one on the hook, cut your line if it takes too long to reel him in. Diminishing returns can tire everyone out, turn hope to disappointment, so avoid them.

There's a certain stability in the general atmosphere that makes it safe to say what you feel, but not too much. Conservation of emotion might be the phrase. It's a time to be mutually reassuring, rather than wildly supportive; projects launched will be stable, though, perhaps not very showy.

New Moon in Gemini

Multiple starts mark the month and you may have to run two races at a time, one
complimenting the other, in order to be in tune with the season and ride it to success. It's all about branching and leafing out, fractalizing your fundamentals into multiple scalings and positions. Leadership is about adaptability right now, and having it right in your head beats playing it from the heart this go-round, so don't feel you have to go deep to go far. There's better fishing in shallow water, so you don't have to cast your nets far from shore - just fling them fast and furious and pull in your catch from all quarters.

11 Jun

Expect feelings to get a little more intense for the next few days, particularly due to bottled-up emotions that people are trying to keep a lid on. It's hard to say what you mean when there's so much expectation to deliver on every hand. Best to be utterly sincere but not say too much that might set off hidden nerves or be seen as space invasion.
Emotional tides are strong and upbeat, and all you have to do is ride them as if you were born to sail. Foundations laid today will be firm and supportive and continue to evolve that way. Feelings of friendship abound and it's easy to see the good side of anyone -- just remember there may be other sides, too.

There's a roly-poly feel to the environmental energy for some time to come, kind of like the more you put out, the better you feel, and the more fun it gets, assuming you're making some kind of headway. But even if not, a lot of it is about the game, in and of itself. If you play only to win, this can be a distracting period, indeed.

It's a good day for getting across those hard-to-express feelings without actually having to put them into words. Intuitive antennae are up today and everyone's getting good reception. Projects that involved instinct or imagination are favored, time to go with your gut level guidelines.

13 Jun ¥ Â • 01:38 am EDT Tran-Tran 13:02'  
You don't have to go crazy trying to discover new sensations. Sometimes the slightest variation in a time-honored recipe will turn things around with hardly any effort. Try a new ingredient, a new position, a new side road -- you'll be surprised what's just next door and around the corner, and who's doing it, too.
Stop-and-go feelings make headway a tough go, with breakthroughs only after a mighty push. Although it's in the air, it's not necessary -- when it's time to push, just don't. Wait, and the barrier will go away. Nevertheless, it's not an uninterrupted journey, but nothing a little patience will not see you through.

Creative and uncensored feelings can make for an almost party atmosphere if you follow the flow and avoid the usual impediments for the next couple of days. The world is looking for a lover, and you can put yourself into that picture however you choose. Make a breakout, or just let the rising tide carry you along.

Rash moves, overblown feelings, emotional conflict, and anger can be lurking around the corner, so today's a good day to take it easy and not push, or be pushed, too far. Similarly, don't let high energy push you in where angels fear to tread -- overconfidence can get you into hot water. Count to ten, then go ahead.

Deceits and deceptions are hard to separate from honest mistakes and confusions, but when in doubt, it's probably best not to follow up and try to find out. It's easy for everyone to get into a tangle over insubstantial misperceptions that waste time and energy, so let it lie and don't make moves -- you want to be on a solid foot.

Dogfights and catfights may be happening almost anywhere, so make it a point not to join in. Simply agree to disagree and move on, as it's easy to get caught up in pointless rows. Projects and relationships begun now will also tend to fall into disarray, so back off a bit until you can take a second look.
14 Jun 03:28 pm EDT Tran-Tran 13° 07'
The environment is running hot and cold today, and just as you think you're warming up to someone, they can suddenly turn negative. Similarly, projects undertaken today can turn out ambivalent and hobbled down the line, so wait, if you can, to make commitments. That, in itself, is exactly what's in the air.

14 Jun 06:07 pm EDT Tran-Tran 13° 07'
This is a roughly yearlong period that occurs every 22 and a half years, which, although it may not impact you specifically more than others, is usually a pretty risky time to live in. It marks conflicts across the board between radical and conservative ideologies that tend to spiral and have difficulty finding peaceful resolution. Naturally, this provides an underlying tension to everybody's life that makes harsh realities harsher and good times more desperate. If there is anything to be learned from it, it is that compromise, not confrontation, is the only way to go, and every 22 and a half years an alarming number of people fail to understand that.

As soon as the fog lifts, it's back again, and trying to steer a straight course will be hard for all, so double-check information and go slow to avoid collisions. The plot thickens, or seems to, for the next few days, as an atmosphere of open intensity and
perhaps hidden agendas raise passions and lower shades to facilitate what goes on behind closed doors. Shallow and breezy won’t do, but when everybody’s trying to play the heavy, take the melodrama with a grain of salt.

Emotional tides are strong and upbeat, and all you have to do is ride them as if you were born to sail. Foundations laid today will be firm and supportive and continue to evolve that way. Feelings of friendship abound and it’s easy to see the good side of anyone -- just remember there may be other sides, too.

Feelings and actions at cross-purposes make this day’s blank slate one that you might not want to write much on, but just write it off. Under any circumstances, don’t be hasty, and try not to repeat yourself too many times because you didn’t hit the mark with the first shot. Accept uncertainty, and certainty will arrive soon enough.

Where free-ranging conversation may have been the order of the day only yesterday, suddenly it's truth-or-dare which makes people go underground and hesitate to be the first to venture an opinion. An atmosphere of enforced sincerity ushers in a month of raised intensity, higher emotional risk and nervous betting.

Sour grapes can be today’s flavor, and if you run into something that displeases, just drop it -- don’t push it past the edge. People are feeling insecure, so avoid encouraging any negativity you encounter. New directions are not in order, as they won’t go far, so wait just a bit longer to start your engine.

Moods swing erratically and otherwise stable situations may suddenly fall apart when you least expect it, so whatever you are doing make sure you have a couple of backup plans just in case. Don’t return harshness in kind, as it is only passing and now is not the time to make or take offense. Choppy waters.
Getting creative and dreaming up new joys and pleasures comes with ease, and there are plenty of others playing in that sandbox, so share and share alike. Spiritual and material pleasures do not need to conflict, but can go hand in hand for self-satisfaction and the benefit of all. Believe it, and it will come true.

It's a good day for getting across those hard-to-express feelings without actually having to put them into words. Intuitive antennae are up today and everyone's getting good reception. Projects that involved instinct or imagination are favored, time to go with your gut level guidelines.

Knowing what you want and moving on to procure it is the opportunity of the day, and what you fall into now may be just the chance you've been waiting for. Sharing goals and deciding to mutually go for it will be the best of all possible worlds for everybody, with a minimum of conflict resulting later.

A sense of easy power without display makes working behind the scenes easier and waiting for rewards more profitable. If you know you're going to win, you needn't show it, and all kinds of competition and conflict is avoided. That goes for the rest of the world, too -- win-win is definitely the way to go.

The first reaction all around is a good laugh, especially when people are surprised by the open truth. For the next couple of days, honesty is a pleasure and has crowd appeal, too, so don't be afraid to speak out without taking yourself too seriously. Big ideas are favored, but may be slim on details.

It's easy for everyone to get too wound up in their feelings and you could find yourself chasing your tail in circles until you fall down. Even if you think you've got a big one on the hook, cut your line if it takes too long to reel him in. Diminishing returns can tire everyone out, turn hope to disappointment, so avoid them.

Several weeks of greater confusion than you'd have liked are on their way out and you can get back to what you were doing with a bit more confidence and sense of purpose. Getting roadblocks out of the way allows you to chart a surer course and feel better about what you are doing and what kind of commitments you can make and live up to. Red herrings and detours can be put behind you as you get back onto a map everybody can buy into. The cost of delays and uncertainties is made up for by knowing that they no longer impede and that you can now throttle up and get on some real speed.

Today has strength and energy written all over it - a good time for a power breakfast, lunch, or dinner and getting down to brass tacks on deals you want to see really pick up speed. Or a good time for just getting out there and getting physical. A strong stride established today will take you all the way to the finish line.

The general air today is, let's say, overcast but not unpleasant. Take advantage of the relatively stable-but-cool emotional environment to mend fences, solidify old friendships, and give a pat on the back. Faint praise is probably sufficient, as going overboard looks suspect. Err on the safe side, others will do the same.

If you want your plans to develop on track and evolve big time, this is the time to lay them on the table. Imagination and inspiration go hand in hand with motivation and coordination more than usual, so bring everybody together in that spirit and you'll have an operation that can't be beat.

What is said and what is felt may not at all be the same today, so watch out for inner contradictions coming from those around you. Putting pen to paper may mean a rewrite down the line, so be careful what you sign, and intentions and reality may not be on the same page. A better time for winding things up than diving in.
You can't always get what you want, and that may be a general problem about now, as blockages and stumbling blocks are about as people try to reach their goals despite resistance. So, expect some grumbling and frustration and don't bet on deadlines being met on time as slowdowns and redundant efforts cause delay.

Mirages may pop up at any time, even if you're not in the desert. Feelings and internal visions can get muddled, and emotional miscommunication, either unintended or on purpose, may get in the way. Misentanglements can snowball, so be ready to cut loose and try again later. Avoid long-term commitments.

Everybody is into getting down to business for a couple of days, though that may not guarantee any business gets done. It's all about the proper attitude, however, so be cautious how you let your hair down, lest you be thought too frivolous. Showing all your feelings isn't the happening thing, for the moment, so tuck it in and toe the line.

Good feelings may be taken for granted today, so you might go out of your way to appreciate them. Positive elements today are the little things in life, so invest in the small for the long haul and you'll be sure of a return. Look to get dividends, not a big turnover, and you'll be right in the flow as they grow.
may come from providing a steady hand and being a stabilizing element when it's needed. When everybody else is getting personal, remember that good fences really do make good neighbors, and it's nice to have one to lean on while you're having that personal chat.

This is a great day for bounding into unexplored territory, and you will find others are doing the same. Inventiveness and originality are favored, as are projects and personal involvements which partake of them. If you haven't tried it, now's the time, whatever "it" may be. Open your eyes, listen up, try a taste.

Words may convey a bit more emotional meaning than usual, as under-the-radar communication makes inner messages clear. Spiritual deeds are done without a second thought and life as usual has a certain glow. Filling out earlier-imagined schemes pays off and keeping good company comes with ease.

Suppressed feelings can be transformed into compulsive actions all around, so it may be a good time to question motives, both your own and others'. If you just have to do or say it, perhaps you shouldn't. Force plays are favored, just make sure you're not on the wrong end of one. Think deep before you push hard.

26 Jun 08:50 am EDT Tran-Tran 29° 13'
Feelings and desires may tug and roll around you, and trying to cut an even balance may be a challenge. Today's beginnings may mature into tomorrow's turmoils, so don't fly off the
handle and don't jump into something you're not sure of. Let the waters settle until tomorrow, then decide on it.

Being all things to all people is what it’s about for the next few days, which can cramp those with a one-on-one heart-to-heart style. Cool sincerity is in the air, and lukewarm may be mistaken for (or preferred to) hot. A great time for negotiations, but you may want to put off headlong passion until there’s more fuel for the flame.

A real party-time element comes to the fore for the next few weeks, and the general taste is for more enjoyment and less restriction on how you get it and who shares it with you. Good taste may not be the description, but if it tastes good, mange down and add a little spice while you’re at it. Life’s a play, play along.

27 Jun 00:00 02:30 am EDT Tran-Tran 09:42 09’
Seesaw emotions with energies running high make for choppy waters today, so avoid hasty choices or impulse buying. If tempers flare, just don't go there, spare yourself and others the hassle. Commitments made now will tend to partake of this atmosphere, so have the patience to wait a little before moving ahead.

The emotional waters are a bit on the cool side today and if you encounter the cold shoulder, don't be surprised. Put a toe in the water before you jump in or you might run into the big chill. People taking themselves too seriously abound, so try not to be one of them. Take it all with a grain of salt instead.

27 Jun 00:00 09:17 am EDT Tran-Tran 13:40 13’
Dogfights and catfights may be happening almost anywhere, so make it a point not to join in. Simply agree to disagree and move on, as it’s easy to get caught up in pointless rows. Projects and relationships begun now will also tend to fall into disarray, so back off a bit until you can take a second look.

27 Jun 00:00 03:08 pm EDT Tran-Tran 17:04 17’
Today is a good time to express your feelings with conviction, knowing that there will be response in kind. Situations that arise now will have lasting clarity and a quality of self-reinvention as they move along, as head and heart are on the same page and will tend to remain that way.

Shifting sands of feeling abound for a few days, which make hard decisions difficult but ferreting out intuitive revelation easy. You won't find so much hard commitment going around, but the soft underbelly of hidden feelings and backdoor admissions are open to the touch. Probe gently, find the waiting pulse.

This most fruitful day has the potential to give birth to all kinds of positive ideas and feelings -- or simply to give birth, literally. Emotions burst out into laughter or song, playfulness abounds, and there can seem like there is no limit to what's out there for you. Take the ball and run with it now and you'll go far.

Today's accomplishments have a confident feel where what you do matches what you feel and results down the line will move well accordingly. Contacts made now will serve you well, and you won't have to look back with suspicion or regret. If it feels right, it probably is, so put your best foot forward and follow through.
A good day for small adventures, but don't push it into weirdness. New tastes and experiences are easy to come upon and, once tried, may stick with you for a longtime. Nothing ventured, nothing gained, but don't sell the farm on a hunch. The environment is volatile but not threatening, sort of a gently bouncing ride.

This is probably a good time for all parties to back off a bit and make sure that what looks like a great idea isn't actually a hidden misunderstanding. What feels right may be impractical or misleading, so a second look is in order to avoid having to reposition later. Don't believe all you hear, or all you say.

A dreamy state of affairs marks the surroundings and it may be difficult to pin things down or get anyone else to, either. Fantasy is favored, along with speculation, hopefulness, and prayer. Anything you try to formalize won't stay that way, so it's a better day for imagination than concrete efforts.

A sense of easy power without display makes working behind the scenes easier and waiting for rewards more profitable. If you know you're going to win, you needn't show it, and all kinds of competition and conflict is avoided. That goes for the rest of the world, too -- win-win is definitely the way to go.

Events pick up pace for the next couple of days. The early bird definitely gets the worm, so if you're in competition, get your bid in first. The challenge is to be quick, yet avoid being premature so you don't have to do it all over again down the line. Nevertheless, it can be a fresh breeze all around, awake with energy.
