 New Moon in Capricorn
 When new year's resolutions are based on fact, they're hardly resolutions anymore, just projections. So get a realistic perspective and make that your prospective and you'll be ahead of the game. It's time for the new, but the new that you know and can rely upon. A small, firm start is twice as good as a big, false one that has to be redone from scratch. Once you have your foot in the door, you can bust it down with the next push. It feels compulsory to do something right now, but the choice of action is up to you. This month, let it grow out of your experience, not your speculations, however fertile they may be.
