Introduction

The Progressed Synastry (StarMatch(tm)) astrological compatibility report offers a different perspective on a traditional synastry report. It analyzes the compatibility between two people's Progressed Charts instead of their Natal Charts.

As humans, our personalities evolve and develop over time, and the progression technique accounts for this concept of slow-but-sure personal development throughout our lives. By reading about the compatibility between two people's individual Progressed Charts, one can see how the relationship has been impacted by these individual personal and emotional developments.

Through the comparison of the Progressed Charts, it may be found that new dynamics, new challenges, and new harmonies have arisen in the relationship due to your own separate personal growth paths. Reading about these new angles of your compatibility based on who you both have developed into in present day can help you better understand the relationship as a whole. It can also enable you to appreciate the many facets of your evolving relationship and better equip you to deal with new challenges that may pop up.

This report helps you compare two charts by 1) identifying each partner's emotional needs by describing their Descendant (7th house cusp), Sun, Moon, Mercury, Venus, and Mars; and 2) examining the way their two charts interact.

After describing what each partner needs in their love life, the report assesses their

interaction by describing the significant aspects between their charts. These aspects identify areas of attraction, harmony, and conflict.

The "Strength" noted for each aspect shows its degree of influence on the relationship. The Strength combines the aspect's closeness of exactitude with its positive or negative value for compatibility purposes. The higher the Strength, the more strongly the aspect is likely to be felt and acted out in the relationship. This report tallies up the strength scores in the final section. From this, an index score is derived.

Secondary Progressions is the technique used to progress each chart. You will likely see different planetary and house positions than are found in your Natal Chart. The report uses the "Day for a Year" method to calculate the progressed birth date and time for each person.

This report can also be created for a traditional synastry comparison of the Natal Charts upon request.

Planets in Signs

Ryan Reynolds' Progressed Aries Descendant

You look for a partner who is assertive, self-confident and independent. The more active your mate, the better. You may even attract persons who are in Arian or Mars-related professions, such as police, fire fighters, members of the military or people who are outdoors types such as athletes or park rangers.

With Aries on your Seventh House, you require a mate who can look at life with excitement and a sense of adventure. One word of caution: although you are looking for a strong and active mate, you may attract people who are domineering, overly aggressive and even bossy.

Blake Lively's Progressed Pisces Descendant

You are an extremely sensitive lover and seek a partner who can reach the higher levels of spiritual oneness with you. You would enjoy tantra and other mystic approaches to sex and would seek a partner who could transcend the physical act of sex with you and who also see it as a religious experience.

As a lover you are highly loyal and dedicated and will do anything in your power to please your loved one. Be careful that you do not end up being taken advantage of with partners who are less than sincere, as this is one danger of this 7th house placement. When you find the right partner for your needs, you will love them selflessly and generously.

Ryan Reynolds' Progressed Sun in Sagittarius

A high degree of personal involvement with your partner is necessary--casual affairs leave you cold. Sex is more than a physical release for you. You require intimacy and communication with your lover. Therefore, it is most important that your mate be intellectually and emotionally compatible with this need.

You want your relationship to extend beyond the bedroom and out into the world. It is important to you that you be able to work as well as play with your partner. Although you require a deep intimacy in order to be happy in a long-term relationship, your partner must also be able to grant you freedom to pursue your own goals in life. This is the balance you seek.

Blake Lively's Progressed Sun in Libra

What you need most from a relationship is perpetual growth and development. Your partner must be able to evolve with you as you grow in order that you don't "outgrow" him or her. You need someone who knows how to keep the excitement

alive in your relationship, or who is at least interested in learning how.

Libras love to fall in love, and many of your relationships may break up because of your need for constant change. Eventually you usually settle into a relationship that is stable yet ever-changing which allows you to undergo your own personal evolution.

Ryan Reynolds' Progressed Moon in Cancer

You are subject to wild mood swings, ranging from blissful excitement to deep depression, and have a tendency toward possessiveness regarding both material things and lovers. Women with this Moon placement make very nurturing mothers, while men are responsible providers for their children. Although you are quick to bestow favors on loved ones, you always expect something in return and feel dejected if you don't receive it. Be careful not to use guilt to obtain your emotional goals.

You are good at planning for your retirement, and often once people with this placement pass forty years of age, they seem to become more youthful. It is important to you that you have the opportunity to be a grandparent. With business associates you are very shrewd and capable of making money quite easily, especially when it involves real estate and businesses located in the home.

Blake Lively's Progressed Moon in Capricorn

The best partner for you would be one who is stable, loyal and reliable. But that does not mean they need to be dull. You just need commitment and reassurance that the love you have is real and lasting. Your partner must be sincere, and they must believe in a high level of communication in the relationship.

Some persons with Moon in Capricorn marry for money or status. Or they may provide the means of support for their partner. No matter what reason you marry, you seek a solid long-term relationship which improves as it ages. You would like to grow old with your partner, all the while being the best of friends.

Ryan Reynolds' Progressed Mercury in Capricorn

Since you tend to be rather conservative in your thinking, you probably adhere to society's views on what is normal in sexual relationships. You probably would automatically rule out things which most people would consider "kinky" or "weird." Therefore, you need a lover who would be in agreement with your sexual values rather than one who would constantly shock you with suggestions of unusual sexual behavior.

You are careful to learn what pleases your partner and then make sure you provide it. This can be a good practice except that your partner's taste and/or preference may change from time to time. In order to avoid getting into a rut sexually, be sure to ask for an update from your partner from time to time so that their needs receive

full attention. An occasional change in your sexual program can add excitement and intrigue.

Blake Lively's Progressed Mercury in Scorpio

You take sex very seriously and find it to be a very deep, intense experience. Since you have a special appreciation for having all of the physical pieces fit together in harmony, you tend to get the most you can out of sex. You are intensely passionate and have powerful sexual fantasies. It's much healthier to find a willing lover to playfully act out these fantasies than to try and repress them, which would result in tremendous frustration.

Your thoughts are very deep, but you will share them only with your closest friends. You are secretive about your life, even when there is really nothing to hide. To others you appear very mysterious. You have a powerful, passionate sex drive and should resist any temptation to use your hypnotic powers on others as a means of control and manipulation.

Ryan Reynolds' Progressed Venus in Aquarius

In your love relationships you prefer a partner who is unique and a little off-beat by society's standards. You need a lover who can respect your need for personal freedom and your own individual identity. Because you are so afraid of being tied down, it is difficult for you to establish and maintain long-term love relationships.

You are rebellious and "negatively suggestible" in your love affairs. That is, the best way to get you to do something is to demand that you do just the opposite. You can be extremely stubborn at times and can turn ice cold when you are hurt. Once you have committed yourself to a partner, you are loyal and truthful and are willing to extend the same personal freedom to your lover that you desire.

Blake Lively's Progressed Venus in Libra

With Venus in Libra, you can fall in love with the idea of being in love. Having a partner on the social scene is very important to you, especially if he or she is one of the beautiful people. You admire physical grace and beauty in a lover and feel your value is enhanced by having an attractive partner.

You would become quickly bored with a stick-in-the-mud partner. You need someone who is able to constantly change and adapt to life rather than someone who likes to settle down in a rut and get comfortable. Although you are attracted to a partner who is stable and reliable, they also need to be flexible and fun to be with.

Ryan Reynolds' Progressed Mars in Sagittarius

You are intensely curious, love adventure and can have a short attention span in matters of love. You enjoy the chase more than the actual culmination of a love

affair. Because you tend to jump into any affair with vigor, you may need to develop more patience for engaging in prolonged foreplay and building up the anticipation before rushing into sex.

Since you are very enthusiastic about sex, you need a partner who is similarly inclined. You have a talent for cheering up your lover when he or she is down, and you set a good example with your optimism and zest for life. It is important that your partner have a philosophical outlook on life and hold strong principles. This will attract you more than anything else.

Blake Lively's Progressed Mars in Virgo

You are a very careful and meticulous lover and will make sure that the surroundings and atmosphere are perfect for yourself and your partner. Although you are somewhat slow to arouse sexually, you go out of your way to please your lover, employing superior technique, sensitivity and attention to detail.

You are very discriminating when choosing a mate, and you should avoid a tendency to become overly critical. Personal hygiene and a healthy lifestyle are very important to you, and it would be best if your partner shares these values. You are a hard worker and must remember to find time for relaxation in order to avoid stress-related illnesses.

Planets in Mutual Houses

Blake Lively's Pr. Sun in Ryan Reynolds' Pr. 12th House

This combination indicates that you share a karmic link. You have a mutual interest in psychic or occult matters, and you may even share a telepathic connection. Your influence on each other is largely determined by whether the Sun in Blake Lively's natal chart is well-aspected, as well as the balance of "positive" and "negative" contacts in the relationship. If Blake Lively's Sun is well-aspected, and if a more harmonious comparison, Blake Lively can help Ryan Reynolds explore and discover Ryan Reynolds' deepest unconscious motivations. Ryan Reynolds, in turn, can share intuitive impressions and spiritual insights with Blake Lively. If a more difficult comparison (or if Blake Lively's Sun is heavily afflicted natally), Blake Lively may confuse Ryan Reynolds and may seem unreliable. In such a case, there may be dark secrets between you, and maybe even outright deception.

Ryan Reynolds' Pr. Sun in Blake Lively's Pr. 4th House

This is a common combination between people who live in the same household. Ryan Reynolds can inspire Blake Lively to be more imaginative on the home front, and can assist Blake Lively in creating the perfect home. In return, Blake Lively can provide a comfortable, nurturing home base for Ryan Reynolds's creative endeavors.

Blake Lively respects Ryan Reynolds's opinion and will actively seek Ryan Reynolds's advice. Ryan Reynolds should avoid becoming overly parental toward Blake Lively and instead should encourage Blake Lively's independence.

Blake Lively's Pr. Moon in Ryan Reynolds' Pr. 3rd House

You can communicate your emotions freely and may advise each other on your personal life. Avoid indulging in prolonged gossip or idle chit-chat, especially if it interferes with important matters. You have excellent mental rapport and enjoy learning new things together. Blake Lively is fascinated by Ryan Reynolds' mind and is impressed with Ryan Reynolds' communication skills. Ryan Reynolds can help improve Blake Lively's financial situation and offer new ideas in business dealings. Blake Lively's memory can help fill gaps in Ryan Reynolds' research. This is an excellent combination between close friends and siblings, as well as between teacher and student.

Ryan Reynolds' Pr. Moon in Blake Lively's Pr. 11th House

You share a close friendship and can freely express your deepest feelings to (and about) each other. It's possible that you see each other nearly every day in your daily routine or that you met through family members. In any case, you feel very comfortable and at home with each other. You have many common interests and may both belong to groups promoting humanitarian or environmental goals. Blake Lively helps to broaden Ryan Reynolds' intellectual views and to widen Ryan Reynolds' circle of friends. In turn, Ryan Reynolds will provide a comfortable home for meetings with friends or for group activities.

Blake Lively's Pr. Mercury in Ryan Reynolds' Pr. 1st House

You provide each other with a great deal of intellectual stimulation, and your association will produce many exciting insights and ideas for both of you since you enhance each other's curiosity to learn new things. Ryan Reynolds inspires Blake Lively to put these ideas into practice and will support Blake Lively's efforts in any way possible. Ryan Reynolds admires the way Blake Lively thinks and communicates, and this may have been a major source of the attraction Ryan Reynolds feels for Blake Lively. Ryan Reynolds may find that relating to Blake Lively causes Ryan Reynolds to travel more.

Ryan Reynolds' Pr. Mercury in Blake Lively's Pr. 4th House

You share similar concerns about home, family and the Earth itself, especially regarding farming, land use, or the environment. Ryan Reynolds can suggest ideas to improve Blake Lively's domestic situation, and can also help Blake Lively understand and resolve unhealthy habits and patterns resulting from early childhood experiences and conditioning. Ryan Reynolds encourages Blake Lively to set up a special place in the home to write, study, or learn new things through reading books or having lively discussions with friends. Blake Lively may travel more frequently as

a result of the relationship with Ryan Reynolds.

Blake Lively's Pr. Venus in Ryan Reynolds' Pr. 12th House

This combination indicates that you share a karmic tie, and you are very sensitive to each other's needs. You share an interest in psychic and spiritual matters, and may even be able to communicate telepathically. Each of you will be supportive, sympathetic and compassionate toward the other. Blake Lively will go to great lengths to protect Ryan Reynolds from upset, even if it means not telling Ryan Reynolds everything or not sharing unpleasant thoughts or feelings with Ryan Reynolds. This is also a good combination between patient and doctor.

Ryan Reynolds' Pr. Venus in Blake Lively's Pr. 5th House

You enjoy indulging in life's small luxuries together, such as parties, concerts, theater and fine restaurants. You both genuinely enjoy the other's company and find your partner to be charming and witty. In a love relationship, this combination indicates a very romantic couple. If you decide to marry, it will be for love rather than for status. You would make good parents because you are sensitive to your children's needs and are sure to let them know they are loved and valued. This is also an excellent combination between child and parent.

Blake Lively's Pr. Mars in Ryan Reynolds' Pr. 11th House

You share similar interests in humanitarian and environmental causes, politics, scientific research, cutting-edge technology, or metaphysics. As you share your opinions in lively discussion, you inspire each other to aggressively pursue your ideals. Ryan Reynolds shares new and innovative concepts with Blake Lively, who then puts them into practice. If a difficult comparison (or if Mars is heavily afflicted in Blake Lively's natal chart), one or both of you may be insincere and have ulterior motives for forming the friendship. Ryan Reynolds may see Blake Lively as selfish and demanding, while Blake Lively may consider Ryan Reynolds weird and eccentric.

Ryan Reynolds' Pr. Mars in Blake Lively's Pr. 3rd House

Your influence on each other is largely determined by the overall compatibility between you. If the comparison is mostly positive (and Mars is well-aspected in Ryan Reynolds' natal chart), you will enjoy intellectually stimulating discussions. You could cooperate effectively on projects related to writing, advertising, planning, design, science, engineering or politics. At times, Ryan Reynolds may challenge Blake Lively's ideas just to stimulate Blake Lively's imagination. Because of Blake Lively's relationship with Ryan Reynolds, Blake Lively may have to travel more frequently. If a more difficult comparison (or if Mars is heavily afflicted in Ryan Reynolds' natal chart), Ryan Reynolds can envy Blake Lively's intellectual accomplishments and become very critical and demanding. Be sure that any agreements you enter into are carefully worded to avoid future disputes. Between siblings and neighbors, this combination indicates disagreement and conflict.

Blake Lively's Pr. Jupiter in Ryan Reynolds' Pr. 6th House

This combination is common between people who work together on projects involving religion, education, hospitals or charitable organizations. You are both inspired to help those who are less fortunate than you, and you will encourage each other's efforts in this regard. As you work together to help others, your own spiritual and educational growth increases. Blake Lively can help improve Ryan Reynolds' health, possibly through the use of herbs or holistic health. You may have to travel a great deal in your work, and this broadens your awareness and understanding of cultures different from your own.

Ryan Reynolds' Pr. Jupiter in Blake Lively's Pr. 9th House

You share many common views and enjoy lively discussions, especially concerning philosophy, religion, law, publishing, education, travel and foreign cultures. This is an excellent combination between family members, as well as marriage partners. You enjoy traveling together, whether for reasons of religion or spirituality, education, or just plain adventure. You respect each other a great deal and share a strong bond of mutual trust and confidence. This is also a wonderful combination between teacher and student.

Blake Lively's Pr. Saturn in Ryan Reynolds' Pr. 2nd House

This combination is common between people who share professional or financial matters. Blake Lively can encourage Ryan Reynolds to use greater caution and planning in Ryan Reynolds' economic dealings. In turn, Ryan Reynolds may be in a position to offer financial support for Blake Lively's professional endeavors. If a difficult comparison (or if Saturn is heavily afflicted in Blake Lively's natal chart), Blake Lively may give poor financial advice based on Blake Lively's own fear of taking risks, causing Ryan Reynolds to miss promising opportunities. Ryan Reynolds may consider Blake Lively to be uptight and miserly, while Blake Lively may believe Ryan Reynolds to be foolish and irresponsible.

Ryan Reynolds' Pr. Saturn in Blake Lively's Pr. 11th House

You share many interests and could work together effectively in the areas of science, politics or metaphysics. You are loyal friends and may belong to the same groups dedicated to improving professional standards in your chosen line of work, or working toward humanitarian goals. Ryan Reynolds will share knowledge learned through experience with Blake Lively and treat Blake Lively with integrity and respect, while Blake Lively will be dependable and reliable. If a more difficult comparison (or if Saturn is heavily afflicted in Ryan Reynolds' natal chart), Ryan Reynolds may become demanding and overly critical toward Blake Lively, who will find Ryan Reynolds oppressive to be around. Blake Lively could be insincere and take unfair advantage of Ryan Reynolds' financial assistance.

Blake Lively's Pr. Uranus in Ryan Reynolds' Pr. 2nd House

This combination is common between business associates, especially in the areas of science, inventions, electronics, and metaphysics. Blake Lively can encourage Ryan Reynolds to invest in new and innovative ideas and to be more willing to take risks financially. Ryan Reynolds can help Blake Lively practically apply intuitive insights to everyday economics. If the comparison is positive overall (and Uranus is well-aspected in Blake Lively's natal chart), you could help each other become wealthy. If not, then you may lead each other deep into debt. While together your financial situations may go through many ups and downs. Blake Lively may find many excuses to dip into Ryan Reynolds' resources.

Ryan Reynolds' Pr. Uranus in Blake Lively's Pr. 2nd House

This combination is common between business associates, especially in the areas of science, inventions, electronics, and metaphysics. Ryan Reynolds can encourage Blake Lively to invest in new and innovative ideas and to be more willing to take risks financially. Blake Lively can help Ryan Reynolds practically apply intuitive insights to everyday economics. If the comparison is positive overall (and Uranus is well-aspected in Ryan Reynolds' natal chart), you could help each other become wealthy. If not, then you may lead each other deep into debt. While together your financial situations may go through many ups and downs. Ryan Reynolds may find many excuses to dip into Blake Lively's resources.

Blake Lively's Pr. Neptune in Ryan Reynolds' Pr. 3rd House

If the comparison between you is a positive one overall (and Neptune is well-aspected in Blake Lively's natal chart), you share many common spiritual, mystic, or religious interests. You could also work well together in the arts, music, theater or the communications media. Using imagination and intuition to generate creative ideas, Blake Lively can help improve Ryan Reynolds' reasoning and communication skills. Blake Lively is very sensitive to Ryan Reynolds' thoughts and may be able to pick them up telepathically. If a more difficult comparison (or if Neptune is heavily afflicted in Blake Lively's natal chart), you may find it difficult to understand each other, and even harder to agree. With Blake Lively communicating on the psychic level, and Ryan Reynolds on the logical level, relating to each other could be very confusing.

Ryan Reynolds' Pr. Neptune in Blake Lively's Pr. 4th House

This combination indicates a strong karmic tie and is very common among family members or people who share a household. If the comparison between you is a positive one overall (and Neptune is well-aspected in Ryan Reynolds' natal chart), Ryan Reynolds inspires Blake Lively to become more spiritual and intuitive. Blake Lively will create a peaceful, harmonious home life conducive to prayer and meditation. If a more difficult comparison (or if Neptune is heavily afflicted in Ryan Reynolds' natal chart), your home life will be fragmented and confused. Ryan

Reynolds may feel neglected or misunderstood by Blake Lively, and Blake Lively may feel Ryan Reynolds is untrustworthy (especially in real estate matters). There may be problems with your families because of religious differences.

Blake Lively's Pr. Pluto in Ryan Reynolds' Pr. 1st House

You share similar interests in corporate affairs, scientific research, politics and occult matters. With your mutual desire to bring about political, economic, technological and ecological reform, you could work on joint projects with the same goals. Blake Lively can help Ryan Reynolds become more aware of Ryan Reynolds' deepest motivations. This combination indicates a karmic bond between you, and you may have much unfinished business to work out this time around. If a difficult comparison (or if Pluto is heavily afflicted in Blake Lively's natal chart), Ryan Reynolds will resent Blake Lively's efforts to remake Ryan Reynolds into someone more to Blake Lively's liking.

Ryan Reynolds' Pr. Pluto in Blake Lively's Pr. 2nd House

You will have a profound effect on each other's value systems, and especially your attitudes about money. If the compatibility between you is a positive one overall (and Pluto is well-aspected in Ryan Reynolds' natal chart), Ryan Reynolds can help raise Blake Lively's awareness of socially conscious practices, such as conservation and recycling of resources. You can also be very resourceful when doing business together, and this could benefit you both financially. If it is a more difficult compatibility (or if Pluto is heavily afflicted in Ryan Reynolds' natal chart), you may have conflicts over jointly-held assets, especially inheritances, corporate holdings, or alimony. Avoid the tendency to try to manipulate or control each other's resources.

Ryan Reynolds' Pr. Mars square Blake Lively's Pr. Ascendant (Strength: -274.7)

This is a tricky combination for partners, whether yours is a business or love relationship. At times, Blake Lively will see Ryan Reynolds as being overbearing. Ryan Reynolds may, in turn, find the personal habits and mannerisms of Blake Lively to be irritating. You should watch for being unnecessarily impatient and frustrated with one another.

Blake Lively's Pr. Sun square Ryan Reynolds' Pr. Mercury (Strength: -269.7)

Your interests in life conflict and you have very different ideals. It is difficult for you to reach agreement because you have a harder time trusting each other's judgment (although you may never say so). Ryan Reynolds can be glib or evasive toward Blake Lively. Blake Lively may patronize Ryan Reynolds or downplay Ryan Reynolds' ideas and creative efforts. Both of you must be willing to compromise if you are going to relate satisfactorily.

Ryan Reynolds' Pr. Neptune square Blake Lively's Pr. Ascendant (Strength: -269.4)

Your cultural and spiritual backgrounds may be different enough that it is difficult for

you to understand each other's backgrounds. Ryan Reynolds can sometimes seem evasive and elusive to Blake Lively which may lead them to think that Ryan Reynolds can be an unreliable daydreamer. In response, Ryan Reynolds may feel Blake Lively is being too pushy and domineering.

Blake Lively's Pr. Mars trine Ryan Reynolds' Pr. Jupiter (Strength: +208.2)

You have similar aspirations and ambitions and could accomplish a great deal together. You will be helpful and supportive toward each other and any association will result in your mutual benefit. Ryan Reynolds' Pr. Sun square Blake Lively's Pr. Ascendant (Strength: -152.8)

In attempting to relate to each other you often have a clash of wills. Blake Lively may feel that Ryan Reynolds is overbearing or unreasonable. At times you see each

Ryan Reynolds' Pr. Mars opposite Blake Lively's Pr. Midheaven (Strength: -144.0)

This is not a favorable combination in a love relationship. Blake Lively considers Ryan Reynolds to be selfish, inconsiderate, and overbearing as a domestic partner. Ryan Reynolds sees Blake Lively as lazy and emotionally oversensitive. It will be difficult for you to achieve cooperation on a long-term basis.

Ryan Reynolds' Pr. Moon square Blake Lively's Pr. Venus (Strength: -110.1)

This aspect indicates a strong attraction between you. Unlike most other Moon/Venus contacts, this one is not necessarily a favorable one. If there are many other favorable aspects in the comparison, your adjustment to each other will not be so difficult.

Blake Lively's Pr. Moon square Ryan Reynolds' Pr. Pluto (Strength: -109.3)

Ryan Reynolds has a disrupting effect on Blake Lively and there is more conflict than agreement with this combination. Ryan Reynolds is aware of Blake Lively's most vulnerable areas and will use this knowledge negatively in times of disagreement. In love and marriage there may be serious misunderstandings, resulting in domestic problems. There also may be sexual problems, which would be more disruptive to Blake Lively than Ryan Reynolds.

Ryan Reynolds' Pr. Mercury sextile Blake Lively's Pr. Mercury (Strength: +91.0)

This aspect indicates a great deal of intellectual harmony and agreement. There is much mutual understanding, and any disagreements are easily worked out. Ryan Reynolds' Pr. Neptune opposite Blake Lively's Pr. Midheaven (Strength:

+80.0)

You have common religious, artistic and psychological beliefs, and your relationship may seem to have a "karmic" quality about it. If you both respond positively to this contact, it can be very spiritually enlightening. Your home will have a spiritual, meditative quality about it. However, if Ryan Reynolds' Neptune is afflicted, then you will bring out each other's worst psychological hangups. In this case your problems may include disagreements with in-laws.

Ryan Reynolds' Pr. Venus trine Blake Lively's Pr. Mars (Strength: +77.4)

There is a strong physical attraction between you and this is a very favorable aspect in the charts of lovers and marriage partners. Blake Lively may be fascinated by Ryan Reynolds' intellectual qualities and will be a captive audience.

Ryan Reynolds' Pr. Uranus conjunct Blake Lively's Pr. Pluto (Strength: +54.8)

This contact can be either positive or negative, depending on the overall balance of aspects in the relationship. If the comparison is positive overall, you are likely to use this aspect as an opportunity for personal growth and transformation. Synastry Aspect Numerical Totals

Synastry Aspect Totals: Understanding the Numbers

A healthy relationship looks different depending on the person and situation. However, the scores in this report help us quantify the overall activity between two people's charts and the ratio of harmonious to challenging influences.

Summary: Ideally, we see a Total Communication Index number that's 5500 and greater (excellent - a meaningful connection). A number of 4000 or greater is satisfactory. Some people prefer a relationship that's less stimulating, and in this case, a 3000 to 4500 score may be more comfortable.

We also want the Compatibility Index ratio to be greater than 1.00. Anything higher than 1.00 is satisfactory, but 1.25 and higher is very good, and 1.5 or higher is excellent.

Below are your compatibility scores:

Communication Index (Harmonious): +3812
Communication Index (Inharmonious): -2144
Compatibility Index (Har./Inhar.): 1.78
Total Communication Index: 5956
More about the scores:

The Total Communication Index is ideally large. While this shows connections that are both negative and positive, numerous connections between charts in general increases the chances of a meaningful connection. Essentially, it means you push each other's buttons. We like this number to be approximately 5500 and greater, but numbers from 4000 and greater are perfectly fine.

The Harmonious Communication Number is added to the Inharmonious Communication Number (without negatives) to arrive at the Total Communication Index Number. However, the Compatibility Index ratio shows how many more harmonious influences there are compare to inharmonious influences. A value of 1.00 means there are an equal number, so we would like this value to be greater than one. Ideally, it's 1.50 and higher.

Please note that even though there are some aspects interpreted in the chart that show positive or negative values, such as some Vertex or Chiron aspects, only aspects between the major planets and angles are included in the scores. This is because other asteroids and points are interesting to help round out a synastry reading, but are not considered primary factors of consideration.

The weighting is designed to emphasize long-term compatibility rather than just attraction. The weights depend on a power curve to emphasize mutual aspects that are less than one degree of orb. The range of the Harmonious Communication and Inharmonious Communication Indexes between two charts is from about 300 to 6000. Below 1500 is low; above 2500 is high. For compatibility, the Harmonious should be high and the Inharmonious low. A Compatibility Index over 1.5 is high and over 2.0 is rare and unusually high.

Note that the numerical values have no absolute meaning on their own; they are used to determine the sign and amount of an aspect's contribution to the Harmonious and Inharmonious totals and are useful for the purposes of comparison.

A low Total Communication Index (less than 1800) gives so little communication that the two people may be like ships passing in the night. Regarding the total communication, different people have different degrees of comfort with closeness or intimacy -- this can affect the level of communication or closeness that they should have or want with their ideal partner. For example, it's possible that someone with an unaspected Moon or difficult aspects to the Moon or Venus finds emotional aspects

from others to be unfamiliar and possibly uncomfortable. However, in practice, most people respond well to a higher Total Communication Index.
