We may have difficulty relating to one another if we are not treating each other as equals. There can be temptations to manipulate in order to get our way. There can be jealousy or lack of trust that interferes with healthy interactions. Conceding may feel as if we are giving up something of ourselves, but coming to a balance or compromise is quite possible now.

We may not be very realistic right now - there can be some exaggeration. Minor annoyances are possible now. Contrariness or disagreements. This is not an ideal time for publicity, promotion, or legal matters. We can experience injustices. We are less inclined to consider the consequences of over-eating, over-drinking, or overdoing in general. This is a time to show some restraint. Grandiosity is not appreciated right now, and excess doesn't go over well either. With a little self-control we can learn about what truly makes us happy.

Event: Moon enters Libra  
Description: The Moon in Libra
This is a time for seeking out balance, harmony, and peace. It's also a time to express emotions gracefully, diplomatically, and considerately. There could be a stronger focus on a relationship, partner, or potential partner. The ability to see both sides of a situation or story is a positive, but indecision can be a byproduct. This is a sociable, artistic Moon.

We could feel burdened, restricted, or limited during this brief influence. We could be feeling a little down on ourselves, excluded, or lonely. There can be some awkwardness or stiffness and difficulty showing affection and feelings. Patience is a virtue right now; otherwise, we might succumb to feelings of frustration and sadness. All good things come to those who wait.
