Introduction

*"Why, man, he doth bstride the narrow world
Like a Colussus; and we petty men
Walk under his huge legs, and peep about
To find ourselves dishonorable graves.
Men at some time are masters of their fates:
The fault, dear Brutus, is not in our stars,
But in ourselves, that we are underlings."
Julius Caesar (1599) act 1, scene 2 Shakespeare*

The subject of Fate or Destiny has triggered many a philosophical argument. What is destiny? Are the details of our lives pre-destined? How much free will do we really have? These are imponderable questions. This report does not offer the answers. Rather it gives us some signposts to help us on our life journey.

When meteorologists forecast the weather we understand that they are not telling us how to live our lives. Rather they are giving us information that may help us make our own decisions. As far as the weather is concerned our major decisions are whether or not to dress warmly or to take an umbrella. The astrological system of Transits is offering us much the same information. It is giving us an indication of the emotional and intellectual weather of our lives. It is up to us to decide our own destiny.

When using this set of interpretations, please bear in mind that, inevitably, every chart will contain some contradictory influences, and as a result certain interpretations of different items in the same chart may seem difficult to reconcile. However, this may still be an accurate reflection of what is happening to the individual whose transits are being interpreted, as people do experience conflicting desires, events and circumstances in their lives. It is the responsibility of the astrologer to synthesise these apparent contradictions in order to present a cohesive and realistic interpretation of the dilemmas of the chart.

Background Planetary Placements

Each entry in this list relates to an astrological placement that affects the natal chart of this individual for a period of time. The entries are sorted by planet, and by the date on which each period starts. Note that some planets are slow moving, and may remain in the same placement for the entire duration of the report, whereas other faster moving planets may move into different houses or signs a number of times during the period of the report.

One danger in this transit is that past misdemeanors may now surface forcing you to face aspects of yourself that you would rather forget. The best way of using this time is to delve deep within yourself for honest answers to any questions that you may have about your life direction. Transiting Events

Each entry in this list relates to an astrological event that affects the natal chart for this individual. The entries are sorted by the exact date on which each event occurs, and the period of time around this date during which the events are considered to be in effect is shown in parentheses on the same line. Note that due to occasional retrograde motion of some planets, some events may be exact on two or more dates, and in this case all such dates are listed on the same line. Any events which are not exact within the report period, but whose period of effectiveness overlaps with the report period are also included.

29 Mar 2010 (28 Feb 2010 to 21 May 2010)

TRANSITING NEPTUNE OPPOSITION RADIX VENUS - Your primary relationships are confusing right now. One or more of your friends, family or work colleagues are acting in a strange manner. Perhaps your spouse wants more romance and fun and you feel unable to response, or perhaps your spouse is changing and you are unsure of the direction of your marriage. On the other hand maybe someone at work is acting in a confusing manner and you are unable to make clear career plans. Right now you are sensitive to the innuendoes of relationships, but do not have the clarity to assess them logically. This lack of clarity can leave you feeling insecure in your personal and/or work associations. You may even feel somewhat disillusioned with one or more important people in your life. As much as you would like to fix the problem, it can be difficult trying to do so when you are not sure of the cause. Although you may be suffering, emotionally and/or physically, it is best to bide your time. The fog will clear and light will be shed on the situation. Once this phase has ended you will have a clearer idea of how to proceed. Once again you will be able to make plans with a better understanding of those closest to you. Your finances may also be under a cloud during this phase. You would be well advised to be cautious in any financial investments, because the rewards may not be what they promised to be.

TRANSITING URANUS CONJUNCTION RADIX CHIRON - Sensitivity is a key element during this time as all of your senses are heightened. This can be exciting as you feel charged with an electric lifeforce ready to explore new territories sure in the knowledge that you have many gifts to share with the world. You feel alive and sensitive to both your own and other people's needs.

However, this can also be a painful time, particularly if you have a lot of fear which causes you to hesitate and remain stuck in old patterns. If this is the case then you would do well to use this time to explore past experiences which have sparked fear and distrust. Once these are healed you will see life in a new light and will be ready to express your full potential in the world.

TRANSITING URANUS CONJUNCTION RADIX MOON - If you like surprises then you will like this phase of your life. However, if you react adversely to change then you may find this period a bit challenging. Routines can be comforting but they can also get a little stale. During this phase of your life you are being challenged to discard outdated habits and strike out in new directions. During this time of discovery you will learn that the old ways are not necessarily

the best ways. This may a change in diet or lifestyle, or it could involve something more dramatic such as breaking away from parental or authoritarian influences. You may change your residence, moving to a place that offers you more independence from friends and family. Whatever the scenario you need to follow your newfound urge for change and emotional freedom. It is important that you continue to consider the needs and wishes of other people. However, you need to balance this with your own needs for independence and excitement. Your loved ones may feel a little surprised, even insecure, as they witnesses you change. You need to reassure them while continuing to explore. The path to emotional freedom may not be smooth. You may undergo times of uncertainty, frustration, moodiness and irritation as you attempt to change your patterns of behaviour. Your loved ones may not immediately respond positively to your need for change. Your home life may be in disarray. However, your intuition is strong during this transit and you can use your inner knowledge to pursue an emotionally fulfilling path which respects both your needs and the needs of loved ones.

This could mean literally letting go of people or projects that have helped shaped your life. Alternately it is possible that you are being asked to change your own beliefs about your life purpose. It's possible that you could feel a lack of direction, but this is only a transitory phase as you assimilate necessary changes.

It seems as though other people and external events are deliberately plotting to thwart your every move. However, it may be that you are going overboard in your attempts to get your own way. The trouble is that you want to make great changes in your life, but lack the necessary tolerance and patience to get the timing right. Power and the abuse of power may become a focus of your life. You would be wise to muster as much restraint as is possible or you may simply go too far and lose the lot.

4 May 2010 and 25 Jun 2010 (16 Apr 2010 to 13 Jul 2010)

TRANSITING SATURN OPPOSITION RADIX MOON - Sometimes we need to reflect on the past and change our habits. These can be bad habits such as smoking, drinking excessively, and eating junk foods. Alternatively habits can form on an emotional basis. For instance someone can make a habit of not speaking up for himself or herself in

order to keep the peace. Right now you are being challenged to change your habits. This urge to change could come from within, but it is more likely that you are receiving some pressure from external circumstances or a loved one. Either way this is unlikely to be a comfortable time, although it will be ultimately rewarding. During this phase you strive to improve your personal habits, home and family life. You are likely to face some setbacks, although you will progress if you persist. You strive for some emotional balance in your life. Likewise you are working towards balancing home and work; family and personal time and other such areas of your life. You are likely to be most challenged by your relationships with women. These can be upsetting, particularly if you have been ignoring your feelings in the past. Any imbalances in your home and emotional life are highlighted during this transit. You may feel insecure as emotionally difficult situations arise, but it is best to exercise patience and persistence and face the problems. This is your opportunity to change past emotional patterns that ultimately will lead to a more emotionally enriching life. The foundations that you put in place now are likely to last for many years providing you with the peace of mind that you crave.

TRANSITING SATURN OPPOSITION RADIX CHIRON - It is time to let go of emotional patterns which have prevented you from expressing your true self. However, the process may be painful, emotionally or physically. As a result you are particularly sensitive during this time, and need to take good care of yourself. It is possible that an event or person could upset your equilibrium causing grief. You may be introspective, pondering on childhood memories and relationships, particularly with parent figures. Although this can be a painful process, there is light at the end of the tunnel. You have the opportunity to gain new understanding of past events and move forward in your life with wisdom and insight.

TRANSITING JUPITER OPPOSITION RADIX URANUS - This transit can indicate a sudden and dramatic change in your life ranging from simply a break in your routine to a breakdown in a relationship, career or way of life. On the one hand you feel a strong urge for a change of scenery, but on the other hand you feel rattled at the thought of breaking new territory. In some cases you may feel that there are obstacles, in the form of responsibilities to other people, which are holding you back. Either way it is time to ponder on your life and use this time to free yourself of restrictions. You will be grateful for the new-found freedom in the end.

TRANSITING JUPITER OPPOSITION RADIX SUN - Success is within your reach during this phase. You are reaching a culmination point in your life whereby you can achieve your goals and make a positive contribution to society. You want to expand your horizons and have the ability to do so. Financial and spiritual riches are within your grasp through your own efforts and through benefactors. You are keen to make the most of the doors that are opening. However, you need to be wary of a lack of discretion and restraint. It could be your own lack of discretion or it could be someone else in your life. Either way excesses are to be avoided. Currently you feel tempted to pursue your goals no matter what the cost to yourself or your loved ones. It would be better if you could use this time to pursue your own goals, waiting patiently for things to run their own course. Opportunities will come and you will be able to take advantage of them in good time, without having to force matters. Opportunities could be connected to a religious, philosophical or philanthropic activity, or to travel or study plans. The lesson is to show temperance for the time being. "All good things come to those who wait," could be a timely motto.

TRANSITING NEPTUNE OPPOSITION RADIX VENUS - Your primary relationships are confusing right now. One or more of your friends, family or work colleagues are acting in a strange manner. Perhaps your spouse wants more romance and fun and you feel unable to response, or perhaps your spouse is changing and you are unsure of the direction of your marriage. On the other hand maybe someone at work is acting in a confusing manner and you are unable to make clear career plans. Right now you are sensitive to the innuendoes of relationships, but do not have the clarity to assess them logically. This lack of clarity can leave you feeling insecure in your personal and/or work associations. You may even feel somewhat disillusioned with one or more important people in your life. As much as you would like to fix the problem, it can be difficult trying to do so when you are not sure of the cause. Although you may be suffering, emotionally and/or physically, it is best to bide your time. The fog will clear and light will be shed on the situation. Once this phase has ended you will have a clearer idea of how to proceed. Once again you will be able to make plans with a better understanding of those closest to you. Your finances may also be under a cloud during this phase. You would be well advised to be cautious in any financial investments, because the rewards may not be what they promised to be.

TRANSITING PLUTO SQUARE RADIX ASCENDANT - Tension arises in your relationships now. If you are married then unresolved problems are likely to arise now. This can be a positive event enabling you and your spouse to face the truth and resolve conflicts once and for all. The path to resolution may be a little rocky with you or your partner questioning the heart of your marriage. On the other hand you may discover a new sense of purpose in your own life, and in your marriage as a result of this period of soul-searching. If you are not married then you may meet someone now who challenges your beliefs and values. Perhaps you have always avoided marriage and yet this person seems too good to let go. Alternatively your new lover may not be ready, or available, for commitment. This in turn challenges you to question your direction. Any business partnerships can also be influenced now. You may question and end a long-term business partnership or start a new one. You would be well advised to obtain legal advice before proceeding and to

conduct your business negotiations with integrity. The same can be said for your marital relations. Affairs of the heart can provide a temporary outlet for pent-up feelings, but you will still be required to resolve any marital problems and chances are that your affair will be revealed. The time has come for you to face the truth about your own needs, and what you value in a committed relationship. Focus on the positives, while acknowledging the changes that have taken place in you. Then communicate these needs in the most compassionate and honest manner you can with your marital and/or business partner. As a result you will move forward with relationships that enrich your life.

TRANSITING URANUS CONJUNCTION RADIX CHIRON - Sensitivity is a key element during this time as all of your senses are heightened. This can be exciting as you feel charged with an electric life force ready to explore new territories sure in the knowledge that you have many gifts to share with the world. You feel alive and sensitive to both your own and other people's needs.

However, this can also be a painful time, particularly if you have a lot of fear which causes you to hesitate and remain stuck in old patterns. If this is the case then you would do well to use this time to explore past experiences which have sparked fear and distrust. Once these are healed you will see life in a new light and will be ready to express your full potential in the world.

TRANSITING NEPTUNE QUINCUNX RADIX SUN - You are making changes in your life that reflect the true you. In order to do this you may have to let go of a tendency to daydream and be unsure of yourself. You may have to also separate yourself from people who drain your energy. This could be painful or it could bring a sense of joy and relief. A particularly spiritual or creative phase may be ending in order for you to take on responsibilities. Either way when one chapter is closing another one is opening.

TRANSITING JUPITER OPPOSITION RADIX SUN - Success is within your reach during this phase. You are reaching a culmination point in your life whereby you can achieve your goals and make a positive contribution to society. You want to expand your horizons and have the ability to do so. Financial and spiritual riches are within your grasp through your own efforts and through benefactors. You are keen to make the most of the doors that are opening. However, you need to be wary of a lack of discretion and restraint. It could be your own lack of discretion or it could be someone else in your life. Either way excesses are to be avoided. Currently you feel tempted to pursue your goals no matter what the cost to yourself or your loved ones. It would be better if you could use this time to pursue your own goals, waiting patiently for things to run their own course. Opportunities will come and you will be able to take advantage of them in good time, without having to force matters. Opportunities could be connected to a religious, philosophical or philanthropic activity, or to travel or study plans. The lesson is to show temperance for the time being.

"All good things come to those who wait," could be a timely motto.

20 Oct 2010 (11 Oct 2010 to 28 Oct 2010)

TRANSITING SATURN OPPOSITION RADIX SATURN - This is a time of reckoning. Slowly, but surely, the structure of your life changes. This is one of those times when you are forced to live with the consequences of past decisions. In particular you may like to reflect on events in your life about 15 years ago. The seeds sown during the past now come to fruition. This can be a positive time when you reap the rewards of your previous commitments. Alternatively it can be a difficult time if you have invested in unfruitful people or projects. Either way it is time to tackle situations with patience and integrity. If you are reaping rewards, there are extra responsibilities. If you are experiencing difficulties from past actions, you have to work hard to put things to right. Either way you need to rise to the challenge and face the truth. Otherwise you are likely to find this period more difficult than it needs to be. Slowly you realize that you need to shoulder your own responsibilities, however; you may also notice that other people or events seem to be holding you back from achieving your own purpose. Even though you may sometimes feel that others are blocking your path you need to tackle personal and business relationships with integrity. It is time to let go of past grievances and work towards a more positive association. The more that you can face and let go of the past, the more you will pave the way for a more stable future. A sense of humour, although difficult to find right now, can go a long way to alleviating the heavy nature of this time.

These can include business partnerships, contracts, real estate, marriage and financial matters, to name a few. Current obligations are reviewed as you question whether you are still serious about these matters. On the other hand you may be carefully considering making a long-term commitment to a prospective marital or business partner. Perhaps you are considering purchasing a house or taking a long journey. Either way this is a time for serious thought during which you reassess your options. You are unlikely to be rash right now, preferring to contemplate the consequences of your decisions. At the end of this point of time you, and others, will know that your decisions are likely to be long lasting. If you have made a commitment then you will stand by your word. If you have rejected a proposal then that is likely to be the end. It is also possible that you are considering a long-term intellectual pursuit, such as academic study or professional re-training. You may also begin a writing project, something as simple as a diary or more demanding such as fiction or non-fiction. This is the ideal moment in time to take on board any project that requires concentration and intelligence. It is also an ideal phase during which to overcome your past fears and to embrace a purposeful future. TRANSITING CHIRON OPPOSITION RADIX VENUS - Your relationship with your partner is a source of pain either through your partner's actions or an external event. It is true that this person or event has opened some inner wound, but you have the opportunity now to heal the past and move forward. You need to be aware of the fact that the other person or the event may not have been intended to hurt you. It is simply that they have triggered a deep, sub-conscious memory which is causing you pain. In a strange fashion this present pain is a gift as it allows you to delve deep within your own nature for solutions. This transit can be linked to emotional pain, but it is also possible that your partner or a loved one is suffering from a physical illness. Either way it is important that you nurture yourself and your loved ones. You can use many different avenues to alleviate your troubles, ranging from simply surrounding yourself with compassionate friends, to exploring alternative healing and therapies. It is important that you treat yourself and others kindly as this can be an acutely painful time. Your dreams may also hold keys to your present-day predicament. Tears may flow, but it is ultimately a time of healing and education. The temptation is to express your feelings and indulge yourself with no restraint or consideration for others. However, if you can keep a balanced outlook then you and your loved ones benefit from your generous and optimistic outlook. TRANSITING JUPITER QUINCUNX RADIX PLUTO - This can be a time of change when you are forced to let go of outdated modes of behaviour in order to achieve your goals. This may be frightening and difficult as you are pushed out of your comfort zones, but the energies of this transit can assist you in achieving great changes and growth and in discovering things about yourself that you never knew existed.

TRANSITING URANUS CONJUNCTION RADIX ASCENDANT - Life and relationships can take on a certain sparkle during this transit, which can be both exciting and a little frightening. With any Uranus transit there is an urge for freedom. For you there is now an urge to break out and express yourself in new ways, particularly in your primary relationship. The more you have held yourself back, or others have held you in the past the more urgently you now feel the need for change. As you can imagine this can be quite difficult if you have limited yourself under other people's expectations. However, there is no going back. If you do try to keep a lid on your new-found and somewhat urgent need for change you will feel experience extreme frustration and resentment. It is best to embrace the new and enjoy the feelings of excitement while remaining as sensitive as possible to the needs of your loved ones. In some cases it can be your loved one who is manifesting the need for change. If this is the case the advice remains the same. Go with the flow without burning your bridges.

TRANSITING CHIRON SQUARE RADIX MARS - You are being forced to reassess your direction in life and to realign your goals on a more spiritual basis. This could be through a physical illness which forces you to slow down and contemplate your future or an event which has sparked deep emotions. Perhaps you are feeling a lack of emotional satisfaction in your current pursuits and this is causing you to search for more meaningful pursuits or perhaps something has happened which threatens your goals and ambitions. This could be connected with a male friend or member of your family. It is also possible that you are on a new path which is challenging your deep-seated fears of failure or success. It is important that you work through any emotions so that you can clearly assess your future in the light of your true purpose. It is not the time for a wild display of emotions, but more a time of self-honesty and an expression of your true

values.

13 Jun 2011 (16 May 2011 to 11 Jul 2011)

TRANSITING SATURN OPPOSITION RADIX SATURN - This is a time of reckoning. Slowly, but surely, the structure of your life changes. This is one of those times when you are forced to live with the consequences of past decisions. In particular you may like to reflect on events in your life about 15 years ago. The seeds sown during the past now come to fruition. This can be a positive time when you reap the rewards of your previous commitments. Alternatively it can be a difficult time if you have invested in unfruitful people or projects. Either way it is time to tackle situations with patience and integrity. If you are reaping rewards, there are extra responsibilities. If you are experiencing difficulties from past actions, you have to work hard to put things to right. Either way you need to rise to the challenge and face the truth. Otherwise you are likely to find this period more difficult than it needs to be. Slowly you realize that you need to shoulder your own responsibilities, however; you may also notice that other people or events seem to be holding you back from achieving your own purpose. Even though you may sometimes feel that others are blocking your path you need to tackle personal and business relationships with integrity. It is time to let go of past grievances and work towards a more positive association. The more that you can face and let go of the past, the more you will pave the way for a more stable future. A sense of humour, although difficult to find right now, can go a long way to alleviating the heavy nature of this time.

Make the most of this period by renewing your efforts to communicate with your spouse in a fun loving manner. If you are unmarried, then you may meet someone and fall in love. In fact you are likely to attract many favourable relationships, ranging from friendships to benefactors at work. You enjoy social occasions and others enjoy your company. You are in for some peaceful and happy moments. Therefore it is a good time to accept social invitations and take part in fun activities. Your finances are also likely to improve during this period. 26 Aug 2011 (16 Aug 2011 to 5 Sep 2011)

TRANSITING SATURN CONJUNCTION RADIX MERCURY - During this phase you are likely to give serious thought to all of your commitments, making sure that you are heading in the right direction. These can include business partnerships, contracts, real estate, marriage and financial matters, to name a few. Current obligations are reviewed as you question whether you are still serious about these matters. On the other hand you may be carefully considering making a long-term commitment to a prospective marital or business partner. Perhaps you are considering purchasing a house or taking a long journey. Either way this is a time for serious thought during which you reassess your options. You are unlikely to be rash right now, preferring to contemplate the consequences of your decisions. At the end of this point of time you, and others, will know that your decisions are likely to be long lasting. If you have made a commitment then you will stand by your word. If you have rejected a proposal then that is likely to be the end. It is also possible that you are considering a long-term intellectual pursuit, such as academic study or professional re-training. You may also begin a writing project, something as simple as a diary or more demanding such as fiction or non-fiction. This is the ideal moment in time to take on board any project that requires concentration and intelligence. It is also an ideal phase during which to overcome your past fears and to embrace a purposeful future. The plans and decisions that you make now are likely to reap real rewards in the future, particularly in seven years time.

However, if you have become stuck in a rut you may notice quite a sudden dramatic turn of events in your professional life. TRANSITING NEPTUNE OPPOSITION RADIX VENUS - Your primary relationships are confusing right now. One or more of your friends, family or work colleagues are acting in a strange manner. Perhaps your spouse wants more romance and fun and you feel unable to respond, or perhaps your spouse is changing and you are unsure of the direction of your marriage. On the other hand maybe someone at work is acting in a confusing manner and you are unable to make clear career plans. Right now you are sensitive to the innuendoes of relationships, but do not have the clarity to assess them logically. This lack of clarity can leave you feeling insecure in your personal and/or work associations. You may even feel somewhat disillusioned with one or more important people in your life. As much as you would like to fix the problem, it can be difficult trying to do so when you are not sure of the cause. Although you may be suffering, emotionally and/or physically, it is best to bide your time. The fog will clear and light will be shed on the situation. Once this phase has ended you will have a clearer idea of how to proceed. Once again you will be able to make plans with a better understanding of those closest to you. Your finances may also be under a cloud during this phase. You would be well advised to be cautious in any financial investments, because the rewards may not be what they promised to be.

TRANSITING SATURN CONJUNCTION RADIX SOUTH NODE - Now is a time when you are saying "goodbye" to one phase of your life and entering a new one. You come face to face with the past and have to make some difficult decisions. Perhaps you decide that you have paid your dues to a difficult relationship. As a result you move on with your life, knowing that you have done all that you can to resolve any difficulties. On the other hand you may decide that your work is done in one area of your life and you are ready to start again in a new field. Life becomes filled with situations that can no longer be avoided. There is a time to reap and a time to sow. This is the time for sowing. You may feel alone and burdened. It is best to shoulder your responsibilities knowing that we all have to live with the consequences of our actions. If you feel you do not deserve such a difficult time as a result of your current life actions, it may be that you are reaping the consequences of a past life. You may even suffer from a disease. Either way this is an

elimination process from which you can gain much strength, and will be able to move on in your life with a renewed sense of purpose and a lighter load. After this period you are likely to feel that your load has lightened and that you ready to enjoy a more fruitful and honest lifestyle.

TRANSITING URANUS CONJUNCTION RADIX ASCENDANT - Life and relationships can take on a certain sparkle during this transit, which can be both exciting and a little frightening. With any Uranus transit there is an urge for freedom. For you there is now an urge to break out and express yourself in new ways, particularly in your primary relationship. The more you have held yourself back, or others have held you in the past the more urgently you now feel the need for change. As you can imagine this can be quite difficult if you have limited yourself under other people's expectations. However, there is no going back. If you do try to keep a lid on your new-found and somewhat urgent need for change you will feel experience extreme frustration and resentment. It is best to embrace the new and enjoy the feelings of excitement while remaining as sensitive as possible to the needs of your loved ones. In some cases it can be your loved one who is manifesting the need for change. If this is the case the advice remains the same. Go with the flow without burning your bridges.

TRANSITING CHIRON SQUARE RADIX MARS - You are being forced to reassess your direction in life and to realign your goals on a more spiritual basis. This could be through a physical illness which forces you to slow down and contemplate your future or an event which has sparked deep emotions. Perhaps you are feeling a lack of emotional satisfaction in your current pursuits and this is causing you to search for more meaningful pursuits or perhaps something has happened which threatens your goals and ambitions. This could be connected with a male friend or member of your family. It is also possible that you are on a new path which is challenging your deep-seated fears of failure or success. It is important that you work through any emotions so that you can clearly assess your future in the light of your true purpose. It is not the time for a wild display of emotions, but more a time of self-honesty and an expression of your true values.
