Cafe Astrology

<http://www.cafeastrology.com>

Your Daily Forecast begins on the next page. The Forecast is self-explanatory: an astrological forecast for each day is given.

You may notice that to the right of the date is a code, such as "Mer Tri Jup". This code indicates the astrological influence that is in effect on that day and is causing the astrological influence. You can ignore this code; it is printed in case you are interested in the astrological basis of the interpretation.

Most interpretations are short, about one paragraph. But occasionally there is an interpretation that is several paragraphs long. These longer interpretations are very strong and may affect you for several days before and after the date on which they occur; sometimes they are in effect for months and years.

In case you are interested in astrological theory, here is more information on how your Daily Forecast is produced: First, all of the major astrological influences on a given day are determined, and then the most significant influence is selected and printed. For example, a conjunction will be printed if one occurs, and very often an outer transiting planet influence will be printed because these influences tend to be more powerful. By selecting the more dominant influences of the day, your Daily Forecast focuses on the most powerful influences of each day so that you pay attention to those issues which are most conspicuous and relevant to you each day.

We hope you enjoy your Daily Forecast. Remember that astrology is not fatalistic. Astrological influences are real and they are powerful (we are certain of this, although of course many skeptics disagree), but you have the free will to make the best of what life serves up to you each day. We hope that your Daily Forecast will assist you in making the best possible decisions and will help you feel more confident and clear about how to best deal with the circumstances and situations you encounter.

Mer Sxtil Asc

This is an excellent time to be out and about. There are significant opportunities to make connections, exchange information, and to learn something through a meeting or chance encounter. Letters, phone calls, and conversations that you initiate are productive at this time.

Friday, Sep 2, 2016

Sun Sqr Nep

Confusion, inability to focus on mundane tasks, poor understanding or miscommunication between yourself and others, and the desire to evade real responsibilities and challenges are negative potentials for you now. You are more sensitive, impressionable, dreamy, or idealistic at this time also.

Saturday, Sep 3, 2016

Mer Sxtil Ven

There is a friendly, cooperative, harmonious tone to the interactions you have now. It is a good time for social activities and for getting in touch with friends. You avoid heavy discussions and do not want to focus on dry, practical matters. Reading light fiction, going out to see a romantic comedy, or simply sharing a pleasant time with someone you like is more in tune with your feelings now.

Jup Sxtil Asc

This is a harmonious, enjoyable time for you. Things run smoothly and your work is likely to take an enjoyable turn now. Pressures and deadlines are lifted. You may be asked to attend an enjoyable event or travel at this time. You wish that your life was always like this! You are not very aggressive or particularly energetic, but intense effort is not required.

Cooperation and mutual support in business-related and career-related matters is also very high. You will also find that peace and cooperation can be established between factions that have been at odds with each other. Legal matters and any involvement with government agencies or large organizations work out fortunately now. Personal relationships are also harmonious now, and there is an increased appreciation for each others' goals and aspirations, and you help each other more in achieving these goals.

Note that the precise timing of this astrological influence is very dependent on the exact birth time, so the dates given are accurate only if your birth time is very accurate.

Sunday, Sep 4, 2016

Ven Conj Plu

Deep emotions, both positive and negative, are stirred up within you, and you become more intense and demanding of the people you are closest to. Fears, insecurities, jealousies, and hidden resentments may surface, as well as a very

strong need to be loved and to love. There is a compelling, urgent quality to the feelings you experience now, and you may develop a powerful attraction to someone who fascinates and mystifies you. This is a good time to reveal your deepest feelings, fears, needs, and yearnings with the ones you love.

Monday, Sep 5, 2016

Sun Sqr Sun

You may feel temporarily blocked now. Resistance and challenges from others or from outside situations suggest that this is not a good time to try to force your will and desires upon the world, as friction is the only likely result. Relations with men can be especially tense.

Tuesday, Sep 6, 2016

Mar Trine Jup

At this time you will want to branch out; you have the energy to do more and take on more challenges. This is a very good time to begin implementing the plans and promises that you have made to yourself, as any new endeavor is likely to succeed. A new health regimen, actions taken to advance professionally, or anything you do to move toward achieving a cherished goal or ideal goes well now.

Wednesday, Sep 7, 2016

Ven Sxtil Nep

You are receptive to beauty at this time and want to be surrounded with harmony, beauty, and kindness. Also, you feel tender and gentle toward others, and you want to please or to be of service to them in some way. Some selfless generosity or an effort on behalf of someone in need will make you feel very happy now.

Ven Oppos Mar

Intimate relations and attractions are intensified now. You experience strong feelings of attraction and desire and, if you are unhappy in your sexual life, you can be very tense and angry "for no reason" now. You may be tempted to act on an infatuation.

Mar Trine MC

You can make your influence felt at this time and any efforts you make to advance your career or other important long-range goals will be very effective. Independent action, self-reliance, or taking on more of a leadership position are favored now. You have the green light!

Thursday, Sep 8, 2016

Ves Conj Sat

This is a good time to organize your work and career activities. Projects and business endeavors should prove profitable. However, you may have to dedicate yourself to hard work and self-discipline in order to achieve success. Detailed, methodical work and adhering to rules and regulations will be your specialty now.

You take a more serious, mature approach to your work, as well as to your objectives and ambitions. Due to your commitment and purpose, a long-awaited goal may be achieved now. You may be more concerned and focused on your public image and your need to receive recognition for your efforts. An increase in your work load is highly probable, but you have the ability and perseverance to keep everything running smoothly. With so much of your enthusiasm directed toward work and career, make sure you allow enough time for your personal life and the loved ones who depend upon you.

Sat Conj Nep

Some illusions and glamorous notions that you have are painfully removed now. You may discover that a movie star, hero, lover, parent, or other person you admire is not as "divine" as you thought.

Doubts about your ideals and religious beliefs are also likely to arise. Even if you are an agnostic or atheist, you will now question whether your belief system is perhaps a little superficial. You may find yourself swinging between doubt and a rather self-righteous, rigid, and dogmatic adherence to a philosophical or religious belief system. Avoid the tendency to be rigid and judgmental! This is a time when your ideals and beliefs should be changing and maturing. However, if you are fearful of change and uncomfortable with doubt, you may become entrenched in a dogmatic attitude at this time. Some people experience this astrological influence as a discontent with life, moodiness, and depressed feelings with no apparent cause. These feelings are usually accompanied by low physical vitality and susceptibility to colds and other illnesses. These problems arise because your dreams and hopes have been dissipated. If your "bubble bursts", then you must probe within yourself for a new star to hitch your wagon to, a new vision for yourself. Avoid the tendency to become despondent and, by all means, refrain from escapism via alcohol or drugs.

Ves Sqr Jup

You can handle a great deal of work and responsibility, but it is apt to take its toll on your personal life and need for freedom. Professionals and influential persons in your work place may view you as a devoted and enthusiastic employee and therefore might overload you with additional work. Discord can arise in your private domain, especially if you have been avoiding your duties and obligations there. If a confrontation arises now, you are apt to overreact, thereby further alienating your loved ones through excessive involvement in your work. Although you feel more industrious, it is best not to promise more than you can deliver with regard to both work and personal relationships.

Friday, Sep 9, 2016

Sun Sxtil Sat

Your ability to concentrate and focus on your work is very good now. This is a time to attend to details, take care of practical business, and to make your life more stable and secure. It would be beneficial to consult advisors on investments and long-range plans and to put your affairs in order. Eliminating waste and inefficiency is important to you now.

Ven Oppos Moo

Your feelings, friends, and female relatives figure prominently in your life now. You realize how much you appreciate and need their love and support, and you are particularly affectionate now. You may also initiate a relationship in which you take care of, support, and "baby" someone else.

Ven Trine Sun

Relaxation, enjoyment, and pleasure are emphasized now. This is not a time to push yourself or to be involved in activities that require intense competition or a great expenditure of energy. Cooperative, harmonious personal and professional relationships are more important to you at this time. You feel like socializing and being friendly.

Ves Sqr MC

Strong professional desires may inhibit your interest in domestic matters or intimate relationships at this time. If you are overly eager or zealous in your attempts to establish your career and work objectives, you may lose sight of your personal affairs and thus sacrifice important areas that need your attention. Those in authority can create roadblocks to your success, leaving you to feel you have been denied fulfillment of your cherished goals. You might need to discipline yourself to accepting less than what you had hoped for in terms of your business and professional contributions. Long-range plans and ambitions should be put off until career matters are in clear focus.

Note that the precise timing of this astrological influence is very dependent on the exact birth time, so the dates given are accurate only if your birth time is very accurate.

Saturday, Sep 10, 2016

Mer Sqr Mer

Intellectual disagreements or differences of opinion and viewpoints arise now. You may have to speak your mind in a way that challenges or unnerves someone else. However, your mind is very active and sharp, and your reasoning power is good, so this is a good time to do mental work.

Sunday, Sep 11, 2016

Moo Sqr Mar

Your competitive, aggressive, and/or sexual energies are stimulated, and your temper is apt to be aroused also. Patience, especially with family members, is in short supply.

Monday, Sep 12, 2016

Nep Sqr Nep

Some change in attitude towards your ideals and spiritual values occurs now. This change is very inner and gradual, so it is not likely that you will have any great concern or difficulty about these changes. A new attitude toward the religious beliefs that you were taught as a child is very likely to develop now.

Pal Trine Mer

Personal and creative projects are likely to be profitable during this time. You must assert yourself and use your innate talents to receive the rewards or benefits of these efforts. A relative or associate may suggest a joint business venture or new idea which may prove to be successful for you. On the other hand, you may feel like leaving your comfortable and serene surroundings and enjoying a spontaneous vacation or weekend adventure.

This is also a good time to visit with family, relatives, and siblings where there can be a lively exchange of ideas and communications.

Ven Sqr Sat

Withdrawing from emotional social contact is favored now, for even when you are with others you are likely to feel separate and alone. Sadness and disappointments in your personal life are also probable now. Inadequacies and flaws in your friends or lovers are particularly bothersome to you now, and you may feel that you have nearly exhausted your patience for dealing with these problems. It is a time to be quiet and to look objectively at how your relationships are going. Though not a pleasurable time, this can be a fruitful period in which to learn more about love and what you truly value.

Ven Oppos Jup

You are in a festive, partying mood and just want to play and share a good time with your friends. Community social events and fellowship are very rewarding now. Also, at this time it is hard for you to say no to food, drink, or extravagances in any form. You are also very generous and tolerant toward others. Though you feel wonderful now, you're likely to regret your actions later if you don't curtail your impulses to overindulge, overspend, and enjoy too much of a good thing.

Tuesday, Sep 13, 2016

Ven Oppos MC

This is an excellent time for home improvements, particularly those which enhance the appearance and beauty of your living space. Decorating or rearranging furniture in order to create a more harmonious and pleasing arrangement is favored. Relationships with your family are very satisfying and loving, and you may also wish to invite company into your home. The role of gracious host or hostess suits you very well right now.

Wednesday, Sep 14, 2016

Sun Sqr Mer

A fast pace, with many letters, phone calls, errands, meetings, or discussions, is on the agenda. You may feel mentally restless, impatient, and overly eager to get your own ideas across. Also, a situation may arise which requires you to say what is on your mind, to make a decision, or to clearly voice your personal opinion on some issue.

Mar Oppos Mer

You are inclined to jump to conclusions at this time and to rashly say and do things which you may regret later. You may suddenly decide to act on some idea or plan you have been considering, which can be good as long as you don't move so abruptly and quickly that you override other people's say in the matter. At this time, too, you are quite sharp and possibly sarcastic, which can create unnecessary hard feelings or opposition to your plans.

Thursday, Sep 15, 2016

Mer Qucnx MC

This is a time to take in information which can be of real practical assistance to you in reaching a significant long-range goal. Some news may reach you which will create some minor distress and compel you to re-examine or reassess a position you have taken regarding your career or work in the world. Don't try to force issues or come to any definite conclusions now and don't sign any contracts which require too much compromise on your part. Simply gather information and, if necessary, delay direct negotiations.

Friday, Sep 16, 2016

Mer Sxtil Sat

Your mind is serious and you are able to concentrate on work that requires patience, attention to detail, and precision. Practical concerns dominate. It is a good time to learn practical skills, do your taxes, organize your files, and take care of business. You'll want to avoid light social conversation or trivialities that distract you from your work.

Sat Trine Mar

Your work is exceptionally well-organized now, and you are able to accomplish a great deal. This is a time when you work patiently and perseveringly, and you make enormous progress in any task or undertaking that you put your mind to. You are able to concentrate on the essentials and the nitty-gritty details now. Use this opportunity for accomplishing practical tasks and achieving concrete results. You are able to work long hours without fatigue and enjoy your work as well.

Your career and employment are stable now. There are not likely to be many big surprises and everything works smoothly. You might be tempted to lay back and coast for awhile but, rather than feeling relaxed by doing this, you will only feel bored and uninspired. This is a time to apply yourself and continue making steady progress and effort. The work you do now is appreciated by others, but the greatest benefits will be reaped much further in the future, when the progress you make now

will help fortify your position in the world and strengthen your assets and resources.

Ven Trine Mer

This is a good time to schedule social activities or even business meetings where tact and friendliness would be a plus. You act as a diplomat and harmonizer between people with differing viewpoints. Also, attending cultural events such as an art show or a play is favored. Thoughts of love, an appreciation for beauty, and an aesthetic enjoyment of your surroundings are brought to the fore. A short pleasure trip would also be beneficial now.

Saturday, Sep 17, 2016

Pal Sesqu Plu

It requires great determination and effort on your part to bring your artistic, creative and intellectual potential into actuality. Circumstances beyond your control tend to discourage you from achieving your goals and interfere with your ability to persuade others to approve of your intentions and goals. Concerns over investments, insurance, taxes and inheritances may involve thorough evaluation and research or they can cause setbacks to your progress. You can become distressed or bothered by your own or someone else's compulsive or obsessive thinking.

It is advisable not to make any drastic changes in your joint endeavors with other individuals, as confrontations and power struggles will likely surface.

Sunday, Sep 18, 2016

Moo Conj Jup

Social events, cultural activities, and entertainment are highly favored. You feel good and can enjoy yourself. There's a tendency to overindulge in food or other comforts.

Monday, Sep 19, 2016

Ven SSqr Nep

Dreams, wishes, and fantasies about love are strong now, and you may be infatuated with someone you meet at this time, only to be disappointed later when you discover this person does not fulfill all of your expectations. You are simply not seeing people objectively now. Your imagination is very active and creative, however, and so is your yearning for something beautiful. The artist in you emerges, and your creations please and inspire you.

Tuesday, Sep 20, 2016

Sun Sxtil Ven

Your relationships are especially affectionate and friendly at this time, and you may benefit socially or materially through an opportunity offered to you by a friend. This is a good time for parties, social gatherings, and other pleasurable activities.

Wednesday, Sep 21, 2016

Sun Sxtil Asc

This is a time for being with people and especially giving something of yourself and your talents to others. You want to be seen and noticed. You receive appreciation and a positive response and possibly an opportunity or personal contact which will be quite beneficial.

Ven Sqr Ven

What occurs now makes you more aware of what you need, feel, and want in your relationships. If you are unhappy in your personal life, this is brought out now, and you'll need to face what is causing your dissatisfaction. Differences in personal style, tastes, and ways of expressing affection may emerge. You also feel amorous and loving and, if your personal life is going well, this is a time to really enjoy and appreciate it.

Thursday, Sep 22, 2016

Ven Conj Ura

You are craving emotional excitement, stimulation, and something new and alive. This is a time for music, dancing, and being joyfully spontaneous. Your social inhibitions are loosened, and you may be tempted to have a wild flirtation or to act in a rather reckless way in a relationship.

Ven Sqr Asc

You are a peacemaker now since harmony in your environment seems more important than ever. Loving relationships, giving and receiving affection, and attracting people into your life who are good for you are very likely at this time.

Friday, Sep 23, 2016

Ves SSxt Mer

Your work and responsibilities may engage much of your attention at this time. Keeping up-to-date on business correspondence, filing, and telephone communications is favored now. Your mind is centered on productivity and devoting yourself to doing the best job possible. You should take advantage of this opportunity to improve upon your writing and comprehension skills, as this time period may allow you to quickly process information and effectively broadcast your thoughts and ideas.

Saturday, Sep 24, 2016

Mar Qucnx Ven

Ambivalence or disagreeableness in a close relationship arises now. An old friend or lover who is rather disturbing to your peace of mind may contact you, or you may feel uncertain about where you are going in a particular relationship.

You may aggravate or pick at a friend or loved one in the misguided belief that you can change things. At this point, however, it is unlikely that your words or actions will create happiness or the desired outcome. Try to be good natured about any

differences that are apparent to you now, and let it pass.

Sunday, Sep 25, 2016

Mar Sxtil Ura

Physical thrills and excitement have a strong appeal for you now, and you want to do something new and out of the ordinary. You also have a lot of energy and quick reflexes. A vigorous game of racquetball or tennis or some other fast-moving competitive sport would be a good outlet for you now. Acting on your spontaneous impulses and following through on some of your more unusual or "crazy" desires will yield surprises, mostly positive.

Monday, Sep 26, 2016

Moo Trine Mar

You are in an eager, confident mood and this is a good time for any competitive endeavor or anything that requires a lot of energy.

Tuesday, Sep 27, 2016

Mer Sxtil Sat

Your mind is serious and you are able to concentrate on work that requires patience, attention to detail, and precision. Practical concerns dominate. It is a good time to learn practical skills, do your taxes, organize your files, and take care of business. You'll want to avoid light social conversation or trivialities that distract you from your work.

Jun Trine Sat

Marriage or a love relationship grows more stable and mature. You take the obligations and responsibilities in your partnership very seriously and will work hard to prove to your mate that you are loyal, dedicated and committed. This can be a time when you and your companion cooperate effectively on formulating long range plans and aspirations for the future. You will now have the patience to learn the art of compromise in relationships. By being faithful and true to your mate, your efforts will be appreciated and respected. On the other hand, a favorable opportunity or benefit can arise in your partner's career, and you both enjoy the rewards of this good fortune.

Wednesday, Sep 28, 2016

Chi Sqr Mer

You may be easily offended and hurt by a misunderstanding which arises during this time. Problems can occur because you are unable to communicate in a way that harmonizes with others now. Your thoughts and ideas may be confusing or off the beaten track, resulting in verbal arguments or disapproval from those in your environment. As a result, antagonism or intimidation can occur or true communication may be withheld. Also, your thinking is subject to fluctuations and, therefore, you may use subtle tactics to get your point across or to safeguard your position, such as sarcastic humor, put downs, or wounding remarks. Unfortunately,

you may not realize that you are putting people on the defensive and in turn only hurting yourself. If you can use this time to express your thoughts in a way which acknowledges the sensitivities of others, there can be an honest interchange or communication which still allows you to disclose what is actually on your mind.

Sun Conj Plu

Something which has been lost or hidden may come to light now. Secrets, long-buried feelings and desires, or skeletons in the closet could be revealed. This is also a time when you can easily go to extremes. You become deeply involved in, and even somewhat obsessive about, whatever you are doing. Driving yourself beyond your limits can be destructive now.

Thursday, Sep 29, 2016

Ven Sesqu Mer

Your thoughts turn to love and this is a favorable time to bring out any concerns you have in your personal relationships. Agreements and cooperation can be achieved easily now. You readily discuss your personal needs and desires. Also, you are more aware of beauty and may want to rearrange your decor or buy something to beautify your surroundings.

Friday, Sep 30, 2016

Moo Conj Plu

Intense, irrationally strong or compelling feelings emerge now and intimate relationships are deeply emotional. You're apt to overreact.

Saturday, Oct 1, 2016

Mer Sqr Mer

Intellectual disagreements or differences of opinion and viewpoints arise now. You may have to speak your mind in a way that challenges or unnerves someone else. However, your mind is very active and sharp, and your reasoning power is good, so this is a good time to do mental work.

Sunday, Oct 2, 2016

Sun Sxtil Nep

Today you feel less competitive and ambitious about practical and mundane matters. The world of imagination, fantasy, art, music, or mysticism is very appealing to you now, and if you have talent in any of these areas, this can be a creative and fruitful time for you. However, the negative possibilities for you now are being undisciplined, slack, indefinite, or wasting time and energy.

Monday, Oct 3, 2016

Sun Oppos Mar

You are contentious, argumentative, and impatient now. Disagreements erupt because you aren't willing to overlook minor irritations as readily as usual.

Confrontations with others may be fruitful if you don't allow your anger to get out of control. You are highly competitive at this time.

Tuesday, Oct 4, 2016

Ven Qucnx Moo

You may not feel very social, but friends or social commitments pull you away from home. Alternately, you may want to go out and enjoy some time with your friends or do some light socializing, but you are needed more at home right now. There is an uneasy balance between your loyalty to your family versus your friends or other pleasurable interests. It is an either/or situation and probably something has to be sacrificed temporarily.

Wednesday, Oct 5, 2016

Sun Oppos Moo

Your feelings, emotional needs, and desires for closeness and a sense of belonging come to the fore now. You give your home, personal relationships, and inner life more attention. Problems you may have been avoiding in these areas are brought into focus.

Mer Sxtil Ven

There is a friendly, cooperative, harmonious tone to the interactions you have now. It is a good time for social activities and for getting in touch with friends. You avoid heavy discussions and do not want to focus on dry, practical matters. Reading light fiction, going out to see a romantic comedy, or simply sharing a pleasant time with someone you like is more in tune with your feelings now.

Sun Trine Sun

Confidence and inner harmony prevail. You can move forward with creative projects and express yourself more easily and comfortably now. Your efforts are well received at this time.

Thursday, Oct 6, 2016

Mer Sxtil Asc

This is an excellent time to be out and about. There are significant opportunities to make connections, exchange information, and to learn something through a meeting or chance encounter. Letters, phone calls, and conversations that you initiate are productive at this time.

Mar Sqr Plu

Your drive for personal power, achievement, or control over your life is very strong at this time. The tyrant in you emerges, and you can be excessively willful, domineering, or compulsive about doing what you want to. You battle anyone or anything that is an obstacle to your individual freedom of action, and ego conflicts or a furious power struggle may ensue. Also, you can be unmerciful with yourself and

your own weaknesses. You are likely to push yourself much too hard.

Friday, Oct 7, 2016

Ven Trine Sat

This is an excellent time to make decisions about your financial affairs, as your judgment is sound and reliable, though a bit conservative. Investing in beautiful things which are likely to increase in value over time (such as jewelry or fine art) is favored. You are not interested in fleeting excitement or frivolity now. Spending "quality time" with an old and trusted friend or enjoying the company of an experienced, mature person who has much of substance to give you will make you happy.

Saturday, Oct 8, 2016

Moo Sqr Plu

Beware of a tendency to overreact, to go to extremes, or to try to force your intentions on others regardless of the appropriateness of your actions. A minor crisis in the domestic sphere or an emotional confrontation is possible.

Sunday, Oct 9, 2016

Jup Conj Plu

The need for personal recognition and success are key issues during this time period. You feel a deep, irresistible urge to better your situation in life, to be less dependent on others, and to achieve a higher level of prosperity, well-being, and freedom in your life.

Very often this astrological influence manifests as the feeling that now is the appropriate time to advance to a position of greater influence and prestige. You feel that you are as knowledgeable and capable as your boss or supervisor, and it is high time that you started receiving more of the benefits and prestige. Needless to say, power struggles and conflicts with others can consequently arise. In the end, some level of advancement is likely, but be careful to make sure that your desires are not based primarily on greedy, self-satisfying, and self-centered motives.

You are more open about your inner desires and goals now, and you bring forth interests and desires that you have previously kept to yourself. If you have a hobby or strong personal interest in a subject, you bring this interest out in the open now.

Sun Oppos Jup

A goal or vision you have been working toward comes into fruition now, or gains momentum and positive recognition from others. You feel expansive and inclined to take risks, and you may be overly extravagant now.

Sun Sqr Sat

This is a time of considerable frustration and your desires or efforts appear to be thwarted or at least delayed. Relationships with men and people in authority may be

particularly uncomfortable. Also, you have more self-doubt than usual; your mood is somber and rather self-critical. This is a good time to take stock of your life, to see how you are limiting and holding yourself back, and to determine your next steps. But do not attempt to press forward now, and don't take whatever setbacks you experience too much too heart.

Monday, Oct 10, 2016

Sun Oppos MC

This is a time for withdrawing your energy, attention, and efforts from the outside world and external goals in order to replenish yourself. Quiet reflection and attention to your inner world, your family, and the foundation that supports all of your outside activities is called for. This is a time to "lie low". You may have to work quietly or without much outside recognition at this time.

Mer Conj Plu

You disregard superficial or pat answers to your questions now and you feel impelled to probe until you get to the bottom of some situation. Mysteries, unsolved riddles, and topics that people usually avoid or sweep under the rug occupy your thoughts. When speaking, you tend to be very insistent or even fanatical about your point of view, which will either utterly convince your listeners or repel them completely.

Tuesday, Oct 11, 2016

Jun SSqr Plu

There can be intense and demanding interactions with your mate or marriage partner. You are extremely aware of power plays in your relationship, and you must use tact and discretion when dealing with your partner. Issues which arise now can cause one of you to manipulate or project your weaknesses onto the other. Insecurity or a loss of control in the relationship can lead to jealous behavior or one partner blaming the other for all of the problems. The challenges that you face now can be greatly relieved if you search for more suitable outlets to release negative tendencies and emotions.

If single and unattached, you might meet a new love interest who is magnetic, seductive and extremely passionate. This person can transform your views on love, sex and relationships.

Wednesday, Oct 12, 2016

Ves Conj Ven

You may strive to keep peaceful and friendly relations in your work environment, even if it requires sacrifice or compromise on your part. Since you feel more devoted to proving your self-worth to your supervisor or peers, you may be looked upon as a dependable and trustworthy employee. Material security is also important to you and a good deal of your attention may be focused on increasing your earning capacity or improving your financial earnings in your line of business. You can also demonstrate great skill in your creative endeavors, especially if your vocation is in the artistic or musical field. If there are conflicts with an important love interest or marriage

partner, you might sacrifice work interests and resign yourself to dedicating your energy and effort into accommodating the needs of the relationship.

Mar Sqr Mar

At this time you must guard against being too aggressive, coming on too strong, or trying to force your own will and thereby arousing hostility in others. Also, frustrated desires and obstacles to achieving your aims can evoke enormous anger in you, and you may do something rash and regrettable. Conflicts and confrontations may be unavoidable, but do try to avoid situations which you know will provoke or irritate you. Working alone is best at this time.

Thursday, Oct 13, 2016

Mer Sxtil Nep

Your ability to concentrate on mundane concerns and problems diminishes now. The world of imagination, fantasy, entertainment, or art holds more attraction for you. Go to a movie with a friend (or write your own!). Also, your psychic sensitivity and intuition are heightened at this time. You are more impressionable and open, but somewhat less precise and clear mentally.

Mer Oppos Mar

You are very impulsive and restless now and you are likely to act or speak too quickly without sufficient forethought or concern for the consequences. You tend to be verbally aggressive, starting fights with people who don't agree with you or who simply get in your way. Positively, you are very sharp and clear mentally at this time and can attack problems and tasks with great vigor.

Mer Oppos Moo

At this time you have important discussions with women and with people you are (or once were) very close to. You may wish to visit, write, or make a telephone call to someone from your past. Connecting with your roots is the theme now, with an emphasis on seeing the past objectively. Memories and old feelings surface very clearly now.

Mer Trine Sun

You are very clear and perceptive now. It's a good time to make a decision or come to an agreement, negotiate, exchange your views with others, or present your case. If you are in a profession dealing with words, ideas, or communication, this is a very productive time for you. Ideas flow, and you express your thoughts well.

Sun Trine Mer

If you are a writer, teacher or student or are involved in any intellectual work, this is a positive time for you: ideas flow and it is easier than usual to express your thoughts. Also, this is a good time for buying, selling, negotiating, and

communications of all kinds.

Ves Sqr Ura

Unforeseen situations may suddenly bring changes or disturb your work or professional duties. Greater responsibility or working unusual or long hours is possible, especially if you are involved in the process of the planning, organization and restructuring of your place of employment. It may be best to work alone at this time, distancing yourself from chaotic conditions in order to concentrate on original and inventive ways to handle problems and target new and purposeful solutions. You may feel an urgent need to move ahead and in the process will discard work which is not functional or useful to your future directions and goals. On the other hand, this period can bring about zealous involvement with humanitarian or social organizations. Whether you are focused on a special cause or a work project, you should avoid alienating loved ones and important people in your personal life at this time.

Ves Conj Asc

Your personal energy and effort may be focused on your work during this period. You might labor intensely on projects and assignments that are important to you. Since your attention is mostly aimed at fulfilling your own needs and ideas, you may inadvertently cause some discord and unfriendliness in your personal life. It is essential to balance your strong commitment to work with your loyalty to the intimate and long-standing relationships in your life. Although you may resist interference from others, you will achieve greater satisfaction and accomplish more work if you have the support and concern of your loved ones.

Note that the precise timing of this astrological influence is very dependent on the exact birth time, so the dates given are accurate only if your birth time is very accurate.

Mar Sqr Moo

At this time you are prone to irritability, temper tantrums, and flying off the handle for slim reasons. You are also impatient and inclined to rush unnecessarily, which can cause accidents or bruised feelings on the part of the people you live with or work closely with. You are in a fighting mood and stand up for your rights more readily than usual, but beware of the tendency to be abrasive and insensitive.

Ven Trine Ven

Contentment, emotional well-being, and harmony prevail in your personal relationships. At this time you relax and indulge in your pleasure-loving side. Unless other astrological indications override this influence, you are unlikely to be forceful and try to make things happen, but instead are inclined to flow along with people and situations, attracting what you need and letting the world come to you.

Monday, Oct 17, 2016

Ven Trine Asc

At this time you are inclined to invest your time and money into making your environment more beautiful and comfortable. You may also wish to enhance your personal appearance in some way, such as getting a new hair style or purchasing clothing, cosmetics, and the like. Social gatherings are also very positive for you now.

Mer Sqr Sat

Your thinking is rather gloomy and pessimistic at this time. You see the superficiality, the flaws, and the foolishness or impracticality in others' plans. Also, communicating with others is difficult now, and people resist what you are saying. You feel more inhibited and uncommunicative, and you sense that others are not receptive. Frustrating conversations and the feeling that you are coming across negatively are possible now, so you are inclined simply to keep your thoughts to yourself.

Mer Oppos Jup

You are mentally restless and can not concentrate well on your immediate, familiar tasks. You are not inclined to discipline your mind or focus on practical matters, unless there is an element of gambling, play, or risk-taking involved. Reading something that is mind expanding, taking a trip, or planning a vacation is favored at this time.

Mer Oppos MC

Your mind is directed inward now. Reflecting on your personal life, and the overall direction you are headed in, is very likely now. Thoughts of the past and the choices you made are also prominent. Making a decision regarding your home or your family life is favored at this time.

Cer Sqr Asc

You may be concerned over your ability to take care of your family or career responsibilities. You feel you are being tested as to whether or not you can effectively manage your authority and status in these areas. You can encounter stressful situations and disputes with loved ones and co-workers who feel your interests are in other directions, while you perceive yourself as struggling to fulfill everyone else's needs. This will personally make you feel less secure or unloved during this unsettling, yet brief, period. One area you should not neglect is your own physical and emotional health. Find time to pamper yourself and take a break from the daily pressures you experience now.

Note that the precise timing of this astrological influence is very dependent on the exact birth time, so the dates given are accurate only if your birth time is very accurate.

Cer Oppos Ura

Circumstances now can bring about unexpected or upsetting experiences in the home environment. Changes or reversals of roles regarding family needs and caretaking are possible. Children, friends, and loved ones challenge the existing conditions, often breaking the status quo within the family. Rebellious behavior or criticism directed toward you leads to arguments and separations. This may be brought on by outside pressure from friends or peers, or by unanticipated events. For instance, a parent may suddenly find themselves being the sole provider or nurturer for the family unit. You may wish for closer family unity. However, conditions exist where you must find outside time for personal freedom. There may be problems in trusting your own intuition now, and, therefore, you have difficulty in choosing the best alternatives for dealing with these new changes in your environment.

Sat Trine Moo

Your daily routine and personal habits are very positive, healthy, and productive at this time. You are able to keep your house in order, accomplish all of your chores, and get your life in good working order. You are likely to make many minor repairs and improvements in your home, land, tools, etc. You catch up on general maintenance and tidy things up. You also find it relatively easy now to alter bad habits you may have, like a poor diet, smoking, indulgence in alcohol, etc. However, this astrological influence is not particularly motivating and you may be a little lethargic at this time (unless other astrological influences indicate otherwise).

Your life feels secure and you feel good about yourself. You feel comfortable with your current situation, and you are emotionally stable, calm, and contented. Your overall judgment and discrimination are good, and you are able to make wise decisions and provide good advice to others. You may decide to make a long-term investment for the benefit of your family at this time that will prove to be a sound, secure investment.

Ura Sxtil Mer

You are mentally alert, sharp, and on your toes during this time period. You will perform superbly in a debate or other mental task that requires quick thinking, fast response, and fluent expression of ideas. Writing comes easily now, so if you have some writing you need to do, now is a good time to do it.

Business negotiations and organizational meetings of any kind run very smoothly. You can expect an upbeat atmosphere with a willingness and readiness to act on progressive ideas.

Thursday, Oct 20, 2016

Mer Trine Mer

Conversations and sharing plans and ideas with others are very fruitful now. You understand what others are telling you, and you make yourself clearly understood

also. This is a favorable time for getting your message across to others via writing, speaking, or advertising.

Sun Sqr Ven

Your desire for love and affection, as well as beauty and pleasure, is strong now and you act on feelings and creative impulses more readily than usual. If you are not happy with some aspect of your personal life, these issues arise at this time and there may be disagreements or tension in a close relationship.

Friday, Oct 21, 2016

Cer Sqr Ven

At this time you may need to give your loved ones some room to breathe. Balance in your love relationships becomes necessary during this time period as you feel a desire to overindulge in your role as nurturer and show your eagerness to "take care of" another. You feel possessive of the people you love, as well as the objects and ideas you value. This emotional connection that you make with other people at this time is fraught with conflicts and disappointments as your behavior is regarded as suffocating and smothering. If possible, attempt to create a more equal sharing of love and nurturing in your partnerships.

Sun Conj Ura

You are excitable and restless today and may do something quite unexpected and out of character. Impatience with dreary routine and the desire for freedom and change may spur you to do something you normally consider adolescent or irresponsible. You are very insistent on your own "rights", needs and preferences at this time. An event that disrupts your accustomed schedule could also happen now.

Sun Sqr Asc

You may feel out of step with the people in your immediate environment now, not in harmony with the intentions and desires of those you work or live with.

Relationships, especially professional ones, can be tense, especially if you attempt to work your own will. This is not a time to force issues.

Saturday, Oct 22, 2016

Sat Oppos Sun

Frustrations in relationships, particularly with employers, government officials, or other authorities, make this a difficult time period. Your plans, ideals, and goals meet with opposition. Others express little interest in the issues that are important to you, making you feel alienated and frustrated. You may become profoundly discouraged and feel weary from the struggle. You may also develop a negative attitude towards society in general.

Your goals, values, and career decisions are thrown into question. Due to the obstacles you encounter, you are forced to objectively evaluate how worthwhile your

projects, plans, and values really are. You may need to come to the painful realization that some of your treasured ideals and attitudes towards religion, politics, and your own personal goals and objectives now need some adjusting. Organizations or agencies that you have had faith in may now exhibit weaknesses and inertia that you did not believe were possible.

You will need to let old and outworn beliefs and commitments that no longer serve a purpose die away, and you will need to persevere with the things that you want to continue. If you are willing to do this, the changes that occur now will be very beneficial to you, and you will later look back at this time as one that forced you to trim the fat from your life and make changes that enabled you to mature and grow in ways that you cannot foresee at this time.

Mar Oppos Sat

A sense of failure, self-doubt, or inability to effectively compete and assert your own will may typify this time period. Stifled anger and resentment over the frustrations and obstacles you confront now may further complicate matters. This is not a good time to begin a new venture, ask for a promotion, or try to expand your activities in any way. Patience and perseverance are required of you now. Be willing to wait. Your problems and inadequacies seem more real and insurmountable than they actually are, so try not to become too discouraged.

Mar Sqr Jup

You are highly ambitious, full of optimism and enthusiasm for new enterprises and plans. In fact, you may be foolishly overconfident and take on more challenges than you can really meet. You are inclined to take physical risks, gamble, speculate, and to act on faith and belief in yourself. This can, in fact, be a very productive time for you if you can keep your expectations within reasonable bounds. Beware of overexerting yourself.

Sunday, Oct 23, 2016

Mar Sqr MC

At this time your efforts to get ahead and advance your own interests are likely to be met with resistance or animosity. You seem overeager, pushy, inconsiderate, or too narrowly focused on your own objectives, so that you alienate the people who could help you. Try to do as much as you can on your own without trying to force others to agree with you or join you.

Ven Sxtil Plu

Your feelings for friends and your emotional responses to life in general are deeper and more intense. The need to share, to give and receive love, and to be accepted and wanted is very strong. You have an opportunity now to see what keeps you from being really close to others - perhaps a forgotten hurt or hidden resentment - and to rid yourself of it by bringing it out in the open or simply releasing it.

Mer Sqr Ven

You are more distressed than usual over any dissonance in your environment or personal relationships, and you are inclined to avoid serious discussions or real disagreements with others. Also, challenging mental work and concentration is difficult for you now.

Mer Conj Ura

Your mental processes are speeded up now. You grasp new concepts very easily, but you tend to be impatient with slower minds or the usual, predictable routine. Nervous restlessness, impulsive or erratic behavior or speech, rushing, or coming to a conclusion too quickly are likely at this time.

Mer Sqr Asc

You will be alert and on your toes now. The pace is likely to be fast, even hectic. You are restless and eager to meet others halfway, to converse, exchange information, and make connections. Nervousness or irritability due to aggravations and the stress of increased demands at work is possible.

Jun Sesqu Mar

During this period, it may be difficult to manage the intense feelings that you have about your marriage or intimate relationship. If you are feeling hostility, jealousy or impatience toward your mate, then you may initiate an argument to clear the air. If you are quite happy with the relationship, then you may simply desire more emotional, physical or sexual closeness to your partner at this time. However, if you are experiencing problems with a spouse or lover, they can become intensified now. You could sense that your loved one is interested in satisfying his or her desires in a way which is not pleasing to you. Sexual signals can get crossed, where one of you will want immediate gratification while the other is opting for a more tender and loving interchange.

If you begin a new love relationship at this time, tension can develop if you or your new mate is overly assertive or aggressive in pursuit of intimacy. There can be problems in understanding the difference between lust and affection. If the relationship is not providing you with excitement and/or moving along at a fast enough pace, then you may abandon it altogether in search of a new adventure.

Tuesday, Oct 25, 2016

Sat SSqr Ura

You encounter frustrations now that throw a wet blanket on your enthusiasm. You feel blocked and hemmed in. Your creative and original plans meet with opposition from conservative people, established rules, and societal norms. You are forced into finding new outlets for your creative ideas. You may have to abandon your approach to an activity and try a new angle.

If you have been breaking the law in any way, you are likely to get caught now,

whether it be for relatively minor offenses like driving faster than the speed limit or for more significant offenses like not fully reporting your taxes. Reckless behavior, such as drunken driving, is particularly likely to be squelched and disciplined at this time.

However, illegal activities are not the only ones blocked at this time. Unfortunately, the things that excite you the most and that may have the noblest and most virtuous qualities are also frustrated. However, don't give up on things that are important to you just because they meet obstacles at this time. You may need to draw upon all of the patience, will power, and determination that you can muster to meet the obstacles you face, but wise actions now will build a stable foundation for you and enable you to have greater freedom in the future.

The increased tension and stress that you experience now can be relieved through massage, stretching, or outdoor exercises. Maintain good health habits now as you can get very wired up and stressed.

Your romantic imagination is strong now. Dreams of an idealized "true love" or feelings of compassion and oneness with others emerge strongly at this time.

Your perception of people gets rather hazy; you tend to see them through rose-colored glasses. It is best not to make firm commitments at this time.

If you have creative or artistic inclinations, your work will blossom. You can come up with some really lovely, inspiring images.

Ven Trine Mar

You feel quite amorous and affectionate now and will very much want to share this time with someone you love or at least with congenial company. Your creative or artistic inclinations are also stimulated, and your work in these areas will be especially satisfying and successful at this time.

Thursday, Oct 27, 2016

Jup Sxtil Nep

You are able to share ideals and spiritual concerns with others in a very satisfying way at this time. If there is someone that you feel does not understand "where you are coming from", you may find that you are now able to effectively communicate whatever lofty, idealistic, or abstract ideas that are important to you. In doing this, you also become clearer about your own ideals and better understand those of others as well.

This is also a good time to relax and enjoy a good movie or other entertainment or take a trip to a beautiful, unusual, or inspiring place.

Friday, Oct 28, 2016

Ven Trine Moo

You are in a mood to relax and enjoy harmonious surroundings. Your family and friends are a source of particular pleasure and satisfaction, and you may wish to treat them or pamper them in some way. Jup Oppos Mar

A project or interest of yours comes to a critical culmination at this time. If you are employed, there is an excellent possibility of receiving a raise at this time. If you are self-employed, you may win a contract or a new opportunity may open up for you at this time.

This is an excellent time to gain more exposure for your personal work and creativity. Your work can bear fruit now. Contact with a business concern may help you distribute a product or creative work of yours. This may also be a time when you put the finishing touches on a project that you have been working on for some time.

You are enormously creative and energetic at this time. You may come up with a creative solution to achieving your career and personal goals at this time - a way to blend several of your interests in a new way.

This astrological influence is usually, but not necessarily, positive. The negative tendencies include the possibility of power struggles and competition with others who share the same professional goals and aspirations that you have. Another negative tendency is being overconfident and impatient, causing you to gamble on a venture whose rewards are not as great as you anticipated. Also, you may very strongly feel the influences given above but not be able to focus on a clear goal. This is particularly true if you have been unable to focus and dedicate yourself to any specific goals or projects during the last several years.

A fast pace, with many letters, phone calls, errands, meetings, or discussions, is on the agenda. You may feel mentally restless, impatient, and overly eager to get your own ideas across. Jun Trine Ven

This is a fortunate period in marriages or other intimate relationships. You enjoy being with your mate, sharing pleasures and social activities together. This can be a busy time with parties, weddings, births, engagements or showers to attend. If you live together, you may purchase items or furniture for the home. Your relationship feels loving, secure and balanced. A possibility exists for an increase in your joint finances. For instance, if you are married or sharing a domestic life together, one partner may improve their earning capacity or benefit in some other financial manner.

If you are unattached at this time, you have a strong desire to give and receive love. You will be concerned with looking your best and may even behave quite flirtatiously. A new relationship at this time will be romantic, loving and pleasing to you.

Tuesday, Nov 1, 2016

Ven Trine Jup

Emotional well-being and contentment characterize this time period. You feel quite relaxed and carefree, and this would be a splendid time for a vacation. Laziness, self-indulgence, and expecting everything to work out well with no effort on your part are negative possibilities now. You feel very lucky and you are likely to be lax or extravagant with your money. Material benefits are, indeed, likely at this time, but beware of being overly generous or depending too much on Lady Luck.

Ven Trine MC

Your friendly concern for others and your willingness to meet people half way benefits your career, reputation, or public image at this time. This is a favorable time to socialize with people you have professional ties with since the positive feelings you generate now are likely to be an aid to you in the future. Beautifying the place where you meet the public and an increased concern about your own physical appearance are also brought out now.

Wednesday, Nov 2, 2016

Jun Trine Asc

You receive greater satisfaction from spending time with your marriage partner or mate. There is a better understanding of your own personal needs in the relationship and this is a good time to let your partner know how they can help you along this path. This can be a beneficial or lucky time for your relationship and your mate may play a significant role in providing you with opportunities to fully express yourself and feel at ease in the partnership. Committed relationships can grow in both love and mutual understanding under this astrological influence.

Rebelliousness, recklessness, impatience, a sudden burst of anger or your need to break free from rules and restrictions may create a lot of disruption in your life right now. Also, you can't seem to settle down or focus on one task for any length of time. Though you are unusually energetic, it is hard for you to get anything done. You tend to fly off the handle and to scatter your forces. You are happiest now when you do something creative and daring, and that doesn't require cooperating or conforming to others' wishes and needs.

Mar Oppos Asc

Your relationships have a very competitive, aggressive quality at this time, and conflicts over power and dominance may erupt. You won't compromise yourself to please anyone. Disputes in your marriage or other close partnerships are likely. On the other hand, you may begin a relationship now, boldly taking the initiative to pursue someone you want to be with. You will come on strong to this person, but he

You have the self-control and discipline to apply yourself to tasks that you may have been avoiding. You want to put your affairs in order and have a greater tolerance for tedium than usual. This is a good time to tackle mundane chores and practical business.

You express good will more openly than usual now. You are eager to lend a helping hand and are very generous. More than likely, you will make charitable donations or spend time helping someone who can use your assistance.

You find it very easy to overlook traits in others that irritate you at other times. Your helpful, cheerful attitude hits a harmonious chord with others, and you find that friends and acquaintances reciprocate with help and assistance. This is a time when you are able to effectively communicate because you are able to express positive feelings effectively and empathize with others.

Your increased sense of good will and helpfulness also causes you to feel upset about cruelty, neglect, and indifference on the part of others. You may find yourself becoming very outspoken about human rights issues and the needs of the disadvantaged. You may also become angry or fed up with any family member who fails to demonstrate warmth and consideration for other family members.

This is a time for getting a little loose and wild with friends, going dancing, or doing something out of the ordinary that is stimulating and fun. You are very congenial and cooperative now and more interested in the similarities than in the differences between yourself and others. This is a very good time to let

Communications are excellent now. You come across clearly and present yourself articulately. Public speaking, interviews, and other transactions with the public are favored. Conversations you have at this time go smoothly, and an agreement can be reached.

Now is the time to unwind, relax, and enjoy yourself. This is a good time to travel or vacation. Even if you do not vacation at this time, you are likely to find that you enjoy life more. Life is less stressful, and you are much less annoyed by inconveniences or difficult personalities than you usually are.

You take a more relaxed and creative approach to life now, and you are likely to take the time to enjoy a hobby or activity that you have not made enough room for in your life. Let this inclination grow and develop during this time period and, most importantly, see if you can sustain it after this astrological influence is over.

There is quite a bit of static on the line, metaphorically and quite possibly literally as well. You also find that the way others talk or try to convey their ideas is grating and just goes against your grain. Try not to let their minor irritations get blown out of proportion. Most likely it is style rather than substantive disagreements which cause tension now.

Hidden passions, fears, jealousies, longings, desires, or needs surface in you now and can stir up trouble in your closest relationships. You are prone to be compulsive or demanding in a close relationship, to be emotionally driven and to force things to a head in some emotionally-laden situation. Positively, a relationship can be deepened and reborn now, given new life by your willingness to reveal yourself completely to your loved one.

A short trip, or at least a lot of activity and movement, is very likely now. A significant conversation, learning from another person, and getting your own ideas and perceptions across to others is also likely. You may hear from someone who has important information for you or feel a pressing need to write or call someone else in order to bring some matter in the open. Communications of all kinds play an important role in your life now.

This is not a period when you feel like pushing your own interests or one in which you are especially energetic. Other people's concerns and needs receive more attention from you now, and you are more motivated to do something which serves others, perhaps a group you are affiliated with. Cooperating with others for some idealistic purpose is very satisfying for you at this time.

Ven Sqr Moo

The craving for sweetness and comfort in the form of loving affection or food is strong now. This is a good time to baby yourself and also to spend time with the people who love and appreciate you the most. Also, you are feeling rather tender and softhearted and may do something "maternal" on impulse (such as take home a stray kitten, offer to babysit, buy a gift for your family, etc.).

Mar Sxtil Mar

You are capable of forceful, decisive action, and you have the will to carry through on your intentions at this time. Physically, you feel good and your energy is flowing smoothly. Also, your interactions with others are feisty and spirited. You inspire others to take action, and group efforts or joint projects are favored.

Pal Trine Mer

Personal and creative projects are likely to be profitable during this time. You must assert yourself and use your innate talents to receive the rewards or benefits of these efforts. A relative or associate may suggest a joint business venture or new idea which may prove to be successful for you. On the other hand, you may feel like leaving your comfortable and serene surroundings and enjoying a spontaneous vacation or weekend adventure.

This is also a good time to visit with family, relatives, and siblings where there can be a lively exchange of ideas and communications.

Mer Trine Jup

This is a good time to travel, especially to places you've never experienced before, where you will be exposed to new ideas and different ways of looking at the world. Studying new concepts is also favored; your ability to understand abstract ideas and your desire to grow intellectually is strong now. Anything that broadens your world appeals to you at this time. You are interested in the big picture and have less attention and interest in details.

Mer Trine MC

At this time you put extra energy into thinking about and organizing your work and professional life. Decisions you make at this time are likely to work out well, as you are clear and objective. Gathering information regarding your career or long-range goals is also favored.

Intimate relationships can undergo a rebirth or renewal at this time. You can experience opportunities to enrich and enhance your marriage or love relationship as deep emotional feelings and intense commitment to your partner surface. It is easier to give your love physical and emotional expression, which will further bind the two of you together. Whether you are married to your mate or not, you will find yourself absorbed and deeply concerned with the relationship. A casual interaction will not appeal to you, as you are searching for an all-consuming involvement which highlights greater feelings of devotion, love and passion.

Ven Oppos Sat

Conflicts between duty and pleasure, or between sober practicality and a yearning for love and emotional satisfaction, are likely now. This can be a very frustrating time, and you are likely to feel quite alone, emotionally aloof, or withdrawn.

A relationship may end or a temporary break may be made. This is a time to relinquish something or someone you once cherished but which no longer has a positive purpose in your life.

Ven Sqr Jup

This is a time when it is difficult to stay within a budget or on a diet, as your tendency is to splurge on beautiful things and to enjoy yourself as much as possible. You want comfort and ease and have luxurious tastes. Quality is especially important to you right now. Also, you want to share whatever good fortune you have. You need company and happy fellowship. It's a good time for a party, as long as you don't overdo it.

Mar Sxtil Moo

You easily become fired up emotionally at this time, especially about people, places, or causes you have a strong attachment to from the past, such as your alma mater or your home town. You care more passionately and respond instinctively and emotionally to whatever happens to you at this time. Also, you are energized and invigorated now and eager to be involved in projects that benefit your children, family, or home.

Ven Sqr MC

The desire to socialize, to be friendly, or loved may interfere with getting work done or acting in a professional manner. Scheduling time for recreation or to attend to a relationship is a good idea now.

Mar Trine Sun

Your vitality and self-confidence are high, and you can achieve your goals with much more ease than usual. You enjoy vigorous physical activities, competitive work or sports, and meeting challenges. You are inclined to strike out on your own and to assert your own will, but not in a way that creates resistance in others.

Mer Oppos Mer

Exchanging information, ideas, and opinions plays an important role in your life now. A significant conversation with someone who has a very different attitude or perspective than your own is likely. Try to be receptive and learn as much as you can from others at this time. Also, mental curiosity or restlessness impels you to get out and about, perhaps take a short trip or visit.

Sat Trine Jup

This is a positive and fortunate time for business pursuits and career goals. Your goals and ambitions are molded into concrete reality at this time, and you have a vehicle for reaching your destination. Assistance can take many forms, such as a pianist finally obtaining a new, better piano to replace the old one, an artist or craftsman moving into a house that provides a better studio or workshop, or an enterprising business person landing a contract to undertake a major project. In one way or another, this is a time when you find ways to implement your dreams. The benefits do not come to you on a silver platter. It is up to you to use the tools and materials that are made available to you. Now you have the chance to do more and advance. Take full advantage of the opportunity and apply yourself energetically. You can carve out a much better life for yourself at this time.

You will feel the desire to make several minor, but significant, adjustments in your work. For example, if you are engaged in a business activity, you may discontinue some advertising, use new sources for various services that you use, assign new tasks to employees, change advertising to appeal to a new market, make changes in the product line, etc. The worst mistake you can make at this time is to procrastinate

and not act on your ideas! At this time you have an excellent sense of balance and proportion, of how to efficiently meet goals and objectives, and you should utilize this sensitivity to improve upon existing situations.

These qualities are evident in your personal life as well. You are likely to clean out your closets, reorganize, and also discover new opportunities for growth and enrichment. You may find a business or agency that is interested in a hobby of yours, or a group of people may express interest in an area that you have a lot of experience with. Do not let opportunities pass you by. This is a harmonious and pleasant time for you, and one which can also bring some especially nice opportunities to you.

You may decide to change the decor of your home, or you may attend a musical or artistic event that exposes you to new styles that are different from your customary tastes. Communications with family and friends can be strained at this time, as you try to clear up points of confusion. This is a good time to get a new perspective on your relationships and your life style, but do not force yourself to make important decisions now while you are not completely comfortable with any of the alternatives.

Mer Sxtil Ura

You will want a break from the predictability of your usual routine and methods. You're in the mood to experiment and to learn something new. Offbeat or original ideas excite you and you will seek people who can offer you a different way of looking at things. Discovery, inventiveness, and spontaneity are major themes now.

Sun Conj Nep

You feel more lackadaisical now, less focused on mundane tasks, and possibly less energetic as well. Your imagination and fantasy life is very active and you can dream up some very creative ideas. Negatively, you tend to dissipate your energy or to avoid the real world.

Sat Trine MC

Solid and steady progress in achieving career goals is highlighted now. If you are not happy with the kind of work you do, then investigate the possibilities of a change in your assigned duties at this time. If you are happy with the kind of work you do and you perform your job well, it is very likely that you will receive a promotion now.

Do not seek out opportunities that require skills that you do not possess because this astrological influence does not bring completely unexpected benefits. The progress you make now is based on the skills and talents that you have developed.

You are very clear about what your career goals are at this time. You are able to make wise, practical decisions that bring you up a step in your pursuits. It is unlikely that you will make radical changes in your career at this time; you will build upon whatever progress you have made in the past and take an important step forward.

People of stature and importance assist you now in achieving your career goals. You may receive recognition or a promotion that cements your job position and offers increased stability and job security.

If improvements in your career do not seem to be very significant but you feel strongly that there are changes you can make that will significantly improve the situation, then act on these thoughts and feelings. Don't sit back and wait if you can see what needs to be done. This astrological influence is helpful but not particularly motivating, and you may fail to take advantage of the opportunities due to inertia.

Note that the precise timing of this astrological influence is very dependent on the exact birth time, so the dates given are accurate only if your birth time is very accurate.

Doors open and new opportunities for personal and professional growth present themselves. Any initiative or action you feel inclined to take at this time is likely to lead to a positive outcome for you. Partnerships or joining with others for mutual benefit is favored. Your energy level is high; this is a good time for athletics, especially team sports.

Mar Sxtil MC

Working energetically with a clear objective in mind, advancing your own professional goals, and enlisting others' support for your projects by acting as a leader are key issues now. Dreams, wishes, and fantasies about love are strong now, and you may be infatuated with someone you meet at this time, only to be disappointed later when you discover this person does not fulfill all of your expectations. The artist in you emerges, and your creations please and inspire you.

Jup Sqr Sat

Significant changes and opportunities face you at this time but making the correct decision about what to do is not easy. This is a period of critical decisions and transition. A major change in your life can occur now (new job, relocating, ending a long-term relationship or beginning a new one, etc.). In fact, it is not unusual for several important changes of this nature to be occurring. Unfortunately, you find it difficult to decide whether to go along with the new opportunities or even push harder to make changes occur, or whether to try to maintain the old, familiar life style, routines, and surroundings.

One side of you is impatient to make some major changes. You are tired of the same old routine and life style. You want to break free and get things really moving. You feel there is much more to life, and you are not growing and living as fully as you ought to be. The other side of you is wary of the changes; they may just be pipe dreams and simply lead to considerable stress and disappointment. Underlying all this is the nagging question of what you really value and whether the new opportunities are more worthwhile than your current involvements. Unfortunately, no one can make the decisions for you, and you have to sort things out for yourself.

Clearly, YOU MUST MAKE SOME CHANGES. Letting things remain as they are will lead to stagnation. On the other hand, you must be careful that the changes you make will bring the THINGS THAT YOU REALLY WANT. For example, if you accept a new job only because it brings more money, but you must sacrifice other benefits of your current life style, then you may find afterward that the increase in income was not worth the sacrifices. If you are not honest with yourself or if you place too much value on things that are really of secondary importance, then you will make the wrong decision.

Another problem for you now is how to meet all of your obligations while having time to do the things you want. Your responsibilities are probably similar to those of most people: to family members, to pay the bills, etc. At this critical time you can find new

ways to meet these obligations while allowing yourself more time to do the things you want to do. At the least, you will find that you can rearrange your life and make some significant changes in your daily routine, which are big steps towards leading a more fulfilling life. You may also decide that a more radical change in life style is warranted (new job, relocation, etc.). It is up to you to decide what is really important and how to best balance all aspects of your life. If you are creative, honest with yourself, and willing to go through some adjustments, you will come out much better when this astrological influence is over.

Underlying the changes in your life and the decisions you must make is a change in your values and attitudes towards life. You are now able to see your life from a broader perspective and you seek greater meaningfulness in your life.

Jup Oppos Jup

During this time period you may take a trip to visit old friends, attend a large gathering, or vacation. You are in an expansive, somewhat adventurous mood. This is a good time to get away from your usual daily activities. Getting away helps you take stock of your life in general and the overall course of your life.

Sun Trine Moo

At this time you enjoy emotional satisfaction and harmony in your home life. Relationships with women run smoothly. This is a time to get others' opinions and feedback about yourself and what you are doing. You may overlook any negative behavior or actions of your mate or spouse during this time. There is a likelihood that you will put your partner's needs and happiness

before your own, and will sacrifice anything for the sake of harmony. Even if you are a strong and forceful individual, at this time you are more easily influenced by your mate and you see them in the most "perfect" light. In fact, you will see only what you choose to see, and not necessarily the real person. But even in the best of relationships, at the moment your partner may unwittingly take advantage of your considerate and compassionate nature. There may not be any great harm to your relationship, only a slight disappointment when you get your feet back on the ground.

You are impulsively affectionate and flirtatious at this time, and you feel quite restless if you are in a stable, predictable relationship that offers little excitement. You may be highly attracted to someone new, simply because of the novelty and possibilities for adventure. Also, your friends or love partner may behave in unexpected ways. Flexibility and open-mindedness in your relationships is called for now.

Feelings of closeness with good friends also helps you to feel grateful and happy about the place and circumstances of your life. This is a time of inner growth and fulfillment. Marriage and intimate love relationships are happy, playful and very loving. There is an emphasis on adventure, travel or an urge to get away from daily routines. You tend to overdo everything you do together, for example, extravagant spending, clowning around with each other, or dreaming up big plans for your relationship. If you take a gamble on having some fun with your companion, it will be very beneficial to do so now, as this period ensures luck, cheerfulness and the opportunity to grow together as a successful couple.

What you have to offer or want to do doesn't mesh well with what seems to be necessary. While not a full blown crisis, it is a time of strain and tension, which can be somewhat debilitating to your health. A partial retreat in order not to deplete yourself and your strength is beneficial right now. You may be upstaged by other people or events which occur now.

You are inclined to be aggressive and hot-tempered now, particularly when your will is blocked. Your pushiness or competitive attitude is likely to create antagonism, hostility, and further resistance to your efforts. It is best to work alone rather than try to cooperate or coordinate your efforts with anyone at this time. Also, you are impatient and tend to behave in an impulsive, irritable way which makes you more prone to accidents during this period.

Rebelliousness, recklessness, impatience, a sudden burst of anger or your need to break free from rules and restrictions may create a lot of disruption in your life right now. Also, you can't seem to settle down or focus on one task for any length of time. Though you are unusually energetic, it is hard for you to get anything done. You tend to fly off the handle and to scatter your forces. You are happiest now when you do something creative and daring, and that doesn't require cooperating or conforming to others' wishes and needs.

It may seem that circumstances, other people, or the whole world is against you today! You feel overwhelmed by demands, outside pressures, or your responsibilities and you are looking at your life with serious doubt or pessimism. Others don't seem to help, even if they try to; solitary activity or reflection is called for now.

Sun Sqr Jup

You are optimistic and possibly extravagant now. You are less cautious than usual, feeling that nothing can possibly go wrong. If you are inclined to overindulge, overspend, or go to excesses in any manner, this tendency is exaggerated at this time.

However, you also aim higher than usual and a very promising opportunity or contact can also occur.

Sun Sqr MC

You are at cross purposes with the people in your environment who are most able to benefit you. You tend to come on too strong, to be oblivious to others' needs and intentions, or to act inappropriately now. You feel an urgency to take positive steps to achieve your goals, but be certain that you are not overstepping yourself, as this can cause considerable enmity at this time.

Avoid attempting communications with large numbers of people at this time, as the response will be disappointingly small. Public speaking, mass media communications, and advertising are all very ineffective at this time. Your ideas do not project well at this time, and they meet with obstacles. You are able to solidify an agreement with someone only if all the details have already been worked out and you are really just making the agreement official. But proposals and discussions on more enterprising issues and ideas are likely to be met with indifference and disinterest.

Criticism from friends, family members, critics, and authorities at this time may be unfair, and you can become extremely discouraged by the lack of support and interest in your work and ideas. Try to maintain a positive attitude, extract what is accurate and useful from the criticism, and keep working on your plan which you can present again later at a more favorable time. Maintain a sense of humor and don't give up on the things that are important to you.

Channels of communication with a mate or spouse can be blocked at this time. During this period, you may find it difficult to share your ideas and opinions with your marriage partner or other loved one. Even if there is a strong bond of love in your partnership, you may hold back in expressing your thoughts and feelings because you are afraid your mate will react with criticism or coldness. Misunderstandings or a breakdown in communication with your mate is likely at this time. If you speak to your loved one with courtesy and fairness now, then you should be able to experience less serious disagreements. On another level entirely, there may be concerns over your partner's health or work. Interference from brothers, sisters or other relatives can cause additional disturbances in your

marriage or love relationship.

During this period, if you are not seriously involved in a love relationship, you may meet someone who is restless, flaky, or changeable. Or a new relationship may have trouble getting off the ground because of too much superficial communication between you. In either case, there may be obvious differences of opinion and expectations that need to be addressed.

Plu Oppos Sat

This is a difficult time period when unexpected demands and responsibilities arise. It seems as if every weak link in your life decides to break now! New obligations are likely to arise both in your personal life and your work. You may find that a family member develops a physical or psychological problem, and you are the best person to assist. Problems with your car and other mechanical devices may also arise. Even if no new problems and responsibilities arise, you will find that you cannot open new doors now. If you have been hoping for a promotion, salary increase, better employment, a new home, a long vacation, or other release from the daily chores and limitations of your current life, you are likely to be disappointed. Expansion is very difficult at this time. This is the time to focus on basics; you must take care of the things in your immediate environment that now need attention.

Unfortunately, the outer problems that you face are not likely to be easier than the inner turmoil and confusion that arises! Deeply rooted anxieties and fears surface now. Feelings of inadequacy, guilt, and regret are very likely. Your faith in yourself is tested. If you feel that you have been insincere or vain about something, or that you have made poor decisions, then you must have the inner strength to recognize these problems and start fresh. Avoid the tendency to wallow in feelings of despair and hopelessness.

A good way to prepare for this time period is to make your life as stable and secure as possible. For example, by having all debts and loans paid off, you are less vulnerable if your income decreases. If you are employed in a position that provides a high level of job security (for example, many government jobs are very stable and secure), then it is probably best to stay in this position rather than switch to employment that involves great risk.

Although this time period is difficult and challenging, it does point out to you what things are really important to you. For example, many people discover that they have placed too much importance on material possessions or their personal ambitions, and realize that their personal relationships, family, and health are far more important. Superficialities and distractions are cut out of your life, and you are faced with dealing with the basics. You can now build your life on a stronger, more sincere, more mature foundation. If something dear to you is threatened (your health, a personal relationship, etc.), then you can now focus attention on this neglected part of your life. Note also that failings and problems may arise in areas that you have not obviously been neglecting, due to the deep karmic energies that are at work now; you may even find yourself saying that "it isn't fair" that you face certain problems now. Whether it is fair or not, you must do your best to improve them!

You will be exposed to new ideas and information during this time period. You are likely to be introduced to a subject area that you have little previous experience with. The information greatly expands your breadth of knowledge and is very beneficial to you.

New ideas are likely to come to you via a number of different methods - classes, books, and discussions. You should take advantage of these opportunities to expand your mental horizons. You have the option to refuse the opportunity, but you would be foolish to do so as you will learn a great deal and it will be very enjoyable as well.

You are receptive to new ideas at this time, and you also are able to see your life in a clear light. This is a good time to take stock of the general direction of your life and career and make decisions regarding any needed adjustments.

Plu Sqr Jup

You feel claustrophobic now. Your situation seems too limiting and confining and you want to break free from the obstacles and responsibilities that keep you tied to your current life style. You certainly need to spread your wings now, but be wary of taking major risks and gambling on a venture that promises you prosperity, freedom, and adventure. Because you want more freedom so much, you are willing to believe in a get-rich-quick scheme and take big risks. Don't be foolish! This is a time when you can foolishly squander your resources and give up on things that you later wish you could have back again. On the other hand, you must also find ways to expand your horizons and grow into a larger sphere of activity and friends than you currently are

involved in. If you fail to find some new doors to open now, you will become extremely restless and discontented.

This is an excellent time to travel and meet new people, explore alternative cultures and life styles, pursue experiences that broaden your perception and view of life. Most importantly, this is a time when your attitude towards yourself changes. Rather than limiting yourself by saying "I can't dance very well", or "I am not good with numbers" or "I can't afford what I want", you are able to change your "I can't" attitude to an "I can" attitude. You now can clearly see ways in which you limit your opportunities and growth by focusing on narrow, limited approaches. You may discover that you have been taking the long route to your career goals and there are much shorter routes. For example, you may decide to increase your education rather than struggle along with your current qualifications, or you may realize that opportunities are much better in another part of the country or even in a foreign country and you need not struggle in your present situation. In various ways you are opened up to a larger view of your life and the opportunities that are available to you. Be careful about making firm decisions now, however, because you tend to be overly optimistic, overlook details, and take risks that are not warranted. This is an excellent time to explore alternatives, but only act on your new ideas and discoveries after investigating them thoroughly.

Ves Conj Asc

Your personal energy and effort may be focused on your work during this period. You might labor intensely on projects and assignments that are important to you. Since your attention is mostly aimed at fulfilling your own needs and ideas, you may inadvertently cause some discord and unfriendliness in your personal life. It is essential to balance your strong commitment to work with your loyalty to the intimate and long-standing relationships in your life. Although you may resist interference from others, you will achieve greater satisfaction and accomplish more work if you have the support and concern of your loved ones.

Unforeseen situations may suddenly bring changes or disturb your work or professional duties. Greater responsibility or working unusual or long hours is possible, especially if you are involved in the process of the planning, organization and restructuring of your place of employment. It may be best to work alone at this time, distancing yourself from chaotic conditions in order to concentrate on original and inventive ways to handle problems and target new and purposeful solutions. You may feel an urgent need to move ahead and in the process will discard work which is not functional or useful to your future directions and goals. On the other hand, this period can bring about zealous involvement with humanitarian or social organizations. Whether you are focused on a special cause or a work project, you should avoid alienating loved ones and important people in your personal life at this

time.

Ven Sqr Sun

Your desire for pleasure, ease, and affection is brought to the fore and may interfere with work or complicated situations in which you need to be acting assertively and on your own behalf. Flexibility and open-mindedness in your relationships is called for now.

You may strive to keep peaceful and friendly relations in your work environment, even if it requires sacrifice or compromise on your part. Since you feel more devoted to proving your self-worth to your supervisor or peers, you may be looked upon as a dependable and trustworthy employee. Material security is also important to you and a good deal of your attention may be focused on increasing your earning capacity or improving your financial earnings in your line of business. You can also demonstrate great skill in your creative endeavors, especially if your vocation is in the artistic or musical field. If there are conflicts with an important love interest or marriage partner, you might sacrifice work interests and resign yourself to dedicating your energy and effort into accommodating the needs of the relationship.

Mar Sqr Mer

Verbal battles, disputes, and heated debates are very likely at this time because you speak your mind without much forethought, tact, or consideration of consequences. Right now you will say the things you usually only think, especially to people you disagree with. Unless you slow your pace down a bit, this time period can be quite a headache.

This can be caused by decisions and changes made by higher-ups where you work. You are required to make adjustments that have the potential to release your old ideas, creative planning and insights, or to transform them into new directions. Your thoughts can be preoccupied with issues regarding income, joint finances, taxes, insurance, death or matters related to sexuality.

This is an excellent time to make decisions about your financial affairs, as your judgment is sound and reliable, though a bit conservative. Investing in beautiful things which are likely to increase in value over time (such as jewelry or fine art) is favored. You are not interested in fleeting excitement or frivolity now. Spending "quality time" with an old and trusted friend or enjoying the company of an experienced, mature person who has much of substance to give you will make you happy.

It is impossible for you to be content with superficial answers now, and you are impatient with people who avoid looking candidly and honestly at root causes and hidden reasons for any problem or situation. Some change in attitude towards your ideals and spiritual values occurs now. Right now you are more magnetic and sexually attractive, and your love life is likely to be both harmonious and satisfying. Your career and overall direction in life reach a critical turning point now. You feel the need to pursue the things that you love and instinctively find appealing rather than do what is practical, marketable, secure, or logically correct. If your job does not express your deeper talents and interests, you may make a job change now, or you may become more intensely involved with a hobby that is more personally rewarding and motivating than your job. This is a time of questioning your basic values and overall orientation to life. This is a critical time when you must make any necessary changes to get your life on track with your inner feelings and instincts, even if some sacrifices must be made. You may, for example, decide to accept a lower salary in order to pursue an area that is more meaningful and exciting to you. However, do not become fanatical and stubbornly follow your inner instincts when common sense tells you that your pursuit is foolhardy and impractical. The important

key now is to become aware of your inner purpose and sense of mission. Develop a realistic plan for achieving the things that are really important to you. Also, avoid the tendency to become pushy, domineering, and fanatically one-tracked in pursuit of your personal goals.

Note that the precise timing of this astrological influence is very dependent on the exact birth time, so the dates given are accurate only if your birth time is very accurate.

At this time you may need to give your loved ones some room to breathe. Balance in your love relationships becomes necessary during this time period as you feel a desire to overindulge in your role as nurturer and show your eagerness to "take care of" another. You feel possessive of the people you love, as well as the objects and ideas you value. This emotional connection that you make with other people at this time is fraught with conflicts and disappointments as your behavior is regarded as suffocating and smothering. If possible, attempt to create a more equal sharing of love and nurturing in your partnerships.

You are likely to distance yourself from others now, feeling the need to withdraw and reflect. Your thoughts are inclined to be heavy, critical, and pessimistic at this time, so it would be good to realize that you are only seeing part of the picture and perhaps seek the advice of an older, experienced person who has passed through some of the challenges you face. This can also be a time of leaving, separating from friends, and choosing a new way.

Mer Sqr Jup

Your mind is on bigger issues and long-range plans. You are optimistic and enthusiastic about your ideas, but disinclined to read the fine print or study all the facts, which can result in an error in judgment. Try not to be lax about important details.

This is a time for you to speak out about your thoughts or concerns regarding your work or professional matters. Communication with your superiors or with people in authority who are in a position to consider and act on your ideas comes to the fore now.

Today you feel less competitive and ambitious about practical and mundane matters. The world of imagination, fantasy, art, music, or mysticism is very appealing to you now, and if you have talent in any of these areas, this can be a creative and fruitful time for you. However, the negative possibilities for you now are being undisciplined,

slack, indefinite, or wasting time and energy.

Sun Sxtil Mar

Your vitality and courage are strong now and you are eager to meet challenges. You can accomplish a great deal of work, especially if it involves physical effort. If you are active in sports, you will be especially competitive and vigorous now. Self-confidence is high.

Jun Sxtil Ura

Love or marital relationships may be given a breath of fresh air at this time. You are not inclined to be possessive or jealous now in your marriage or love relationship and you certainly do not want your partner to behave in this manner toward you. You seek ways to bring spontaneity and newness into the partnership and avoid situations which are uninteresting and boring. Your hope is that your partner will allow you enough space and give you the opportunity for independence and self-expression. Although this is only a temporary phase, it may stimulate you to release your insecurities and break down the rigid structures of the past, allowing the relationship to renew itself later on a more solid and equal ground.

If you are not committed to someone or married, this period does not point to a permanent partnership. However, you may have an opportunity to meet someone who inspires, excites and interests you at the present time.

Circumstances now can bring about unexpected or upsetting experiences in the home environment. Changes or reversals of roles regarding family needs and caretaking are possible. Children, friends, and loved ones challenge the existing conditions, often breaking the status quo within the family. Rebellious behavior or criticism directed toward you leads to arguments and separations. This may be brought on by outside pressure from friends or peers, or by unanticipated events. For instance, a parent may suddenly find themselves being the sole provider or nurturer for the family unit. You may wish for closer family unity. However, conditions exist where you must find outside time for personal freedom. There may be problems in trusting your own intuition now, and, therefore, you have difficulty in choosing the best alternatives for dealing with these new changes in your environment.

Pal Sqr Nep

In the course of your daily activities, you may retreat from work and practical responsibilities, tending to fantasize and distort reality. Although you are inspired by fascinating dreams, they can be illogical, unrealistic and illusive. You need to carefully evaluate your communications with others, as they may involve deceit, misunderstandings or underhanded schemes. You can be the victim or perpetrator of unscrupulous activities. Make sure you safeguard your creative designs and

achievements during this vulnerable period.

Cer Sqr Asc

You may be concerned over your ability to take care of your family or career responsibilities. You feel you are being tested as to whether or not you can effectively manage your authority and status in these areas. You can encounter stressful situations and disputes with loved ones and co-workers who feel your interests are in other directions, while you perceive yourself as struggling to fulfill everyone else's needs. This will personally make you feel less secure or unloved during this unsettling, yet brief, period. One area you should not neglect is your own physical and emotional health. Find time to pamper yourself and take a break from the daily pressures you experience now.

Note that the precise timing of this astrological influence is very dependent on the exact birth time, so the dates given are accurate only if your birth time is very accurate.

Chi Sqr Mer

You may be easily offended and hurt by a misunderstanding which arises during this time. Problems can occur because you are unable to communicate in a way that harmonizes with others now. Your thoughts and ideas may be confusing or off the beaten track, resulting in verbal arguments or disapproval from those in your environment. As a result, antagonism or intimidation can occur or true communication may be withheld. Also, your thinking is subject to fluctuations and, therefore, you may use subtle tactics to get your point across or to safeguard your position, such as sarcastic humor, put downs, or wounding remarks. Unfortunately, you may not realize that you are putting people on the defensive and in turn only hurting yourself. If you can use this time to express your thoughts in a way which acknowledges the sensitivities of others, there can be an honest interchange or communication which still allows you to disclose what is actually on your mind.

You are more humble, receptive, and less aggressive in your work now. Others are more willing to give you advice and criticism because you are not as rigid and defensive as usual. Even if you normally are very tolerant and open to suggestions, you will still find that at this time you are able to get along better with co-workers and colleagues. In addition to being less aggressive, you are also more sensitive to the needs of others and you reach out to help others more readily. This is a positive time period when you are very cooperative and sensitive to the needs of others. You may also engage in some specific altruistic or charitable work as well at this time.

Rather than focusing on the strictly personally rewarding aspects of your work (for example, your income, amount of vacation time, and other amenities), you are more sensitive to the value of your service as a contribution to society. You may read books, talk to others, or have other experiences that broaden your awareness of how your work plays an integral part in meeting the needs of society. This is an excellent time to make changes in your work methods and approaches, so that customers, clients, and other recipients of your work are better served. Your personal aims can be thwarted or can prove frustrating to you at this time. You might set your sights on a goal or direction now but are not viewing the situation with clear perception. Analytical and reasoning abilities are not as sharp as usual. Beginning a new creative project or seeking employment is not favorable at this time, as others may reject your intentions and objectives. You may have to fend for yourself and rely on your inner resources to accomplish your goals. This is a confusing period in close relationships, as your viewpoint and natural expression may not be pleasing to your partner. You might withdraw mentally or unconsciously from your mate and create emotional distance between the two of you.

Sun Trine Mer

If you are a writer, teacher or student or are involved in any intellectual work, this is a positive time for you: ideas flow and it is easier than usual to express your thoughts. Also, this is a good time for buying, selling, negotiating, and communications of all kinds.

Mar Trine Nep

You do not feel very sharp, competitive, or aggressive at this time. Feelings of relaxation, receptivity, passivity, or aimlessness are likely and you tend to avoid stressful confrontations or situations that demand too much of you. Goals and desires that normally seem so important - especially ones in which you are pushing your own interests - do not matter quite as much now. Your imagination is stimulated, and you need activities and entertainments that are colorful, out of the ordinary, and definitely not mundane.

Saturday, Feb 11, 2017

Mar Conj Mar

Your desire to make a fresh start, to take the initiative and strike out on your own, is a powerful drive right now. Your physical energy, will, and courage are intensified. Unless you channel your abundant energy into decisive action or vigorous work, accidents, anger, and irritability are likely at this time.

Mer Trine Plu

There is great depth to your conversations. You find yourself revealing secrets or very private matters, and also asking very penetrating questions of others. Superficial answers don't satisfy you now. This is an excellent time to investigate a complex problem or mystery, look for something that has been lost or hidden, and also to learn more about your own inner depths.

Sunday, Feb 12, 2017

Ven Oppos Plu

An intense emotional or sexual attraction, a very revealing, intimate encounter, or a powerful desire to be close to and share your deepest feelings with someone is very likely now. Emotions and issues in a close relationship that have been brewing beneath the surface for quite awhile come to the surface at this time, possibly in a very disruptive way. All of your relationships intensify and you need to be aware of your tendency to act in a rather compulsive, demanding way towards others.

Monday, Feb 13, 2017

Mer Sxtil Nep

Your ability to concentrate on mundane concerns and problems diminishes now. The world of imagination, fantasy, entertainment, or art holds more attraction for you. Go to a movie with a friend (or write your own!). Also, your psychic sensitivity and intuition are heightened at this time. You are more impressionable and open, but somewhat less precise and clear mentally.

Tuesday, Feb 14, 2017

Mer Sxtil Mar

You are verbally assertive and can present your own plan or idea quite convincingly.

Mar Conj Moo

At this time you are more temperamental, impassioned, and inclined to act on the dictates of emotion and desire rather than reason. Minor annoyances and others' idiosyncrasies aggravate you more than usual. You are in a fighting mood. Your relationships with your family and the women you are closest to are likely to be stormy.

Mar Sxtil Sun

Your physical drive and energy level are high now, and you can accomplish a great deal fairly easily. You are inclined to take the initiative or to strike out on your own, and you are likely to be successful at what you attempt at this time. Mer Sxtil Moo

You feel inclined to speak to others about your innermost feelings, your past, and other personal subjects, which builds closeness and trust in your relationships, especially with women. You are also a sympathetic listener, drawing out others' feelings and personal experiences.

You may hear from someone from the past or reach out to someone you have a long history with or who was once very important in your life.

Mer Trine Sun

You are very clear and perceptive now. It's a good time to make a decision or come to an agreement, negotiate, exchange your views with others, or present your case. You have a low tolerance for boredom and following rules today and you make some creative changes and discoveries, experiment with new possibilities, or invent a new way of doing things.

You don't want to follow anybody else's lead at this time, but fortunately you are able find ways to be yourself and even be a little "crazy" without offending or upsetting others. This is a dynamic and exciting period. Take advantage of any unusual offers or opportunities.

Friday, Feb 17, 2017

Sun Qucnx Asc

At this time, you may need to acquiesce, accommodate, or make adjustments for other people for the sake of expediency. That is, it will be less strain to step aside than to tangle with the opposition. You may be humbled now, see the flaws in your course of action or your attitude towards a situation, and remedy some of your errors. Fighting with authority figures or lashing out at others who restrict you in any way is a strong possibility. Jun Sqr Plu

There can be intense and demanding interactions with your mate or marriage partner. You are extremely aware of power plays in your relationship, and you must use tact and discretion when dealing with your partner. Issues which arise now can cause one of you to manipulate or project your weaknesses onto the other. Insecurity or a loss of control in the relationship can lead to jealous behavior or one partner blaming the other for all of the problems. The challenges that you face now can be greatly relieved if you search for more suitable outlets to release negative tendencies and emotions.

If single and unattached, you might meet a new love interest who is magnetic, seductive and extremely passionate. This person can transform your views on love, sex and relationships.

Sunday, Feb 26, 2017

Cer Qucnx Plu

Unavoidable changes and intense conflicts can occur in your closest and cherished relationships. Family members and loved ones display compulsive emotional needs and desires, and you may be coerced or persuaded into fulfilling their demands. Or unconscious motivations, stemming from past experiences, might arise, leading you to cling to your mate, children, or parents in an unhealthy or destructive manner. It will be difficult to let go of emotional attachments at this moment, although power struggles with others may force you to confront and deal with this issue. You must learn to re-examine and release your possessive tendencies and concentrate on becoming more sympathetic and compassionate toward the people in your care and concern.

Monday, Feb 27, 2017

Confusion, inability to focus on mundane tasks, poor understanding or miscommunication between yourself and others, and the desire to evade real

responsibilities and challenges are negative potentials for you now. You are more sensitive, impressionable, dreamy, or idealistic at this time also.

Jup Trine Mer

You will be exposed to new ideas and information during this time period. You are likely to be introduced to a subject area that you have little previous experience with. The information greatly expands your breadth of knowledge and is very beneficial to you.

New ideas are likely to come to you via a number of different methods - classes, books, and discussions. You should take advantage of these opportunities to expand your mental horizons. You have the option to refuse the opportunity, but you would be foolish to do so as you will learn a great deal and it will be very enjoyable as well.

You are receptive to new ideas at this time, and you also are able to see your life in a clear light. This is a good time to take stock of the general direction of your life and career and make decisions regarding any needed adjustments.

Wednesday, Mar 1, 2017

Mar Sqr Ven

Your amorous feelings and passions are strong and compelling at this time, and you tend to be very demanding of a lover's energy and affection. Tensions may erupt in close relationships because one of you feels that you have been giving more and not

receiving enough in return, or one of you is more amorous than the other. Frustrated love desire can easily turn to anger or irritability at this time.

Sun Trine Sat

Today it is easy for you to concentrate on your work, to eliminate what is superfluous or distracting you from what you really need to do. There may be a frustrating situation or dilemma in your work environment, which hampers your ability to use logic and rational thinking. For instance, you may be spending extra long hours and a good deal of energy laboring over a project or idea, only to meet with complete disapproval of your objectives. An important business trip or conference may be delayed or canceled which might temporarily interfere with your goals. Communications and discussions with family members and relatives may be disappointing to you during this chaotic, disorganized period. It becomes difficult to get your viewpoint and inspiration across to your close associates.

Wednesday, Mar 8, 2017

You are very bold and adventurous right now and you cannot tolerate delays, restrictions, or any form of authority that prevents you from behaving exactly as you please. Your drive for personal freedom and insistence on your rights is pressing, and a confrontation in which you have to stand up for yourself is likely. It is almost impossible to keep your imagination and fantasies in restraint at the moment. For example, if you are not yet married to your partner, you may spend time daydreaming or envisioning married life. Actually, all of the dreams which you have about the relationship will appear idyllic and romantic during this period. This is a time of considerable frustration and your desires or efforts appear to be thwarted or at least delayed. Relationships with men and people in authority may be particularly uncomfortable. Also, you have more self-doubt than usual; your mood is somber and rather self-critical. This is a good time to take stock of your life, to see how you are limiting and holding yourself back, and to determine your next steps. But do not attempt to press forward now, and don't take whatever setbacks you experience too much too heart.

Sympathy and compassion are highlighted now. You are more understanding, sensitive, accepting, and nonjudgmental of others. Even if you normally have these traits, you will still find that you now gain a better appreciation and respect for people that you previously have neglected, ignored, or misunderstood. This is an excellent time to talk to family members, friends, or associates that you have had a feeling of distance or misunderstanding with. You are better able to reach a deep rapport and mutual understanding now. You are also more willing to forgive the mistakes of the past. You will find that at this time it is relatively easy for you to forgive others and drop old grudges and resentments. This is a spiritually and emotionally uplifting time that you should take advantage of. Forgive others and release any old hurts now, and you will find that the old problems can dissolve. Because many problems are started in early relationships with family members, particularly with parents, this process of forgiving and releasing hurt feelings can produce dramatic improvements in your life in the long run.

This is a good time for creative art work, music, poetry, spiritual, or religious activities. You may find yourself collecting new art or music or going to the beach or mountains for inner rejuvenation or inspiration. In short, this is a positive time of

During this time period you may take a trip to visit old friends, attend a large gathering, or vacation. You are in an expansive, somewhat adventurous mood. This is a good time to get away from your usual daily activities. Getting away helps you take stock of your life in general and the overall course of your life.

Jup Sqr Sat

Significant changes and opportunities face you at this time but making the correct decision about what to do is not easy. This is a period of critical decisions and transition. A major change in your life can occur now (new job, relocating, ending a long-term relationship or beginning a new one, etc.). In fact, it is not unusual for several important changes of this nature to be occurring. Unfortunately, you find it difficult to decide whether to go along with the new opportunities or even push harder to make changes occur, or whether to try to maintain the old, familiar life style, routines, and surroundings.

One side of you is impatient to make some major changes. You are tired of the same old routine and life style. You want to break free and get things really moving. You feel there is much more to life, and you are not growing and living as fully as you ought to be. The other side of you is wary of the changes; they may just be pipe dreams and simply lead to considerable stress and disappointment. Underlying all this is the nagging question of what you really value and whether the new opportunities are more worthwhile than your current involvements. Unfortunately, no one can make the decisions for you, and you have to sort things out for yourself.

Clearly, YOU MUST MAKE SOME CHANGES. Letting things remain as they are will lead to stagnation. On the other hand, you must be careful that the changes you make will bring the THINGS THAT YOU REALLY WANT. For example, if you accept a new job only because it brings more money, but you must sacrifice other benefits of your current life style, then you may find afterward that the increase in income was not worth the sacrifices. If you are not honest with yourself or if you place too much value on things that are really of secondary importance, then you will make the wrong decision.

Another problem for you now is how to meet all of your obligations while having time to do the things you want. Your responsibilities are probably similar to those of most people: to family members, to pay the bills, etc. At this critical time you can find new ways to meet these obligations while allowing yourself more time to do the things you want to do. At the least, you will find that you can rearrange your life and make some significant changes in your daily routine, which are big steps towards leading a more fulfilling life. You may also decide that a more radical change in life style is warranted (new job, relocation, etc.). It is up to you to decide what is really important and how to best balance all aspects of your life. If you are creative, honest with yourself, and willing to go through some adjustments, you will come out much better when this astrological influence is over.

Underlying the changes in your life and the decisions you must make is a change in your values and attitudes towards life. You are now able to see your life from a broader perspective and you seek greater meaningfulness in your life.

You are more prone to delusion and deception in your work environment at this time.

You may be putting in a great deal of time and effort toward a specific task, only to discover you might not receive any compensation or rewards for your labor. Circumstances can arise that cause misunderstandings or misconceptions about the work you are attempting to accomplish. For example, a boss or one of your peers may give instructions for a project or undertaking where you might be unable to clearly define or understand what is required. Or conditions prevail where you must sacrifice your ideals and personal concerns in order to hold the job. Intense emotional confrontations with people in your immediate environment is possible. You may obsessively analyze and probe the unconscious motivations of other individuals in your social world. Or people may try to coerce or persuade you to get involved in an intriguing or underhanded activity. Whatever the case, you need to trust and follow your inner guidance and hold onto your belief system. You can be faced with an event which drastically changes your way of thinking. Working with a therapist or counselor would be helpful, especially if thoughts and images that were once kept hidden now emerge. For example, issues of jealousy, sexual expression, thoughts of death, or even the letting go of past relationships may weigh heavily on your mind and need to be released. It would be best to seek professional help if you have difficulty dealing with these concerns.

Your desire for love and affection, as well as beauty and pleasure, is strong now and you act on feelings and creative impulses more readily than usual. Relationships go awry or at least take an unexpected turn. The need for more freedom, independence, or novelty on your part, or on the part of someone close to you, may disrupt the status quo in an important relationship. You may also come into contact with someone who is very different from yourself and who challenges, surprises, or upsets you. Expect the unexpected in your relationships!

Sun Sqr Asc

You may feel out of step with the people in your immediate environment now, not in harmony with the intentions and desires of those you work or live with.

Relationships, especially professional ones, can be tense, especially if you attempt to work your own will. This is not a time to force issues.

Friendships and love relationships are favored as you are openly affectionate, warm, and also quite responsive to loving gestures from others. It's not enough for you to simply feel loving toward another; at this time you really want to express it and show it physically. An opportunity for a new romance or friendship is likely to surface now and work out quite nicely for you.

Your energy level is lower at this time and you are susceptible to catching colds and other illnesses. Regular exercise is excellent for you, but avoid pushing yourself too far as your body doesn't withstand stress and exertion very well now. Also, avoid making drastic changes to your diet. Improving your diet, of course, is beneficial, but your body is sensitive and unlikely to adapt well to sudden changes.

Your motivation and ambition weakens now. You are in a receptive, open-minded mood, and you do not assert yourself as aggressively as usual. You are quite impressionable, in fact, and can be easily talked into doing something that you normally would not do. You can also be deceived and manipulated by others. Do not allow yourself to be pressured into things. Be circumspect and extra careful in all of your dealings. Disappointments and inadvertent mistakes of all kinds are likely, but you can prevent many problems by being extra careful to analyze and meticulously go over important matters.

An occasional escape from your usual routine is beneficial for you now. This is a good time to vacation, engage in art work or music, attend retreats and spiritual or religious gatherings. Reading fantasy or fairy tales and watching movies is also particularly enjoyable now. This is an excellent time to pursue spiritual, religious, or psychic areas. However, this is not a good time to join a church, change religions, or embrace a new religious philosophy because you are very gullible and easily deceived now.

If you have any tendency to drink to excess or use drugs, the temptation to do so now is very strong - but don't do it! In fact, even drugs used for medical purposes have pronounced psychological, and sometimes physical, effects now.

You may lose self-confidence now or you may swing to the opposite extreme and suffer from delusions of grandeur. In either case, your fantastic and idealistic notions of your inner potential clash with the reality of what you have made of yourself. Try not to have unreasonable expectations of yourself. Keep your ideals strong, but remember that ideals should inspire you with a vision of what is possible rather than make you feel bad about current conditions.

You and your mate may not be sharing the same aspirations for the partnership. One partner may be more committed to outside interests, such as establishing professional ties and public recognition, while the other feels wholly responsible for maintaining allegiance and reliability in the relationship. If you are at cross-purposes with your loved one now, then a compromise must be reached, wherein one partner has to be willing to work toward the goals and objectives of the other. Try to avoid feeling guilty if you have difficulty meeting the demands and obligations of your spouse or mate.

If you are not involved in a committed relationship, you can easily become frustrated by the unavailability of stable, mature and respectful companions. Potential partners will be scrutinized to see if they match your strict standards. If a love relationship doesn't measure up, then you would rather spend this time alone or engrossed in your work. Rigid thinking and an overly sober attitude about love should be avoided now.

You tend to set high standards and expectations in your marriage or significant love relationship. Tension and conflicts are apt to develop if your mate does not measure up to your ideals in the partnership. Or disagreements arise because you feel an urge to explore new interests outside of the relationship, and you sense your partner is depriving you of this freedom. You will need to find ways to rationalize your behavior and prove to your mate that you are still trustworthy and honest in your intentions. At this time, you should try to remain fair and objective and be less judgmental in your relationship. Try to avoid exaggerating the negative qualities of your partner and remember to respect their own unique beliefs and principles which influence the relationship. In-laws may interfere with your marriage or their demands may limit your freedom in some manner.

If you are not involved in a committed relationship, you may meet someone while traveling or through religious organizations or professional contacts. You may take an in-depth approach to your work or the projects which arouse your interest. Joint endeavors can be cooperative, and you can do well in situations where the focus of work is for the benefit of groups, organizations or society in general. You are aware of your personal power but understand when it is appropriate to compromise and let others share the role of leadership or control. If your work absorbs your attention, it can be a source of excitement or can fill a great void in your life. On the other hand, you should use this opportunity to rediscover or regenerate your commitment and dedication to the affairs of your personal life, especially important relationships which you cherish.

Your partner may be feeling that your career directives have temporarily pulled you away from the relationship. You may have limited time to nurture your loved one, due to obligations in your professional life. This can lead to tensions and difficult problems in your personal world or marriage. There will need to be some compromise, possibly with more focus on the inner needs of your relationship and less attention on the outer world during this phase.

Withdrawing from emotional social contact is favored now, for even when you are with others you are likely to feel separate and alone. Sadness and disappointments in your personal life are also probable now. Inadequacies and flaws in your friends or lovers are particularly bothersome to you now, and you may feel that you have nearly exhausted your patience for dealing with these problems. It is a time to be quiet and to look objectively at how your relationships are going. Though not a pleasurable time, this can be a fruitful period in which to learn more about love and what you truly value.

Happiness and a desire to share your good fortune and joy with others is the theme now. You are feeling generous and expansive and are inclined to give lavish gifts or buy something lovely for yourself that is costly or extravagant. A diet or budget is likely to go out the window right now. As long as you don't overextend yourself, this is a good time to indulge your feelings of kindness towards others and also to be kind and indulgent to yourself.

Mar Conj Mer

This is not the best time to schedule any activity that calls for tact, diplomacy, or caution, as you are inclined to be extremely straightforward, direct, and to the point in all of your interactions. You say exactly what you think, and in fact are even inclined to be verbally aggressive, pushy, or perhaps sarcastic. Your mind is very sharp now, so this is a good time to "attack" intellectual or mental work.

Miscommunications can occur in your domestic environment at this time. Judgment and decision making is impaired in your handling of everyday responsibilities. This may be caused by a lack of interest in your surroundings or oversensitivity to the emotions of the people you care about. Misconceived perceptions about your individual needs versus the desires of others can cause confrontations and situations which drain your energy. This is a time when you can be easily seduced into a co-dependency relationship, in which you are completely unaware of losing your sense of self worth. Most people will experience a mildly confusing period which interferes with productive nurturing toward others.

This is an excellent time to eliminate whatever is unnecessary and outworn in your life from clutter and disorder in your environment to an unhealthy relationship or even a long-held attitude or belief which keeps you from going after what you really want in life.

You are also more perceptive than usual. You see other people's true colors more clearly and you may discover a secret or the hidden aspect of some situation.

Something lost, hidden, or forgotten may come to light.

Jun Sqr Jup

You tend to set high standards and expectations in your marriage or significant love relationship. Tension and conflicts are apt to develop if your mate does not measure up to your ideals in the partnership. Or disagreements arise because you feel an urge to explore new interests outside of the relationship, and you sense your partner is depriving you of this freedom. You will need to find ways to rationalize your behavior and prove to your mate that you are still trustworthy and honest in your intentions. At this time, you should try to remain fair and objective and be less judgmental in your relationship. Try to avoid exaggerating the negative qualities of your partner and remember to respect their own unique beliefs and principles which influence the relationship. In-laws may interfere with your marriage or their demands may limit your freedom in some manner.

If you are not involved in a committed relationship, you may meet someone while

traveling or through religious organizations or professional contacts. If you begin a relationship during this period, you might become overly idealistic about this person and inflate the importance of the liaison. When this astrological influence is over, you may have a different perspective on this person.

Jun Oppos Sat

You and your mate may not be sharing the same aspirations for the partnership. One partner may be more committed to outside interests, such as establishing professional ties and public recognition, while the other feels wholly responsible for maintaining allegiance and reliability in the relationship. If you are at cross-purposes with your loved one now, then a compromise must be reached, wherein one partner has to be willing to work toward the goals and objectives of the other. Try to avoid feeling guilty if you have difficulty meeting the demands and obligations of your spouse or mate.

If you are not involved in a committed relationship, you can easily become frustrated by the unavailability of stable, mature and respectful companions. Potential partners will be scrutinized to see if they match your strict standards. If a love relationship doesn't measure up, then you would rather spend this time alone or engrossed in your work. Rigid thinking and an overly sober attitude about love should be avoided now.

It is impossible for you to be content with superficial answers now, and you are impatient with people who avoid looking candidly and honestly at root causes and hidden reasons for any problem or situation. You tend to force your views on other people now. Also, you can become obsessed with an idea or problem until you have figured it out.

Mar Sqr Moo

At this time you are prone to irritability, temper tantrums, and flying off the handle for slim reasons. You are also impatient and inclined to rush unnecessarily, which can cause accidents or bruised feelings on the part of the people you live with or work closely with. You are in a fighting mood and stand up for your rights more readily than usual, but beware of the tendency to be abrasive and insensitive.

Moments of confusion, disorientation, and mental fogginess are likely. You may misunderstand or misconstrue something that is stated in ambiguous terms, so be absolutely certain that everything is spelled out and crystal clear. You are also apt to forget appointments, overlook significant details, make errors in computation, etc. Any sort of intoxicants or chemicals should be strictly avoided now. They will make you very dopey, or possibly even poison you.

Errors made in haste, speaking too forcefully, sharp words spoken on impulse, or accidents occurring due to restlessness and impatience are all possible at this time.

You feel that you have to fight for what you want or believe in, and you are very clear, decisive, and convincing right now, but you also tend to stir up more controversy or competitive feelings than is really necessary.

Mer Sqr Moo

Emotions, prejudices, or unresolved issues from the past come up in your interactions with others now, and you may not be very objective.

This is a good time to speak up and clear the air of any grievances you have been holding on to for some time.

Personal subjects are the topic of discussion now. Reminiscing, remembering, daydreaming about, and reflecting on the past is likely.

Sun Sqr Plu

Underlying or previously hidden aspects of a situation come to light now.

The misuse of personal power, dominating or manipulating others, and the subtle ways you try to control situations or other people are issues. The tyrant in you comes out, or you find yourself dealing with the more difficult, dark, tyrannical side in other people.

Also, this can be a time when you are forced to confront and deal with something which is no longer working - from old, outworn possessions to an unhealthy relationship or a deeply ingrained, self-defeating attitude.

You may take an all-or-nothing approach to your work or personal endeavors. You can be very clear as to what your own intentions are and may be ready to sacrifice anything to accommodate your plans and goals. You might have an eager interest in gaining control over your professional pursuits; however, you could behave more

forcefully than you realize. In your restless quest for meaningful work and personal fulfillment, you can easily be intrigued or enticed into an unfavorable situation by a colleague or co-worker who has hidden motives. Thoroughly investigate the true intentions of people who try to exert pressure or influence over you. Be aware of individuals who may be dishonest or attempt to misrepresent themselves to you. They might take advantage of your services or abilities and try to get you to engage in underhanded activities. On the other hand, personal relationships may entail heavy obligations and commitment now. If you insist on having your own way, problems will arise in this area. Compromise on your part may be called for if you have been avoiding responsibility or intimate relating.

You have a very realistic and no-nonsense attitude at this time and are rather critical, skeptical, or at the very least, cautious about new ideas. Deep, quiet study and solitary reflection is favored. You are more taciturn and uncommunicative than usual and don't feel very social. If you are with others, you are likely to turn the discussions into something heavy and serious. Frivolity holds no appeal for you now.

Your work and responsibilities may engage much of your attention at this time. Keeping up-to-date on business correspondence, filing, and telephone communications is favored now. Your mind is centered on productivity and devoting yourself to doing the best job possible. You should take advantage of this opportunity to improve upon your writing and comprehension skills, as this time period may allow you to quickly process information and effectively broadcast your thoughts and ideas.

Mar Conj Sat

This is a time to rely only on yourself and your own resources, gather in your scattered forces, and concentrate on your own work. You may meet numerous obstructions and delays so that you don't accomplish as much or work as quickly as

you would like. You can, however, do a very thorough job and also tackle the kind of difficult or disagreeable tasks you usually avoid. You are prone to feel frustrated and to resent the limitations or drudgery of this time period. Perseverance and patient effort are required of you now. Try to avoid becoming discouraged or lashing out at the ones you are responsible for.

Mar Sqr Jup

You are highly ambitious, full of optimism and enthusiasm for new enterprises and plans. In fact, you may be foolishly overconfident and take on more challenges than you can really meet. You are inclined to take physical risks, gamble, speculate, and to act on faith and belief in yourself. This can, in fact, be a very productive time for you if you can keep your expectations within reasonable bounds. Beware of overexerting yourself.

At this time your efforts to get ahead and advance your own interests are likely to be met with resistance or animosity. You seem overeager, pushy, inconsiderate, or too narrowly focused on your own objectives, so that you alienate the people who could help you. Sunday, Jul 2, 2017

Sun Sqr Mar

You know just what you want right now and woe to anyone or anything that gets in your way! You are much more likely to become domineering, pushy, or inconsiderate of others now, so it is a good time for you to do what you need to do by yourself rather than with others. Accidents, mistakes made in haste, or ego conflicts may occur due to your impatience and willfulness. Positively, physical energy is high and you could accomplish a great deal.

Jun Sqr Mar

During this period, it may be difficult to manage the intense feelings that you have about your marriage or intimate relationship. If you are feeling hostility, jealousy or impatience toward your mate, then you may initiate an argument to clear the air. If you are quite happy with the relationship, then you may simply desire more emotional, physical or sexual closeness to your partner at this time. However, if you are experiencing problems with a spouse or lover, they can become intensified now. You could sense that your loved one is interested in satisfying his or her desires in a way which is not pleasing to you. Sexual signals can get crossed, where one of you will want immediate gratification while the other is opting for a more tender and loving interchange.

If you begin a new love relationship at this time, tension can develop if you or your new mate is overly assertive or aggressive in pursuit of intimacy. There can be problems in understanding the difference between lust and affection. If the

relationship is not providing you with excitement and/or moving along at a fast enough pace, then you may abandon it altogether in search of a new adventure.

Opportunities for friendship, pleasant associations, and enjoyable social interactions occur now. Personal relationships are harmonious and rewarding. Also, financial transactions go smoothly for you and material benefits are possible at this time.

Upsets and change in your love relationships is the key issue now. A shift in your romantic and sexual energies at this time causes changes in love relationships. Your attitudes towards romance and sexuality undergo some changes too. You feel a need for more fulfillment and excitement in your romantic life, and you seek changes in your love relationships. If you are married or involved in a love relationship, it is likely that you will tell your partner in no uncertain terms various things that you would like changed in the relationship. If you are too timid to bring up your desires and concerns, then you will become so intensely dissatisfied with the relationship that you will end up venting your frustrations on your partner and consequently creating animosity and friction that will be most uncomfortable. The changes you want now are ones that bring greater life, zest, romance, and excitement to the relationship. You want to dance, play, party, perhaps even take your clothes off and run naked down the street! You are tired of humdrum activities and the more humdrum your life and love relationships are, the more you want to shake everything up now.

If you are married, you should give your marriage a good shot in the arm now by spending more time together, having romantic evenings alone, vacationing, traveling, partying, dancing, and exploring new areas together. It is time to get a break from the daily routine and responsibilities. If your marriage remains too dull for you, then there is a high probability that you will strain the relationship to the breaking point at this time. You simply do not have the patience now to maintain it, and your romantic and sexual drives are strong and unstable.

There is also a good possibility of falling in love with someone at this time. You may be so in love, in fact, that you may decide to marry, even though your relationship is new. It is possible, however, to fall in love with someone now with whom you are not in good mental rapport or that has annoying personal habits. For example, one person may be a smoker and the other person hates smoking, or your religious views are completely different. These differences may not be extremely bothersome to you now, but they will likely become major problems later.

Also, if you are married, avoid the temptation to become involved in extramarital affairs or secret relationships. Dishonesty and lack of open communications with your spouse is a poor substitute for genuine sharing.

Ven Sxtil Asc

Light and pleasant interactions characterize this time period. You gain what you want through diplomacy or charm and by enlisting the support of your friends, rather than by being forthright and bold. You are willing to make concessions in order to maintain harmony in your environment.

A situation at work can irritate you now; however, you remain responsible and loyal to your objectives. You strive hard to put forth your best efforts, but can meet with frustrating obstacles or have your goals thwarted by someone who challenges you. For example, the dedication you have shown toward your work-related goals is met with indifference from superiors or those in authority. Competitive behavior or resentment from co-workers is likely to surface, causing you to rely upon your own resources to complete work assignments. You might fluctuate between feelings of intense anger and coolness toward the individuals who hamper your drive and perseverance, all the while remaining focused on your own intentions. In your personal life, this period can prove slightly difficult, mainly in the area of intimate relationships. Problems can arise in expressing your sexuality and desires to your mate, as well as in issues of mutual commitment and loyalty in the partnership.

It's a time best spent working alone, structuring and organizing your life in some way, and focusing on whatever tasks (however distasteful or tedious) that you really need to do. You feel like withdrawing from people and find social situations unfulfilling or wasteful. Your vitality and your spirits are somewhat dampened.

Sun Sqr Jup

You are optimistic and possibly extravagant now. You are less cautious than usual, feeling that nothing can possibly go wrong. If you are inclined to overindulge, overspend, or go to excesses in any manner, this tendency is exaggerated at this time.

However, you also aim higher than usual and a very promising opportunity or contact can also occur.

You may have the advantage of keeping other people from getting in the way of your work and personal goals now. It may be that you are more focused and devoted to your own well-being, so any commitment or dedication outside of your personal or vocational needs has no purpose for you. However self-absorbing this sounds, it can still be a fortunate period in which to find your own satisfaction and rewards in your work and personal endeavors.

Avoid attempting communications with large numbers of people at this time, as the response will be disappointingly small. Public speaking, mass media communications, and advertising are all very ineffective at this time. Your ideas do not project well at this time, and they meet with obstacles. You are able to solidify an agreement with someone only if all the details have already been worked out and you are really just making the agreement official. But proposals and discussions on more enterprising issues and ideas are likely to be met with indifference and disinterest.

Criticism from friends, family members, critics, and authorities at this time may be unfair, and you can become extremely discouraged by the lack of support and interest in your work and ideas. Try to maintain a positive attitude, extract what is accurate and useful from the criticism, and keep working on your plan which you can

Your career and overall direction in life reach a critical turning point now. You feel the need to pursue the things that you love and instinctively find appealing rather than do what is practical, marketable, secure, or logically correct. If your job does not express your deeper talents and interests, you may make a job change now, or you may become more intensely involved with a hobby that is more personally rewarding and motivating than your job. This is a time of questioning your basic values and overall orientation to life. This is a critical time when you must make any

necessary changes to get your life on track with your inner feelings and instincts, even if some sacrifices must be made. You may, for example, decide to accept a lower salary in order to pursue an area that is more meaningful and exciting to you. However, do not become fanatical and stubbornly follow your inner instincts when common sense tells you that your pursuit is foolhardy and impractical. The important key now is to become aware of your inner purpose and sense of mission. Develop a realistic plan for achieving the things that are really important to you. Significant changes and opportunities face you at this time but making the correct decision about what to do is not easy. This is a period of critical decisions and transition. In fact, it is not unusual for several important changes of this nature to be occurring. Unfortunately, you find it difficult to decide whether to go along with the new opportunities or even push harder to make changes occur, or whether to try to maintain the old, familiar life style, routines, and surroundings.

One side of you is impatient to make some major changes. You are tired of the same old routine and life style. You want to break free and get things really moving. You feel there is much more to life, and you are not growing and living as fully as you ought to be. The other side of you is wary of the changes; they may just be pipe dreams and simply lead to considerable stress and disappointment. Underlying all this is the nagging question of what you really value and whether the new opportunities are more worthwhile than your current involvements. Unfortunately, no one can make the decisions for you, and you have to sort things out for yourself.

Clearly, YOU MUST MAKE SOME CHANGES. Letting things remain as they are will lead to stagnation. On the other hand, you must be careful that the changes you make will bring the THINGS THAT YOU REALLY WANT. For example, if you accept a new job only because it brings more money, but you must sacrifice other benefits of your current life style, then you may find afterward that the increase in income was not worth the sacrifices. If you are not honest with yourself or if you place too much value on things that are really of secondary importance, then you will make the wrong decision.

Another problem for you now is how to meet all of your obligations while having time to do the things you want. Your responsibilities are probably similar to those of most people: to family members, to pay the bills, etc. At this critical time you can find new ways to meet these obligations while allowing yourself more time to do the things you want to do. At the least, you will find that you can rearrange your life and make some significant changes in your daily routine, which are big steps towards leading a more fulfilling life. You may also decide that a more radical change in life style is warranted (new job, relocation, etc.). It is up to you to decide what is really important and how to best balance all aspects of your life. If you are creative, honest with yourself, and willing to go through some adjustments, you will come out much better when this astrological influence is over.

Underlying the changes in your life and the decisions you must make is a change in your values and attitudes towards life. You are now able to see your life from a broader perspective and you seek greater meaningfulness in your life.

This is a time to put your efforts into balancing family and career demands. Your desire to perform tasks and conquer challenges in your work or career is conflicting with your play and leisure requirements. Many family obligations may need to be met in the home arena, where loved ones may display excessive neediness which puts a strain on your energy level and vitality. You may be experiencing a stressful and busy time in your career, only to find yourself devoting less time to your family and personal needs. You must develop appropriate cycles for periods of work and leisure activities. If you can squeeze out some time for personal gratification, an exercise regime or an aerobics class would help provide you with an outlet to release built-up tensions in an constructive manner.

You do not feel very sharp, competitive, or aggressive at this time. Feelings of relaxation, receptivity, passivity, or aimlessness are likely and you tend to avoid stressful confrontations or situations that demand too much of you. Goals and desires that normally seem so important - especially ones in which you are pushing your own interests - do not matter quite as much now. Your imagination is stimulated, and you need activities and entertainments that are colorful, out of the ordinary, and definitely not mundane.

You are more prone to delusion and deception in your work environment at this time. You may be putting in a great deal of time and effort toward a specific task, only to discover you might not receive any compensation or rewards for your labor. Circumstances can arise that cause misunderstandings or misconceptions about the work you are attempting to accomplish. For example, a boss or one of your peers may give instructions for a project or undertaking where you might be unable to clearly define or understand what is required. Or conditions prevail where you must sacrifice your ideals and personal concerns in order to hold the job. Even if you become overly engrossed in your work, you should still make every attempt to remain attentive to your intimate relationships; otherwise, your indifference will be

quite disappointing to your loved ones.

You feel claustrophobic now. Your situation seems too limiting and confining and you want to break free from the obstacles and responsibilities that keep you tied to your current life style. You certainly need to spread your wings now, but be wary of taking major risks and gambling on a venture that promises you prosperity, freedom, and adventure. Because you want more freedom so much, you are willing to believe in a get-rich-quick scheme and take big risks. Don't be foolish! This is a time when you can foolishly squander your resources and give up on things that you later wish you could have back again. On the other hand, you must also find ways to expand your horizons and grow into a larger sphere of activity and friends than you currently are involved in. If you fail to find some new doors to open now, you will become extremely restless and discontented.

This is an excellent time to travel and meet new people, explore alternative cultures and life styles, pursue experiences that broaden your perception and view of life. Most importantly, this is a time when your attitude towards yourself changes. Rather than limiting yourself by saying "I can't dance very well", or "I am not good with numbers" or "I can't afford what I want", you are able to change your "I can't" attitude to an "I can" attitude. You now can clearly see ways in which you limit your opportunities and growth by focusing on narrow, limited approaches. You may discover that you have been taking the long route to your career goals and there are much shorter routes. For example, you may decide to increase your education rather than struggle along with your current qualifications, or you may realize that opportunities are much better in another part of the country or even in a foreign country and you need not struggle in your present situation. In various ways you are opened up to a larger view of your life and the opportunities that are available to you. Be careful about making firm decisions now, however, because you tend to be overly optimistic, overlook details, and take risks that are not warranted. This is an excellent time to explore alternatives, but only act on your new ideas and discoveries after investigating them thoroughly.

This is a good time for relaxing recreation, a time to refresh and rejuvenate yourself and do the things you most enjoy doing. Good humor and optimism prevail now, and you are able to get a larger perspective on your life. Tangles in romantic relationships are likely now. Your sexual drive is quite strong, and you may be more concerned with satisfying your own desires than in being sensitive to your partner. Intimate interactions are inclined to be tense right now.

The caretaking of partnerships and family members becomes an emotional struggle at this time. You recognize now that your past emotional behavior patterns are ineffective and inadequate in your current relationships. The people that you take care of and nurture are most likely to be in discord with you. Loved ones may feel you have been insensitive to their needs, while also perceiving you as overemotional and undependable. One way to help resolve this situation may be to address your unresolved past feelings of sorrow, sadness, or grief. If you can vent or release these issues appropriately, then you may be able to restructure your emotional responses toward loved ones in a more caring, understanding manner. You must deal with the conflict between your own personal needs and those of the people you care about.

This can be a challenging time if you are a parent, as your children are sensitive to inadequate amounts of love, caring, and affection now and may display excitability and disturbing behavior.

Plu Oppos Sat

This is a difficult time period when unexpected demands and responsibilities arise. It seems as if every weak link in your life decides to break now! New obligations are likely to arise both in your personal life and your work. You may find that a family member develops a physical or psychological problem, and you are the best person to assist. Problems with your car and other mechanical devices may also arise. Even if no new problems and responsibilities arise, you will find that you cannot open new doors now. If you have been hoping for a promotion, salary increase, better

employment, a new home, a long vacation, or other release from the daily chores and limitations of your current life, you are likely to be disappointed. Expansion is very difficult at this time. This is the time to focus on basics; you must take care of the things in your immediate environment that now need attention.

Unfortunately, the outer problems that you face are not likely to be easier than the inner turmoil and confusion that arises! Deeply rooted anxieties and fears surface now. Feelings of inadequacy, guilt, and regret are very likely. Your faith in yourself is tested. If you feel that you have been insincere or vain about something, or that you have made poor decisions, then you must have the inner strength to recognize these problems and start fresh. Avoid the tendency to wallow in feelings of despair and hopelessness.

A good way to prepare for this time period is to make your life as stable and secure as possible. For example, by having all debts and loans paid off, you are less vulnerable if your income decreases. If you are employed in a position that provides a high level of job security (for example, many government jobs are very stable and secure), then it is probably best to stay in this position rather than switch to employment that involves great risk.

Although this time period is difficult and challenging, it does point out to you what things are really important to you. For example, many people discover that they have placed too much importance on material possessions or their personal ambitions, and realize that their personal relationships, family, and health are far more important. Superficialities and distractions are cut out of your life, and you are faced with dealing with the basics. You can now build your life on a stronger, more sincere, more mature foundation. If something dear to you is threatened (your health, a personal relationship, etc.), then you can now focus attention on this neglected part of your life. Note also that failings and problems may arise in areas that you have not obviously been neglecting, due to the deep karmic energies that are at work now; you may even find yourself saying that "it isn't fair" that you face certain problems now. Whether it is fair or not, you must do your best to improve them!

If playing the field, you may discover you are making a transition into a more harmonious and intimate relationship with one particular individual. Your energy level is lower at this time and you are susceptible to catching colds and other illnesses. Regular exercise is excellent for you, but avoid pushing yourself too far as your body doesn't withstand stress and exertion very well now. Also, avoid making drastic changes to your diet. Improving your diet, of course, is beneficial, but your body is sensitive and unlikely to adapt well to sudden changes.

Your motivation and ambition weakens now. You are in a receptive, open-minded mood, and you do not assert yourself as aggressively as usual. You are quite impressionable, in fact, and can be easily talked into doing something that you normally would not do. You can also be deceived and manipulated by others. Do not allow yourself to be pressured into things. Be circumspect and extra careful in all of your dealings. Disappointments and inadvertent mistakes of all kinds are likely, but you can prevent many problems by being extra careful to analyze and meticulously go over important matters.

An occasional escape from your usual routine is beneficial for you now. This is a good time to vacation, engage in art work or music, attend retreats and spiritual or religious gatherings. Reading fantasy or fairy tales and watching movies is also particularly enjoyable now. This is an excellent time to pursue spiritual, religious, or

psychic areas. However, this is not a good time to join a church, change religions, or embrace a new religious philosophy because you are very gullible and easily deceived now.

If you have any tendency to drink to excess or use drugs, the temptation to do so now is very strong - but don't do it! In fact, even drugs used for medical purposes have pronounced psychological, and sometimes physical, effects now.

You may lose self-confidence now or you may swing to the opposite extreme and suffer from delusions of grandeur. In either case, your fantastic and idealistic notions of your inner potential clash with the reality of what you have made of yourself. Try not to have unreasonable expectations of yourself. Keep your ideals strong, but remember that ideals should inspire you with a vision of what is possible rather than make you feel bad about current conditions.

Both the home environment and workplace can pose dilemmas for you at this time. Travel and business transactions can prove stressful. In your personal life, you or your loved ones may overindulge in personal pleasures, such as eating junk foods, overspending, or satisfying addictive habits such as gambling, smoking, or alcohol. The home atmosphere may seem like a battleground, with everyone's needs and desires in abundance, leaving you less time for your own individual freedom. This can be a time when you must sacrifice many hours of pleasure for career purposes or family demands. If you are a parent, your children may avoid their duties and responsibilities at school or in the home, thereby increasing your involvement with their education or discipline.
