Introduction

*"Why, man, he doth bestride the narrow world
Like a Colussus; and we petty men
Walk under his huge legs, and peep about
To find ourselves dishonorable graves.
Men at some time are masters of their fates:
The fault, dear Brutus, is not in our stars,
But in ourselves, that we are underlings."
Julius Caesar (1599) act 1, scene 2 Shakespeare*

The subject of Fate or Destiny has triggered many a philosophical argument. What is destiny? Are the details of our lives pre-destined? How much free will do we really have? These are imponderable questions. This report does not offer the answers. Rather it gives us some signposts to help us on our life journey.

When meteorologists forecast the weather we understand that they are not telling us how to live our lives. Rather they are giving us information that may help us make our own decisions. As far as the weather is concerned our major decisions are whether or not to dress warmly or to take an umbrella. The astrological system of Transits is offering us much the same information. It is giving us an indication of the emotional and intellectual weather of our lives. It is up to us to decide our own destiny.

When using this set of interpretations, please bear in mind that, inevitably, every chart will contain some contradictory influences, and as a result certain interpretations of different items in the same chart may seem difficult to reconcile. However, this may still be an accurate reflection of what is happening to the individual whose transits are being interpreted, as people do experience conflicting desires, events and circumstances in their lives. It is the responsibility of the astrologer to synthesise these apparent contradictions in order to present a cohesive and realistic interpretation of the dilemmas of the chart.

Transiting Events

Each entry in this list relates to an astrological event that affects the natal chart for this individual. The entries are sorted by the exact date on which each event occurs, and the period of time around this date during which the events are considered to be in effect is shown in parentheses on the same line. Note that due to occasional retrograde motion of some planets, some events may be exact on two or more dates, and in this case all such dates are listed on the same line. Any events which are not exact within the report period, but whose period of effectiveness overlaps with the report period are also included.

Aug 1 2023 and Dec 16 2023 (Jun 17 2023 to Jan 17 2024)

TRANSITING PLUTO OPPOSITION RADIX ASCENDANT - This is a once in a lifetime event, which demands modifications to your personal and business relationships. If you are single then you could meet someone who dramatically changes the course of your life. It is important that you choose wisely. If you are married then it is time to reinvent your marriage. You, or your spouse, are likely to challenge the status quo. Imagine that one scenario could be that you or your spouse is retiring from work thus changing the nature of your marriage. Whatever the scenario major adjustments are needed in your personal relationship. If your marriage is a sound one then you have no need to fear. However, if you know deep within that your marriage has been faltering for years then now is the time to face the reality. You need to go with the flow rather than fight against changes. Perhaps your partner is feeling the same way. For this reason counseling may be beneficial. It is important that the underlying reasons for any marital restlessness are explored and that the truth is revealed. This could be hurtful in the short-term, but is ultimately liberating. You are being forced to face your relationship with complete honesty. This can be a painful time when you feel that events are out of your control. They probably are. You may feel angry that you have been forced into a corner by your loved one. Although this is understandable, it is better to approach the situation one day at a time with all your integrity. The result will be a more honest relationship, both with yourself and your partner, and a sense of achievement that comes with surmounting any crisis. On the other hand you may enjoy the process of changing the course of your marriage. Both you and your partner may experience a renewed sense of joy and togetherness. A second honeymoon may result. It also possible that both you and your partner are eager to take on a new challenge together. Perhaps you both have been itching to make changes but have been held back by life's demands and responsibilities. Now is the time to let go and explore new experiences. Of course, you need to make sure that you are not squandering your life's savings or taking unnecessary risks. However, you can both benefit from a change of lifestyle. Imagine that you take a trip around the world. You both enjoy the trip and come back refreshed and changed by the experience. Business partnerships and contracts are also highlighted now. It is possible that you are about to sign a business deal for the first time. If so, you need to fully investigate your new partners' background and ensure that contracts are fair and reasonable. The opportunity exists for a life-changing business enterprise, but only if everything is above board and thoroughly checked. Existing business partnerships may reveal a few surprises during this period.

Aug 5 2023 and Dec 12 2023 (Jun 22 2023 to Jan 14 2024)

TRANSITING PLUTO SQUARE RADIX URANUS - Sudden change marks this period. You may welcome the upheavals, but it is more likely that you will feel unsettled and somewhat resentful that external events, or other people, have disrupted your life. Unusual people may also enter your life challenging your status. During this period you may experience new and exciting changes, but you may also feel stressed and nervous. You

would be wise to make sure that you take time out for rest, and perhaps use the energies of this transit to try new and healthy routines.

Sep 6 2023 and Nov 13 2023 (Jul 20 2023 to Dec 25 2023)

TRANSITING PLUTO OPPOSITION RADIX VENUS - You now have the opportunity to resolve underlying conflict in the important relationships in your home and work life. Other people are likely to be challenging you to make big changes in your life. Conflict arises because you are not sure of the changes that you want to make. Therefore this is the ideal time to reassess your closest associations and to become clear about your goals. You need to learn when to co-operate and when to stand up for yourself. If you are married, it is possible that your partner is causing eruptions in your relationship at the moment. You may feel that things are out of your control, and they probably are. It may be that your partner is hungering for passion and romance and that you are having difficulty keeping up. It could also be that your partner is demanding that you both look at problems, which have been buried in the past. Now is not the time to try to push relationship problems to one side. It is the right time to face the challenges and move forward with renewed commitment. You may feel rejected. If so face these feelings and promise that you will use this as an opportunity for greater self-acceptance. It is important that your most important relationship bonds are strong. Truth is the aim here. Honest relations with other people will stand the test of time. Dishonest ones need to be discarded. Stand firm on the things that are important, but show a willingness to compromise where possible.

TRANSITING CHIRON CONJUNCTION RADIX JUPITER - You are currently able to catch glimpses of your true spiritual potential, and perhaps to express this potential in your life through the worlds of study, travel, teaching, religion or publishing. Firstly you have to heal old wounds and misunderstandings which have prevented you realising your goals. It is time to forgive and forget and move on with your life. This really is the time to climb mountains and follow dreams while maintaining your integrity and compassion.

TRANSITING CHIRON SQUARE RADIX SATURN - This can either be a time of hitting your head against a brick wall or of working slowly and surely towards success. It's up to you. If you put your energy into projects which have outlived their usefulness or which do not serve your true purpose then you will find this a painful time. However, if you work resolutely and with integrity on projects which benefit others then you will feel a sense of satisfaction. Responsibility towards your fellow humans is a keynote, as you are being urged to put your true talents into practice for the good of others.

Nov 3 2023 (Oct 2 2023 to Dec 6 2023)

TRANSITING SATURN SQUARE RADIX NORTH NODE - The people who enter your life now are likely to play a significant role in shaping your destiny. For instance perhaps you are a youngster and a sibling is born during this period. This sibling is likely to make an important contribution. Alternatively perhaps you meet someone special during this phase. You may marry this person. Decisions that you make during this time are also likely to significantly affect the next phase of your life. You may decide to move neighbourhoods or build a new home in your own neighbourhood. Whoever you meet and whatever you decide is likely to affect you for at least fourteen years. You may also feel compelled to say "goodbye" to friends or leave employment. In other words you are faced with choices about eliminating obstacles on your life's path in order that you may better fulfil your purpose in the future. You may find this frightening, but situations arise now that force you to face your fears. This transit is part of the assimilation and elimination process required to help us further our purpose in this world. You may also be excited by this process. It is similar to the process that migrants experience when they leave one country. There is the sadness of leaving all that is familiar - loved ones, home, security etc. However, there is also the excitement about a future that could hold rich rewards and exciting new experiences. If you believe in the process of reincarnation and karma, then you will know that this is a very karmic period. It offers you the chance to put to right past wrongs and to move forward with your life purpose.

Later you will see that this has actually paved the way for a new healing lifestyle. On the other hand, you may now be presented with opportunities to heal and teach in your present job or offered new studies which will open up new paths for the future. In some cases you may meet a significant person who will help you on your path. Whatever the circumstances you will look back on this time as adding a spiritual dimension to your life path.

TRANSITING SATURN SQUARE RADIX NEPTUNE - This is a time of confusion, lethargy and possibly depression. It is as if everything has taken on a dull sheen. Everyday tasks take on mountainous proportions and you are often tired. Perhaps you need a good holiday? If possible, you could really benefit from some time in natural surroundings such as by the ocean, or in the countryside. It is also the ideal time to treat yourself to some time listening to soothing music or attending inspirational concerts, theatre, dance, opera or film. In fact you may also enjoy taking up a creative pursuit. Rather than force yourself to shoulder too many responsibilities, take some time to contemplate your life in a gentle, reflective light. This is a good time to replenish your dwindling energy. If you take the time to soothe your troubled soul now, then you will be feeling refreshed and ready for the next phase of your life.

TRANSITING NEPTUNE TRINE RADIX VENUS - Relationships can be enjoyed for their romance and sensitivity during this transit. You are in tune with yourself and your loved one and yearn to share harmonious pastimes. Others will be attracted to your sensitive, caring and intuitive nature. If you are not already in a relationship you may discover someone who appears to be the ideal partner. This may well be true, although you would do well to wait for the end of the transit before making a commitment. It is a good time to enjoy pleasurable activities and to simply relax with your partner.

TRANSITING SATURN SQUARE RADIX SUN - Right now you are entering a challenging phase of your life, but one that is very rewarding if you can exercise persistence, attention to detail and hard work. You may be given the chance to start a new and challenging project right now. You have the ability to rise to the challenge and successfully complete your task. Your success increases your standing in the community, boosts your self-esteem and opens up new windows of opportunity. In some ways you feel that you are undergoing an endurance test as you strive to work towards your goals. It is easy to forget your strengths under this transit, but patience and endurance pay off in the long run. If you try to avoid the extra responsibility then the opposite is true. You fail in the eyes of other people and therefore your self-esteem suffers and opportunities to advance your own goals diminish. It is time to shoulder your responsibilities and "put your house in order". Right now you can make the most of this period by analyzing your priorities and readjusting your schedules and goals accordingly. It may be that you will be forced to give up some of the less useful activities and plans in your life, but this will simply create the time and space for new, more rewarding, forms of self expression.

You feel confident in many areas of your life, as you use your good judgement to make decisions that have the potential for long-term success. It is a time when you can tap into your own wisdom. Business dealings may prosper. The only drawback could be that you take this time for granted and let opportunities slip through your fingers. In other words "wise and considered action" is what is needed.

Oct 11 2024 (Sep 8 2024 to Nov 13 2024)

TRANSITING PLUTO OPPOSITION RADIX ASCENDANT - This is a once in a lifetime event, which demands modifications to your personal and business relationships. If you are single then you could meet someone who dramatically changes the course of your life. It is important that you choose wisely. If you are married then it is time to reinvent your marriage. You, or your spouse, are likely to challenge the status quo. Imagine that one scenario could be that you or your spouse is retiring from work thus changing the nature of your marriage. Whatever the scenario major adjustments are needed in your personal relationship. If your marriage is a sound one then you have no need to fear. However, if you know deep within that your marriage has been faltering for years then now is the time to face the reality. You need to go with the flow rather than fight against changes. Perhaps your partner is feeling the same way. For this reason counseling may be beneficial. It is important that the underlying reasons for any marital restlessness are explored and that the truth is revealed. This could be hurtful in the short-term, but is ultimately liberating. You are being forced to face your relationship with complete honesty. This can be a painful time when you feel that events are out of your control. They probably are. You may feel angry that you have been forced into a corner by your loved one. Although this is understandable, it is better to approach the situation one day at a time with all your integrity. The result will be a more honest relationship, both with yourself and your partner, and a sense of achievement that comes with surmounting any crisis. On the other hand you may enjoy the process of changing the course of your marriage. Both you and your partner may experience a renewed sense of joy and togetherness. A second honeymoon may result. It also possible that both you and your partner are eager to take on a new challenge together. Perhaps you both have been itching to make changes but have been held back by life's demands and responsibilities. Now is the time to let go and explore new experiences. Of course, you need to make sure that you are not squandering your life's savings or taking unnecessary risks. However, you can both benefit from a change of lifestyle. Imagine that you take a trip around the world. You both enjoy the trip and come back refreshed and changed by the experience. Business partnerships and contracts are also highlighted now. It is possible that you are about to sign a business deal for the first time. If so, you need to fully investigate your new partners' background and ensure that contracts are fair and reasonable. The opportunity exists for a life-changing business enterprise, but only if everything is above board and thoroughly checked. Existing business partnerships may reveal a few surprises during this period.

TRANSITING SATURN SQUARE RADIX SUN - Right now you are entering a challenging phase of your life, but one that is very rewarding if you can exercise persistence, attention to detail and hard work. You may be given the chance to start a new and challenging project right now. You have the ability to rise to the challenge and successfully complete your task. Your success increases your standing in the community, boosts your self-esteem and opens up new windows of opportunity. In some ways you feel that you are undergoing an endurance test as you strive to work towards your goals. It is easy to forget your strengths under this transit, but patience and endurance pay off in the long run. If you try to avoid the extra responsibility then the opposite is true. You fail in the eyes of other people and therefore your self-esteem suffers and opportunities to advance your own goals diminish. It is time to shoulder your responsibilities and "put your house in order". Right now you can make the most of this period by analyzing your priorities and readjusting your schedules and goals accordingly. It may be that you will be forced to give up some of the less useful activities and plans in your life, but this will simply create the time and space for new, more rewarding, forms of self expression.

TRANSITING URANUS QUINCUNX RADIX URANUS - This transit occurs around the age of 34, and again in your late 40s.

During these times you face areas in your life that have fallen into ruts, realising that what was once comforting no longer offers true support. Consequently you decide to make changes that give you more of a sense of independence. In some cases it may feel that these changes have been forced upon you; however, if you are honest you recognise that deep down you felt that certain areas of your life were becoming a bit stale.

At the age of 34 it is likely that you are saying goodbye to some final links with your childhood freeing yourself for true independence. In your late forties you are more likely to be reflecting on whether or not all areas of your life mirror your true self.

Jun 30 2025 and Aug 29 2025 (Jun 2 2025 to Sep 27 2025)

TRANSITING CHIRON CONJUNCTION RADIX CHIRON - Right now you are experiencing one of the most profound periods of your life. This is a time during which you ponder the past in the light of how you feel in the present. The entity called Chiron is not about the intellect, logic or material matters. Therefore this is not a time during which you re-examine your ambitions, acquisitions or public achievements. This is a private time during which you reflect on your emotions, relationships and your innermost journey. You may have been living a life in a forthright manner, claiming conquests and forging a successful career. There is nothing wrong with this lifestyle, however; if you have been cut-off from your feelings and unaware of the impact of this detachment on both yourself and others then now you may feel somewhat alone. It is possible that you have built yourself a beautiful fortress of a life, but that this now feels strangely dissatisfying. Chiron helps us see through the masculine and survival traits to the feminine and softer side of life and ourselves. The more that we have striven for a balanced life, both in touch with our feelings and our intellect, the more that we are likely to enjoy this return of the healing Chiron. However, if we have not listened to our inner voice, the still small voice within our hearts, then this could be a hurtful time. Either way it is now possible to come to terms with past actions, accept ourselves warts and all and then look for a more authentic path. This can be a time of spiritual discovery, which helps to heal past events and put you on a new path.

TRANSITING JUPITER SQUARE RADIX MARS - You have plenty of drive and energy right now. This can be directed in to personal or work projects or perhaps a sport. You are keen to take the initiative and move ahead with your plans. Perhaps you have been planning to travel abroad or to study martial arts? On the other hand you may have been waiting for the go ahead on a special project or for a promotion at work. Now you receive the good news and are able to step into action. You are clear that you are heading in the right direction and

feel confident of success. And it's true. You do have the drive and good fortune to achieve success during this stage. This is an excellent time to spend plenty of time and energy on your favourite project, with an assurance of reaping what you have sown. You may also enjoy channelling some of your energy into your favourite sporting activities. However, during this phase you are in danger of going over the top in your efforts to achieve your personal goals. You may jeopardise your success through impatience with yourself and others, thus alienating those who are in a position to support your goals. Perhaps you are having difficulty seeing things in perspective and fail to listen to those closest to you when they say that you are being a little rash and stubborn. You feel that you have put so much time and energy into certain areas of your life, and now others are threatening your success with their unnecessary pessimism. This may or may not be true. It is possible that others are threatened by your success; but it also may be that you need to slow down a little and exercise some restraint. The lesson is all things in moderation. You can achieve success during this stage, as long as you maintain your diplomatic skills.

TRANSITING CHIRON SQUARE RADIX VENUS - Chiron is connected with healing. Pain, emotional or physical, is often an indicator that something needs healing. During this transit you need to focus on your most intimate relationships - your partner, sister, mother, closest female friend etc. Is there anything that needs to be healed? Sub-conscious patterns which have threatened the fulfilment of close relationships are likely to surface so that you can examine these in the light of full consciousness. As a result your relationship with your partner and other significant people are likely to undergo changes, which at first seem uncomfortable, but which will ultimately prove healing. What was once an unhealthy state of affairs can now blossom once the wounds of the past have been healed. You may also meet someone else who forces you to reassess your values and the true worth of your relationships. It is likely that your most intimate relationship will be affected by this transits, but it is also possible that friendships will be influenced.

TRANSITING JUPITER CONJUNCTION RADIX SATURN - This can be a beneficial transit during which you feel an increased joy in your responsibilities. You now feel that you have the ability to achieve a sensible balance in your life reaping benefits from past hard work and planting seeds for the future. This may take many forms including career promotion, others recognising your work and opportunities to study or travel. In some cases you may feel the urge to make changes to your current lifestyle to accommodate your need for

expansion. The only hitch to this transit can be that you may lack tolerance for anyone who stands in your way as you seek to expand your horizons. If this is the case enlist the help of others rather than tempting them to work against you.

TRANSITING JUPITER SQUARE RADIX JUPITER - Progress can occur in certain areas of your life, and you generally move forward during this cycle. Growth often happens due to increased restlessness and an inability to accept things for how they are. Sometimes you advance due to conflict or resistance rather than an unobstructed path. You may encounter situations that challenge your belief in yourself and what you consider to be right. If you uphold what is in your best interest, then you likely will prevail despite any ordeals. Promoting what is selfish or self-serving may make it more difficult to achieve the results that you seek. This can be a time during which you feel optimistic and confident. You are likely to be enthusiastic about one or more areas of your life. On the whole your positivity is well-placed, however; you do need to make sure that you exercise some caution. It is time to listen to the "still small voice" that is in your head. Ask yourself if you are really capable of delivering all that you promise. Also ask yourself if others are capable of delivering on their promises. Listen to any small warning signals. This does not mean that you have to abandon your optimism, but rather that you need to make sure that all of the details are adhered to. Maintaining a positive outlook despite any setbacks can assist in attaining the goals that you seek and experience is invaluable. Nevertheless don't forget to look before you leap. It is important to slow down and use some old-fashioned common sense before you take up opportunities that are coming your way right now.

TRANSITING URANUS QUINCUNX RADIX URANUS - This transit occurs around the age of 34, and again in your late 40s.

During these times you face areas in your life that have fallen into ruts, realising that what was once comforting no longer offers true support. Consequently you decide to make changes that give you more of a sense of independence. In some cases it may feel that these changes have been forced upon you; however, if you are honest you recognise that deep down you felt that certain areas of your life were becoming a bit stale.

At the age of 34 it is likely that you are saying goodbye to some final links with your childhood freeing yourself for true independence. In your late forties you are more likely to be reflecting on whether or not all areas of your life mirror your true self.

TRANSITING SATURN QUINCUNX RADIX URANUS - It's out with the old and in with the new as you either discard old patterns of behaviour or literally leave behind structures that have supported you in the past. It is an ideal time to give up bad habits and free yourself for new and exciting times. This could be an exhilarating time, or you could feel as though the rug has been pulled out from under your feet. Nevertheless now is the time to feel the fear and do it anyway.

TRANSITING JUPITER SQUARE RADIX JUPITER - Progress can occur in certain areas of your life, and you generally move forward during this cycle. Growth often happens due to increased restlessness and an inability to accept things for how they are. Sometimes you advance due to conflict or resistance rather than an unobstructed path. You may encounter situations that challenge your belief in yourself and what you consider to be right. If you uphold what is in your best interest, then you likely will prevail despite any ordeals. Promoting what is selfish or self-serving may make it more difficult to achieve the results that you seek. This can be a time during which you feel optimistic and confident. You are likely to be enthusiastic about one or more areas of your life. On the whole your positivity is well-placed, however; you do need to make sure that you exercise some caution. It is time to listen to the "still small voice" that is in your head. Ask yourself if you are really capable of delivering all that you promise. Also ask yourself if others are capable of delivering on their promises. Listen to any small warning signals. This does not mean that you have to abandon your optimism, but rather that you need to make sure that all of the details are adhered to. Maintaining a positive outlook despite any setbacks can assist in attaining the goals that you seek and experience is invaluable. Nevertheless don't forget to look before you leap. It is important to slow down and use some old-fashioned common sense before you take up opportunities that are coming your way right now.

You now feel that you have the ability to achieve a sensible balance in your life reaping benefits from past hard work and planting seeds for the future. This may take many forms including career promotion, others recognising your work and opportunities to study or travel. In some cases you may feel the urge to make changes to your current lifestyle to accommodate your need for expansion. The only hitch to this transit can be that you may lack tolerance for anyone who stands in your way as you seek to expand your horizons. Apr 1 2026 (Mar 3 2026 to Apr 22 2026)

TRANSITING URANUS QUINCUNX RADIX URANUS - This transit occurs around the age of 34, and again in your late 40s.

During these times you face areas in your life that have fallen into ruts, realising that what was once comforting no longer offers true support. Consequently you decide to make changes that give you more of a sense of independence. In some cases it may feel that these changes have been forced upon you; however, if you are honest you recognise that deep down you felt that certain areas of your life were becoming a bit stale.

At the age of 34 it is likely that you are saying goodbye to some final links with your childhood freeing yourself for true independence. In your late forties you are more likely to be reflecting on whether or not all areas of your life mirror your true self.

All you have to do is ensure that you pay attention to what is important. If you allow distractions to grab your attention then you may achieve little. However, generally speaking, this is an ideal time to rev up your attitude and start expressing your talents in a new and invigorated manner.

TRANSITING SATURN OPPOSITION RADIX PLUTO - This is a time of limited resources. The area in which you feel restricted depends on other specific astrological information in your birth chart. However, in general, you will feel that doors are closing rather than opening in your life. This may be upsetting, but do not worry, it is only temporary. It will help to keep the big picture of your life in mind. Remember that there is a time and place for everything. Now is a time for conserving energy and careful consideration of past behaviour and future wishes.

TRANSITING CHIRON CONJUNCTION RADIX CHIRON - Right now you are experiencing one of the most profound periods of your life. This is a time during which you ponder the past in the light of how you feel in the present. The entity called Chiron is not about the intellect, logic or material matters. Therefore this is not a time during which you re-examine your ambitions, acquisitions or public achievements. This is a private time during which you reflect on your emotions, relationships and your innermost journey. You may have been living a life in a forthright manner, claiming conquests and forging a successful career. There is nothing wrong with this lifestyle, however; if you have been cut-off from your feelings and unaware of the impact of this detachment on both yourself and others then now you may feel somewhat alone. It is possible that you have built yourself a beautiful fortress of a life, but that this now feels strangely dissatisfying. Chiron helps us see through the masculine and survival traits to the feminine and softer side of life and ourselves. The more that we have striven for a balanced life, both in touch with our feelings and our intellect, the more that we are likely to enjoy this return of the healing Chiron. However, if we have not listened to our inner voice, the still small voice within our hearts, then this could be a hurtful time. Either way it is now possible to come to terms with past actions, accept ourselves warts and all and then look for a more authentic path. This can be a time of spiritual discovery, which helps to heal past events and put you on a new path.

TRANSITING CHIRON SQUARE RADIX VENUS - Chiron is connected with healing. Pain, emotional or physical, is often an indicator that something needs healing. During this transit you need to focus on your most intimate relationships - your partner, sister, mother, closest female friend etc. Is there anything that needs to be healed? Sub-conscious patterns which have threatened the fulfilment of close relationships are likely to surface so that you can examine these in the light of full consciousness. As a result your relationship with your partner and other significant people are likely to undergo changes, which at first seem uncomfortable, but which will ultimately prove healing. What was once an unhealthy state of affairs can now blossom once the wounds of the past have been healed. You may also meet someone else who forces you to reassess your values and the true worth of your relationships. It is likely that your most intimate relationship will be affected by this transits, but it is also possible that friendships will be influenced.

TRANSITING SATURN CONJUNCTION RADIX MARS - Delays and frustration mark this stage of life. The extent to which you experience these obstacles depends largely on recent past events. If you have been working steadily towards a certain goal, making sure that you lead a balanced life, then you are likely to use this time to further your goals. You continue to work steadily and patiently to achieve success - whatever that represents for you. You understand that "all good things come to those who wait" and are willing to continue to work through any obstacles slowly and surely. Right now you have great determination and drive to achieve your goals despite the apparent obstacles. However, if you have been leading an unbalanced life, or have not tackled past projects with integrity then you may find this period quite difficult. Other people now clearly tell you the consequences of your actions and you may not like the results. This could involve a lack of cooperation from friends, colleagues and loved one or it could mean that you experience serious setbacks in your personal and/or work projects. You may feel that you are beating your head against a brick wall. You are currently required to expend a lot of energy in an effort to push forward with your ambitions. You must be careful not to overdo it. With wise and considered action you can overcome any obstacles and achieve much.

Later in life you are faced with a time of pain and healing. On the one hand you may experience a painful situation which triggers memories of childhood wounds. This may even be a physical wound or illness. On the other you may have the chance to heal a painful situation which has haunted you for some time. Jun 11 2026 (May 30 2026 to Jun 28 2026)

TRANSITING SATURN CONJUNCTION RADIX MOON - This is a time for reflection rather than action. If you are an active person then you may have some difficulty adjusting right now, however; if you are more introspective then you may hardly notice the effects. It is time to reflect on the patterns weaved throughout your life with the aim of discarding bad habits and forming some new positive ones. You may instigate this process yourself or circumstances could force a more contemplative approach. Perhaps you are remembering a loved one from the past finally coming to terms with this person's departure from your life. On the other hand you may leave someone or something that has offered you comfort in the past. For instance a young person may leave home and family to travel abroad alone. This presents both an opportunity for independence, but can also involve some homesickness. Someone else may take on the responsibility of caring for an ailing relative, probably a female rather than male family member. This is both rewarding as a strong bond is formed, but also involves extra responsibility and some hardship. It is important to take time to consider your actions carefully, to shoulder your responsibilities and to remember that this is a moment in time. The more that you can do to nurture your own needs, within the bounds of your responsibilities, the more comforted you feel during this period. It is important that you do not give in to self-criticism nor suffer other people's disparagement. Circumstances are such that you cannot seek comfort in your usual way. This

therefore throws you back onto your own resources so that you can find new ways. You may experience rejection from someone close, at a time when you feel a strong need for security. It is possible that you have contributed to this rejection, unknowingly creating time for introspection. Someone close to your heart may be going through a difficult time, requiring extra support from you. As a result you may have less leisure time and feel somewhat restricted. It is important not to judge yourself or others harshly during this transit and to remember that the outcome is self-growth and a firmer understanding of your strengths and weaknesses. This time can be most productive if you can apply a steady and disciplined approach to your daily life, remembering, "all good things come to those who wait".

Sep 10 2026 (Aug 24 2026 to Sep 24 2026)

TRANSITING SATURN CONJUNCTION RADIX MOON - This is a time for reflection rather than action. If you are an active person then you may have some difficulty adjusting right now, however; if you are more introspective then you may hardly notice the effects. It is time to reflect on the patterns weaved throughout your life with the aim of discarding bad habits and forming some new positive ones. You may instigate this process yourself or circumstances could force a more contemplative approach. Perhaps you are remembering a loved one from the past finally coming to terms with this person's departure from your life. On the other hand you may leave someone or something that has offered you comfort in the past. For instance a young person may leave home and family to travel abroad alone. This presents both an opportunity for independence, but can also involve some homesickness. Someone else may take on the responsibility of caring for an ailing relative, probably a female rather than male family member. This is both rewarding as a strong bond is formed, but also involves extra responsibility and some hardship. It is important to take time to consider your actions carefully, to shoulder your responsibilities and to remember that this is a moment in time. The more that you can do to nurture your own needs, within the bounds of your responsibilities, the more comforted you feel during this period. It is important that you do not give in to self-criticism nor suffer other people's disparagement. Circumstances are such that you cannot seek comfort in your usual way. This therefore throws you back onto your own resources so that you can find new ways. You may experience rejection from someone close, at a time when you feel a strong need for security. It is possible that you have contributed to this rejection, unknowingly creating time for introspection. Someone close to your heart may be going through a difficult time, requiring extra support from you. As a result you may have less leisure time and feel somewhat restricted. It is important not to judge yourself or others harshly during this transit and to remember that the outcome is self-growth and a firmer understanding of your strengths and weaknesses. This time can be most productive if you can apply a steady and disciplined approach to your daily life, remembering, "all good things come to those who wait".

TRANSITING JUPITER TRINE RADIX MOON - This is a feel-good transit. In other words you feel good about yourself, your life and your loved ones. As a result you are particularly warm and loving. Your contentment is obvious to your loved ones, and they want to spend time with you. Right now you know how to have a good time, and indulge yourself. The only concern is the tendency to go to extremes. You need to be wary of over-indulgence in all things. The temptation is to express your feelings and indulge yourself with no restraint or consideration for others. However, if you can keep a balanced outlook then you and your loved ones benefit from your generous and optimistic outlook. It is also possible that you use this time to make your life, in particular, your home more comfortable. This could simply be purchasing more comfortable furniture and furnishings, or you may make plans to move to a home more suited to your current needs. Your family life may expand in some way. Perhaps a family member will come to stay or perhaps you will give birth to a child. Either way you are likely to welcome these changes. This is a positive move, as long as you take everyone's needs into consideration.

Later in life you are faced with a time of pain and healing. On the one hand you may experience a painful situation which triggers memories of childhood wounds. This may even be a physical wound or illness. On the other you may have the chance to heal a painful situation which has haunted you for some time. TRANSITING SATURN CONJUNCTION RADIX MARS - Delays and frustration mark this stage of life. The extent to which you experience these obstacles depends largely on recent past events. If you have been working steadily towards a certain goal, making sure that you lead a balanced life, then you are likely to use

this time to further your goals. You continue to work steadily and patiently to achieve success - whatever that represents for you. You understand that "all good things come to those who wait" and are willing to continue to work through any obstacles slowly and surely. Right now you have great determination and drive to achieve your goals despite the apparent obstacles. However, if you have been leading an unbalanced life, or have not tackled past projects with integrity then you may find this period quite difficult. Other people now clearly tell you the consequences of your actions and you may not like the results. This could involve a lack of cooperation from friends, colleagues and loved one or it could mean that you experience serious setbacks in your personal and/or work projects. You may feel that you are beating your head against a brick wall. You are currently required to expend a lot of energy in an effort to push forward with your ambitions. You must be careful not to overdo it. With wise and considered action you can overcome any obstacles and achieve much.

TRANSITING CHIRON SQUARE RADIX VENUS - Chiron is connected with healing. Pain, emotional or physical, is often an indicator that something needs healing. During this transit you need to focus on your most intimate relationships - your partner, sister, mother, closest female friend etc. Is there anything that needs to be healed? Sub-conscious patterns which have threatened the fulfilment of close relationships are likely to surface so that you can examine these in the light of full consciousness. As a result your relationship with your partner and other significant people are likely to undergo changes, which at first seem uncomfortable, but which will ultimately prove healing. What was once an unhealthy state of affairs can now blossom once the wounds of the past have been healed. You may also meet someone else who forces you to reassess your values and the true worth of your relationships. It is likely that your most intimate relationship will be affected by this transits, but it is also possible that friendships will be influenced.

Dec 4 2026 and Feb 8 2027 (Nov 7 2026 to Mar 5 2027)

TRANSITING CHIRON CONJUNCTION RADIX CHIRON - Right now you are experiencing one of the most profound periods of your life. This is a time during which you ponder the past in the light of how you feel in the present. The entity called Chiron is not about the intellect, logic or material matters. Therefore this is not a time during which you re-examine your ambitions, acquisitions or public achievements. This is a private time during which you reflect on your emotions, relationships and your innermost journey. You may have been living a life in a forthright manner, claiming conquests and forging a successful career. There is nothing wrong with this lifestyle, however; if you have been cut-off from your feelings and unaware of the impact of this detachment on both yourself and others then now you may feel somewhat alone. It is possible that you have built yourself a beautiful fortress of a life, but that this now feels strangely dissatisfying. Chiron helps us see through the masculine and survival traits to the feminine and softer side of life and ourselves. The more that we have striven for a balanced life, both in touch with our feelings and our intellect, the more that we are likely to enjoy this return of the healing Chiron. However, if we have not listened to our inner voice, the still small voice within our hearts, then this could be a hurtful time. Either way it is now possible to come to terms with past actions, accept ourselves warts and all and then look for a more authentic path. This can be a time of spiritual discovery, which helps to heal past events and put you on a new path.

Opportunities for learning present themselves and you may discover talents that you never knew existed. One person, an important teacher or healer may enter your life, or you could take a study course or travel. TRANSITING CHIRON SQUARE RADIX ASCENDANT - If this transit happens early in your life then it is likely to be associated with a time of sensitivity and childhood hurts. Later in life you are faced with a time of pain and healing. On the one hand you may experience a painful situation which triggers memories of childhood wounds. This may even be a physical wound or illness. On the other you may have the chance to heal a painful situation which has haunted you for some time. Forgiveness, either of yourself or other's actions, may feature strongly during this time. Whatever the circumstances, this is a time when you come to a greater understanding of yourself, which in itself is a very healing experience.

TRANSITING JUPITER TRINE RADIX JUPITER - Lucky in love and life can be the catchphrase for this transit. Although it is not as powerful as some other Jupiter transits, it is a time of optimism and good fortune. Do not pass up opportunities, but use your discrimination regarding the opportunities that come your way. You may find that the opportunities that arise are connected with travel, study, and anything that expands your horizons.

Apr 5 2027 (Mar 28 2027 to Apr 13 2027)

TRANSITING SATURN SQUARE RADIX SATURN - It is time to take a look at the structures in your life. This can range from the smallest of details such as your daily diet through to larger matters such as the house in which you live. Do the current habits and structures of your life still suit your life choices? Perhaps your feelings, family or work has changed and you need to adapt accordingly? This can be a testing time if change or settling down is a challenge to your nature. Aspects of your life which once seemed to offer safety and security become less sure during this period. It may be that you are viewing these areas differently, or it could be that someone else is shaking things up. Either way you are being forced to reassess your plans and purpose, leaving behind any ineffective support systems. The good news is that you can now build new support systems that boost your sense of purpose.

Apr 5 2027 (Mar 28 2027 to Apr 13 2027)

TRANSITING SATURN CONJUNCTION RADIX JUPITER - This transit is all about making your dreams reality. You are being forced, whether you like it not, to reassess your goals in life. This can be a painstaking process. Any goals which have been impractical and far-fetched will need to be revised in a more practical

light. Your usual resources may not be readily available, forcing you to delve deeper for ways to get things done. By the end of the transit you may feel a renewed sense of commitment to your goals.

This can be a time when you discover your spiritual purpose. But beware because this transit can really dampen your spirits. Your usual buoyancy and optimism are overshadowed by an awareness of life's hardships. Whereas once you could see light at the end of the tunnel, now you see only the obstacles along the way. Doors that once seemed to swing open, now ominously stay shut. It may be that an authority figure or an external event is literally limiting your options, or simply that you are going through self-imposed hardship. Either way you would do best to recognise that this is a passing phase, and circumstances will change and life will not always be seen through such a pessimistic lens. On a more positive note this can also be a time of wise decisions and increased commitment. If you have been careless in the past, this can be a time when you slow down and take on a more sober approach to life with long-term benefits.

Apr 9 2027 (Apr 1 2027 to Apr 17 2027)

TRANSITING SATURN CONJUNCTION RADIX MIDHEAVEN - Your place in society is highlighted during this phase of your life. If you have lived with integrity, focusing on achieving your personal goals while being of service to the community then it is time to reap the rewards of all of your hard work. Something that you have been planning for many years, anywhere from seven to 21 years, is about to come to fruition. You are at a peak. This could be related to your profession, parenthood, marriage or even your home. Perhaps you have been planning to build your dream house and now have the means to carry out this plan. It is more likely that you are gaining fulfillment in your professional life. Perhaps you have just landed an important account at work, or received a long-awaited promotion, or started a new job better suited to your skills. It is also possible that a project that you have been working on for many years is receiving recognition and rewards. If in the past you have chosen your profession in order to please someone else such as a parent or spouse, this can be a time when you decide to take responsibility for your own career choices and begin the process of changing professions. It can also be a time of extra social responsibilities, or a change in social status such as marriage (or divorce). Whatever your personal circumstances you now receive the recognition that you richly deserve. Generally speaking this is a positive time, particularly if you take your time to carefully consider your options. However, it can have some negative outcomes. For instance, this time does not augur well for you if you have shirked your responsibilities or if you have misused other people in your climb up the corporate ladder. In these circumstances, you are likely to suffer the consequences of your past behavior. You may face demotion, unemployment, the forced sale of your house, or perhaps even legal action. The planet Saturn is known as the planet of retribution. You are currently reaping what you have sown over the past seven to 21 years. You would be well advised to live up to your responsibilities at this moment in time. Accept your accolades and opportunities with grace and you can thoroughly enjoy your achievements. Face any tribulations with integrity and you will turn matters to your ultimate advantage. Whatever the circumstances you now have the ability to consolidate your life purpose and enjoy the fruits of your labour.

TRANSITING SATURN SQUARE RADIX VENUS - Your marriage and business partnerships are occupying your thoughts at the moment. If you are married your spouse is likely to be pushing your ability to support and understand them to the limit. Perhaps your spouse is going through troubled times and is leaning on you or maybe your loved one is emotionally withdrawn, lost in a world of his or her own. Whatever, the scenario, the romance is illusive right now. On the other hand you may currently be reassessing the long-term viability of your marriage. If you surmise that the bond is a strong one, then it will endure, even if it does test your patience right now. On the other hand your marriage could be running smoothly, but you are experiencing problems in the commercial or business world. Perhaps your finances are strained either through a hefty investment calculated to pay long-term dividends, or a shortfall. Any business partnerships could be tested. Once again you need to assess the long-term viability of such partnerships. Any severance could be costly financially, and may involve legal matters. If you are single then you may meet a potential marriage partner. However, there are likely to be delays in forming a serious bond. You need to take things slowly to ensure that this person is the right one for you. The good news is that you are gaining greater understanding regarding the major relationships in your life. TRANSITING JUPITER IN THE 10TH HOUSE - Jupiter is the planet known for generosity, expansiveness and joie de vivre. Ancient astrologers considered it to have a positive influence heralding abundance and expansiveness. Therefore you can expect these traits to influence the area of your Birth Chart currently under its influence. Your career and public life are highlighted as the expansive planet Jupiter moves through the 10th House of your Chart. During this time you are likely to seek greater satisfaction from your chosen career.. As a result you may seek and gain promotion, travel with your work, change jobs, or have the opportunity for further study to enhance your career. It is also possible that you take on a teaching or training role during this time. On the whole you seek more meaning and purpose. As US self-help speaker Earl Nightingale said: "We are at our very best, and we are happiest, when we are fully engaged in work we enjoy on the journey toward the goal we've established for ourselves. It gives meaning to our time off and comfort to our sleep. It makes everything else in life so wonderful, so worthwhile."

TRANSITING NEPTUNE IN THE 9TH HOUSE - The planet Neptune takes approximately 164 years to circle the Zodiac. This slow-moving planet's transits unfold slowly. It is therefore more significant to look at any exact

transits that are occurring in your Birth Chart. Nevertheless it can be helpful to try to understand the effect of Neptune as it enters into and transits through a House in your Birth Chart. Neptune is the planet that urges us to search for meaning in our lives, to look beyond the structures and focus on purpose. For instance are you pursuing a career because of ambition and material rewards or is it your true purpose and fully satisfying? Therefore it is not uncommon for the initial effects of Neptune to be confusion and disillusion, perhaps even a sense of loss.
